

## Board of Directors considers bylaw amendments

The RCSC Board of Directors recently revealed that they have been considering bylaw amendments. "During my election it was no secret that I wanted to address the concerns Sun City residents had been expressing regarding the 'two card' issue," stated Cord Angier who started his three year term on the Board

in January 2011. After months of obtaining data, discussing unintended consequences and researching benefits and drawbacks, the RCSC Board is prepared to release changes being considered to RCSC Bylaws.

In all considerations following, please note that up to two cards would be pro-

vided as a part of the annual property assessment regardless of the assessment basis.

**Underage Owners:** Currently, RCSC has 2,244 owners (5%) under the age of 55 years old. Of those 320 are Members through the spousal exemption, of which 63% are currently 51 years or older.

It appears that the spousal exemption was adopted as a result of the Maricopa County Senior Citizen Overlay Zoning Ordinance which became effective June 1984. The ordinance does not allow an underage owner to continue to occupy the property if the qualifying owner should no longer reside there unless the

### CORPORATE WELFARE

Attendance of all Sun City residents is vital to voice your concerns about opposing the multi-million dollar electric (\$95.5M) and gas (\$73.2M) rate increases.

**PUBLIC COMMENT MEETING**  
of the Arizona Corporate Commission  
**FRIDAY, OCTOBER 7th, 10am**  
**Sundial Auditorium** (14801 N 103rd Ave)

- The Corporate Welfare effect (decoupling) is to subsidize the utility if the rate case is approved
- Utilities penalizing customers for conserving energy
- Rate case guarantees income to the utility regardless of performance
- Gas could increase on average 14% and electric 7%
- RCSC would have additional utility expenses resulting in increased annual property assessment

## Redistricting could divide Sun City

In November 2000, Arizona voters passed Proposition 106, an initiative that amended the Arizona Constitution by removing the power to draw congressional and state legislative districts from the state legislature and reassigning this task to the newly created Independent Redistricting Commission (IRC). Redistricting is the redrawing of legislative and congressional district lines following the decennial U.S. Census. The lines are redrawn so that districts are of very nearly equal population as required by the Arizona and United States Constitutions. As a result of Prop 106, the Arizona Constitution mandates that redistricting begin with a grid map. This is to ensure that each IRC starts from scratch, therefore, not con-

sidering previous district boundaries. In the initial grid map, Sun City has been divided, putting north of Grand Avenue in one district and south of Grand Avenue in another. In drafting the new district maps, commissioners must modify the grid maps to account for the following criteria:

- Equal population;
- Compactness and contiguousness;
- Compliance with the U.S. Constitution and the Voting Rights Act;
- Respect for communities of interest;
- Incorporation of visible geographic features, including city, town and county boundaries, as well as undivided census tracts; and

## General News & Notes

**107th Ave. Median:** We are happy to report that after working directly with Maricopa County officials, the median crossing on 107th Avenue at the North course has been repaired and others are to follow.

**Light Poles:** With Maricopa County's assistance, we have been able to make the appropriate contact at APS to get all the light poles on 107th Avenue close to Oakmont and the North course working again after several months of being out.

**ZIP Code:** The Sun City Visitors Center, RCSC, and Representative Rick Gray have been working with USPS and City of Peoria officials to resolve the 85373 zip code issue, whereby homes located in Peoria have been given this zip code as well and therefore have a Sun City address.

## Human Resources News & Notes

**Safety:** The Management Team at RCSC takes safety very seriously, not only for our cardholders, but for our employees as well. Employees are expected to follow all safety procedures and policies. Serious disciplinary action is taken with personnel and/or supervisors who fail to follow and enforce all safety practices.

**Personnel:** Since the first of the year we have filled 35 positions bringing our employee count to 265 which includes 188 part time and 77 full time. Of the 265 employees, 195 or 74 % of staff are Sun City residents.

## Bowling News & Notes

**Lineage Up:** Year-to-date open play and league lineage are both up 1%.

underage owner is a spouse. While it is impossible for RCSC to determine exactly how many underage owners would qualify, (400 max) the RCSC Board of Directors is proposing that if any underage owner, regardless of marital status, meets the qualifications as currently outlined in the bylaws to obtain the spousal exemption, such underage owner shall be considered a Member with voting privileges and use of the facilities provided that two Member cards have not already been issued for that property.

**Spouses Who Are Not Deeded Owners** nor Trustors, Grantors, or Settlers of the trust who own the property, however, meet every other qualifier (occupancy and age) may be entitled to a RCSC card, free of charge, provided that the annual assessment is on a per property basis, the other card issued on the property is to their spouse, and they can provide a license as documentation of their marriage.

**Lifetime Use** is granted through a trust document generally to spouses who are not beneficiaries of the trust. This is done so that a spouse can be guaranteed they will have a place to live for their lifetime despite the fact that the property will become owned by the beneficiaries of the trust when the Trustor/Grantor/Settlor passes. The Board's intention is to provide the same benefit as described above in "Spouses Who Are Not Deeded Owners," however, this benefit will extend past the death of the spouse who was the Grantor/Trustor/Settlor of the trust until such time the lifetime

## REDISTRICTING: Could divide Sun City

*continued from Page 1*

• Creation of competitive districts where there is no significant detriment to other goals.

Currently, all of Sun City is within District 9 and it should remain such as that meets the criteria to respect communities of interest. The commissioners of the IRC should be made aware of how important it is that our retirement community, Sun City, remain in the same district and not divided!

Secondly, based on the initial grid, Rep. Debbie Lesko would no longer live in our legislative district. As you know, Debbie has been a real friend to Sun City and is involved regularly and year-round. Debbie doesn't just come around when an election is coming up, she's always here for us and understands Sun City. Losing Debbie's representation would be a significant loss to Sun City.

Please contact the IRC and make the following recommendations for district #9 boundaries:

• 51st Avenue on the east because it is a good boundary line that separates Glendale and Phoenix and also maintains the Peoria school district;

• Aqua Fria River on the west because it is a natural boundary line between District 9 and District 4;

• Beardsley Road on the north because that is the boundary line for the Sun City community, which should remain all in one district and would include Westbrook, also a retirement community of similar interest who use the same shopping amenities and is currently in legislative district #4 which needs to reduce its

population; and

• Northern Avenue on the south because this includes all of the Sun City community to the south which is important that Sun City not be divided in order to respect communities of interest and Sun City and south Peoria should be kept together because Sun City resident primarily go to Peoria for additional shopping and entertainment.

To obtain a map outlining this suggested legislative district #9 to be included in your comment, email rcsc@sunaz.com. Please make your public comment at <http://www.azredistricting.org/public-input.asp> today!

Additionally, please send another email to the IRC, as this is also extremely important to Sun City. Prop 106, which the people of Arizona passed to have a non-partisan commission draw the lines, is being rewritten by the current commissioners. The attempt is to prioritize "competitiveness" as the most important requirement. Currently the demand to make the creation of competitive districts a priority has a four to one lead over the demand for the other criteria. This would be very detrimental to Sun City, as it would take precedence over the requirement to have respect for communities of interest, which supports Sun City not being divided. If the commissioners do not hear from you, they will believe that "competitiveness" is the most important to you too. Please make your additional public comment at <http://www.azredistricting.org/public-input.asp> as soon as possible. Thank you!

## Financial News & Notes

**Accounts Receivable:** Accounts Receivable – Assessments are \$225,000 greater as of June 30 than one year ago. Bank owned properties make up \$150,000 of this variance, with Preservation & Improvement Fees (PIF) unpaid by owners other than banks being another \$55,000 of this variance and lien and collection fees making up the balance of the variance at \$20,000.

**PIF:** Preservation & Improvement Fund (PIF) restricted income is \$726,580 more than the conservative budget used annually to assure that PIF projects such as Fairway are not scheduled prior to being able to reasonably know that they can be paid for in cash. In the first six months of 2011, we have collected \$238,080 more than the same period last year. As of August, we have received \$614,850 in PIF fees from lenders in 2011. Please note that PIF is not recorded as income in our financial statements until it is paid in full.

**Collections:** During the past two months \$36,345 was collected from 84 owners in outside collections. This has increased over prior months this year. During this same time period our internal collector processed payments from past due property owners totaling \$58,762 and property related transfer fees totaling \$261,275.

**Past Due:** Past due balances decreased in June and July by 1% overall. We had above average payments on past due balances during the last two months but saw the oldest aging group of Over 90 day balances increase considerably during this summer. As of June 30 the increase in outstanding receivables from 2010 can be most notably attributed to properties transferred to lender ownership as these properties attributed to 53% in the increase from last year. Overall PIF and Transfer related fees for all property owners accounted for 62% of the increase over this same time period while past due related fees accounted for 24% of the increase.

## Golf News & Notes

**Golf Rangers Need You:** Rangers volunteered a total of 76.5 hours in June. Course totals: Quail Run: 0 | Riverview: 2.5 | South: 26 | North: 9 | Lakes: 39 | Willow: 0. More Rangers are needed. If you have a few hours a week and want to have fun while providing a great service to Sun City golf, consider volunteering as a Ranger. Training is provided, hours are flexible, and Rangers receive \$1 per hour for the use of their own golf cart plus one large bucket of balls for every 10 hours volunteered. For more information contact Carey Shore (623-972-1675) or Don Barber (623-876-8082) or attend a meeting: 3pm the last Thursday of each month at Talisman Hall.

**Patriot Golf Day:** RCSC pro shops collected \$716 during Labor Day weekend as part of the Patriot Golf Day, the primary fundraiser for the Folds of Honor Foundation. It is an annual event to raise money for post-secondary educational scholarships for children and spouses of military service men and women killed or disabled while serving.

**Golf Revenue:** Total revenue was up 6% in June and July compared to the same period last year. All revenue categories had increases; merchandise sales led the way with a 60% increase over June and July 2010.

**Willowcreek Project:** Sprigs and sod are in the process of growing in, despite having difficulties with the pump to our well. We are fortunate to have had

an adequate backup plan for obtaining water. All pump repairs have been completed and the pumps are back online. During the renovation it was determined that the Variable Frequency Drive was in need of replacement. The drive controls the variance pumps attached the irrigation system and monitors pressure in the system. Replacement of this system was completed.

**Heavy Rough:** Through overseeding heavy rough can be expected at all courses. Our standard rough mowing frequency is 1.5 times per week. With higher humidity this time of year, growth will be heavy.

**Equipment Audit:** RCSC is in the process of auditing our equipment that is used by National Golf Maintenance for the upkeep of our golf courses. This audit is being conducted in accordance with our agreement with NGM and ensures that our equipment is properly cared for. The audit is expected to be completed in early September.

**Rainfall and Lake Levels:** The lake levels have also been affected by the lack of rainfall, which is down 6 inches from last year. Through July we have only recorded 2.5 inches of rain. In order to maintain the health of our golf courses we have had to rely heavily on our well water. The well on 103rd avenue is running constantly to maintain lake levels which will not rise at this time of year without rainfall.

## Buildings & Infrastructure News & Notes

**Fairway:** Construction on Fairway Phase 2 continues, and much has been completed in the past few weeks to move us closer to completion and opening of the eagerly awaited second phase of Fairway Center. The following has been completed this month:

1. Installation of walking pool and spa sail structure poles.
2. Pouring of the concrete decking around the pool. Application of the final cool deck topping and paint is currently in process.
3. Installation of water line tile in the pool and spa.
4. Final installation of lighting around the pool and spa.
5. Partial installation of the chlorine and acid systems for the pool and spa.
6. Completion of the steel fencing and gates on the north side of the pool area. (Still requires painting)
7. Striping of the parking lot and the installation of tire blocks. Tire blocks will also be added around lawn bowling green.

In September, we also saw the final lacing and painting

of the cool decking around the pool and spa. Once this finished, the pool and spa received final interior finishing, floor drains, hand rails, lifts and ladders. When this work is completed the pool and spa will be filled with water and chemically treated and balanced prior to the 1st request for final inspection by Maricopa County Environmental Health Department. After the health department is satisfied and gives final approval, the entire Phase 2 building must pass a final inspection by the Maricopa County Planning and Development Department, before the county will issue a certificate of occupancy.

We know all of Sun City has been eagerly awaiting the second phase of Fairway to open. Based on the progress of these final pieces to the project and no delays in getting final sign-off by both Maricopa County agencies, we anticipate an early October opening for Fairway Phase 2.

**Lakeview Center:** Exterior painting of all remaining Lakeview Center buildings was completed in September. The work included painting all exterior areas of Lakeview Center, Lakeview Lanes and the Mini Golf building.

## Daily Fitness: Fitness Over 60

Karla Jensen, age 62, has made a commitment to exercise. She noticed her strength, stamina and body composition declining, due to health issues and a sedentary lifestyle. With guidance from Daily Fitness trainer Jane Fortier Karla now exercises regularly at the Bell Fitness Center to improve her overall health and well being.

"Someone turns 60 every seven seconds," Fortier says. "Lack of exercise accounts for approximately 50% of the physical decline associated with aging. Much of this decline can be avoided with some proactive measures. By incorporating strength training, aerobic exercise and stretching into her weekly schedule, Karla can avoid the physiological pitfalls of aging: loss of muscle mass, weight gain, decreased strength and stamina, poor balance, coordination & flexibility, and diminished bone mineral density."

Learning how to exercise correctly is important for maximum benefit. Daily

Fitness trainers are experts at this. They tailor programs to meet client needs and goals. To learn more about working with a personal trainer to address "Fitness Over 60," call Daily Fitness at 623-256-7901.

## Friends of the Library News & Events

October is a great month! Cooler weather! New TV shows! Halloween! Welcome Back Parties! Meetings starting up!

### News

The Friends of the Sun City Libraries is pleased to announce that Janis Stiewing has joined the Board of Directors. She will fill the unexpired term of Richard Lybolt, who recently resigned. Her duties will include Volunteer Coordinator and Membership recruitment and information. We are happy to have her and look forward to some new ideas in these areas. Welcome aboard.

At this time, the board is looking for one additional member to fill a vacancy left by the resignation of Joanne Beddoes. If you or anyone you know of has an interest in becoming a part of the Friends organization in this capacity, please send a resume letter to President Mary Ann MacDonald; Friends of the Sun City Libraries, Inc.; P. O. Box 2000 Sun City, AZ 85372; or drop it off at the bookstore.

### Upcoming

The second in the "How to Write a Novel" series will be at 10am Wednesday, October 12 in the Program Room of the Bell Library. Michael J. Murphy will tell you about writing mysteries, including how to plot with an opening, a middle and an end game. If this is your idea of a second career (or even a first one) be sure to attend this workshop. You may register at the information desk in the library.

### Book Clubs

Regular monthly meetings of the book clubs will be held as follows: Mystery Book Club: October 5 | 1:30pm | Featured Book: Alone in the Crowd by L. A. Garcia-Raza. Crime and Carnage: October 6 | 1:30pm | Featured Book: Remarkable Creatures by Tracy Chevalier. Fiction Book Club: October 25 | 1:30pm | Featured Book: Case of the Missing Servant by Tarquin Hazl

### Fairway

One-on-one computer instructions continue. Call the library for day and time.

On October 11 from 10 to 11am Toby Heathcote, president of the Arizona Authors Association, will conduct a workshop, "Out of the Psychic Closet." If you have ever had a premonition or thought you saw or heard a ghost, or knew who was on the phone when it rang, you might have thought you were going nuts. You should attend this workshop to explore your own psychic potential and learn to respect your abilities. Copies of her book will be available. You can register at the Customer Service desk of the Fairway Library or call 602-652-3000.

### Bookstore Events

For western lovers, the bookstore has a complete VCR set of "Gunsmoke" tapes, each with two to four episodes. If you go for English mysteries, look at the set of "Inspector Morse" tapes and other British shows. Tension and suspense? Try a group of "Mission Impossible" tapes.

There are loads of kids' videos, including many from Disney. Old movies from the '40s, '50s and '60s are still great entertainment. The end cap of the Video/DVD shelf has been set aside for specially priced tapes and DVDs. Check it out.

Though Christmas is a way off, plans are under way for this year's Christmas tree. Anyone with a talent for hand-made ornaments will be a welcome contributor. These items have always been very popular with our patrons. Questions, call Mary Ann MacDonald at 623-640-5933 or through the book store.

### Friends Meeting

The next meeting of the Friends of the Sun City Libraries will be October 13 at 9:30am in the Program Room of the Bell Library.

## Sun City Republican Club

"Freedom is never more than one generation away from extinction. We didn't pass it on to our children in the bloodstream. It must be fought for, protected, and handed on for them to do the same, or one day we will spend our sunset years telling our children and our children's children what it was once like in the United States where men were free." – Ronald Reagan

Join us monthly to hear from guest speakers, including federal, state and local elected representatives, as well as candidates during election season. We are an active group that hosts candidate forums, BBQs, and voter registration events. We even have a group of members who volunteer to read to children at a local elementary school. We are more

than a club – we are also reaching out and making a difference in our community.

Sun City Republican Club meets on the third Monday of every month (with the exception of December) from 7 to 8:30pm at Sundial Recreation Center in the East Hall. **THE BEST KEPT SECRET IN SUN CITY!**

Rock and Roll "ROCKIN THRU THE YEARS"  
Doo Wop Disco SATURDAY NIGHT FEVER  
Country Rock

Club Members \$3.00  
Guests \$5.00

We started this club in Feb. 2010 to provide something that was missing in the Sun Cities area - a dance that featured the rock and roll music that we grew up with and danced to that other dance clubs were not providing and that is how "Rockin' Thru the Years" was born.

We decided to hire a DJ to play recorded music over live groups for several reasons - access to the best music for the least money. Live groups have a limited repertoire, performances are inconsistent and they are costly!

Our attendance has been growing steadily and to our surprise we have been attracting people from 55 to 85 years old!

Finally, if you really want to enjoy an exciting evening of dancing and great music come on over to the BELL RECREATION CENTER every other Saturday night. See our monthly schedule in the Sunviews Events section.

## Lakeview Ceramics & Porcelain Club

Lakeview Ceramics & Porcelain Club will hold their first fall meeting on Thursday, October 13th at 9am in the club room. Plans and activities for the coming year will be presented and discussed, as well as the report from the nominating committee. Following the meeting we will welcome back the snowbirds with an ice cream social and congratulate those who held the fort and survived the summer heat.

We welcome new members, men and women, experienced or brand-new. A certified ceramic instructor is at the Wednesday workshops to instruct beginners and help seasoned veterans. Our porcelain chairperson will be happy to get you started in creating porcelain pieces. Our club hours are 9am-3pm, Monday through Thursday, and Tuesday from 5:30-9pm. Our annual membership dues are \$5. Monthly membership meetings are on the first Thursday of the month at 9am. Call 623-974-5979 during club hours for information or questions.

## What is NextGen Club?

We are a social club geared toward Sun City residents who have not yet reached their 67th birthday. We were formed as a means for "younger" residents to meet, and ultimately, get to know people of similar likes and interests. We are dedicated to maintaining an active lifestyle while fitting into the ideal of volunteerism.

Our members help with SCHOA-sanctioned clean-ups, raise money and donate goods to Valley View Food Bank, collect coupons for military families, etc. Socially, we engage in hiking, sightseeing (both day trips and occasionally overnights), sporting events, and basically

whatever the members want to do.

The club will always be operated by those under the age of 67, but we do welcome those 67+ to come and become a club affiliate. You will pay the same dues, be able to enjoy the same activities, but will not be able to hold office or vote on issues that come before the membership.

If this sounds interesting, come down and visit us. We meet on the first Tuesday and third Thursday at Fairway Center Arizona Rooms 1 and 2 at 7pm. Dues are \$5 per year. Questions? Contact us at

nextgensc@gmail.com or nextgensuncity.org.

## Bell Lawn Bowling Club

As a youngster we could bound out of bed and start the day with nary a thought to it. Now our pace is slower, less steady; vision is dimmer and we may start the day with a handful of pills. There are probably still a lot of things on the bucket list and we can't get to them all. That means we've got to prioritize.

Discover lawn bowling may not be on your bucket list, but it could be. Think of this choice for example: "Should I go lawn bowling today, or take a sky diving lesson?" Tough call, eh?

Here's how lawn bowling gets the nod.

It's fun, it fits the current lifestyle, you always see a lot of great friends there, it's a lovely way to spend some time out doors, and get a little exercise, oh, and did we mention, it's fun?

Have you discovered lawn bowling yet? Some things on our list just aren't realistic, but with the right priority lawn bowling is nearly a necessity.

Lessons are fun and FREE. Just call Amy Heidebrink at 623-583-4432 (or any other LB club president) and say, "I want to learn about Lawn bowling"!

## Get jazzed up with All That Jazz

Why not "jazz" up your body while having fun and getting some great exercise? All That Jazz consists of low impact aerobics, stretching and toning and a wonderful relaxing cool down, all done to great music. This is a great class to improve balance, stamina and core strength. Classes are Tuesdays and Thursdays from 1 to 2pm in Marinette Social Hall. All RCSC cardholders are welcome. Your first class is free then membership is only \$10 per year (\$5 after July 1) and each class is only \$3. For more information, call Betty at 623-505-3028 or Penina at 623-594-0805.

## Spanish Club celebrates 35 years

Are you interested in learning a new language? Would you like to improve your old Spanish skills? Then, how about joining the Sun City Spanish Club? Since 1977 El Círculo Español has been offering Spanish classes at various levels. All classes are free for club members and students can take more than one class. ## Dance For Fitness

Welcome back to all our Dance for Fitness members. Hope you had a great vacation, and ready to get back in shape by working all of your "wayward" parts. You know, all those "parts" you were going to keep moving during your hiatus, but DIDN'T?

NO partners necessary, but ladies bring your husbands, or vice versa, and meet a great exercise club. NO MAT WORK! Great exercises keyed to great dance tunes: tangos, waltzes, country, etc. Our exercises help not only with the body, but memory and balance (two things that are quick to

leave us). Don't worry if you don't know our routines, or your left foot from your right, you can still move to the music.

Exercises are three times weekly from 9-10am: Bell on Tuesday, Sundial on Wednesday and Mountain View on Friday. Try to be there by 8:45am ready to go. You will need current RCSC card, comfortable clothes and shoes that tie and move easily across the floor. RCSC rules allow three visits before joining. Yearly dues are ONLY \$4, with NO individual class fees. For info, call 623-974-6946.

## Oakmont Lawn Bowling Club

Our Oakmont green is one of two scheduled sites for the annual Sun City Can/Am Games lawn bowling tournament Tuesday, January 24. This is the annual tournament pitting our resident Canadian bowlers against the hometown Yanks. It is Sun City's best least-known sports event. This year, however we are taking the wrapping off. This is an exciting, festive and fun event and we want to share it with you.

Besides, the Canadians have won the trophy several years in a row, and we want you to come out and help cheer the Stars

and Stripes back into the victory column. It may seem this notice is a little early, but Christmas will be here before you know it, and then suddenly it will be January 24. So we want to make sure you have plenty of notice to save that day, or at least part of it, to watch one of Sun City's great tournaments and sports rivalries.

If lawn bowling is new to you, you don't have to wait that long to learn more about it. Call Rich Enockson at 623-444-7194 to give lawn bowling a try now – see for yourself how fun and easy it really is.

## BYLAWS: Board considers changes

*continued from Page 2*

use clause has expired.

**Tenants, renters, lessees, occupants of property** in Sun City (non-owners) have the option to purchase annual or 30, 60 or 90 day privilege cards. The Board has no intention of changing this policy and here is some information that may help you understand why.

The RCSC Board of Directors has a fiduciary obligation to maintain RCSC assets. Annual assessments are set by the Board at a rate that ensures those fiduciary obligations can be met. To cover the privilege card income budgeted for 2011 (\$465,449), **it would** require an increase in assessments of \$10 annually for those on a per person basis and \$20 annually for those on a per property basis.

Non-owners have no personal investment if they are not required to pay for the privilege to use RCSC facilities, which is believed to bring more value, care and consideration to that privilege. In view of RCSC's recreational, social and fitness facilities available, the annual cost of a privilege card is very reasonable, one-half of the annual property assessment per person.

All owners benefit from higher property values as a result of the recreational facilities, golf courses and other amenities provided by RCSC, therefore, an owner receives value regardless if cards are issued as a result of the annual property assessment. In addition, any investor who has purchased property in Sun City for occupancy by someone other than themselves has done so understanding that the overall cost is very fair and equitable as the combination of Sun City property taxes and RCSC annual assessments is considerably lower than other surrounding area's property taxes alone.

"Although I was only elected to a one year term," confirmed Carole Martinez, "it is very important to me that we address these issues and get resolution to them before my term has ended, although I hope to be re-elected there is no guarantee." The Board has directed GM Jan Ek to begin writing amendments to the bylaws to adopt these new guidelines.
