RCSC Board of Directors Election

And the Winners Are!

Despite a full slate of candidates, many Sun City voters opted to remain silent once again in this year's RCSC Board of Directors Elections. A total of 998 ballots were cast (783 electronic, 140 paper and 75 absentee).

The RCSC Board of Directors is pleased to announce the top three vote getters elected to serve three-year terms beginning in 2015 (and the number of votes received): Carol Lawry (658), Rich Hoffer (614) and Ida Eisert (587).

Carol Lawry comes to the Board with a background as the owner/operator of a small business for 25 years and has served on the RCSC Clubs Organization Committee in addition to her involvement with the Euchere Club, Artistic Stained Glass and Bell Metal Club.

Rich Hoffer has 36 years of marketing and advertising experience and was an on-air radio personality. He has been active in the NextGen Club, Sun City Men's Golf Association and serves on several RCSC Committees.

Ida Eisert's background includes 20 years of sales experience in Fine Paper and Industrial Paper Distribution. In addition, she was a realtor for four years and is a Certified Reflexologist. Ida's club involvement includes Lakeview Woodworking and the Bocce Club.

Mike Kennedy, RCSC Elections Committee Co-chair remarked on the election, "I was very happy how well the electronic voting process, the absentee ballot process, and the in person balloting came together. The outside accounting firm and the company controlling the electronic voting process did a great job."

"While Sun City is known for high voter turnout in national and state elections, for some reason the attitude towards local

elections seems to wane," said Linda Lindquist, RCSC Elections Committee Co-chair, "and these elections are very important to the way Sun City moves forward."

"In the past when there has been high voter turnout, there has always been an issue that pushed the voting. We would interpret this as people in general being happy with the way things are run," stated Lindquist. "It is fortunate that we had five able-bodied citizens step up and want to be part of the process. Having said that, I think Sun City came out as a winner." Lindquist concluded.

The newly elected Board Directors will be installed on Thursday, December 18, 2014 at 9:00a.m. at the regular RCSC Board of Directors meeting at the Sundial Auditorium but do not take office until January 1, 2015. Directors Linda Lindquist, Bill Pearson and Carole Martinez complete their elected terms of service on December 31, 2014.

And the other winner is....

The seven-member ensemble features a variety of instruments: Irish flute, penny whistle, accordion, bodhran, djembe, mandolin, guitar, bass guitar, French horn, trumpet, and of course, plenty of vocals. In addition to time-honored standards, The Blue Yonders put an Irish-bluegrass spin on American classic and modern rock tunes. Golf Report

Pro Shops

Rounds played in October were at the second highest level since 2008, with 23,079 rounds played. Rounds played year-to-date are at the third highest level since 2008, with 260,878 rounds played. Year to date only 5% of the rounds played on RCSC courses were public players.

On November 30, Riverview will be hosting a "Texas Cup" tournament, utilizing an 8-inch cup. The event is open to everyone and entry forms are available at each of the golf shops.

The November 27 entry deadline for the North Pro Am is quickly approaching; we encourage anyone wishing to play to sign up soon. We currently have 12 team spots remaining. As a reminder this event supports the Sun City Posse, as well as celebrating the North Renovation. Our fund raising goal for this event is \$2,500. Every non-professional will have a chance to win a Pebble Beach vacation for a hole in one on the 17th hole. Prizes will also be available on most other par 3s, for a hole in one. Lunch will be served at the Mountain View Center following play.

Beginning December 1 and continuing through January 31, the first tee time will be 8:00 a.m. This change does not apply to Wednesday Men's Day; the time on Wednesdays will remain 7:30 a.m. This change was made three years ago to reduce the number of tee times lost to frost delays and to open more times for those wishing to play.

Snack Shops

Snack shop revenue exceeded budget by nearly \$12,000 in October. We thank everyone for their continued support.

Golf Courses

Overseeding is completed and all courses are open for play. The courses that overseeded first are showing signs of stress and additional seed is being added to the weakest areas. The courses most affected are Willowcreek, Quail Run and North. The stress is related to the above normal and near 90 degree temperatures we experienced throughout October. We switched to an annual rye grass two years ago, due to its low heat tolerance. The low heat tolerance allows the rye to "check-out" earlier in the spring, thus allowing for a smoother transition to bermuda and eliminating the need for chemical spraying.

Architect's Report

Riverview Renovation is Underway

Shaping the "new" 5th green at Riverview

by Gary Brawley
Associate, ASCGA

Happy New Year! It has been great to hear all the comments about the recent renovation of the North Golf Course. The golf course will take some time to mature but the foundation is there for the course to only get better with age. It is hard to believe that it is been a year since we started the North renovation and that puts us already today at the Riverview Golf Course.

After a competitive bid process the same contractor for the North renovation, Wadsworth Golf Construction, was awarded the work for Riverview. What excites me is we get the same key guys back for Riverview as we had at North. I already expressed to them that we set the bar high with the renovation work at North so now we have to do something even better at Riverview. I have been working closely with the shaper on the core of the first two greens to make sure we follow our promise to keep with the tradition of the Riverview Golf Course and have great greens.

Looking ahead, irrigation work will begin in January with the earthwork and shaping operation continuing on the holes west of Del Webb Blvd and then crossing over continuing to the east.

A Moment with President Brasher - Passing the Gavel

The RCSC Board of Directors is made up of nine volunteers who accept the challenge of donating a significant part of their life for three years to maintaining and improving the community of Sun City. To this end, they promise to become involved in the many operations of our seven recreations centers, eight golf courses, and all of the other amenities that make Sun City such a wonderful place in which to live. After committing to becoming a candidate, a process of campaigning, being grilled at our candidate forums, and enduring the suspense of the December election day, they are ready to take office.

In 2013 there were nine candidates and in 2014 we had five candidates competing for the three Director positions. Such a pool of interested Members helps assure a third of the Board will bring new ideas and their vision for the future of Sun City. New directors are sworn in at the December Board Meeting and their terms begin on the first of January.

On December 31, 2014, my second year as President of the Board of Directors comes to a close. It is time to pass the gavel to another Director, and will do so with our Board's election of officers on January 2, 2015. It has been an honor and a pleasure for me to have served as President of the RCSC Board of Directors for two years since January 2013. Although I will continue to serve as a Director through 2015, it is my choice to decline any consideration of being an officer of the Board during the coming year.

In January of 2012, I was one of those appointed for one year due to two vacancies on the Board of Directors. During that year I realized the responsibilities and commitment needed to effectively serve as a Director and came to appreciate the importance of becoming well-versed in all the workings of the Recreation Centers of Sun City. As I neared the end of that year, I decided to become a candidate and was elected for a full three-year term as a Director so that I could put to better use the experience I had gained.

Upon election as President of the Board in 2013, my time commitment increased and persisted through my second year as President in 2014. As I had told the Board when I was interviewed for my appointment in 2012, when I accept a role in an organization, I am committed to being "all-in." Serving as

President these past two years entailed spending more time on RCSC matters, but it was always a pleasure working with our other excellent Directors, Management Staff, and RCSC employees. Their support made the tasks pleasant ones.

James Brasher
RCSC Board President

Serving as President of the Board entails presiding over our monthly Exchanges, Board Meetings, representing RCSC at functions in and out of Sun City, responding to correspondence/calls from many of our Members, and being responsible for the monthly "President Commentary" columns that appear in local newspapers and our SunViews publication. The President is responsible for appointing the Chair and Co-Chair of the RCSC Committees as well as Directors to serve as liaisons to other organizations. The President appoints one other Director to serve with him on the Viewpoint Lake Advisory Board. The President also serves as Chair of the Bid Commission and recommends additional Directors to serve as well, who are then approved by the entire Board. Officers and Directors may also serve on the Investment Commission.

My role on the Board of Directors in 2015 will still be significant. I will continue to do my best to improve and maintain our great Sun City community while being able to devote more time to activities with my highly supportive and loving wife, Lloydene Johnson (Thanks, Pal).

Updates

Financial Report:

We have ended October 2014 well within our operating and capital budget year-to-date. As we come into our fourth quarter, I want to give you just a few reminders about variances from budget that have occurred year-to-date. As is consistent with our Preservation & Improvement Fund budgeting, Transfer Fees are budgeted very conservatively and historically have a positive variance from budget. We were able to sell (\$183k) the 1080AF of water credits we purchased in 2010 and 2011 due to Viewpoint Lake’s seepage, which is reflected in Miscellaneous Income and produced a net profit on the credits. In the process of considering succession planning, both contract and temporary labor has been used in excess of budget while wages have been under budget in G&A. We have done very well in legal expenses y-t-d, with a \$90k positive variance from budget. The Bowling Division’s willingness to provide liquor service to numerous events has produced an \$8,500 positive variance in their liquor sales y-t-d. Despite the North Course being closed, both the golf division and food service division have operated with a better bottom line than last year and considerably better than budget. I know I made Brian nervous when I predicted a few months ago that we could end the year in the black in the golf division, but my prediction remains solid, I believe that we will at the very least break even in the golf division this year!

Cardholder Services:

Payments on past due assessments in October were below the monthly average for the year by 10%. Although past due assessments decreased by just under 1% in October, they are at the lowest level since April 2013. September billings went past due at a rate of 6.5% and August balances went 60 days past due at a rate of 3.8%. Both of these rates are right at the monthly averages for the past 12 months.

Total accounts receivables decreased by 2% in October and are at the lowest level since April 2013. In October we saw a 3% decrease in property transfer related balances and a 38% drop in lender owned related invoices. Outstanding balances related to property transfers represent 54% of all receivables due and past due balances.

Trustee sale notices on Sun City properties increased slightly to 47 properties at the end of October. The number of properties owned by lending institutions decreased in October by 20% and is now at 42 properties.

Preservation and Improvement Fees collected in October totaled \$556,600, which is twice the amount budgeted. Year-to-date PIF fees are \$5,868,938 which is \$2,538,938 over budget for the year. Again a reminder that we intentionally budget PIF income very conservatively to assure that we have the cash on hand for any planned project as we remain debt free.

Bowling:

Beginning Thanksgiving weekend, both RCSC bowling centers will again host the Arizona State USBC Senior tournament. The tournament has always been successful for the RCSC. The tourna-

ment also provides exposure to our community and additional income.

On the weekend of December 13, Lakeview Lanes will host the Arizona State Senior Women’s tournament for the first time ever. The event will include women from all over the state. Signups for the annual New Year’s Eve Party at Lakeview Lanes has begun. Everyone is welcome even if you are not a bowler. Stop by Lakeview Lanes to reserve your spot as availability is limited.

Human Resources:

Open enrollment meetings for employee benefit plans were held on November 5 and 6. A Benefits Guide for 2015 was distributed to all employees explaining details of the medical, life, and long and short term disability plans including associated costs. During the next few weeks employees have the opportunity to make changes in coverage based on individual needs.

RCSC always looks for ways to affect and contain rising medical costs within the organization. Since 50% of medical costs

in the U.S. are due to lifestyle choices, management is working with BlueCross/Blue Shield of Arizona to include a wellness program beginning with the 2015 renewal. The goal is for participants to lower cholesterol, stop smoking, wear seat belts, exercise regularly, lose weight, etc. To assist employees in living healthier lifestyles, the first step is for each participant to find out where they are now and where they want to go.

To implement the program, employees participated in Biometric Screenings on November 12 and 13. Employees were tested for blood pressure, glucose, total and HDL cholesterol, and measurement of waist circumference and were provided the confidential results to complete online health assessments. When an assessment is completed, the individual is provided a score and can take advantage of available Healthy Living Programs to become healthier.

General:

It is with great pleasure that I present to Assistant General Manager Jim Wellman recognition and a small token of our

appreciation for his 10 years of service to the RCSC. I have worked directly with Jim for 8 of the past 10 years and I am thrilled and proud to call him a member of my Senior Management team! Jim and I always look for ways to “divide and conquer” as we call it and he is an excellent team player and an extremely vital part of RCSC and the success we enjoy today! Thank you Jim for the past 10 years and here’s hoping for another ten!

Project Updates

General Centers Projects and Information

Electronic sign construction continues to progress on schedule. All support poles for the new electronic signs have been placed at Marinette, Bell, Lakeview, Oakmont, Mountain View and the Sun Bowl. The two electronic signs at Fairway are completely installed and currently in use. The sign company will continue to erect the electronic signs with electrical and data completed as electrical permits are approved. The entire project is expected to be completed in early 2015. Contractors are Bootz and Duke Signs and Accel Electric. (PIF Cost – \$850,775)

Lakeview Center/Viewpoint Lake

A second fish habitat construction event was held November 12–14 at Mountain View and Lakeview Centers. All pipe palaces and fingerling fortresses have been constructed and have been deployed into Viewpoint Lake. The next fish habitat project will occur early in December so if you have not signed up to help out with this very important project, please call the RCSC Administration office at (623) 561-4600 and add your name and contact information to our list of volunteers.

The threadfin shad (forage fish for bass, bluegill and catfish) are still delayed due to supplier inventory shortages. Once quantities are available, the shad will be delivered and introduced into Viewpoint Lake. Now that the lake water has cooled down we are also preparing to stock 10" to 12" Rainbow Trout. So be sure and watch for this announcement soon!

The Duffeeland dog park improvement project is currently on hold while a dog club is organized. Once this club is formed and approved by the RCSC Board of Directors, the RCSC will move forward with improvements to the dog park.

Bell Center

Final grading, rough-in of all utilities and laser leveling are now completed in preparation for forming of the post tension tennis courts. Forming work commenced this week in preparation for concrete pours scheduled for the first week in December. Court and windscreens colors have been reviewed with the tennis club and selections were made. The #4 hole of the mini golf course remains closed. However a path was created for cardholders between hole #3 and hole #5 so the mini golf course can still be used. Cardholders playing the course are asked to take par for hole #4. The tennis project includes demolition of the current eight (8) tennis courts and the installation of ten (10) new tennis courts. The new updated complex will also include a shaded gathering area, courtside canopies with benches, water and electric to each court, tables and benches for spectators and planters in the common areas. Contractors include Lloyd Sports Engineering as architect and project manager and Sunland Sports as building contractor. (PIF Cost – \$1,778,074)

As part of the RCSC healthy swimming program, the RCSC pool mechanic has changed out the sand inside the Bell pool and spa filters and the Lakeview pool filters. Sand in the Mountain View sand filters was recently changed and the filters on the Marinette pool and spa will be done prior to re-opening. The filters on the Sundial and Fairway pools and spas will also be replaced soon. All remaining locations utilize cartridge filters which are cleaned on a regular basis by RCSC Certified Pool Operators.

Sundial Center

All shower doors in the men's and women's locker rooms are now replaced. The new shower doors replace worn out doors installed many years ago. Many positive com-

ments have been received from cardholders, and of course from the Sundial staff, who had to daily clean the old shower doors.

Marinette Center

The Marinette project is really taking shape with only seven (7) lifts of blocks left to complete the overall height of the pickleball pavilion. After inspection by a structural engineer, it was determined that the East block wall between Marinette Center and the homes on Conestoga Drive needed to be replaced. (Project cost adjustment below reflects this work & new fire line) Following demolition of the old block wall, the footing for the new block wall was poured Friday November 14. Block work on the new wall will commenced Monday, November 17 and is expected to be completed in about a week. The walking track was delayed due to this wall and will probably end up being the last work completed on the project. Lots of other work has been completed including all rough-in utility work in the fitness center (mechanical, plumbing and electrical), lobby and fitness walls insulated and sheet rock in process, window glass being installed, new pool decking poured with new drains (not cool deck topping yet), spa block wall constructed, North "open" Pickleball courts formed and graded and shade canopy posts installed. The Marinette Center expansion and renovation project includes a 4,000 s.f. fitness center, rubberized outdoor walking track, a total of 20 Pickleball courts, an outdoor spa, a thermal solar system for pool water pre-heating, tankless water heaters for the showers, new doors and windows and exterior stucco of all remaining buildings. Contractors to date include: CCBG Architectural, Robert Porter Construction and Aquatic Builders. (PIF Cost – \$4,709,422)

Skilled Trades Department

The RCSC Skilled Trades department completed 91 work orders during the last week of October and the first two weeks of November 2014. The RCSC Skilled Trades carpenters and painter continue to construct cabinets for the Marinette clay club remodel while the RCSC fitness technician and pool mechanic continue their routine preventative maintenance duties.

Centers Operations

Ed DeBruyne recently accepted the position of North Area Supervisor (A.M.). He will supervise Marinette, Bell and Sundial Recreation Centers in addition to the utility staff at Willowbrook / Willowcreek, Riverview, and Lakes East / West pro and snack shops. Ed currently works at Lakes East / West golf course as a starter. He will start in his new position on November 24.

It's so hard to believe that Thanksgiving is just a week away! In the spirit of the holidays we hope that cardholders are enjoying the holiday decorations going up at all the centers and golf courses. Not only will there be lights on the outside of RCSC buildings, there will also be indoor decorating done at many locations.

Water: Do What We Can to Conserve

It's a no-brainer. All living things need water to live. Dogs need approximately one-half to one ounce per pound of body weight of water per day. A tomato is 95% water; an apple, an ear of corn and a pineapple are all 80% water; and while people can live several weeks without food, they can live only a few days without water. Water makes up 83% of our blood, 70% of our brain, and 90% of our lungs. Overall, our bodies are 70% water and as you know, humans should drink six to eight glasses of water each day. So, if without water the earth would look like the moon, how do our brain, skin and lungs look if we don't get the recommended amount of pure water? Key word: Pure. Pure water is tasteless, odorless and colorless; a rare commodity without treatment.

The first recorded methods of water treatment date back to 400 A.D. when the Egyptians recognized the need for clean water. Their common treatments included boiling water over a fire, heating it in the sun, or dipping into it a piece of heated iron. They also were known for filtering boiling water through sand or gravel and allowing it to cool before consumption. Today, almost every city in the world treats their drinking water by disinfecting with chlorine or other chemicals.

Would you believe that a dinosaur could have once used the same water as you, perhaps even taken the same drink as your last drink? The water on our earth today is the same water that was on our planet millions of years ago, filtered and cared for by Mother Nature. And if a gallon jug represented the entire world's water, can you guess what amount would be available for human consumption? One table-spoon (or so). That doesn't leave much when it takes nearly 53 million gallons per second – yes, per second – to grow the planet's food supply. That's 3,180,000,000 gallons per minute... and 76,320,000,000 gallons per day.

While keeping that in mind, keep these things in mind as well:

If everyone in the United States flushed the toilet just one time less per day, we could save a lake full of water about one mile long, a mile wide and four feet deep every day. That equals approximately 828 million gallons of water – for one less toilet flush per person, per day – in the United States alone.

Do you know that by taking a shower that is only a few seconds shorter than your "normal," or by keeping the shower pressure just a little lower, one person can save one gallon of water per shower every day. If everyone in the U.S. did this, it would conserve some 85 billion gallons of water per year. Now we're getting somewhere...

An average-sized swimming pool without a cover can lose up to one thousand gallons of water per month from wind and sun exposure alone. That's enough water to keep a family of four supplied with drinking water for a year and a half; two people hydrated for three years; or, one person for six... yes six... years.

The problem is not the amount of water on the earth. Keeping it clean and fresh and ready for consumption combined with the time that it takes to treat the water we used yesterday are the true concerns. If everyone were more careful by only using what is really needed and not a drop more, the true meaning of conservation is observed.

Remember: "We never know the worth of water till the well is dry." Save Water. Everyday because every drop counts!

Bell Lawn Bowls Club

Ever wonder what those men and women in white are doing as they roll funny balls (called bowls), walk back and forth, peer at the clustered bowls, or just stand around visiting? And the bowls don't even go straight! Welcome to Lawn Bowling, a game that originated before 5000 B.C.

Thanks mostly to the Scotch and the English, the game has survived into the 21st Century. It's a game of skill; it's a social game; it's a relaxing game; it's a game for those of all ages; it's challenging; it's fun.

Bell Lawn Bowls Club, with its newly installed state-of-the-art greens, is one of the premiere sites in the U.S. There are National as well as local tournaments held at this location.

We are always looking for new people to join us, whether it be morning, afternoon, or evening. We give free lessons to any RCSC Cardholder, and bowls are provided free during lessons. Drop by when games are going on, or call 623-972-3248 to arrange a lesson. We want you to join us!

Marinette Clay Corner

Marinette Clay Corner had a successful sale at Sundial in November, thanks to everyone that helped with the fair, and those of you that purchased items this year.

Marinette held it's election of officers for 2015, and they are as follows: David Krause, President; Marti Reynolds, Vice President; Mary Jo Krause, Secretary; and Linda Jacobs, Treasurer. Thanks to all of you for volunteering for these positions. Our Club could not operate without it's many volunteers.

The previous Board of Linda Jacobs, President; Judy Larson, Vice President; Kay Dixon, Secretary; and Judi Nash, Treasurer, would like to congratulate each of you and wish you the best in the coming year!

Remember, if you are looking for a way to be creative and meet new friends, Marinette Clay Corner may just fill those needs. We are located at the Marinette Center and our phone number is 623-977-3167.

Dues are \$15 per year and we offer great orientation classes to get you started. Also, all of our members are more than willing to help out new members.

Check out our Website <http://www.marinetteclaycorner.org/> for the latest information on our Club's activities. Our hours are Monday through Friday 8:00am to 9:00pm and Saturdays 9:00am to 5:00pm; closed on Sundays.

Sun City Poms

The Poms started in 1979 by acting as cheerleaders for the Sun City Saints women's softball team.

The Fry's Sun City Poms are energetic marchers and performers who demonstrate dance skills. Some even do acrobatics!

Marching and Performing Poms Units: Requirements

1. Pom gals (dancers and/or marchers) must be 55+ years old, and hold a current RCSC card, or qualify as a participating guest.
2. They must demonstrate rhythm, agility, poise, energy, and showmanship for entertaining. Acrobatics and baton twirling are a plus.

Poms Supporters

1. Poms Supporters don't perform. Poms Supporter unit is composed of members who are inactive or retired dancers, in addition to husbands, family members, or community residents who have interest in the Poms. They may take on other rolls to assist the Poms such as operation of music at shows and parades, photography, etc.

If you are interested in learning more about the Poms or would like to schedule a Pom performance, check our contact information below. The Pom season is September through May.

Practice Times

1. Marching Poms practice several Mondays before parades. There are approximately six (6) parades a season, including the Fiesta Bowl Parade in December.
2. Performing Poms practice Monday and Thursday mornings. They do about 50 shows a year, which includes care centers, high schools, and community events.

For times and place of practices, please call Director Ruth at 623-337-4596.

Fairway Knitters

The Fairway Knitters Club meets on Fridays at Fairway Recreation Center in Arizona Room #4 from 8:30am until 2:30pm.

Besides knitters, we also have members who crochet or tat. This is a great place to go if you always wanted to knit or crochet as many members can walk you through the steps.

The Club makes slippers, afghans, baby sweaters, booties, scarves, mittens, you name it! These items are sent to organizations who provide for the needy, or to the military, or sold at our two yearly sales to raise money to buy yarn. The last Friday of the month we have Show and Tell, where members can bring keepsakes from home to show what they, their mothers or grandmothers have made, tell about it and display it.

Our membership dues are \$3 a year and you must be an RCSC Cardholder to join.

In March and October we have a fundraiser called the "White Elephant Raffle" where members bring items from home for the raffle. It is always a fun time! We also have a pizza party and an ice cream social each year. Every month we recognize birthdays! In December, we have a Christmas luncheon.

There is always lots of help available for your projects, so feel free to join us and enjoy the camaraderie.

Sun City Billiards Club

Think billiards is mostly shooting pool balls into pockets? Think again. A game of eight ball requires as much strategic planning as a game of chess. The Sun City Billiards Club is an active group of enthusiasts who hold weekly tournaments. We invite you to join the fun.

Ladies play eight-ball Monday and Saturday from 8:45 to 10:30 a.m., and Thursday from 9:45 to 11:30 a.m. Men compete in a singles eight-ball tournament Monday at 8:30 a.m. and in a doubles format on Tuesday and Thursday at 8:30 a.m. A mixed field of men and women compete at eight-ball on Wednesday night from 6:00 to 7:30 p.m. A nine-ball tournament is held Friday at 8:30 a.m. These games are held at the Lakeview Lanes Billiards Room.

These competitions attract players of all skill levels and provide a format for improvement. This club charges no dues. An active RCSC card is necessary. A basic understanding of pool is necessary for tournaments. Contact Bob Elston at 602-319-0783 for information.

Rockin' Thru the Years

We've been saying that Rockin' Thru the Years Dance Club is the "best kept secret in Sun City" but I don't think we can say that anymore – we now have 569 members! Our first dance was in February 2010. Our expected market was mainly the baby boomers moving into Sun City but we were surprised; our attendees range in age from their fifties into their nineties.

Our name describes the music our DJs play, mainly from the 1960's right up through today's music, classic rock, country rock, disco, doo wop, a waltz or two, some buckle polishers (slow dances) and a couple of line dances. You can dance "free style", remember the 1960's and 70's – or dance with a partner.

Our outstanding sound system insures quality sound regardless of which of the three professional DJs is performing

Join us at Bell Social Hall on the second, fourth and fifth Saturday of each month. Doors open at 6:30pm and music starts at 7pm. Enjoy the dancing and great music.

Club membership, open to all RCSC Cardholders, is \$3. Admission is \$3 for club members, \$5 for non-club members. BYO drinks, snacks. For more information, please call Nancy at 623-332-7894 or go to our website: rockinthruthetheyears.com.

Tips for Seniors from *Daily Fitness* -
Get Going with Exercise in 2015

Above: Mary Jo Nelson uses the Hamstring Curl machine, under the watchful eye of fitness professional, Dick Fortier

Is EXERCISE at the top of your “To Do” list for 2015? If so, Daily Fitness can help you get started! Mary Jo Nelson of Sun City is heading into the New Year with a firm commitment to exercise. She meets twice a week with Daily Fitness Trainer, Dick Fortier at the Bell Fitness Center. Mary Jo was a bit overwhelmed by all of the equipment at the Bell Center, before she began exercising with Dick.

“KNOWING WHAT TO DO and GETTING STARTED are the two biggest obstacles people face, as they begin an exercise program”, states Fortier, certified personal trainer. “At Daily Fitness, we overcome these obstacles by creating programs that are appropriate for individual needs. Questions I often hear are: What exercises are best for me? What weight should I use? How many repetitions should I do? What machine settings are appropriate? Where should my heart-rate be? All of this is covered, and much more. If you have never exercised before, we set-up a comprehensive program for you; if you are

a seasoned exerciser who needs a new approach, we design a workout that moves you to another level; if you are ready to transition from rehab to a fitness center, we guide you carefully through this process; if you face osteoporosis, diabetes, obesity, stroke recovery, or any other physical challenge, we introduce you to an exercise regimen that gets positive results. Teaching proper breathing, form, technique and cadence are all part of the service we provide.”

Research continually confirms that exercise curtails the physiological effects of aging in active adults. Building muscle tissue, improving cardiovascular health and increasing flexibility are important parts of a good exercise program. Daily Fitness personal trainers use these concepts in creating programs that are safe and effective. Trainers take the guesswork out of exercising and teach Sun City residents how to use the Fitness Centers more efficiently. Let Daily Fitness help you get the New Year off to a great start with exercise. To consult with a personal trainer about needs and fees, call 623-256-7901.

Performing Arts

The Rhythm Ramblers

Join us in the New Year to dance and listen to the great Big Band Sound of the Rhythm Ramblers. The 18-piece band featuring the vocals of Marge Nelson and Barry Dale performs Tuesday, 1/6 at Sundial from 2:30-4:30pm. Admission: \$4 for current RCSC cardholders and \$6 for escorted guests/visitors. Dress is casual. BYO drinks and snacks; cups, ice and napkins provided. We invite you, friends, and escorted guests to come for an enjoyable afternoon of music and dancing.

Sun City Players

Opening Feb. 6 at Mountain View, Sun City Players Community Theater presents “Playing the Palace” in which the vacant and venerable Palace Theater is scheduled to be torn down, but sweet Rosie O’Grady and her theatrical pals vow it isn’t going to happen. The young troupers conjure up famous vaudevillians whose ghosts perform the old standards from the 1920s such as *Won’t You Come Home Bill Bailey*, *Shine on Harvest Moon*, *Toyland*, and *When the Saints Go Marching In!* It’s a rousing variety show you won’t want to miss. Come spring, the Players present “Three Murders and It’s Only Monday,” opening April 10. Harry Monday is a down and out private eye. The local police are tired of being called to the Peaceful Pines Sanitarium because of all the murders committed there. “They said we should just phone them in from now on,” the head doctor explains. Who killed red Beard Mandrake? Was it his actor son, or his society daughter? Or maybe it was the lawyer? Could it have been the gardener? And they all seem to get snuffed out in order to a child’s rhyme: Rich man, poor man, beggar man, thief. You’ll want to see who’s next. FMI suncityplayerscommunitytheater.org.

The Choraliers of Sun City

The Choraliers are always searching for new voices, especially bass and tenor. To join one must attend no more than 3 rehearsals, then audition. Sight reading is a plus. Rehearsals: 8:30-11am Mondays at Fairway. Annual Dues: \$10. Costumes are provided. FMIC 623-815-8403

Sun City Holiday Celebration 2014

The Amazing Duck Race

Sun City residents love their duck races! A big thank you to everyone who helped put the "FUN" into fundraising! Sales of Duck Bucks this year net the race winners \$563.00, \$337.80 and \$224.20 for 1st, 2nd and 3rd places respectively in each race. And that means the duck races alone raised \$2,252 for the Sheriff's Posse of Sun City.

Quack, quack, quack go the ducks!

Money Tree

The Money Tree was won by Ray Marmon and his wife Lorraine, with just a \$5 donation. Ray and Lorraine said there was \$540 on the tree (\$689 raised for the Posse), and it definitely was a blessing to them. The first thing they did with the money was to pay it forward. They chose a Christmas Angel from a tree at the mall, and donated the actual tree to a family in need who did not have a tree for Christmas! What a fantastic story and display of Christmas Spirit!

Pie Walk! Fun for kids of all ages!

What could be better than taking a walk and winning a pie? Every kid (and lots of grown-ups, too) line up to take a chance at having their number come up.

And there was free cake, too! Six of them - all gone!

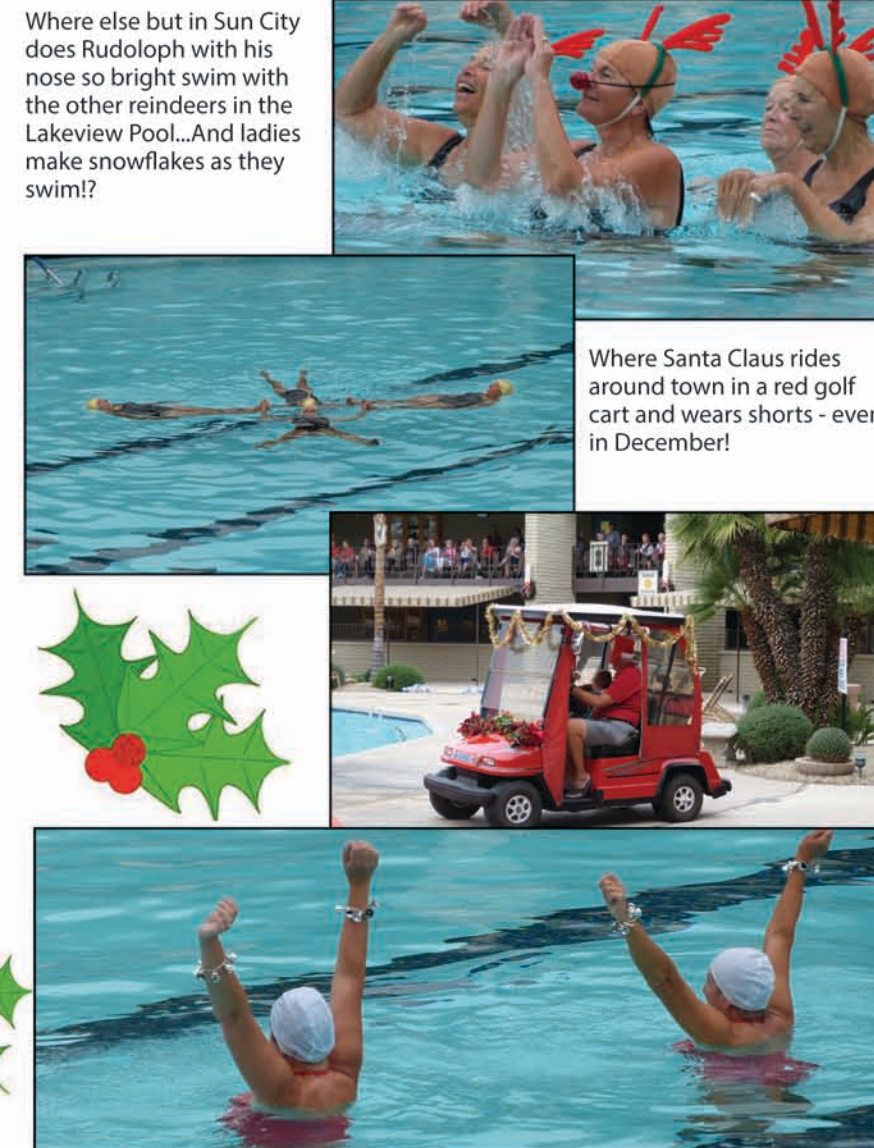

All was calm,
all was bright!

Aqua Sun's Synchronized Swim Show

Where else but in Sun City does Rudolph with his nose so bright swim with the other reindeers in the Lakeview Pool...And ladies make snowflakes as they swim!

Where Santa Claus rides around town in a red golf cart and wears shorts - even in December!

Hole-in-One Contest

The qualifying round on hole #11 this year was touted as the easiest hole, with a whopping 20 finalists for the shoot out. Hole #16 (ant hill/volcano) was standing room only. After three rounds of shoot out, two finalists remained when we moved play over to hole #8 for a "not so sudden" death round. After three rounds on this hole with no shots being made, the two finalists decided to split the pot and end the agony. The winners were Charles Davis and Ken Prochinsky who split the pot. All in all the easier hole made for high participation and finals drama.

Thank you for your generosity, Sun City!
We raised a total of \$7,085.28 for the Posse!

And finally, the Lighted Boat Parade!
