

RCSC Did You Know...?

What is the Board's fiduciary duty?

The RCSC Board of Directors is bound by law to uphold its fiduciary duty. The law imposes fiduciary duty to ensure that power is exercised conscientiously. The RCSC Board of Director's fiduciary duty requires it to act in the best interests and for the benefit of the corporation, thus the community as a whole. This fiduciary duty has two components: one, to act within the Board's authority and two, to apply the business judgment rule. The business judgment rule asserts if a board has exercised reasonable business judgment in making a decision, the board is not considered negligent in its fiduciary duty. A board is not liable if they have practiced the business judgment rule even if the decision turns out to have been a poor one. The business judgment rule also requires the Board of Directors to exercise the duty of care and the duty of undivided loyalty.

From the President: Let us respect golf courses & property owners

By Vance Coleman | RCSC Board President

Recently, two property owners shared with the Board of Directors some frustrations with a handful of golfers disrespecting them and their property. In addition to property damage, one homeowner said he was hit by a golf ball while sitting on his patio. In the other case, some golfers were searching through the homeowner's flower bed looking for an errant

golf ball.

As golfers, we are not entitled to trespass on someone's property simply because the property is on a golf course. Put yourself in the property owner's shoes. How would you want to be treated if you lived in a house on a golf course? Golfers are actually responsible for any damage they may cause to properties along the course.

We Sun City golfers have the best run and maintained golf courses in the Valley for an unbelievably low cost. The groundskeepers, starters, and management spend time and money to maintain our golf courses to such a high standard at as low a cost as possible, and yet, many of us do not support their efforts.

We drive our golf carts on the shoulders of the green, compress the soil, and

then complain about the condition that we created. We drive our carts through wet areas causing damage to the soil and then we complain because the condition that we caused exists. We are proud when we hit a good iron shot and create a huge divot; we are so proud of this shot that we don't repair the divot.

I know not all golfers are egregious with regard to the homes along the golf

Bowling News & Notes

Congratulations to the following Bowlers: Juli Bayer bowled games of 279, 258, 243 for an outstanding 780 series, Juli finished her 4-game set with a 227 game and averaged 251 for the night! Juli currently averages 209 in the Senior Scratch Trio which bowls Wednesday nights at Bell Lanes. Other bowlers with some outstanding scores were David Vergara, Tom Frigon and Darrin Zieber all with 300 games in February.

Scoring Improvement: There has been an improvement in scoring at both RCSC Bowling Centers since the new Kustodian Walker Lane Machines were placed into service in late January. The machines were purchased primarily with customer safety in mind, having the ability to keep the first foot of the lane dry helping to prevent the slips and falls for those who accidentally cross the line. In addition, machine lifts were installed at both RCSC Bowling Centers to assist Mechanics and Pinchasers in lifting the machines in order to prevent injuries from lifting.

New League: RCSC's bowling management team has been in discussions with a group of bowlers trying to organize a new 32 team league for the fall of 2012. The league is in the early development stage but is beginning to look promising. The league will consist of Cardholders and guests from all over the valley who will bowl in divisions at both RCSC Bowling Centers at 8:00pm on Thursdays.

DID YOU KNOW: RCSC Facts

What is Management's role?

Management is responsible for the day-to-day operations of the corporation and enforcing the Restated Articles of Incorporation, Corporate Bylaws, Board Policies and any and all rules and regulations of the corporation, commonly referred to as the corporate documents. Management has the authority and responsibility to implement policies, procedures, rules and regulations covering day-to-day operations and personnel provided that such are compatible with the corporate documents.

What happened to the Legal Affairs Committee?

A standing committee is established to aid the Board in accomplishing its duties on an ongoing basis. The RCSC Board came to its final decision in 2011 (Craig Brown was not on the Board then) that the Legal Affairs Committee would not be asked to convene on anything that was under advisement by RCSC's legal counsel, as the members of the committee were never licensed to practice law in Arizona and most had not practiced law for many, many years in the states from which they originated. Therefore, it was deemed that it would not be advisable for the Board to use the Legal Affairs Committee to provide advice on anything that required a legal opinion. Past members of the Legal Affairs Committee have been asked by the RCSC Board to consider serving on the Government Affairs Committee, where their expertise is needed and could serve our community well, to date, no past Legal Affairs Committee members have volunteered to do so.

PRESIDENT: Respect courses, property

continued from the front page

courses or the maintenance efforts of RCSC and contracted workers. A great many golfers are well-versed in the rules, their responsibilities, and are extremely respectful to homeowners on the courses and extremely supportive of maintenance efforts. In the same vein, many property owners who live on the golf courses are very positive toward golfers and are eager to help golfers retrieve their wayward balls. Also, I know for a fact that those individuals helping maintain our golf courses take great pride in doing so.

We are all responsible for the condition of our golf courses; let's continue to maintain our standard of being the best in the Valley. Let us respect the property of our neighbors, the work and effort of RCSC and golf course workers, and those who own property adjacent to the courses. Let us respect what we have here and love and respect each other.

Financial News & Notes

January Recap: As has also become customary, unfortunately, all divisions ended January 2012 within their operating budget except the golf division. We had a misstep with our 2012 budget because of the electricity for pumping the water on our golf courses, creating more than a \$6,000 deficit for January. Additionally, we experienced an almost \$6,000 decline in green fees for RCSC Cardholder guests and another \$4,000 decline in public play from last year. Brian has done a good job of controlling expenses wherever possible to make up for these financial shortcomings.

Privilege Cards: We budgeted privilege card income quite conservatively in 2012 as we do not have enough history with the new short-term privilege cards to know the overall financial effects; however, in January we sold almost \$65,000 more than was budgeted.

Repairs & Maintenance: As has become common practice, we have \$288,000 in budgeted, but uncompleted repairs and maintenance projects for January 2012.

PIF: Preservation and Improvement Fees collected in January were \$386,300, or 53%, over budget. While RCSC has consistently seen PIF over budget, property sales and transfers are outside the control of RCSC so we conservatively budget for Preservation and Improvement Fees for the year.

Collections: Payments made by property owners in outside collections rose slightly to \$11,211 in January with payments from 28 property owners. Our internal collector processed payments from past due property owners totaling \$68,000 and property related transfer fees totaling \$124,173. The non-transfer amount collected by our internal collector was greater than any month in 2011.

Golf Revenue: Total revenue for Janu-

ary was \$10,000 ahead of prior year, representing an increase of 1.6%. Driving range revenue represented the largest percentage gain, achieving an increase of 25%. Daily Green Fee and Cart Fee revenue achieved an increase of 1.6% or \$6,600. Merchandise remained strong with a gain of \$1,000 over prior year. Total revenue achieved 99% of our budgeted goals.

Online Booking: We are in the beginning stages of adding online viewing/booking of tee times. We do not have a timetable for when the functionality will be available, preferring to identify as many potential issues as possible prior to releasing.

Golf Etiquette: We wanted to respectfully ask RCSC golfers for their assistance in continuing to be a good neighbor.

We ask that if you hit a ball into a fellow resident's yard, that you practice good etiquette and leave the ball where it lies. It may not seem to be a big issue for you to walk a couple steps into a yard to retrieve your ball. However, with hundreds of people playing golf each day, it can become a nuisance for the resident. Resident's yards are considered out of bounds and you should play another ball from the spot from which the original ball was last played (Rule 27-1).

We also remind you that golfers are responsible for any damage or injury caused by errant golf shots. It would be proper to notify the homeowner of any damage an errant shot may have caused. It is not the responsibility of RCSC and it is not the fault of the homeowner living on the golf course.

Buildings & Infrastructure News & Notes

Fairway Certificate of Occupancy: On January 27 the Fairway phase II project received its Final Certificates of Occupancy from Maricopa County Building and Planning Department. Other than a few minor items and the installation of the west facing sign (under separate permit) this project is completed. **Budgeted/Approved Cost (Total Project) - \$18,026,212. Final Estimated Cost (Total Project) - \$16,627,543.**

Fairway Sign: The West facing sign on the Fairway building became a victim of a new sign regulation which requires some specific signs, more than 18' off the ground, to receive an approved variance by the Maricopa County Board of Adjustment prior to application for a building permit. On February 9, 2012 the Board of Adjustment approved our sign variance request. We are now working with the Maricopa County Building and Planning Department to secure the building permit for this sign. Contractor is Apollo Sign. **(Estimated Cost: \$9,000)**

South maintenance fire: Removal of all debris from the South golf maintenance building, destroyed by fire on Saturday, November 26, 2011, occurred at the end of January. The RCSC is currently working with an architect to produce site and floor plans for the new building. Once these plans are approved by the RCSC they will be finalized and used to obtain a building permit and construction bids.

Lakeview Spas: Both Lakeview spas closed for renovations on March 5. The work will include replacing the existing fiberglass interiors with new pebble sheen finish, installing new water line and step edge tile, replacement of drains, repair of the plumbing and electrical systems, replacement of the filtration systems, removal of pebble decking material

and application of a new epoxy deck surface and the installation of an ADA pool lift on the West spa. Contractor is Aquatic Builders. **(Cost - \$106,174)**

Bell Wood & Metal Shops: Preliminary floor plan drawings are under way for the recently approved Bell Wood and Bell Metal shop expansion. Once these drawings are received they will be reviewed by the RCSC and shared with the two clubs for final comments and suggestions.

Bell Walking Pool: The canopy which covers the Bell walking pool equipment and chemical tanks was extended a few feet and some minor repairs were made to the existing canopy decking. Contractor is Ken McIntyre Construction. **(Cost - \$8,000)**

Marinette Cell Tower: Cell tower replacement work was recently completed by Crown Castle (tower owner). Cardholders visiting Marinette Center will now see a mono-pine (pine tree) cell tower instead of the former mono-pole cell tower. Crown Castle is paying all costs associated with this project.

Mtn. View Sound System: Allen Kleinhans, the RCSC audio / video technician reported that he has completed the installation of several "output" components on the Mountain View Auditorium sound system including speakers, amplifier, signal processor and much of the wiring. On February 20, 2012 I received an email from the President of the Player's Club stating that last weekend was the 1st performances of their Winter play—"Two By Two". He went on to say, "WOW!! What a difference the new speakers and wiring made!! Personally, I could hear all the dialog and singing for the 1st time and I received many, many compliments!"

Easter: Egg Hunt is on

continued from the front page

The Easter Bunny will be on hand to greet the children and to pose for pictures. The Palo Verde Artists from Sundial will have face painting. Thanks to Walgreens at 99th and 103rd avenues for their support and generosity in helping make this even possible. Don't forget to bring a container or basket for the eggs.

Sun City needs your help!

By Paul Herrmann | Sun City Visitors Center

Del Webb once said, "Concrete, steel and lumber make the buildings, but people make the community." Fifty-one years later, the vision remains the same: to help residents continually redefine retirement by constantly growing and evolving our communities.

I repeat, "People make the community." In other words, it's up to us, not up to the RCSC, to create our clubs and come up with events and the only way we can do this is with volunteers.

Volunteers have always been the life blood of Sun City. They're needed to operate our many non-profit organizations, the RCSC committees, the 120+ clubs, and more. Channel 5 talks about the "Power of 5." The idea is: if every resident gave just 5 hours a month the powerful effect it would have on a community. We're at that point right now. We need everyone to give a little of their time and talent.

A few years ago we lost the Spring Fling and this year we're losing Wisconsin Days.

Clubs are being lost or forced to merge with other clubs. Whether it's age, health, burnout, people not wanting to be officers or whatever, losing clubs and events is taking a toll on our community.

It's time to step up and put our mark of ownership on Sun City. If we want to form a new club, the RCSC will help make it happen. If we want to create a new event, the RCSC will help make it happen. But it's up to us, the resident volunteers, to take the initiative.

Celebrate Community is a new idea for the spring of 2013. It's a hybrid of Spring Fling and Wisconsin Days. It's a fundraiser. It's music and dancing. It's food and drink. It's prizes and games. It's whatever we want it to be, but only if we have volunteers to make it happen. The RCSC is on board. How about you?

Call the Sun City Visitors Center at 623-977-5000. Give us your name, phone number, email address and your home state or country. As the list of volunteers grows I'll be in touch.

Lend a hand with SC Foundation donation

The Sun City Foundation

The best kept secret in Sun City is the existence of the Sun City Foundation. The next best secret is what that corporation does and how. Our vision is to ensure all Sun City residents retain access to facilities and resources available within our community. We do that by assisting in paying the annual assessment for those

unable to pay. Our funds come from other residents like you – thus, neighbors helping neighbors.

Your generosity in the past has helped 20 to 30 residents each year. We are proud of that record and want to continue our efforts but that requires contributions from you. We have brochures in 22 locations in Sun City that explain how to contribute, or you can call 623-561-4600 for more information. A speaker from the Foundation can also be arranged to speak at any event or club meeting.

Nearly 100% of the contributed funds are used to promote our vision. How is this possible? The Foundation has no paid managers or employees and office costs are funded by RCSC. Directors are all volunteers.

Also, your contributions stay in Sun City assisting neighbors and promoting the lifestyle we all enjoy. Lastly, your contributions are tax deductible. Help us help your neighbors!

Daily Fitness: Exercise pays off

Larry Jordan works out at the Fairway Fitness Center on a regular basis. Like most individuals over 70, Larry is concerned about muscle strength, stamina and flexibility. Daily Fitness trainer Tom Reemtsma introduced Larry to a comprehensive exercise program that has helped improve his quality of life.

"Research shows that all body parts are affected by the aging process – muscles, bones, tissue and organs," states Reemtsma. "Muscle mass decreases at the rate of 2% annually after age 60. Bones begin to lose minerals and become less dense. Posture diminishes and gait shortens. Balance becomes a problem, along with flexibility and stamina."

With all of these body changes, the aging process may seem a little overwhelming and discouraging. But hope certainly is available, Reemtsma says. "The best line of defense to aging is a comprehensive exercise program that addresses muscle strength, bone and joint health,

balance and coordination, flexibility and endurance, cardiovascular strength and weight management," states Reemtsma. "Feeling good and looking good takes work – it requires discipline and perseverance. It's a challenge that's well worth the effort. And, it can be a lot of fun! Putting your body through one hour of serious exercise a day can make the other 23 hours of the day so much better!" Friends of the Library News & Events

April showers - don't we wish it were so. Well, hold the good thoughts and maybe it will happen. Lots of other good things in Sun City and especially the April sunshine.

Library Events

Both Bell and Fairway branches will continue blood pressure checks. April 12 10-11am and April 30 2:30-4pm at Fairway and April 27 3-4pm at Bell. This is certainly a service everyone should take advantage of between doctor's appointments.

Both branches are still offering one on one computer instruction and help with e-readers. Check with customer service counters for times and dates.

This is a good month for authors. Look who is coming:

Professor Judith Ann Trolander will be in the Fairway Arizona Room on April 18 at 1pm to discuss "Age 55 or Better" a history of active adult communities from her book "From Sun City to the Villages." The Del Webb SunCities Museum is co-sponsor of the event with Fairway Library.

At Bell branch, Ursula Brock will discuss and sign her book "Through the Eyes of a Gringa" from 10 to 11am on April 3 in the North Wing. More than just a scenic trip through Central America, it is about people, how they live, the way they treat their elderly family members and how they overcome everyday problems.

At 10am on April 10, author Sharon Catlett will talk about her book "Farmlands, Forts And Country Life", the story of Southwest Denver in the North Wing at Bell.

"Gripped by Gambling" and "Switching Addictions" cover the experiences of author Marilyn Lancelot during her descent into compulsive gambling, followed by years of recovery; then discovering it was possible to switch from one addiction to another. She will tell you about it on Wednesday, April 11th at 10am in the Bell branch North Wing.

Book Clubs

Speaking of authors and reading, the book clubs will meet as usual on their special days at 1:30pm in the North Wing at Bell branch.

Mystery Book Club – April 4 – A Little Stranger by Sarah Walters.

Crime and Carnage Club – April 5 – About Face by Donna Leon.

Fiction Book Club – April 26 – 2012 One-book Arizona selection "Arizona, 100 Years Grand" by Lisa Schnebly Heidinge.

Volunteers

The Friends of the Sun City Libraries, and the libraries themselves, have the greatest bunch of volunteers anywhere. They are dedicated, loyal and reliable. We have tried to tell you about them one by one, but it is hard to get them to talk about themselves in any but the most general way. Once again we will attempt to highlight one of these great people as often as possible.

This month we highlight Sue Painter, who serves as treasurer of the Friends organization. From being president of the Computer Club, Sue progressed to the RCSC Board of Directors. As a board member she was the liaison to the library and then to the Friends and eventually a full board member. She has spent weeks getting all financial information updated and organized. She formed a Financial Committee to oversee all the necessary business that goes with running a non-profit.

Sue came to Sun City in 2003 from Ohio, so you can see she has accomplished a lot in a short time. She has two daughters, a son and seven grandchildren. Prior to coming to Sun City, Sue was director of operations for a construction association in Ohio along with an associate company that managed an apprenticeship program for the construction trades. Keeping busy and managing things comes naturally to Sue. We hope she keeps doing it for for a long time.

Hope April will be a good month for you and look forward to those May flowers.
