Fishin' for information? Viewpoint Lake Town Hall Meetings

Some Sun City residents spend years never knowing that the Recreation Centers of Sun City has a 33-acre man-made lake directly adjacent to the Lakeview Recreation Center.

Along with the beautiful recently re-landscaped hillside park, walking trails, lagoon and waterfall, RCSC has both row boats and pontoon-style paddle boats available for Cardholder use. In addition, a boat launch is available for personal watercraft (no longer than 16 feet with a maximum 10hp motors only).

To further enhance this "jewel in the desert," RCSC has enlisted the services of fisheries and aquatic systems specialist Eric Swanson to prepare a 5-year plan which will include lake management guidelines and fish habitat construction and maintenance. Swanson has 20 years experience with the Arizona Game and Fish Department.

RCSC Cardholders are invited to attend one of two town hall meetings scheduled for Tuesday, June 3, 2014. Both meetings will be held in the Lakeview Social Halls at 2:00 p.m. and 6:30 p.m. RCSC encourages all Cardholders to attend this event as we are certain you will thoroughly enjoy listening to Eric Swanson's Lake Management and Fish Habitat presentation.

"Those of us who reside in Sun City know all about this wonderful community and the many activities available to every Cardholder. My hope is that Sun City will take this opportunity to learn about the upcoming lake improvements and fish management program," said RCSC Assistant General Manager Jim Wellman.

4th of July Holiday Closures

RCSC Corporate, Clubs and Cardholder Services offices will be closed on Friday, July 4 for Independence Day. All recreation centers will be open normal hours.

Cardholders Services, normally open on the first Saturday of each month, will instead be open on Saturday, July 12 from 9:00a.m. to noon to accommodate those who are unable to come to the office during the week, allowing staff to enjoy the holiday weekend with family and loved ones.

Did you see the show at the Sun Bowl?

What a time we had! The 2014 Spring Sun Bowl shows brought out record-breaking crowds every Sunday night and the fall line-up is certain to continue this trend.

The season kicked off with the Eagles Tribute band, Take It to the Limit, and Sun Citians packed the dance floor in front of the stage every week, ending with Surfin' Safari who had everyone catchin' a wave.

Sun Bowl shows are free for RCSC Cardholders and their invited guests. You can get a glimpse of what's to come this fall by visiting www.sunaz.com/concerts.

Coming next month in SunViews

I Moved to Sun City because...

Were you lured here by desert sunsets? Or did the palm trees and mountains play a role? Was the prospect of being able to play golf 364 days of the year just too enticing? Perhaps you came down to visit relatives and only to find yourself falling in love with the kinship and camaraderie that you find in Sun City. Whatever the reason, let us know why you moved to Sun City and we'll put the top reasons in the July SunViews. Send your entries by email to sunviews@sunaz.com by Thursday, June 12.

North Golf Course Renovation Project Architect's Report

by Gary Brawley
Senior Golf Architect, Tripp Davis and Associates

Bring on the hot weather! I know that is not what you want to hear but Bermuda grass really likes the hot, humid weather and that is exactly what we need to have the best grow-in of the North Golf Course.

With the exception of bunker construction on the last few holes of the back nine, the major construction work has been completed. Bunker sand has been stockpiled in the completed bunkers to help protect the bunker liner. The wind row of sand that you might see around the edge of the bunker is to allow any contamination that might come into the bunker during these final stages to be confined to a small area and then after grassing is complete the contractor will come in and clean all the contaminated sand out of this area, put in new sand and then check the final sand depths.

Wadsworth Golf Construction has started to put the finishing touches on the areas of work in preparation for grassing. The final preparation of the golf course prior to grassing requires a lot of detailed hand work to meet the project specifications and our requirements. This involves the final setting and leveling of the irrigation heads, installation of all the required lids and drain grates, final compaction of trenches, final finish of all tie-ins, and hand raking/cleanup of the entire area in anticipation of grassing. Currently grassing is scheduled to begin in early June and go through mid-July.

Once a golf hole is planted those holes will need a lot of water and will remain very wet in order to create the best environment for the establishment of the Bermuda grass. It is very important for everyone to stay off of the golf course during this time as any footprints (including dogs), tire ruts, etc. that might occur are costly to repair as we then have to wait for the golf hole to be completely grow-in and then come back in and repair the damage and sod these areas.

According to Senior Golf Architect Gary Brawley, it will be very important for everyone to stay completely off of the North Golf Course once grassing begins since it will be very wet and any footprints (including dogs) and/or tire ruts will be extremely costly to repair and could delay course opening.

WELCOME GOLFERS

PLEASE REPAIR ALL BALL MARKS WITH THE TOOLS PROVIDED.
USE ONLY THE APPROVED REPAIR METHOD SHOWN TO HELP
MAINTAIN OUR GREENS AND INCREASE YOUR ENJOYMENT.

DO NOT TWIST OR LIFT SOIL

Only YOU can prevent ball mark damage!

RIGHT!

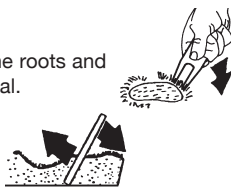

- 1) Close the gap/hole with putter by patting down the ball mark.
- 2) Insert *Green-Save* tool on the high side behind ball mark and push the back toward the center.
- 3) Do not pull up, twist or lift with the tool.
- 4) Push both sides of the ball mark into the center.
- 5) Gently tap the surface down with putter.
- 6) Never use loosened turf for repair.

WRONG!

Pulling up or lifting on the center or the sides will tear the roots and result in brown spots taking weeks for the surface to heal.

Do not pull up or twist with tool. This will only bring sand to the surface and tear the root system

RIGHT!

Insert tool and push back and sides forward to center. No damage to root system. Healing starts immediately.

YOUR REPAIR EFFORT USING THE CORRECT METHOD ELIMINATES BROWN SPOTS AND PROMOTES GRASS GROWTH!

Thank you for using the repair tools provided and especially for using the correct ball mark repair method. Enjoy your round and help us improve everyone's putting experience.

Bowling Terminology: Test Your Knowledge

Take a few “spare” moments to see if you can’t roll a “strike” with this quiz on bowling terminology. Missing a few is probably an average score, but if you get a gutter ball, you better brush up on your skills at one of RCSC’s Bowling Centers located at Bell and Lakeview. Answers appear at the bottom of the quiz. Good Luck!

1. The area at least 15 feet long, on which the player walks to the foul line is the _____. (Hint: Begins with “A”)
2. _____ are the sighting targets embedded in the lane to help the player align start position. Usually 15 feet down the lane from the foul line. (Hint: Begins with “A”)
3. Knocking down all pins with the first ball or delivery is called what? (Hint: Begins with “S”)
4. Touching or going beyond the line at the start of the alley is a _____. (Hint: Begins with “F”)
5. The number of pins knocked down on the first ball is the _____. (Hint: Begins with “C”)
6. Your _____ is the path of the arm behind the body during the next to last step in the delivery. (Hint: Begins with “B”)
7. _____ are the two channels on each side of the lane. (Hint: Begins with “G”)
8. When you knock down all remaining pins with the second ball or delivery, you have a _____. (Hint: Begins with “S”)
9. Pins remaining after the first delivery are the _____. (Hint: Begins with “L”)
10. If a ball breaks sharply toward the pocket, the throw is said to _____. (Hint: Begins with “H”)
11. Ball delivery which rolls off the lane is called a _____. (Hint: 2 Words, begin with “G”)
12. Path to the pins created by many balls rolled in the same general area is a _____. (Hint: Begins with “T”)
13. For a lefty, the area between pins 1-2; or for a righty, the area between pins 1-3 for a righty is called the _____. (Hint: Begins with “P”)
14. A _____ is one tenth of one game. (Hint: Begins with “F”)

Candidate Packets Available June 4

RCSC Board of Director elections may be months away, but the Elections Committee has been hard at work talking to prospective candidates for the December election. There will be three vacancies to fill, with each vacancy a 3-year term.

Candidate packets will be available starting on Wednesday, June 4. Those interested in obtaining a packet must make this request in person at the Corporate/Board Office at Lakeview Center (lower level) and present their RCSC Member card. The deadline for packet submissions is no later than noon on Wednesday, October 1, 2014.

Requirements to become a candidate are:

- Must be at least fifty-five (55) years of age;
- Must be a Deeded Real Estate Owner of property in Sun City, Maricopa County, Arizona;
- Must be a resident of Sun City for a minimum of two (2) years prior to December 1, 2013;
- Must be a Member in good standing;
- Must reside in Sun City, Arizona and be available at least ten (10) months of the year;
- Must meet the requirement to hold an Arizona liquor license (RCSC holds liquor licenses which require Board officers to be included on the licensing); and
- Must be eligible and available to serve a three (3) year term.

Candidates must also submit a fully completed RCSC petition, signed by 100 or more Members in good standing, and the other forms provided in the RCSC Candidate Packet.

A successful candidate will:

- Have a strong desire to serve Sun City;
- Be fair and courteous;
- Use good common sense;
- Have good communication skills;
- Be willing to work as part of a team;
- Ability to prioritize - policy and projects; which will have the greatest benefit for the most members; and
- Be willing and able to dedicate the necessary hours to be an effective Director.

Candidates will be introduced at both the October and November Board meetings (4th Thursday) and two candidate forums will be held in the fall. Dates will be announced at a later time.

For additional information, contact the Board Office, Executive Coordinator Deanna Szentmiklosi at 623-561-4620 or email boardoffice@sunaz.com.

Why Not Run for the Board?

by Linda Lindquist
RCSC Election Committee Chair

Thirty seven thousand four hundred ninety said, No way!" Nine said, "Why not?" They earn our gratitude. They serve us as our Board of Directors for the RCSC. Three of the nine directors have their terms end every December, and candidates are sought. Announcements are made. Invitations are extended. The Elections Committee worries there will not be enough candidates. In some recent election years, that concern became reality. Why?

Think about why you have not stepped forward. Your answer may be among common responses: "I'm retired. Who needs another fulltime job?" "It's thankless. All you get is grief!" "I don't have enough background or experience."

Some people have asked, "What qualifications do I need to run for a Board position?" Most directors would agree that the two things necessary are:

- A desire to see Sun City maintain our lifestyle for the future.
- Common sense.

Most people are always impressed with the broad range of activities and amenities available to our community members, but even more impressed with the fact it was primarily orchestrated by volunteers.

Why not help shape the future of Sun City? We ask each and every one of you to seriously consider running for the board. We all possess skill sets that can be used to benefit our community.

The fact is that every Board member has contributed and made some positive difference. The responsibility is there for what happens today and in the future for the community we love.

Most Board members feel a sense of pride and responsibility for helping to shape Sun City for the future, and find it invigorating to be a part of the process that helps Sun City work.

Volunteering is a two-way street. You give to the community but you also get a lot in return.

If you feel you would like to be part of the RCSC Board of Directors in this years' election, please contact the Board Office at 623-561-4620 or email boardoffice@sunaz.com.

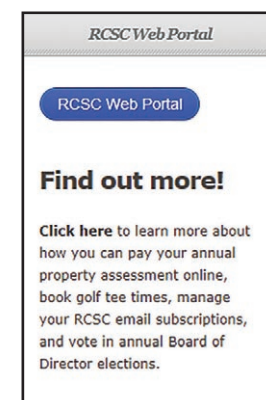

Advantages of Using the RCSC Web Portal

Did you know you can view or pay your RCSC property assessment even when the Cardholder Services office is closed? Did you know you can book golf tee times on line or view your golf history? These are just a few of the advantages of using the RCSC Web Portal.

If you have an email address, you can enjoy the ease of managing all sorts of important RCSC subjects, including the ability to cast your vote in the annual Board of Director elections without even having to leave home.

If you have not registered your email address with the RCSC Cardholder Services Office, you will need to do so in order to take advantage of the Web Portal. Or you may send an email to webportal@sunaz.com. Be sure to include in the body of the email your RCSC Cardholder Number, Name, Date of Birth, Property Address, and your

Email Address. Once your Cardholder record is updated, you will receive an initial password allowing you to access your account online.

For more information, visit sunaz.com and look for the blue button in the middle of the home page. Or send your questions to webportal@sunaz.com and someone will get back to you with an answer, usually within the next business day.

A Moment with President Brasher - Givers and Takers

Early in my career I was introduced to the concept that in life we will encounter individuals who may be classified as either “givers” or “takers.” Experience has shown me that during life we will meet people we may classify in these broad categories. The “givers” may be those who willingly volunteer their talents to further the goals of their family or other loved ones, their neighbors/community, and organizations with which they are associated. The “takers” are those who are willing to sit on the sidelines or participate in organizations as they enjoy the benefits but decline to take an active part in furthering the goals for the greater good of all.

James Brasher
RCSC Board President

Why bring the above into this commentary? One of the reasons Sun City is the great community it continues to be is the volunteer spirit that has been present virtually since its inception. The history of Sun City is replete with stories of how individual residents stepped up when challenges presented themselves and took initiative to make a better community. From these early initiatives, Sun City earned its nickname “City of Volunteers,” for which it continues to be known. Where would we be without our conscientious citizens who readily volunteer their time to make this a better place to live and enjoy our active lifestyle here in the “Valley of the Sun?”

RCSC oversees more than 120 clubs representing virtually every activity and interest of Sun City’s residents. Where would these clubs be without members who volunteer to be involved in their management and direction? Volunteers arrange open houses, Fun Fairs, and special events. Every club activity involved in competition (tennis, pickleball, horseshoes, softball, lawn bowling, shuffleboard, etc.) also depends on members to organize schedules, tournaments and other events. Someone always has to take charge and give of themselves for the good of the organization.

Sun City is blessed to have special organizations helping residents who have special needs. A prime example is our own Meals on Wheels organization. Run by volunteers who readily give their time to deliver daily meals to housebound residents who need special help, this organization provides an invaluable service.

Speaking of volunteers, where would we be without the volunteers at Banner Boswell Hospital in Sun City? One cannot visit that hospital without being greeted by volunteers even before you leave your parked car. At the reception desk, volunteers provide information to help you find your destination and will even escort you if you are not sure of the directions.

For years we have owed a very large debt of gratitude to one of the most visible volunteer organizations in Sun City. The PRIDES have taken on the task of helping us continue to be proud of our community for many years. They are indefatigable in their efforts to beautify and keep us proud of our appearance and heritage. Their current project in conjunction with Maricopa County in the beautification of Del Webb Avenue between Bell Road and 99th is an admirable endeavor. Hearty thanks to all of you!

This commentary has only touched the surface of the valuable input by the “givers” in our community who volunteer for the common benefit of all of us. Soon I would like to recognize the efforts of those in other Sun City organizations such as the Posse, SCHOA, SC CAN, and our golfing organizations.

Updates

Financial Report:

We have completed our first quarter of 2014 within our operating and capital budget year-to-date. We have been working with APS to get all the credits due us for our solar production and APS rebates and although that has yet to be totally resolved, we are making progress and hope to have it all completed very soon. Once completed, we will have some adjustments to our utility expenses of a positive nature from these March financials. We also show that our assessment income is under budget year-to-date. However, it is a budget timing error that will level out over the summer. Along that same line, remember this is the time of year when we have the largest monthly billings for assessments so cash does tend to accumulate as it is needed for the summer months with smaller billings. The golf division continues to exceed budget expectations considerably! We have ended the first quarter \$100k better than budget in gross income despite the closure of the North Course, so obviously all these houses that are being sold are being occupied by some more golfers!

Cardholder Services:

Payments on past due assessments ticked up in March and were at the monthly average for the past year. February billings went past due at a rate of 5.6%, which is the lowest rate in the past three years. January balances went 60 days past due at a rate of 3.7%, which is the lowest monthly rate in the past year. Total accounts receivables decreased for the third straight month for a total reduction of 7.3% for the first quarter. This was the first consecutive three months of accounts receivable reduction in over 4 years and is reflective of successful third party collections efforts. Outstanding balances related to property transfers decreased by 8% in February and now represent 55% of all receivables due and past due balances.

Trustee sale notices on Sun City properties stayed the same at 39 properties at the end of March. The number of properties owned by lending institutions increased slightly to 75 this month. Even with this increase, the total accounts receivable attributable to lending institutions decreased by 15% in March.

Strong resale transactions continued in March resulting in Preservation and Improvement Fees being collected in March totaling \$741,368, which is \$333k more than budget. Year-to-date PIF fees are \$1,831,468, which is \$823,468 over budget for the year.

Bowling Centers:

The 26th annual Sun City Open Bowling Tournament starts this weekend at both

RCSC bowling centers and continues the weekend of May 3. The tournament is open to all bowlers fifty years of age and older statewide and beyond. Starting the last Sunday of May, Bell Lanes will begin the monthly summer No-Tap bowling tournaments. The tournaments will be held the last Sunday of each month and end the last Sunday of September with a Scotch Doubles tournament.

Recently Lakeview Lanes hosted a demo days with ball manufacturer Columbia 300. Nearly forty bowlers attended and were able to try out the latest offerings from the manufacturer and get tips from the representatives.

Human Resources:

The first quarter of the year has required HR to focus on hiring as a result of bringing Golf and Grounds Maintenance back in-house, filling newly budgeted positions for 2014 and turnover as some employees

leave RCSC. Since January 1, 2014, we have added 102 employees to the staff with sixteen of those resulting from turnover.

Processing 35 returning Golf and Grounds employees as compared to newly hired individuals was a less complicated task since background checks were simplified and the returning employees had a history with RCSC. Regardless of where the hires came from, HR was required to follow the same due diligence process including background checks, work history verification, new hire orientation, benefit enrollments, etc.

In mid March, HR received a telephone call from the U.S. Department of Labor informing us that the Secretary of Labor was scheduling a limited review of RCSC's Employees 401(k) Plan for mid-April. We agreed to an April 15 audit date and a follow up letter dated March 17 was received shortly thereafter with a list of requested documents causing us to question their

definition of "limited" review. With ample time to assemble and copy all requested documents, the audit took place and ended timely. We are awaiting the DOL's opinion of our work papers and the Plan. We expect a positive response.

"If you're trying to achieve, there will be roadblocks. I've had them; everybody has had them. But obstacles don't have to stop you. If you run into a wall, don't turn around and give up. Figure out how to climb it, go through it, or work around it."

Project Updates

General Centers Projects and Information

The card access equipment and software for the Fairway card access system is installed and tested. RCSC employees have received software training. Distribution of access devices to dedicated clubs and migration from keys to the new system will occur the week of April 28. After the dedicated clubs are put onto the new system, RCSC will set up a table at Fairway for the distribution of access devices to those cardholders wishing to use the East Fairway entrance. The dates and times for this distribution will be announced shortly. Contractor is Multi Card Company. (Phase 1 Cost – \$52,000)

Mt. View Center

The seven (7) new Pickleball courts at Mt View are nearing completion. The current plan is to open the new courts for cardholder play in early May 2014. Contractors are Sunland Sports and CCBG Architectural. (Cost – \$288,580)

Oakmont Center

The re-routed fire line feeding the clubs buildings and the pool shower room is completed, tested and back on line effective April 16. During the removal of the south and west block walls it was discovered that Cox Communications had a “Trunk” cable

crossing this wall area and under the old wall footing. Cox will be digging up their cables on April 22 so the footings for the new block walls can commence that same day. This problem pushed out the digging of the spa until April 2. In addition, a required inspection for the first 4’ lift on the block building wall was called into Maricopa County on April 15 and due to

County staff shortages, the inspection could not occur until April 21. Contractors to date include CCBG Architectural, K.L. McIntyre Construction and Aquatic Builders. (Cost – \$620,855)

Lakeview Center

Irrigation replacement on the Lakeview Hillside Park commenced April 17. The park is now closed to cardholders and guests (including fishing) for about six weeks. The irrigation improvements will ensure that water reaches all plants and trees in the park thus making this setting more beautiful than it already is. Contractors are AAA Landscaping and Marvin Mills Irrigation. (Cost – \$100,000)

Bids are currently being received for the replacement of the Lakeview waterfall lights. Once bids are obtained, cardholders will be notified as to the day the waterfall will be shut down for this work.

Riverview Pro Shop

The new standing seam metal roof on the Riverview cart barn is now completed. The new roof matches the one put on the pro shop last year. Contractor was Starkweather Roofing. (Cost – \$12,198)

Bell Center

Bell Tennis building plans have been submitted to Maricopa County Building and Planning Department for permit. Construction bid packets have been sent out to contractors and proposals are expected back very soon. Once received, the project will be submitted to the RCSC bid commission for final approval. The project includes demolition of the current 8 tennis courts and pushing out some of the existing block walls in preparation for 10 new tennis courts. The new updated complex will also include a shaded gathering area, courtside canopies with benches, water and electric to each court, tables and benches for spectators and planters in the common areas. Contractor to date is Lloyd Sports Engineering.

The single pane glass wall on the east side of the Bell Table Tennis room is being replaced with shaded dual glazed energy efficient glass upper panels and solid thermal lower panels. The new glass wall will greatly improve the ability to cool this space

in the summer. The Table Tennis area will be closed to cardholders and guests on April 28 and remain closed for approximately 7-10 days. Contractor is Precision Glass. (Cost – \$16,900)

Plans are being finalized to scarify and replace the entire cool decking at the Bell pools. In addition, both pools will be acid washed, the interior damage in the walking pool repaired, new rope anchors installed in the lap pool and all water line tile deep scrubbed and re caulked. Contractors are Spartan Concrete and Aquatic Builders. (Estimated Cost – \$92,000)

One of the compressors failed and had to be replaced in a 20-ton mechanical (HVAC) unit at the Bell Library. Contractor was Custom Cooling. (Cost – \$5,800)

Two new shade sails were installed on April 13 at the Bell Lawn Bowl facility. The labor and materials cost for these shade sails was generously donated to the RCSC. Contractor was Sun City Awning. (Cost – \$9,057)

The Bell Lawn Bowling greens were re-opened to cardholders on Monday, April 14. The new greens were constructed using Tiff Dwarf Bermuda grass and are expected to offer many years of lawn bowling enjoyment to Cardholders and their guests.

Marinette Center

The Marinette expansion project plans have been returned to Maricopa County Planning and Development Department with the required changes and corrections and the RCSC is waiting for approval and our permit. Contractor proposals have been received and the project will be forwarded to the RCSC bid commission for final approval. Contractor to date is CCBG Architectural.

Sun Bowl Ballfield

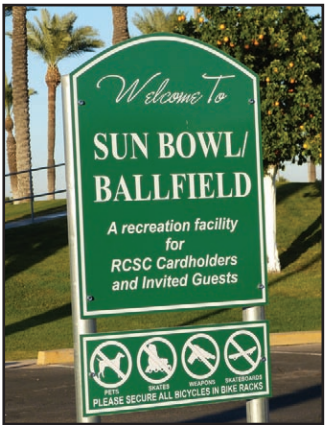

A new roof will be installed on the Ballfield restroom building. The new roof is needed due to water infiltration and poor venting. Contractor is Starkweather Roofing. (Cost – \$3,458)

Skilled Trades Department

The RCSC Skilled Trades Department completed 108 work orders during the last half of March 2014 and the 1st half of April 2014. They were also instrumental in helping the RCSC grounds team in setting up the Bell Lawn Bowl facility prior to its re-opening on April 14. I am currently searching for a new Project Manager since Bob Teske resigned his position effective April 14.

Grounds Department

The RCSC Grounds team has been working very hard this month keeping all Sun City properties looking great. They were instrumental in setting up the Bell Lawn Bowling facility in preparation for its re-opening. Since the Bermuda grass has come out of dormancy on all lawn bowling greens, the grounds department will be very busy with aerifying, verticutting, fertilizing, rolling and mowing these activity areas. The grounds team will be performing their monthly maintenance work at Duffeland Dog Park on April 30, including the application of Biozyme Enzyme urine eliminator, a non-toxic 100% pet friendly and environmentally safe product. Lastly, the grounds department will plant some trees and shrubs on the Lakeview Hillside Park once the irrigation project is completed.

Friends of the Library

Library News

Well, it came back! SUMMER! The heat! The sun! I don't know about you, but I think it really beats shoveling snow, wind chill, having to crank up the furnace for days on end! I can always turn up the air conditioner! Anyway, the Books Around the Corner Book Store will be honoring all the fathers by having an All Male Authors 1/2 price sale. The sale will be from June 11-14 and you may purchase as many books as you would want to carry home.

The Fairway Branch Library will be having some very interesting programs in June. The Book-in-Hand Discussion Club will meet on Friday, June 12 from 1 to 2:30p.m. to talk about "Year of the Wonders" Book in room #217.

For the Kids: Things that Fly workshop will be held on Saturday, June 13 from 10 to 10:45a.m. Hands on for the little ones. All kinds of flying objects involved. This program is for children 5 to 12 years of age, registration required and we can only accommodate 25 children. It will be held in the Arizona Room #3 and is co-sponsored by the Friends of the Sun City Libraries. Please call 602-652-3000 for registration.

For the Big People (Adults): "Dr. Sky". Guest Steve Kates on Monday, June 16 from 10a.m. to noon will host and teach those in attendance how to best use binoculars and telescopes, as well as digital cameras, to learn how to identify major planets, stars and satellites.

For the Teens: June 18 from 10:30 to 11:30a.m. Mobile Vinyl Records will demo a 1940 vinyl record cutter. You will get a chance to record your voice and hear it played back. Neat! This is for ages 12-18, please. Registration is a must and begins June 2. Space is limited and we can accommodate only 20 people in the Arizona Room #3.

For the Family: Guest speaker, Mitchell Waite will be presenting a 3 part synopsis of Cryptozoology, educational requirements and how it relates to the modern science categories. This will be held in the Arizona Room #3 on June 25 from 10 to 11a.m.

The Bell Library will have the normal Book Clubs meetings throughout the month.

The Friends are sponsoring this program in the Bell Rec Center Social Hall. Do Not Miss This One!

Hope all of you heading North for the summer have a pleasant & uneventful trip back to your other home. Looking forward to your return in the Fall. Enjoy your Libraries up North!

Reducing Water Loss from Pools & Spas

Wind. Evaporation. Backwashing. Leaks. What do they have in common? Consuming high volumes of water in your pool or spa. As more than 50% of potable water used by Arizonans is outdoors, a variety of methods can help diminish this preventable loss of water. In Phoenix and Tucson, the average evaporation loss rate is approximately six feet per year. Add this to the water lost from refilling and backwashing and you roughly lose the equivalent of filling a 16' x 36' pool every year. Makes one thirsty just thinking about it...

Normal sun and wind exposure alone can cause an average size pool to lose up to 1,000 gallons of water in a month which is as much as a family of four consumes in drinking water in a year and a half! A simple 7mph wind at a pool's surface increases evaporation loss by 300%. Trees, shrubs and other windbreaks such as decorative fencing can greatly reduce evaporation caused by wind.

There are many simple water conservation ideas for swimming pools. Refraining from unnecessary backwashing or installing timers to standardize backwash cycle durations and frequency is helpful. Cartridge filter systems instead of sand/diatomaceous earth filters can reduce water usage in half due to the fact that the need to backwash is much less frequent. Consider installing a filter between the sand filter and the main return line which allows clean water to be returned to the pool instead rather than wasting backwash. And don't let good backwash water go to waste - redirect it to plants or use for other beneficial purposes.

90 to 95% of pool and spa water lost to evaporation can be saved by installing a cover. Conventional pool covers also help keep out debris, thus reducing the need to backwash. Reflective pool covers decrease heat retention; solar covers claim to warm pool water faster and extend swimming seasons, cutting heating bills and easing evaporation loss. Liquid pool covers, produced with a biodegradable alcohol containing a chemical that creates "mono-molecular" film over water surfaces, are growing in popularity. The thin film increases the surface tension and prevents evaporation, but need to be replenished.

Be sure in designing a pool that you place the overflow pipe where it can easily be plugged or blocked when large groups are swimming, preventing water loss from splashing. And make sure that splash troughs drain back into the pool system!

If your pool is losing water at a rate greater than you feel it should, there is a simple test that can help determine if there is a leak in the system. Simply place a five gallon bucket on the second step or a bench seat and fill it with water until it is exactly the same level as the pool. Evaporation will drop both the pool and the bucket at the same rate. If the bucket drops faster, you probably have a thirsty dog; but if you have a leak in the pool, the water level in the pool will fall faster than that in the bucket. Though there

are a few more tests that can be done to determine where the leak is coming from, now is a good time to call in a professional leak specialist.

Remember that using community pools is a more conscientious choice than building a private pool, and installing a spa is an even more conservative option. What a sensible advantage we have in Sun City with all the beautiful pools and spas that are available to RCSC Cardholders at our recreation centers!

June Movie Times

Why not relax and enjoy a great movie and popcorn for free!?

Tips for Seniors from Daily Fitness - *Improve Osteoporosis with Exercise*

Above: Jane Fortier monitors proper form, as Jean Basinais uses the Low Row machine to build upper back muscle strength and build bone density.

Jean Basinais became concerned about bone health, when she was diagnosed with osteopenia, a precursor to osteoporosis. She knew that exercise could have a positive impact on bone health, but was confused about what to do. Jean consulted with Daily Fitness trainer, Jane Fortier, and decided to move forward with some personal training sessions.

"Osteoporosis causes bones to become weak and brittle — so brittle, that a fall, simple body movement or coughing could cause a fracture," states fitness professional Fortier. Heredity, age and lifestyle all have an effect on bone health. Bones are very active biologically. They are made up of cells that are constantly dying and being replaced. "Osteoblasts" are the cells that replace lost bone. Stimulating the production of osteoblasts is imperative for someone with osteoporosis. Whether you already face bone-density problems, or simply want to avoid having them, regular weight-bearing exercise is a must."

"Not just any old workout gets results," notes Fortier, who personally deals with osteoporosis. "Resistance exercise that requires muscles to work against gravity has the most bone-building benefit. Bone responds to intensity, not duration. It reacts to a force greater than what it is used to, not a repetition of the same force. Strength exercise has the ability to progressively and continually challenge muscles that are connected to bones, thus activating osteoblasts. Strength exercise that involves as many different muscles groups, in as many different functional movement patterns as possible, is the best."

Fortier has created two distinct workouts for Jean Basinais that address load, intensity and variety – key elements for activating osteoblasts. Daily Fitness trainers custom design programs to fit individual needs and issues. To find out more about personal training services at the various Sun City Recreation Centers, call 623-256-7901 or visit DailyFitnessLLC.com.

My Dad - My Hero - My Friend

Over the years my father was teaching me how to act. How to treat people. How to be a good person. How to save for the future. How to have good work ethics. There weren't lectures or long speeches. His method was so effective. He lived his life like that. He was a rather quiet man with not a lot to say but as I look back and have for many years he taught by example but not by saying watch me or do if this way. He just acted in very proper manner. He treated people right. He provided for the family and the future. He had great work ethics. A far smarter man than I....someone I can say thanks for being my Dad wish you were here to see what a great job you did.

IF YOU ♥ YOUR FREEDOM
THANK MY DAD

my father
didn't tell me
how to live;
he lived,
and let me
watch him do it.

My Father Fred Dickerman, was more than a "Father" - he was a Dad.

He was a very special man, my mentor, my confidant, and in my adulthood, my friend.

A wonderful husband to my Mom, a wonderful Grandpa to his Grandchildren, and a great Grandpa to his Great Grandsons, is the best way I can describe him.

He worked hard throughout his life, as a teen supporting his Mom and his siblings, and later in life supporting his family monetarily, example wise, with honesty and integrity, always available for my sister and myself.

Upon Dad's death at 95 years, on June 19, 2012 the words I heard most about him was "he was such a good and honorable man."

He left my Sons and Grandsons some pretty big shoes to fill and I know they will because of the example he set.

"I LOVE YOU" Dad - Happy Fathers Day - you are forever with me.

Mona Dunn

One day they
will describe
me as a
"quiet man"
and a
"good neighbor"

RUNNING THE RACE

How it all began was my father showing me his stamina while running the race. He is 92 and still running his race. He was a smaller man that loved all types of sports. Because of his size the one sport that had no size restrictions would be track. He wasn't a fast runner more of the type that he knew by running smart he could win the race. When I was around 11 years old he took the time to teach me how to run the race. Long distance running doesn't start fast and always involves a great ending kick. During my race in life I have found that instrument he taught me when I was 11 yrs. old to be my race for life. Perseverance and stamina makes a winner. Start out slow, break to the inside, set a good pace and finish with a great kick. My dad taught me this many years ago and it still applies in my life today.

My Daddy

I wish everyone could have a daddy like I was blessed to have. He was loving, kind, soft-spoken, sincere, understanding, and loved the Lord. He never raised his voice to any of us 7 kids, 4 of which were boys! I was the baby in the family and he nicknamed me "his baby girl" even to the day he went to be with the Lord and I was only 46 at the time. Because of his character, I could easily identify what God is like, and I found it easy to love the Lord as well. My daddy led by example to all 7 of us. He did not have a mean bone in his body. He was so considerate of others, that on the day he died, all 7 of us were called to his hospital bedside, coming from as far as TX, OK, FL & KS, that he waited until all 7 of us were there and he said a personal good-bye to each of us. After he said good-bye to the last of my siblings (one who arrived late), within 5 minutes, he died peacefully. He made each of us 7 feel like we were his "favorite" child. Such a peaceful memory we all have of our daddy! There was no fear because he knew where he was going.

Judy Anderson

Left: My daddy made this hand water pump mailbox. He did not need a college education to go on and become one of the most respected civil engineers in his day.

As the only daughter of six children, my dad (Harry Holder) was the go-to guy who always made me feel special no matter what the circumstance. He was there to brighten my day when a house full of boys dampened my spirits. He taught me the essence of precision as it applied to everyday life. He would say to me, "the more you put into your project, the higher your level of satisfaction, and if you work hard, your hard work will stand out".

My dad was a wizard at woodworking. If I asked him to make me something out of wood, he would ask, "how big?" In no time at all, he would present me with his latest project and ask me if that was what I wanted.

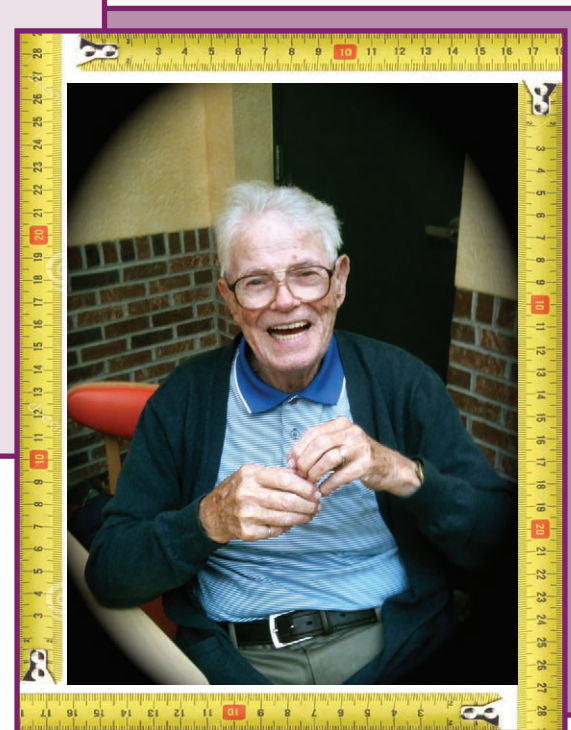

My dad was a WWII veteran and proudly wore a cap acknowledging his service. He would get teary-eyed when somebody wanted to thank him for his service. He said it made him feel good and that he couldn't believe how many people cared.

My dad passed away last Thanksgiving at the age of 90. He still brightens my days when I think of him and will always be an inspiration to me.

Mary Lou Harbaugh

I love my father as the stars —
he's a bright shining example
and a happy twinkling in my heart.
~Terri Guillemets

Telling the Truth - A Lesson from My Dad, Du Wayne F. Klein

My father taught me many life lessons through my growing years. Many lessons were taught by him through his example such as working hard, helping others in need, and being honest. He was a stickler for honesty and always "telling the truth no matter what." Some of these life lessons were reinforced when bad choices I made were followed with appropriate consequences.

I was in third grade at Bryant School which was about five blocks from our home. It was one of those early spring days when the snow was almost melted away but there were a few wet areas and plenty of muddy spots to get into if you weren't careful. As with most kids, I had only one pair of good "school shoes" and these were always protected by rubber boot "overshoes" when it was snowy or wet. On this sunny day, I knew I could easily get to school and not get my shoes wet or muddy by just being careful. Dad saw it differently and told me I must wear my overshoes to school. I pleaded that none of the other kids would be wearing theirs and I would be the only one and look funny. He insisted I needed to wear them. I said, "OK" and he was off to work.

As I walked up the hill toward school, I saw a small space between two garages built back to back. I decided I would take my boots off and hide them in that secret spot where no one would see them and I would put them back on when I went home that afternoon. After a good day at school and seeing several kids with boots, I returned to the garage secret place and pulled out my boots, put them on, and walked merrily home.

That night, Dad asked how school was and I told him it was a good day. He asked me if I wore my boots and I told him yes. I had just lied to my Dad and he always knew. With just a little effort on his part, he had the whole story from me.

The next day was a totally dry sunny day with no mud or wet spots. Dad made me wear my boots to and from school on that beautiful day. The lesson was learned, always tell the truth, no matter what.

Dad was a WW II infantry veteran and often said he walked across Europe. He volunteered for The Battle of the Bulge. He was wounded when jumping from a second story window to avoid a live grenade that was thrown into the room that he was "clearing" of potential snipers.

I loved my Dad and he loved me.

We are here to give you a helping hand...

Meet Jane Keys **Memory Care Specialist**

Jane joins our team to educate and provide on-going dementia training to our administrative staff and caregivers in caring for our clients. We are finding an increased number of clients with

memory loss and dementia diagnoses that want to stay in their own homes instead of being placed. She will guide us through the appropriate ways to understand and care for their needs, mentally and physically. We are doing our part to help keep them safe and happy in their home environment.

Sun Cities CareGivers

provides help with personal care, household chores, transportation to appointments, exercises, good nutrition and, most importantly, makes it possible for people to stay in their own home.

Companion/Homemaker:

Assists with household chores & errands

Personal Care Attendant:

Assists with personal care needs

Certified Nurse's Aide:

Assists with doctor/nurse supervised care needs

Registered Nurse:

SOLAR MYTH BUSTER

Tom Lammie

Myth 1 - Solar is too expensive. In reality, using Arizona sunshine to make your own electricity is always cheaper than paying the power company. The only question is, do you want to save a little or save a lot.

Myth 2 - Leasing a solar system is the only way to go. Everyone's financial situation is different, which is why Sun Valley Solar offers many financing options including low interest loans and leases.

Myth 3 - All solar installers are the same. All you have to do is go on the BBB (Better Business Bureau) website and read some reviews to know this isn't true.

Get the facts! It's free to find out the truth about solar. Call Tom today at 480-361-6041 and see how much you will save.

Overnight Trips

July 2-5, 2014 (Wednesday - Saturday)

Celebrate the Fourth of July in San Diego | All Aboard America

\$945 pp double | \$1350 pp single | \$200 pp deposit; balance due May 26

San Diego's average midsummer temperature is usually in the mid 70s. Why not celebrate the 4th of July in the comfort of ocean breezes? This is a four day/three night tour that includes daily breakfast, nightly cocktails and an optional day trip to wine country. The 4th of July incorporates a Bay Cruise with dinner and fireworks display. Don't forget to bring a light jacket or sweater. Comfortable walking shoes are a must.

July 27-29, 2014 (Sunday-Tuesday)

Pageant of the Masters | All Aboard America

\$745 pp double | \$1026 pp single | \$200 pp deposit; balance due May 12

"The Art Detective" is the 2014 Pageant of the Masters theme, where ninety minutes of "living pictures" (real people posing to mimic famous works of art, both classic and contemporary) is certain to keep you entertained. The Pageant draws on live vocalists and other theatrical gestures, creating a show with seamless transitions. The "Pageant of the Masters" is the Festival of the Arts crowning jewel; a show you will not want to miss.

August 10-11, 2014 (Sunday-Monday)

Grand Canyon & Little America in Flagstaff | All Aboard America

\$295 pp double | \$385 pp single

A professional tour guide is provided as you behold firsthand the native grandeur of one of America's most beloved National Parks, the Grand Canyon. Trip includes an indulgent one night stay at the famous Little America Hotel nestled in the midst of a soothing Ponderosa Pine forest.

August 17-20, 2014 (Sunday-Wednesday)

Durango Silverton Train, Mesa Verde CO & Flagstaff AZ | All Aboard America

\$850 pp double | \$1090 pp single | \$200 pp deposit; balance due July 17

Relive the sights and sounds of yesteryear in a spectacular journey on board the Durango & Silverton Narrow Gauge Railroad. This historic train has been in operation between Durango and Silverton since 1882, carrying passengers behind vintage steam locomotives. Resplendent with dramatic scenery, ancient culture and tranquil settings, you will be talking about this trip for many years to come.
