GENERAL INFORMATION:

- We have agreed on a start date with Turf Equipment Source to perform the fraze mowing and laser-leveling on both Bell greens. This work is scheduled for May 15, 2018.
- All regular irrigation has ended for the winter months. We will only water when soil moisture checks indicate very dry conditions which may damage the Bermuda roots.
- The newly sodded areas at Mountain View green have continued to smooth out and should be completely recovered after the Bermuda spring green up.
- We are continuing to mow once per week to clean surface and roll on average 4 x per week.

Discussion:

Oakmont work order from August relating to downspout runoff on walking area not completed yet and we have not received any information regarding this.

Adjournment: The meeting adjourned at approximately 1:12pm.

Next Meeting: February 6, 2018 at 1:00pm – Lakeview Center Board Room

Respectfully submitted,

Norm Dickson, Secretary
