Patriotism Comes Alive in Sun City!

There's no doubt that many residents in Sun City have a deep sense of patriotism. Count the American flags up and down each street; we fly the flag because it means something special to us. One can sense the honor and respect shown to those who served in the military at events that commemorate holidays such as Memorial Day and Veterans Day.

"We hold these truths to be self-evident," begins the Declaration of Independence. We stand with our hands upon our hearts for the Pledge of Allegiance whether in a meeting or at a ballgame. From "America the Beautiful" to "This Land is Your Land," we sing and sway to the beat of our freedom.

But there are also occasions where patriotism comes alive. When Uncle Sam walks into the room and the audience quiets so as not to miss a single word of the message. From school children to retirees, the chance to show our civic pride and learn more about our country and history never wanes.

Mike Lindquist, Sun City's very own Uncle Sam, has made over 20 appearances this past year at local school presentations and area civic functions. Mike has been honored to be within earshot of the "Wow!" moments when a veteran shares their story. He has been humbled

by the memories revealed and prayers mumbled by those who ring the bell for loved ones they have lost. And for the freedoms we treasure.

What are your plans for the 4th?

Lindquist will once again serve as the Master of Ceremonies as Sun City continues this long-standing Independence Day tradition with the "Ring That Bell" Ceremony at Bell Center on the 4th of July starting at 9:00am. This year's program will include both a reading of the Declaration of Independence and a special skit from "Rosie the Riveters" – the women who not only kept the home fires burning but went to work in the munitions factories while the men went off to war.

Everyone is invited to share the spirit and show off their finest red, white and blue! The festivities continue at Bell Lanes with an old fashioned, it's too hot outside Indoor Picnic from 11:00a.m. to 2:00p.m. There will be free bowling, billiards and shuffleboard, dancing, games, prizes and more for RCSC Cardholders and their invited guests. BBQ lunches from Memo's Bistro will be available for purchase (\$5) and free cake for all.

Rejoice in our freedom Sun City-style with family, friends and neighbors in recognition of our nation's 238th birthday. Perhaps you have something special you want to share with Uncle Sam, too.

Stay Cool at the Pools

Summer has arrived in Sun City and the pools are the place to be for some R, R and R – rest, relaxation and rejuvenation!

If you haven't been back to Bell Center to see the refurbished pools, why not stop by and check it out. Swim a few laps or take a stroll in the walking pool. Either way, it's certain to cool you down as the mercury rises.

For even more fun and excitement, stop by Oakmont Center and see the latest attraction for active adults – by golly, it's a real play pool! Who says only kids get to have fun in the sun?! After spending the past several months at Marinette Center, the Water Volleyball Club is happy to show off their new head "waters" and you'll for sure want to join this group having a great time.

As we begin the renovations at the Marinette Center, RCSC continues to appreciate and acknowledge the flexibility of Members as we strive to accommodate everyone's needs during these service interruptions.

During the closure of the Marinette pool, we will be adjusting the children's pool hours as follows:

- Mountain View – 10am to 2pm
- Lakeview – 3pm to close (currently Monday-Saturday 8pm; Sunday 7pm)

When checking in with the Facilities Attendant, don't forget to ask for a Guest Pass so that you'll be able to take your visitors to multiple centers on just one punch per person from your Host Punch Card. There are also pool toys (dive sticks, rings, etc.) available for the children to use while they're visiting so make sure you get those from the FA at check-in as well.

Go ahead - Embrace the dry heat of the Arizona summer! Stay hydrated and be cool! We look forward to seeing you at the pool!

Stay in the loop!

5-Year Plan Looks to Make Lake "Fish-friendly" with Help from Members

Turning Viewpoint Lake into a jewel in the desert and sport fishing oasis is the goal of the recently approved 5-year management plan, but Members aren't "off the hook" just yet.

The plan, presented at Town Hall meetings last month, includes plenty of projects that will need volunteers once implementation begins this fall. While Eric Swanson of Swanson Solutions, who has nearly 20 years of urban lake management experience with the Arizona Department of Fish and Game, found the 33-acre man-made lake healthy and with good water quality, he confirmed what many have known for some time - sport fishing ranks poorly due to lack of habitat.

His recommendation includes calling upon residents to help construct fish habitat with "catchy" names such as fingerling fortresses, catfish condos, pipe palaces and bass bungalows in addition to gravel spawning beds and hanging habitat from piers and docks. Once there is a safe environment, sport fish stocking can occur and the fish population will be able to flourish. Working fish (such as white amur) will continue to be added from time to time to keep vegetation and algae levels down.

Fish habitat building projects will start later this year and Members wishing to participate will be called upon to work in teams. All of the materials (such as PVC piping and plastic mesh) will be environmentally safe and long-lasting. Once in place, they will not interfere with the other lake activities including boating.

Other measures recommended by Swanson include revising the current fishing regulations to lower daily bag limits and to turn off all lake aeration fountains between 10:00a.m. and 7:00pm from May through September.

"This plan is going to further enhance this already awesome Sun City amenity," said RCSC Assistant General Manager Jim Wellman. "And with everyone's help, we'll have a great place to fish in our community for years to come."

More information about volunteering to help with the Viewpoint Lake fish habitat projects will be available soon. Interested Members can leave their name and number with the Corporate Receptionist by calling 623-561-4600 and they will be contacted as projects are scheduled.

4th of July Holiday Closures

RCSC Corporate, Clubs and Cardholder Services offices will be closed on Friday, July 4 for Independence Day. All recreation centers will be open normal hours.

Cardholders Services, normally open on the first Saturday of each month, will instead be open on Saturday, July 12 from 9:00a.m. to noon to accommodate those who are unable to come to the office during the week. This allows RCSC staff to enjoy the holiday weekend with family and loved ones.

Brewer to Sign Golf Cart Legislation in Visit to Sun City

Sun Citians will want to drive their golf carts to attend a ceremonial bill signing next month at the Fairway Center when Arizona Gov. Jan Brewer signs legislation that goes into effect July 14 which allows slower moving golf carts and neighborhood electronic vehicles (NEV) to travel on the right-hand edge of the road in age-restricted communities in unincorporated Maricopa County just as drivers have been doing for years.

While many residents have used such vehicles as their preferred mode of transportation, last summer several drivers were cited by Maricopa County Sheriff’s deputies for driving on Sun City area streets between the white line near the shoulder and the curb, which prompted an outcry from citizens.

State Representative Debbie Lesko (R-Dist. 21) of Peoria, with the assistance of county Supervisor Clint Hickman, crafted the bill that fully lays out the rules of the road regarding golf carts in communities such as Sun City and Sun City West that received unanimous support.

In addition to allowing use of the road shoulder, this legislation also allows drivers of larger vehicles (cars, trucks, SUVs) traveling in the same direction to overtake and pass a golf cart when sharing a lane. The most important feature, however, may be that it also clarifies which vehicle has the right-of-way when at an intersection.

Pursuant to Section 28-271 Subsection C, “a person driving a golf cart or a neighborhood electric vehicle shall yield the right-of-way to a vehicle that is travelling in the same direction and that is intending to turn to the right.”

“I am so happy that I was able to help the golf car drivers in Sun City. My legislation solves a problem brought to my attention by you, my constituents. I want to thank the Sun City Home-owners Association, the Sun City Posse, the Recreation Centers of Sun City, county Supervisor Clint Hickman, the Maricopa County Department of Transportation, and the Maricopa County Sheriff’s Department for their help,” said Lesko, who sponsored the legislation.

RCSC General Manager Jan Ek, who often tells the story of driving her uncle’s golf cart when visiting Sun City on vacation as a 16-year-old, expressed her gratitude about the matter: “Del Webb envisioned everyone here using golf carts as their primary mode of transportation. This remains a great way to travel in our community and this legislation makes clear the rules of the road for the safety of our residents.”

The signing will held be on Thursday, August 14 at 9:00a.m. in Fairway Arizona Rooms 3 and 4. Sun City residents are encouraged to attend.

North Golf Course Renovation Project Architect’s Report

by Gary Brawley
Senior Golf Architect, Tripp Davis and Associates

The planting of the golf course is in full swing and by the time this article goes to print may be near completion. The golf course maintenance staff is working long, hard hours growing in the golf course.

In the Phoenix area we plant varieties of Bermuda grass on the entire golf course. The greens are being planted with a hybrid Bermuda grass called Tifdwarf that has been used for years on putting greens and likes to be maintained low, thus making it a very good variety for the putting greens. All the other areas are being planted with Tifway 419 which is also commonly used on golf courses in the Southwest.

Tifdwarf and Tifway Bermuda grass are not a seeded variety of grass; instead, we plant the areas of disturbance with either sod or stolon. Around the greens we have installed a ring of the Tifdwarf on the putting green side and several rings of Tifway around the perimeter of the green. This process is important to help keep the Tifway Bermuda grass from encroaching into the putting green during the grow-in. In addition all bunker surrounds, steep slopes and around drain basins are sodded to help with grow-in and establishment.

The areas that are not sodded, including the green surface, are then hydro-sprigged. To get the stolon of Bermuda grass, the turf supplier actually takes sod and shreds it into pieces providing a pile of roots that are then planted. The stolons are then loaded into large trucks with water, a mulch to help retain moisture on the plant and fertilizer and then are sprayed out on the areas of disturbance. It is not uncommon for the stolons to go a little off color after planting and I can assure you that your Superintendent is out monitoring the grow-in of the golf course every day.

Again, we cannot express enough the importance of staying off of the golf course. We are already seeing a lot of damage where golf carts have gone off the path into newly planted areas and left ruts and people have walked across greens and displaced the newly planted stolon’s and left foot prints. Please help us provide the residents of Sun City with the best possible grow-in we can and stay off the golf course.

Candidate Packets Now Available

Candidate packets for the December RCSC Board of Directors election are now available. There will be three vacancies to fill and each position is for a 3-year term.

Those interested in obtaining a packet must make the request in person at the Corporate/Board Office at Lakeview Center (lower level) and present their valid RCSC Member card. The deadline for packet submissions is no later than noon on Wednesday, October 1, 2014.

Requirements to become a candidate are:

- Must be at least fifty-five (55) years of age;
- Must not be related by marriage or birth to any other member of the Board, Senior Management Staff, or Board Candidate;
- Must be a Deeded Real Estate Owner of property in Sun City, Maricopa County, Arizona as well as a resident of Sun City;
- Must be a Member in good standing;
- Must reside in Sun City, Arizona and be available at least ten (10) months of the year;
- Must meet the requirement to hold an Arizona liquor license;
- Must be eligible and available to serve a three (3) year term; and
- Must attend Board Candidate Orientation(s).

Candidates must also submit a fully completed RCSC petition, signed by 100 or more Members in good standing, and the other forms provided in the RCSC Candidate Packet.

A Board Candidate that withdraws from his/her candidacy for any or no reason may not elect to re-establish candidacy in the same election year.

A successful candidate will:

- Have a strong desire to serve Sun City;
 - Be fair and courteous;
 - Use good common sense;
 - Have good communication skills;
 - Be willing to work as part of a team;
 - Ability to prioritize - policy and projects; which will have the greatest benefit for the most members; and
 - Be willing and able to dedicate the necessary hours to be an effective Director.
- Candidates will be introduced at both the October and November Board meetings (4th Thursday) and two candidate forums will be held in the fall. Dates will be announced at a later time.

For additional information, contact the Board Office, Executive Coordinator Deanna Szentmiklosi at 623-561-4620 or email boardoffice@sunaz.com.

A Moment with President Brasher - Out of Sun City

As much as we enjoy our great Sun City community and the Phoenix area, our residents are missing a lot if they don't get out and see many of the other places of interest in Arizona. Every few weeks my wife and I try to get away for a few days and visit other areas. Undoubtedly, most residents have been to see the fabulous red rock scenery of Sedona and have probably seen at least some of the Grand Canyon, perhaps passing through the historic downtown area of Flagstaff. However, there is much more.

James Brasher
RCSC Board President

gravel road drive with stunning views of the surrounding mountains, organ pipe, saguaro and other cactus plants. A printed guide to the drive is available at the visitor center. From the campground there is hike to the historic Victoria mine.

Driving to the Organ Pipe Monument, one passes through Ajo with its large recently active open pit mine and its colorful tailings before breezing through the smaller community of Why. In these areas we can appreciate the Border Patrol presence and see some of the vast area of their responsibility.

East of Phoenix, out of Apache Junction there is a fantastically beautiful desert mountain drive, although over a rougher road. This Apache Trail road is a drive not to be missed. It passes Canyon Lake and Apache Lake before reaching Roosevelt Dam and Lake and then to the historic mining towns of Miami and Superior. Both of these cities have preserved many of the older buildings and a drive or walk down the main streets is a treat. A return on a paved highway goes past the Boyce Thompson Arboretum and Superstition Mountains. A convenient detour from Superior takes you through historic Florence, featured in the February 2014 Sunset Magazine.

The above are but a few of the many scenic wonders of Arizona within a day's drive of Sun City. During the hottest part of the summer we are fortunate to have air-conditioned vehicles in which we can travel. Within the greater Phoenix area are many other adventures closer to home. Many of these and other explorations may be done with tours arranged by the RCSC and other providers. Sometimes it is good for us to take a break from the fun and games within Sun City and venture out, providing us with a greater appreciation of the natural beauty and attractions of Arizona.

Maricopa County has a number of regional parks worth visiting. At least eight of them, plus the one at Lake Pleasant, have hiking trails. White Tank Mountain Regional Park is the closest one to Sun City and has an easily accessible Waterfall Trail with some of the greatest petroglyphs to be seen

with only a short walk. Others throughout the county offer varied trails and scenic vistas. Our favorites include the Cave Creek and Spur Cross Ranch Parks in addition to White Tank. These parks have fees, but an annual pass for seniors can be had for \$65.00.

Tucson has a great number of places one can visit relatively easily. The historic downtown district, the Desert Museum just west of the city with its Old West movie sets, and nearby Saguaro National Park (a Western and a separate Eastern Section). The Park can be seen easily via scenic drives. Also, speaking of drives – the drive up the Mt. Lemmon road offers stunning scenic overviews. Sabino Canyon on the northeast periphery of the city has an excellent guided tour and tram ride up a winding canyon road with views of the desert scenery and occasional wildlife.

A little farther afield than Tucson and Sedona, one can visit the unique Organ Pipe Cactus National Monument, dedicated in 1937. It lies south of Gila Bend and is about a three-hour drive from Sun City, featuring within the park an easily maneuverable 20-mile

Updates

Financial Report:

We completed April within our operating and capital budget year-to-date. We continue to work with APS on getting the rebates and appropriate billings. We have gotten the rebate program working well now and are still working on some utility billing issues which should produce a credit in our utility expenses in the near future. We have roughly \$390k in budgeted repairs, maintenance and equipment purchases that have not yet been completed but are still forthcoming this year. Again a reminder that our assessment income shows it is under budget year-to-date. However, it is a budget timing error that will level out over the summer. Along that same line, remember again that this is the time of year when we have the largest monthly billings for assessments so cash does tend to accumulate as it is needed for the rest of the year when we have smaller billings.

Cardholder Services:

Payments on past due assessments were down in April and well below the monthly average for the past year. March billings went past due at a rate of 4.7%, which is again the lowest rate in the past three years. This is significant as March is our highest billing month of the year and we saw the lowest 30 day rate for this month. This compares to March 30-day delinquency rates of 6.1% in 2013 and 8.5% in 2012. February balances went 60 days past due at a rate of only 2.7%, which is the lowest monthly rate ever, with less than 50% of 30-day balances going 60 days past due.

Total accounts receivable did increase for the first time this year at just under a 1% increase in April. Outstanding balances related to property transfers increased by 2.7% in April and continue to represent 55% of all receivables due and past due balances. The increase in overall receivables is mostly attributable to these new property transfers as they represent 82% of the receivables increase for the month.

Trustee sale notices on Sun City properties increased to 43 properties at the end of April. The number of properties owned by lending institutions stayed the same at 75 this month, although there was turnover on specific properties. This turnover does impact overall receivables as new lender owned properties with balances replace those that have paid fees and have a zero balance.

Preservation and Improvement Fees collected in April continued strong and totaled \$750,010, which is \$315,010 more than budget. Year-to-date PIF fees are \$2,581,478, which is \$1,138,478 over budget for the year. Again a reminder that we intentionally

budget the PIF fee income conservatively to assure that we have sufficient funds when projects are scheduled.

Bowling Centers:

The 26th annual Sun City Open Bowling Tournament was held at both RCSC bowling centers on the weekend of May 3rd. This year the tournament had 64 team entries, the most entries Director of Bowling Operations Randy Johnson has seen in the past seventeen years. The tournament produced almost \$5k in income over the two weekends. Tournament participants came from all over Arizona and praised the center's cleanliness and the staff of the RCSC bowling centers.

Bell Lanes began its monthly summer No-Tap bowling tournaments which are held the last Sunday of each month and end the last Sunday of September with a Scotch Doubles tournament. All bowlers are welcome whether USBC certified or not.

Human Resources:

The demographics of our staff have changed considerably since welcoming golf and grounds maintenance employees back to RCSC. Numbers of employees increased from 274 in May 2013 to 352 in May 2014 resulting in an approximate 28% increase. Another interesting demographic change is Sun City residency. Staff living in Sun City in 2013 was at 73% and currently is at 66% which is close to the figure prior to leasing golf and grounds maintenance. We believe that the number of full time positions attracts more individuals from outside the community.

Last month H.R. reported a Department of Labor (DOL) audit of the RCSC Employees 401(k) Plan had taken place on April 15th. We are anxiously awaiting the results of the audit and know the DOL does things in its own time and will respond when ready.

General:

For those who may not be aware, the monthly management reports are available on our website www.sunaz.com under the Corporate tab. Also, if you have not done so already, please sign up on the RCSC email list where you can designate topics of interest and stay in the loop with RCSC news alert emails! We have forms available at the table in the back so you can sign up before you leave today.

Project Updates

General Centers Projects and Information

The Building and Infrastructure department had some restructuring take place in May 2014. Barry Masloff, former Area Supervisor was promoted to the newly created position of Centers Operations Manager. Barry will continue to report to Jim Wellman, the Assistant General Manager. Since the Assistant General Manager has many years of project management experience he will now assume the former Project Manager's responsibilities and oversight of the RCSC Skilled Trades team.

Phase 1 of the card access system has been installed and now is in use at Fairway. All clubs have been issued their access devices and cardholders who wanted an access device for the East door have been issued one from a table set up at Fairway on May 22, 2014. Contractor was Multi Card Company. (Phase 1 Cost - \$52,000)

All RCSC Cardholders are invited to attend one of two town hall meetings scheduled for Tuesday, June 3, 2014. Both meetings will be held in the Lakeview Social Halls at 2:00 p.m. and 6:30 p.m. The RCSC encourages all Cardholders to attend this event as we are certain you will thoroughly enjoy listening to Eric Swanson's five year plan for Viewpoint Lake Management and Fish Habitat presentation.

Mt. View Center

The (7) new Pickleball courts at Mt. View are now completed. Contractors were Sunland Sports and CCBG Architectural. (Cost - \$288,580)

Oakmont Center

The Oakmont pool/spa and equipment building project is in full swing now that all the underground and structural issues have been resolved. The spa is dug, structural rebar and plumbing installed and shotcrete work

completed. The roof of the equipment building is completed and fascia boards around the back of the buildings replaced. The first half of the decking has been poured so the pool interior work can begin. Block walls surrounding the pool are completed except for a 10' opening used for concrete deliveries. Buildings facing the pool and spa have been prepared for stucco and the door and windows for the new Facility Attendant station are installed. Equipment including, heaters, pumps, filters, ultra violet light, solar and salt systems have been placed in the new equipment building and are currently being connected. Plans are underway to energize the new electrical service panel for the pool equipment room this week. This project is expected to be completed in June 2014. Contractors to date include CCBG Architectural, K.L. McIntyre Construction and Aquatic Builders. (Cost - \$620,855)

Lakeview Center

Irrigation replacement on the Lakeview Hillside Park (Mountain) is now completed and the park was re-opened on Saturday May 24, 2014. Contractors were AAA Landscaping and Marvin Mills Irrigation. (Cost - \$100,000)

New LED low voltage lighting has been ordered for installation on the Lakeview waterfall. Once all the equipment is obtained cardholders will be notified as to the day the waterfall will be shut down for this work. Contractor is Accel Electric. (Cost - \$11,256)

Bell Center

Bell Tennis building plans have been submitted to Maricopa County Building and Planning Department for permit and the 1st round of corrections have been received by the RCSC.

Since the requested corrections have to do with court light pole heights, and set back requirements for this facility, Lloyd Sports Engineering has requested a variance meeting with County officials to resolve these issues. The bid packet has been approved by

the common areas. Contractors to date include Lloyd Sports Engineering as architect and project manager and Sunland Sports as building contractor. (Cost - \$1,778,074)

The single pane glass wall on the East side of the Bell Table Tennis room has been replaced with shaded dual glazed energy efficient glass upper panels and solid thermal lower panels. The new glass wall now provides a much better environment for cardholders to play table tennis. Contractor was Precision Glass (Cost - \$16,900)

The Bell Pools, Spa and outdoor shower rooms were closed on May 5, 2014 to resurface all the cool decking at this facility. Plans also include acid washing of both pools and the outdoor spa, interior damage in the walking pool repaired, installing new rope anchors and all water

line tile bead blasted and re-caulked. Once this facility closed it was also discovered that the shower pans installed in the men's and women's showers were leaking into the surrounding walls. The lower tile in each shower was removed, walls were repaired, new shower floor pans installed, a trough drain added and the wall/floor tile replaced. The project is currently ahead of schedule and is expected to reopen earlier than the previously published date of June 23, 2014. Contractors include Spartan Concrete, Aquatic Builders and Ken McIntyre Construction. (Estimated Cost - \$92,000 plus shower room repair costs.)

Marinette Center

Permits have been obtained for the Marinette expansion project from Maricopa County Planning and Development Department. General Contractor selected for this project is Robert Porter Construction. Approval of the bid packet by the RCSC bid commission is in process. The start date for this project is being adjusted to coincide with the completion of the Oakmont pool project. Contractors to date are CCBG Architectural.

Sunbowl Ballfield

A new roof was installed on the Ballfield restroom building. The new roof was needed due to water infiltration and poor venting. Contractor was Starkweather Roofing. (Cost - \$3,458)

Skilled Trades Department

The RCSC Skilled Trades department completed 161 work orders during the last half of April 2014 and the 1st half of May 2014.

Grounds Department

The RCSC Grounds team continued with their routine maintenance work at all Centers, the Sun Bowl / Ballfield and the (7) lawn bowling greens. In addition, they planted several more trees and shrubs on the Lakeview Hillside Park prior to its re-opening on Saturday May 24, 2014.

Friends of the Library

110 degrees today, June 2; 107 degrees or higher the next two weeks. WOW! Summer just exploded on us! However, it sure beats shoveling snow and the wind chill factor.

The Libraries seem like they slow down during the summer months but they still present us with a large variety of programs.

Fairway Library:

July 8 from 9:30 to 10:30 a.m. Phoenix Zoo - Animal Kingdom: From fur to feathers, scales to exoskeletons, discover the amazing animal world. Only 40 may attend this program (includes parents).

July 11 from 11:00 a.m. to noon. Balloon Lady Sara Ward will give a short history of making and twisting balloons. Demonstrations will be given.

July 15 from 10:00 to 11:00 a.m. The Junk Lady. Nice title! Shari Keith will use discarded materials from the waste stream to create art with participants exploring their own personal styles. Program is geared to 9-12 year olds and space is limited to 25 kids.

July 17 from 10:30 to 11:30 a.m. Arizona Humanities of Math and Science of Music. This presentation clarifies some mathematical patterns and foundational principles on which music is based: resonance, harmony, sympathetic vibrations, overtones, timbre and the fascinating interplay of nature and physics when it comes to sound.

Bell Library:

July 2 from 1:30 to 2:30 p.m. The Mystery Book Club discusses "Fragile" by Lisa Unger.

July 3 & 23 from 10:00 a.m. to 12:00 p.m. Kindle Basic E-Reader Devices. Info only, no technical questions. Those with "Kindle Fire" should enroll in the I-Pad Class on 7/10 & 7/31.

July 8 from 1:30 to 3:00 p.m. Dr. Sky, Steven Kates, offers this phenomenal program on telescopes, binoculars, star charts, planets, stars and satellites.

July 10, 17, 24 & 31 from 9:00 to 11:00 a.m. Life Stories Writing Workshop with registration required. Space is limited.

July 11 from 1:00 to 2:00 p.m. Grossology with Mark Carter, is for kids from the ages 8 to 12 and experiments with gross and yucky stuff, based on the science of the body from Sylvia Branzei's Grossology book series. Sounds very entertaining!

July 12 & 26 from 10:00 a.m. to 12:00 p.m. The Writing Critique Group for enthusiastic support and honest feedback for the serious writer.

July 10 & 31 from 1:00 to 3:00 p.m. I-Pad and other tablets program.

July 15 from 10:00 to 11:00 a.m. Mitchell Waite: Arizona Bigfoot Expert will discuss the diverse Cryptid species and the different species of Bigfoot. Now this sounds interesting!

July 16 from 9:30 a.m. to 2:30 p.m. Northwest Valley Options Investors will meet while the stock market is open and place live trades in REAL money.

July 17 from 1:00 to 3:00 p.m. Registration is required to attend the Basic Nook E-Reader Devices program.

July 18 from 1:00 to 2:00 p.m. Balance and Coordination. Tai Chi Master, Franklin Wood presents this lecture and demonstration in how to regain and maintain your balance.

July 22 from 1:00 to 2:00 p.m. The Fun and Science of YO – YO's. Michael Stelle performs 60 yo-yo tricks and the concepts of physics are described and demonstrated. Sounds like fun!

July 24 from 1:30 to 2:30 p.m. The Fiction Club will meet. This month's selection is "The Paris Wife" by Paula McLain.

July 25 from 1:00 to 2:00 p.m. East Meets West. Tai Chi Master, Franklin Wood provides an introduction to Eastern philosophy and its modern day application.

July 29 from 10:00 to 11:00 a.m. Benefits. Banner Olive Branch Senior Center will present this program concerning which programs seniors can apply for and for what they may be eligible.

The regular book clubs will meet throughout the month. Check with the library for dates and times.

Hope everyone is enjoying the early higher temperatures and the beginning of Summer in The Desert!

REMINDER: All Maricopa County Libraries will be closed on Friday, July 4, for Independence Day.

Facinating Water Facts

Did you know...

Every eight ounce glass of water brought to a table in a restaurant requires at least another two glasses of water to wash and two more to rinse the glass. With nearly 70 million meals served each day in United States restaurants alone, if one in four persons declined a complimentary glass of water, we would save 23 million gallons of water – in just one day.

Nearly 97% of the world's water is salty – otherwise undrinkable. Another 2% is locked in ice caps and glaciers. That leaves 1% for all agricultural, manufacturing, community and personal needs.

A leak producing as little as two tablespoons a minute equals 15 gallons a day, 105 gallons per week, and 5,460 gallons of water per year. If every household in America had a faucet that dripped once each second, 928 million gallons of water a day would leak away.

Here's a thought to ponder: Do you know where your master water shut-off valve is? Not only can this help save immense waste of good water, but it can also stop property damage if there is a burst pipe or other catastrophe on your property.

Any showerhead now manufactured in the United States is required by law to release no more than 2.5 gallons of water per minute. When was the last time you replaced your showerhead? Super low-flow showerheads are available that deliver as little as 1.25 gallons per minute and cost anywhere from \$5 to \$75.

Here's a great idea! Keep a bucket or pitcher in your kitchen to collect leftover drinking water, water used to rinse vegetables and to boil food. When it's time to water your plants or garden, use this "recycled" water before you fill up your watering can from the tap.

Lawn and garden areas near sidewalks, driveways and patios tend to dry out faster than the rest of the yard. Use root feeders or water aerators to water these areas, no closer than about a foot from concrete, about six inches deep. Repeat placement every twelve inches.

Sprinklers that throw large drops in a flat pattern are more effective than those with fine, high sprays, which can be blown about and evaporate quickly. And remember that water plus wind equals waste – the water will go everywhere except where you want it to go. Wind also causes evaporation.

Use root feeders or water aerator probes around trees and bushes. A depth of eighteen inches is substantial enough for even the biggest trees, and eight to twelve inches is good for smaller trees and shrubs. Not only do probes get the water to where it's needed, but also create many little holes that provide aeration benefits.

Water use can be direct, for example when you turn on the tap or flush the toilet. But water use can also be indirect for producing the goods and services you buy, use and consume every day (this is now known as virtual water). It takes a lot of water to produce the electricity and gasoline you use. When you take steps to conserve energy and be more energy efficient, you also save water.

Drive less and use less gasoline. You'll also save water. It takes almost .75 gallons of water to extract, refine and transport the gas used to drive one mile. The average person in the US drives 37 miles per day (equivalent to approximately 27.75 gallons of water). Keep your vehicle properly maintained and your tires properly inflated. Your car will run more efficiently and use less fuel.

Tips for Seniors from Daily Fitness - Machines vs. Free Weights: Which is Better?

"This is a question I hear quite often," states Jane Fortier, personal trainer for Daily Fitness. "Both forms of exercise have advantages and disadvantages. "Which is most appropriate", would be a better question."

Strength Machines work on a fixed path, which makes it easier to execute the movement with correct form, even when muscle-fatigue sets in. While this is an advantage, it also becomes a weakness. The fixed movement path makes it difficult to work important stabilizing muscles or utilize different planes of motion. Machines are more efficient at isolating muscle groups, which is important for rehabbing from an injury or focusing on a particular part of the body. They are user friendly, but invite serious injury if appropriate weight and proper form are not maintained.

Free Weights and Bodyweight exercises have greater carry over to what the body does in daily living – they are functional in nature. Movements can be completed in different planes of motion. Since the body is responsible for creating and supporting the range of motion, free weights involve stabilizing muscles, as well as moving muscles. Learning how to perform each exercise takes time and skill. Precise technique is required to target the muscle and avoid injury. Free weights are versatile, convenient and portable.

"As aging adults, issues like arthritis, osteoporosis, joint replacements, back surgeries and rotator cuff tears will dictate whether machines or free weight exercises should be used," states Fortier. "Sometimes combining both is the best solution, as in the case of Barbara Allison. Using a personal trainer to determine the safest and most effective exercises for a workout is definitely worth the investment."

To find out more about personal training services in the Fitness Center of Sun City, call Daily Fitness at 623-696-6820 or visit DailyFitnessLLC.com.

Barbara Allison uses a combination of Machine and Free Weight and Bodyweight exercises to complete the full body workout designed by trainer Jane Fortier

Why Did We Move to Sun City?

My husband and I decided to move to Sun City in the late 1990s. He was eligible to retire from the phone company in Omaha, NE on May 30, 2001. We had both been to the valley many times on phone company business and incorrectly assumed we'd move to the east valley. But we stayed in Sun City Grand's vacation villas twice.

Our final test was to see if we could handle the brutal summers. My husband told his staff that we were going to spend a week in August, 2000 in the valley. After the meeting, one of his employees came into his office and asked if we had reserved a hotel room. He told her we hadn't. She then threw keys on his desk and said that she and her husband and another couple bought a house in Phase 1 for long golf weekends in the winter. My husband gratefully accepted the keys.

The day we arrived it was very hot. We unloaded our luggage from the rental car, went in and unpacked. After lunch we sat out on her covered patio with a ceiling fan and drank ice water. It was 113 and we weren't uncomfortable. That was it. We went back to Omaha and listed our home. It was on the north side of a man-made lake and the only one available on that side. Another house on the south side was also for sale and terribly overpriced. We sold our home in less than two weeks for \$25,000 more than the listing price after two couples got in a bidding war.

The movers loaded the van May 30; we spent the night at our son's home and left early May 31. We arrived here June 2 and have never regretted it. And the biggest bonus of all is that two couples who are very close friends moved to Westbrook Village many years ago. I also have two second cousins and their husbands nearby. And our son accepted a job in the southeast valley in 2010. Now we see him about every six weeks instead of twice a year.

- Linda and Mike Smith

Thanks for asking me "Why Did I Move to Sun City." My reason was so romantic! In 1949, I met a young marine photographer. My husband at that time was also a photographer. We became friends and double-dated for about 6 months. Then Bill became a career marine and was sent away from Chicago. My hubby and I moved on to Boston. In 1956 I returned to Chicago and later remarried. In 2007 I received a beautiful letter from that marine Bill asking me to come to Sun City to get reacquainted. I was on my way to a formal wedding so I said yes I'd be here and he would be my escort to the wedding. We met and things went very well and in February 2008 he asked me to move to Sun City to be his wife; and of course I did. Life was so perfect until 2011 when he became very ill and passed away. We had three very precious years and I will live in my favorite place - Sun City - the "city of my dreams come true" because of Bill Robinson.

Let Freedom Ring - July 4, 2014

The Star Spangled Banner By Francis Scott Key 1814

Oh, say can you see by the dawn's early light
What so proudly we hailed at the twilight's last gleaming?
Whose broad stripes and bright stars thru the perilous fight,
O'er the ramparts we watched were so gallantly streaming?
And the rocket's red glare, the bombs bursting in air,
Gave proof through the night that our flag was still there.
Oh, say does that star-spangled banner yet wave
O'er the land of the free and the home of the brave?

On the shore, dimly seen through the mists of the deep,
Where the foe's haughty host in dread silence reposes,
What is that which the breeze, o'er the towering steep,
As it fitfully blows, half conceals, half discloses?
Now it catches the gleam of the morning's first beam,
In full glory reflected now shines in the stream:
'Tis the star-spangled banner! Oh long may it wave
O'er the land of the free and the home of the brave!

And where is that band who so vauntingly swore
That the havoc of war and the battle's confusion,
A home and a country should leave us no more!
Their blood has washed out their foul footsteps' pollution.
No refuge could save the hireling and slave
From the terror of flight, or the gloom of the grave:
And the star-spangled banner in triumph doth wave
O'er the land of the free and the home of the brave!

Oh! thus be it ever, when freemen shall stand
Between their loved home and the war's desolation!
Blest with victory and peace, may the heav'n rescued land
Praise the Power that hath made and preserved us a nation.
Then conquer we must, when our cause it is just,
And this be our motto: "In God is our trust."
And the star-spangled banner in triumph shall wave
O'er the land of the free and the home of the brave!

AMERICA *My country, 'tis of Thee* by Samuel F. Smith - 1832

My country, 'tis of Thee,
Sweet Land of Liberty
Of thee I sing;
Land where my fathers died,
Land of the pilgrims' pride,
From every mountain side
Let Freedom ring.

My native country, thee,
Land of the noble free,
Thy name I love;
I love thy rocks and rills,
Thy woods and templed hills,
My heart with rapture thrills
Like that above.

Let music swell the breeze,
And ring from all the trees
Sweet Freedom's song;
Let mortal tongues awake;
Let all that breathe partake;
Let rocks their silence break,
The sound prolong.

Our fathers' God to Thee,
Author of Liberty,
To thee we sing,
Long may our land be bright
With Freedom's holy light,
Protect us by thy might
Great God, our King.

Our glorious Land to-day,
'Neath Education's sway,
Soars upward still.
Its hills of learning fair,
Whose bounties all may share,
behold them everywhere
On vale and hill!

Thy safeguard, Liberty,
The school shall ever be,
Our Nation's pride!
No tyrant hand shall smite,
While with encircling might
All here are taught the Right
With Truth allied.

Beneath Heaven's gracious will
The stars of progress still
Our course do sway;
In unity sublime
To broader heights we climb,
Triumphant over Time,
God speeds our way!

Grand birthright of our sires,
Our altars and our fires
Keep we still pure!
Our starry flag unfurled,
The hope of all the world,
In peace and light impetral,
God hold secure!

"We identify the flag with almost everything we hold dear on earth, peace, security, liberty, our family, our friends, our home. . . But when we look at our flag and behold it emblazoned with all our rights we must remember that it is equally a symbol of our duties. Every glory that we associate with it is the result of duty done."

Calvin Coolidge

**"Few will have the
greatness to bend
history itself; but
each of us can
work to change a
small portion of
events, and in the
total of all those
acts will be writ-
ten the history of
this generation."**

Robert Kennedy

**"The cement of
this union is the
heart-blood of
every American."**

Thomas Jefferson

America, The Beautiful by Katharine Lee Bates - 1913

O beautiful for spacious skies,
For amber waves of grain,
For purple mountain majesties
Above the fruited plain!
America! America! God shed His grace on thee,
And crown thy good with brotherhood
From sea to shining sea!

O beautiful for pilgrim feet,
Whose stern impassion'd stress
A thoroughfare for freedom beat
Across the wilderness!
America! America! God mend thine ev'ry flaw,
Confirm thy soul in self-control,
Thy liberty in law!

O beautiful for heroes proved In liberating strife,
Who more than self their country loved,
And mercy more than life!
America! America! May God thy gold refine Till
all success be nobleness,
And ev'ry gain divine!

O Beautiful for patriot dream
That sees beyond the years
Thine alabaster cities gleam,
Undimmed by human tears!
America! America! God shed His grace on thee,
And crown thy good with brotherhood
From sea to shining sea!

**Happy
4th of July,
Sun City!**

We are here to give you a helping hand...

Meet Jane Keys **Memory Care Specialist**

Jane joins our team to educate and provide on-going dementia training to our administrative staff and caregivers in caring for our clients. We are finding an increased number of clients with

memory loss and dementia diagnoses that want to stay in their own homes instead of being placed. She will guide us through the appropriate ways to understand and care for their needs, mentally and physically. We are doing our part to help keep them safe and happy in their home environment.

Sun Cities CareGivers

provides help with personal care, household chores, transportation to appointments, exercises, good nutrition and, most importantly, makes it possible for people to stay in their own home.

Companion/Homemaker:

Assists with household chores & errands

Personal Care Attendant:

SOLAR MYTH BUSTER

Tom Lammie

Myth 1 - Solar is too expensive. In reality, using Arizona
sunshine to make your own electricity is always
cheaper than paying the power company. The only
question is, do you want to save a little or save a lot.

**Myth 2 - Leasing a solar system is the only way
to go.** Everyone's financial situation is different,
which is why Sun Valley Solar offers many financing
options including low interest loans and leases.

Myth 3 - All solar installers are the same. All
you have to do is go on the BBB (Better Business
Bureau) website and read some reviews to
know this isn't true.

Get the facts! It's free to find out the truth
about solar. Call Tom today at 480-361-6041
and see how much you will save.

Sun City West

13207 W. Copperstone Drive

This immaculate Castillo was rebuilt from the ground up in 1989. At that time many improvements were made. Vaulted ceilings were added, dual pane Low-E windows, beautiful carpet and tile. Dome ceiling and new light oak cabinets and chair rail in kitchen. Rear patio has been extended to the full width of the home. The rear yard is very private and backs up to a wash. Roof replaced 6-10-2006, Trane 5 ton 14 Seer installed 12-3-2012 with a 10 year warranty in place. Termite warranty in place. Three fruit trees on property. 2199 sq. ft. \$209,000.

Overnight Trips

July 27-29, 2014 (Sunday-Tuesday)

Pageant of the Masters | AAA

\$745 pp double | \$1026 pp single

"The Art Detective" is the 2014 Pageant of the Masters theme, where ninety minutes of "living pictures" (real people posing to mimic famous works of art, both classic and contemporary) is certain to keep you entertained. The Pageant draws on live vocalists and other theatrical gestures, creating a show with seamless transitions. The "Pageant of the Masters" is the Festival of the Arts crowning jewel; a show you will not want to miss.

August 10-11, 2014 (Sunday-Monday)

Grand Canyon & Little America in Flagstaff | AAA

\$295 pp double | \$385 pp single

A professional tour guide is provided as you behold firsthand the native grandeur of one of America's most beloved National Parks, the Grand Canyon. Trip includes an indulgent one night stay at the famous Little America Hotel nestled in the midst of a soothing Ponderosa Pine forest.
