Giving Back to the Community

Each year, RCSC Management selects a community organization to be the benefactor of its fundraising efforts throughout the year in lieu of a holiday gift exchange. Considerable staff time is volunteered towards this effort and the true spirit of giving and support of the community has increased substantially over the years. Recently, General Manager Jan Ek, on behalf of the RCSC Management Team, presented the Sun City Community Assistance Network (SCCAN) with a check in the amount of \$8,231.52, reflecting last year's charity fundraising activities, including the proceeds from Sun City logo apparel and personal donations which culminated with the annual Sun City Holiday Celebration.

At the presentation, Hugh Duncan, SCCAN Board President, announced that not "one nickel" of this money will be used for operating or administrative expenses. Duncan instead turned the tables with the surprise announcement that all of the monies will be used to fund a new SCCAN program that will provide free Dial-A-Ride tickets to low income Sun City residents.

In an email to staff after the presentation, Ek reported: "I was surprised and extremely happy to find out that all of our \$8,200+ donation will be used to provide transportation to those who need it in Sun City. It really touched my heart to see how much our efforts are going to benefit Sun City residents." She further stated, "We will help provide Sun City residents in need with over 2,050 taxi rides. How exciting! As always, you guys have done a great thing for Sun City!"

RCSC General Manager Jan Ek presents Hugh Duncan, SCCAN Executive Director with a check in the amount of \$8,231.52.

Bill Pearson, Sun City Foundation President and RCSC Board Director, also announced at this meeting that an additional \$10,000 from the Foundation will also go towards this new program.

"We know that we can do more for Sun City if we work together," Pearson said. "This is another great example combining our efforts for the good of the community."

Continued funding for this project will be contingent on donations and SCCAN intends to pursue grant funding if possible. Contributions to the Sun City Foundation can also be earmarked solely to this program.

This is a remarkable opportunity to "help fill the transportation void" created by the demise of Sun City Area Transport (SCAT) nearly five years ago, Pearson said. Working in partnership with Valley Metro, many Sun City residents who have struggled with transportation will find this new program a godsend.

In order to qualify, applicants must be a full-time Sun City resident over 65 years of age, with an income less than \$1,437 for singles (\$1,940 for couples) and not own a car. Those who believe they are eligible for this benefit will need to call SCCAN at 623-933-7530 and request an application. Those who qualify will have \$50 in free Dial-A-Ride tickets mailed to them four times a year.

Even if you are not low income, everyone in Sun City over 65 years old can now use Dial-A-Ride's green Discount Cabs for \$4 one-way transportation. Trips must be scheduled the day before and exact fare is required. You can travel anywhere in Sun City, Sun City West, Surprise, Youngtown and El Mirage. The number to call for Discount Cab is 602-266-8723.

Updates

Financial Report:

As of November 30, 2013, RCSC has operated within its operating and capital budgets year-to-date. It is essential to remember that monies budgeted for both capital and repair & maintenance projects not completed yet is carried into the future to fund those projects. This money is reflected in our unrestricted fund balance, which creates what may appear to be a surplus but will be used as we proceed through our project completion. It is also important to realize that as we build our Capital Reserve Fund annually to the desired \$5M balance, it is important to reserve some money in case of an emergency. Additionally, it is very important to remember that the Preservation and Improvement Fund (PIF) projects are completed separate from the operating and capital budgets and are not funded by annual property assessments whatsoever. Therefore, there is no increase in assessments to fund these projects. In order to qualify for a PIF project, the project must exceed \$300,000 and have a useful life of 15 years or greater.

Bowling Centers:

The Arizona State Senior tournament was held at Lakeview Lanes and Bell Lanes during Thanksgiving weekend and the first weekend of December. The tournament was budgeted to produce \$6,800 in revenue, but this year’s tournament was larger than expected and produced \$8,600 in revenue, which is a positive variance of \$1,800 compared to budget.

In the past ten years or so, the Arizona State Senior tournament alternated annually between RCSC bowling centers in Sun City and centers in Tucson. Director of Bowling Operations Randy Johnson was notified that the tournament will most likely hold their tournament two years at the RCSC centers in Sun City and one year in Tucson then back to RCSC centers for two years. This change in scheduling would mean that RCSC Centers would host the state tournament again in 2014, 2016, and 2017.

RCSC bowling centers were also offered the opportunity to host the Arizona State Senior Women’s tournament in December 2014. Randy Johnson was told by the Arizona State Bowling Association Manager that the bowlers enjoy bowling at RCSC’s bowling centers because they are clean and the staff is always courteous and helpful. Confirmation should occur after the end of the year.

A Moment with President Brasher - Building for the Future

The Fairway Recreation Center is currently the premier example of how one of our two original Centers (built in 1961) can be upgraded and is a beautiful demonstration of how we can use funds from our Preservation and Improvement Fund to provide the best for our residents. The Board of Directors has no plans to make our other Recreation Centers into "Fairways," but we do hope to provide significant improvements we can be proud of in other Centers.

The current RCSC plans are to propose alterations and improvements to Centers, enlist the membership in discussions, and formulate plans of action for the future. Such a process has been accomplished with the plans for the Marinette Recreation Center, Bell tennis complex, and Oakmont pool modifications. RCSC is now in the process of obtaining the necessary construction bids, county permits, and such to put these plans into action.

During the process for Marinette it has been made clear that some things will

change and members who wish to use certain amenities will have the need to travel to other recreation centers (for mini-golf, tennis), while seeing expansion of the existing fitness centers, locker/shower rooms, pickleball courts, and improvements to the walking track. Improvements at Marinette are being done for the most utilized amenities while moving the least attended to other Centers.

The RCSC Board of Directors has worked closely with its Long Range Planning Committee to identify facilities in Sun City that would benefit from modernization, expansion, or contraction in an attempt to ensure Sun City's future is as positive as its past. During this process some difficult decisions are being made in attempts to see that Sun City in the future will continue to provide the best value and experience for all who choose to live in our premier active senior adult community.

Similarly, adjustments have to be made in usage of space by several clubs. Some

clubs have declined in member usage while demand has grown significantly for others. It is imperative that RCSC address the need for club space, whether clubs agree to consolidate or simply share rooms, to enhance the experience for the many members who are embracing current trends in leisure activities and hobbies. To this end we must attempt to accommodate by providing more to all while consolidating the lesser used clubs and amenities.

Residents need to remember that there have been many changes in the community in the past, and more will be coming in the future. The goal is to constantly improve our life experience in our wonderful community. Change doesn't come easy and difficult decisions will have to be made. We in Sun City value the history of success in our community and must continue it by building for the future.

Updates ... continued from page 2

Cardholder Services:

The payments on past due assessments were up in November but still below the monthly averages for the past year. October billings went past due at a rate of 9.0%. This is significantly higher than the monthly average rate but is consistent with trend for the prior two years where October invoices are past due at a higher rate than all other months. September balances went over 60 days past due at monthly rate of 3.9%, which is just under the average. Outstanding balances related to property transfers increased by just under 5% in November and represent 56% of all receivables due and 54% of past due balances.

Trustee sale notices on Sun City properties increased for the first time in several months with the count up almost 20% to 46 for the end of November. The number of properties owned by lending institutions increased slightly to 74 this month.

The Preservation and Improvement Fees collected in November were \$414,000 which is 25% more than budget. Year to date PIF fees are \$6,190,040, which is 69% over budget for the year.

Human Resources:

Beginning January 1, 2014, RCSC is rolling out a new service awards program to replace the current one that recognizes employees with an awards pin with gem stones for increments of 5 years of service up to 25 years. To assure the program was meaningful to employees, the Management Team conducted an informal opinion poll earlier this year to see what employees would like to receive in recognition of continued service. The overwhelming response was monetary recognition. An increasing scale starting at \$50 for 5 years of service is being implemented.

In making this change, we have not forgotten those employees who receive their 15 year pin on or before December 31, 2013 and would like to complete it upon reaching 20 and 25 years of service. We have provided for that option in the new program.

RCSC has renewed employee insurance benefits with our current carriers BlueCross/BlueShield of AZ and Mutual of Omaha. BC/BS offers medical coverage and Mutual of Omaha offers dental, life, voluntary life, short term disability and long term disability coverage. There will be an increase in premium for medical and dental,

however, not as significant as expected in today's market and as affected by the Affordable Care Act. We are currently holding Open Enrollment for employees who wish to make changes in their coverage.

In renewing RCSC's IRS Section 125 Unreimbursed Medical Plan for calendar year 2014, we are offering a change to employees enrolling in the program. Enrollees will be issued debit cards to pay medical expenses not covered by medical insurance. Currently the plan requires employees to complete reimbursement forms and submit with medical receipts either by U.S. mail, fax, or online. With a swipe of the card, an employee will be able to pay for medical services received immediately. Money to pay these expenses is deducted from participating employees' pay on a pre-tax basis and employees never pay taxes on the money set aside for reimbursement.

Member Services:

The Arizona Christmas Spectacular concert at Sundial on Tuesday, December 10th was another fantastic performance. With a full house of 1200 Guests they came and enjoyed hot cocoa and hot apple cider while they were entertained for 2 solid hours. The show received three standing ovations. We look forward to next year's holiday concert.

The Holiday Celebration was huge! People filled Lakeview and enjoyed every aspect of the afternoon. The synchronized swimmers kicked off the event and captivated the audience; there was a continual line for the pie walk, hole in one and the money tree. The Ducks had two full races; the food was good and plentiful. All the proceeds went to benefit SCCAN. The event ended with the fantastic boat parade, a perfect ending to a perfect day. I must say a good time was had by all. What a wonderful way to end the season!

New Club Presidents are getting ready to take over in January and the Club Office Staff is preparing for the New Club President Orientation on Wednesday, January 22.

Golf Report

Pro Shops

Total revenue for November finished \$31,376 behind budget. Green Fee/Cart Fees (including golf pass revenue) were \$35,411 behind budget, merchandise finished \$3,838 ahead of budget and driving range revenue was \$740 ahead of budget. Two days of rain, followed by a day of cart path only, resulted in lost revenues of \$25,000 to \$30,000.

Year-to-date total golf revenue is \$142,962 behind budget. Through savings in Cost of Sales and Total Operating Expenses we have recovered \$37,240 of our revenue deficit, bringing our Net Operating Excess/Deficit to within \$105,722 for the year.

Our Beat the Pro event, supporting Sun City CAN once again lived up to its name, with 83% of the teams beating the “pros”. We surpassed our fund raising goal of \$2500, reaching \$3,088 in total donations. Many raffle prizes were lined up thanks to the efforts of Janine Millette from Willowcreek and Sue Presta, our Golf Administrative Coordinator. Next year’s event is tentatively scheduled to coincide with the North Golf Course Grand Re-Opening, following the renovation. Tripp Davis and Gary Brawley, the Golf Course Architects responsible for our golf course master plans, have tentatively agreed to participate as well. We are hoping to make the event Beat the Pros and the Architects.

Snack Shops

Sales in the snack shops finished \$1,103 behind budget. The wet weekend also affected their performance to budget. For the year Snack Shop revenue is \$2,749 ahead of budget and \$20,960 ahead of their Net Operating Excess/Deficit budget.

Golf Courses

With the first frosts of the year, the weak overseeding spots have been exposed, particularly at Willowcreek. Courses have begun an aggressive fertilization program and have re-seeded the weakest spots. Improvement will be most noticeable once warmer day time temperatures are reached.

The North Renovation project has started on time, with work beginning on hole #8. If you choose to observe any part of the process, we ask that you avoid any areas that are active work sites. This is both for your safety and the safety of the work crews. Gary Brawley, the golf course architect, will be providing monthly updates in the Sun Views. Pine logs will occasionally be split and placed in the parking lot for resident use. The work crews are expected to be off property from December 21 through January 2.

Teal Ribbon Tournament

West Valley Ovarian Cancer Alliance member Laurel Pracht is heading up her sixth annual Teal Ribbon Golf Tournament. It was over 15 years ago that Laurel was told to “get her affairs in order” after receiving a diagnosis of ovarian cancer. She wisely sought a second opinion and was fortunate to meet Dr. David Alberts, now Director Emeritus of the University of Arizona Cancer Center at Arizona. Laurel and Dr. Alberts are pictured here.

The tournament, to be held on February 13 at Lakes East/West Golf Courses will benefit research and support for those currently being treated. Entry forms can be picked up by men and women at any of the public golf courses in Sun City. The \$30 entry fee includes lunch and donation. Registration will begin at 8:30 a.m., followed by a 9:15 a.m. balloon launch and a 9:30 a.m. shotgun start. No handicaps are necessary. You can form your own team or be paired up by the schedulers. After golf, lunch will be catered by the tournament sponsor Texas Roadhouse at Sundial Center. Silent auction, 50/50 raffle, and other fantastic raffle prizes will be awarded, and specific hole prize winners will be announced after remarks from Dr. Alberts.

Register now for February and March sessions of the “Get Golf Ready” program.

Just \$99.00 includes 4 group lessons, and the 5th lesson being a round of golf. There will be a variety of days and times. Sessions are limited to 8 students for each group, so be sure to sign up early.

North Golf Course Renovation Project

Architect’s Report

by Gary Brawley
Senior Golf Architect, Tripp Davis and Associates

Tee Construction

In this article we are going to be focused on the purpose and method of construction for the new tees at the North Golf Course. During the initial evaluation of the existing tees it was determined that the tees were too small based on the number of rounds played on the course.

Another factor that was taken into consideration is the fact that the RCSC allows for five golfers per grouping, instead of the typical foursome, which increases the physical wear of the tee surface. This does not have to do with the overall number of rounds, but the congregating of golfers on the tee and that the additional golfer inherently impacts a larger area on the tee surface. In addition to the size of the tees we also found many tees that were not properly aligned with the intended direction of play, and there was a lack of variation in distance on some of the golf holes.

When looking at the design of tees, we not only look at the proposed size and location of the tees we also pay careful attention to not just the specifics of each golf hole, but the overall experience for the golfer across all 18 holes. In studying this there was really no room to move greens to change the overall distance of the individual golf holes. So,

any modification to the length of the hole needed to be accomplished with the locations of the tees. The end result will ultimately be an overall yardage that will be very similar to the original with there being some variation from hole to hole. In addition to the three existing tees a fourth set of tees is being added in front of the existing red tees to further give the entire golfing community an opportunity to enjoy the North Golf Course and add variety.

The method of construction is similar to the previous renovations in that the surface will be initially established in the sub-grade, and then a 4” layer of sand will be installed and then laser leveled and/or string leveled to establish the final grade of the tee. All tees have a 1% pitch across them which allows for surface drainage and are a typical method of tee construction in the industry.

Prior to planting an organic amendment will be added to help with establishment of the grass and long term maintenance. One difference at the North Golf Course compared to the other golf courses in Sun City is that the tees will maintain a geometric (squared corners) shape which is much more associated with the classic/historical golf courses. When the golfers return to the North Golf Course they will be treated to all newly expanded and level tees.

February, 2014! Do you believe it? Time does not slow down, unless you’re 10 years old and it is two days before Christmas! Summer is just around the corner and it’s only 337 days until next Christmas!

Speaking of time, the Bell Library will have a special writing class on February 6 and February 20 for those of you who are interested in writing your life story so that you may pass it on to your family. Nancy Tsuchiya offers her popular life story writing workshop this month. Space is limited, so registration is required.

Special thanks to everyone who donated material and time to the Book Store in 2013. The store is operated by volunteers and all the money that is made is put back into the Libraries. We do have minimal expenses but Mary Anne runs the store like it is her money and therefore the store is able to turn a very good net profit. Thank you for all your time and effort, Mary Anne!

Pat McGrath won the drawing for the oil painting. She selected the “Cardinal on a Fence Post” painting. Hope you enjoy the painting, Pat.

Our Book Buddy Program is always looking for volunteers to take Library material to individuals not able to leave their residence. We also would like to find more people to help. If you know someone that is physically unable to come to the Library or if they do not have the transportation, please let them know about our program. There is no cost to anyone involved. Phone number is the same as the Book Store, 602-651-2014. When someone answers, let them know who we can help and where they reside. If you wish to volunteer, leave your number and name.

Anyone interested in Martial Arts? Master Franklin Wood will introduce you to his Tai Chi program which is an internal Chinese martial art that is practiced for defense and health benefits. This program is available on February 4, 11, 18 and 25. Sessions will be 11:30a.m. to 12:30p.m. and 12:45 to 1:45p.m.

Author Visit – Dick Waters on February 7 from 10:00 to 11:00a.m. Dick is a Peoria award-winning author and his flash fiction stories have won 18 world-wide competitions. Copies of this latest book will be available for purchase and signing.

Speaking of writing, The Writing Critique Group will meet on February 8 and 22 for enthusiastic support and honest feedback. The Group meets the 2nd and 4th Saturdays of each month from 10:00a.m. to noon.

February 12 from 10:00 to 11:00a.m. The Society for Financial Awareness will present a review of tax planning and preparation. Space is limited so registration is required.

Tips for Seniors from Daily Fitness...
“Quality of Life” Requires Exercise

Bill Perry uses the leg curl machine, at Fairway Fitness, to improve lower body strength.

Bill Perry decided to beef-up his exercise program by enlisting the help of Daily Fitness trainer, Jane Fortier, at the FairwayFitness Center. Bill will be hiking the Grand Canyon in March, and needs to get his body ready for that challenge. Improving overall fitness will not only help Bill conquer the Canyon, but maintain good health and “Quality-of-Life.”

“Quality-of-life” is all about doing the things we want to do, without pain or discomfort, for as long as we possibly can”, states fitness professional Fortier. “This depends, to a large extent, on how well we maintain our level of fitness, as we age. Strength, endurance and flexibility are necessary for Bill to reach his goal. They’re also required for any senior to handle personal needs, household tasks, and social and recreational activities. As average life expectancy increases, remaining active, mobile and independent becomes more important.”

“Very few career, household or social activities provide enough energy expenditure to meet a person’s physical fitness needs”, notes Fortier.” Pushing a button to open the garage door, rolling a trash can out to the curb, or driving through an automatic car wash, contribute little to physical strength, health, and functional mobility. Luckily, much of the usual age-related decline in physical ability is preventable, and even reversible, through proper attention to fitness levels and exercise activity. Maintaining “quality-of-life” requires a regular exercise program - one that includes strength training, cardiovascular conditioning and flexibility work.”

Daily Fitness professionals are experts at designing such a program. Personal trainers assess a client’s needs, goals and medical issues, and then tailor programs accordingly. Clients learn to use exercise equipment safely and effectively for maximum results. To find out more about Daily Fitness services, call 623-256-7901, or visit DailyFitnessLLC.com.

RIDERS ON THE ORPHAN TRAIN

Sunday, February 9, 2014 at 2:00pm

Sundial Auditorium

Riders on the Orphan Train teams virtuoso musician Phil Lancaster (guitar, banjo and mando-cello) and award winning author Alison Moore (MFA, Katherine A. Porter Award, Dobie Paisano Fellow) to tell the story of the mass relocation of several hundred thousand children from NYC by rail to be chosen by new families at train depots in every state between the 1850s and the 1920s.

The Orphan Train story is of particular interest in Arizona, where an infamous 1904 kidnapping of orphans in Clifton and Morenci and subsequent court cases occurred. This event was revisited in the Tucson Citizen recently and Arizona audiences are particularly fascinated by this look at their history. And the Orphan Train story has a strong resonance for many and is of particular interest to train buffs.

What a story you must see and hear!

Do Laundry and Save Water

Did you know that washing laundry accounts for nearly 25% of a home's indoor water use and that conventional top loading washing machines use between 39 to 43 gallons of water per load? "Water Sense" and "Energy Star" labels were developed by the U.S. Environmental Protection Agency to help identify and promote water and energy efficient products. Combining a new, high-efficiency washer and utilizing conservation practices while laundering can cut water use by half.

Front-loading washers are the most efficient, using less than half the water of older, top-loading models. Front-loaders fill partially and tumble clothes through a small amount of water. This uses less water and less energy for heating water. Faster spin speeds extract more water from clothing reducing drying time, thereby reducing energy use (by as much as 60%). And no agitator means the machine is gentler on your clothes as well besides using less detergent. But don't worry; they clean clothes better since the rinse water doesn't drain through your clothes.

New top-loading "WaterSense" and Energy Star model washing machines may look like a conventional machine, but upon lifting the lid you will see there is no central agitator. Using a sophisticated wash system to flip or spin laundry through a reduced stream of water, these machines do not fill the tub with water. The rinse cycle uses a system of repeated high-pressure sprays in lieu of soaking in a full tub.

If you are considering the purchase of a new washing machine, keep some these tips in mind:

- Look for the U.S. EPA WaterSense and Energy Star labels. Whether you choose a front loading or redesigned top-loading machine, both models include innovations that help conserve substantial amounts of water (and energy).
- Select a washing machine with a tub volume under 4.0 cubic feet that uses less than 6.5 gallons of water per cubic foot. This can reduce water usage by (up to) 50%.

Try to wash only "full loads" but if you must wash a small load, be sure to select the correct water level on your machine. And to avoid costly energy charges, use cold water whenever possible and limit loads to "off-peak" hours.

Our goal is to be a club for individuals of every level of photography interest and skill. We provide both classroom and in-field experience to help members obtain the skills they need to produce the type of photography that most interests them.

Along with our "Grab (your camera) and Go" events which take members to local points of interest such as the Butterfly Wonderland, art museums and a poinsettia nursery, members also schedule overnight trips to places such as the Grand Canyon, Vermillion Cliffs, and Antelope Canyon.

As a club, we enjoy weekly restaurant dining and hold an annual dinner. Our membership and monthly educational seminar is the first Saturday in Sundial East Hall. Our clubroom is open 9:00a.m. to noon, Monday through Friday from October to May. (Summer hours are adjusted.) Consistently learning from each other, we host our own competition on the third Saturday at 9:00a.m.

Dave Halgrimson, a Photography Associate with Arizona Highways, will share his work experiences with us at our General Meeting on Saturday, February 1 at 9am at East Hall Sundial. Mr. Halgrimson is a member of Photography West.

For those wishing to learn the art of pouring their own molds, Bell Ceramics also offers a wonder class with an experienced instructor. Those new to ceramic art will find the Beginning Ceramic class of great value, where students are taught many techniques as they begin their creative journey in ceramics.

Bell Ceramics has an "in-house store" where members may purchase paints, brushes, glazes and other supplies at less than retail prices. The store also offers a place where members may sell their finished ceramics to store visitors and make a little profit from their craft.

Membership is available to anyone holding an RCSC card. Yearly dues are \$7. Each member must volunteer 10 1/2 hours a month in order to participate in classes and use of the kilns. Club hours are Monday through Friday, 8:00 a.m. to 3:00 p.m., Monday night from 5:30 to 9:00 p.m. and Saturday 8:00 a.m. to noon. Bell Ceramics is located at the Bell Center in the club courtyard south of the library.

Newcomer Hospitality

Are you looking to meet new friends or for something to do for fun? The Newcomer Hospitality Club has a variety of activities scheduled throughout the year, some weekly and some monthly. We are a social club open to all Sun City recreation cardholders both new and long-time residents and meet at Marinette Recreation Center.

Pizza/games night is on the second Friday each month. On the last Friday we have Potluck/games night. Both activities are followed by Bunco or you can bring your own game and ask others to play. Our Bridge groups meet twice a month in the evening and every Wednesday, during the day. Euchre is played on the 1st and 3rd Tuesday during the day. Our newest group, the Friendship Corner, meets on Saturday mornings for cards and games.

If you like to eat out, we meet for breakfast at JiMichaels on the first Monday of each month, and Dutch Treat lunch is scheduled once a month at various restaurants. Special events, such as our Halloween costume party, Christmas Party and picnic are planned each year. Come join us; you won't regret it. For more information, call Alice Hewitt at 623-933-5158.

Oakmont Lapidary & Silvercraft

Faceting is currently the rage at Oakmont Lapidary & Silvercraft Club. Our faceting instructors (Merle McDonald, Don Clingerman and Dan Schroeder) are very busy teaching all those interested in learning how to make regular pieces of glass look like diamonds and precious stones. Members demonstrated faceting at the Arts and Crafts Fair in November and the club has gained new members wanting to learn the process.

Congratulations are in order for our club President. He was elected to the RCSC Board of Directors. Of course, that means he will resign as President and a new President will be elected. John Schmidt has the honor of being President for 2014. Other officers for 2014 are Carol Hager (Treasurer), Sharon Desnoyer (Secretary) and Dorcia Beland (Vice President).

Oakmont Lapidary has new hours. We are open Monday through Thursday 8:00a.m. to 3:00p.m. and Friday from 8:00a.m. until noon.

Anyone interested in visiting our store, joining the club and/or taking classes can visit the club during our open hours. The club is located in the Oakmont Recreation Center across from Fry's Grocery at 107th Avenue and Oakmont Drive and is open to all RCSC cardholders.

Canasta Club of Sun City

If you are looking for something fun to do on Friday mornings, join us at the Canasta Club. We meet at the Oakmont Center starting at 9:30a.m. for a social gathering and begin Canasta at 10:30a.m. or earlier if everyone is present.

There are four at each table, playing as partners. You do not need to bring a partner as we make sure you meet everyone while changing tables as the games progress. We play three hands, with winning partners advancing to the next table where they exchange partners and play another three hands. The day ends after you have played nine hands, covering three tables. And you will have possibly made seven new friends!

Our group consists of men, women and couples. We do not break for lunch, but there are always snacks that members bring to share. On the first Friday of each month, we celebrate that month's birthdays with coffee and cake. We charge \$1 a week, with a \$5 per year membership. If it has been years since you have played Canasta, don't worry - we will give you a brush-up course on your first visit. Please come and join us! For more information, call Linda at 623-972-0107.

Bell Stitchers

The Craft Fair was a huge success for the Bell Stitchers. Our club brought in about 20 containers filled with items made to sell. Our coffers now have sufficient funds to purchase new equipment and items needed to continue our club's number one objective - sewing clothing for needy children. The appreciation we receive from these donations spurs us on to sew more outfits.

We also sell items year-round in our boutique so if you are in need of reasonably priced items made in the USA, please stop by.

We are always in need of sewers and would love to give you a tour of all the equipment available for our members to use. Each new member brings fresh ideas helps to keep the items we sell up to date and current. Membership is limited to RCSC cardholders and dues are \$3.00 a year.

Winter club hours are Tuesday from 9:00a.m. to 3:00p.m., Wednesday from 9:00a.m. to noon and Friday from 9:00a.m. to 2:00p.m. Join us for a cup of coffee/tea, cookies and lively conversations. We are located in the craft village at the Bell Center.

Most of the clothing made is done through the generosity of donations. If you have any sewing material (especially cottons) and/or supplies, our club would be glad to recycle them. Call Mary Jane 623-583-7160, Caroline 623-875-4992, or Mary B. 623-972-2007 for additional information.

Sun City China Painting

Have you ever wanted to learn to paint on china? If you have, Sun City China Painting Club located on the second floor of the Fairway Center is the place to come.

New Beginner Classes are started on January 16. Two talented teachers, Judy Anderson and Jan Constantine show you step by step how to complete a beautiful monochromatic floral plate. These classes are six weeks long so before you know it, a new session will be starting.

Besides beginner classes, we have specialty classes and Fridays with Donna Harvat, a very well-known china painting teacher and artist. We also have workshop days, potlucks, special raffles and fun meetings.

On Saturday, March 8, Fairway will be hosting a Spring Fun Day. China Painting members will teach you to make a wonderful porcelain egg which you can take home at the end of the day. Just bring your RCSC card and about a half hour of your time, we'll help you with the rest.

Come join our club, we're open Monday through Friday and can't wait for you to have fun with us.

Book in Hand Club

The Book in Hand Club meets year-round because those who love to read and share their reactions do so "come hell or high water" i.e. during Arizona's summer heat or the occasional flooding of the Salt and Agua Fria Rivers. Meetings are at 1:00p.m. on the second Friday of the month in Room 217 at Fairway Center.

In September, the group of 44 accepted an invitation from the Fairway China Painters to share their clubroom, which has more table space. Now readers can make use of the club's small refrigerator and enjoy refreshments. There are no dues and only one annual business meeting is held to elect officers.

To date, the group has discussed 15 books, both fiction and non-fiction. Book selections can be found under Club Events each month in SunViews. Books are chosen by consensus and selections put on reserve by Fairway Branch Librarian Gail Ellis. Discussions are moderated by President Jeri Hauff and members are encouraged to contribute to the lively conversation. Newcomers must show a valid RCSC membership card.

The club will participate in the Sun City Orientation on February 5 and the Fairway Fun Fair on March 8. For more information, call 623-444-9160.

Hatha Yoga

Whether you practice yoga on a regular basis, or you're a new yogi looking to develop a peaceful mind and a healthy body, Hatha Yoga may just be the path for you. Classes are held at the Sundial Recreation Center; they're multi-level, and you do not need prior yoga experience to participate.

With regularly scheduled classes (nine mat and three chair), taught by friendly and experienced instructors, men and women are warmly welcomed each day of the week except Sundays. Times vary so if early morning isn't your style, come to a mid-morning or early- evening session.

All you need is a yoga mat, a small blanket or a beach towel and a willingness to immerse yourself in an hour-and-a-half session. Many practitioners enjoy increased flexibility, additional strength, improved muscle tone, better balance, joint health and a plethora of pluses.

If practicing yoga on the floor may be too difficult, chair yoga classes are available. Instead of working on a mat on the floor, students simply perform the moves from a chair. Each chair class is led by specially trained teachers.

The amazing thing about yoga is that your practice is always evolving and changing, so it never gets boring. Anyone can enjoy the benefits of yoga. Is it time for you to get started?
