Rough Often Difficult to Keep Green

Spanning 1,100 acres within six miles, just about everywhere you go in Sun City AZ, you're bound to cross one of our eight golf courses. And that also means there are several thousand "golf course property" homes which enjoy the peace and view that comes with these prime locations. While RCSC is committed to water conservation and turf reduction on our golf courses, good grass on the courses is a big part of the landscaping that homeowners bordering these golf courses truly value.

Growing grass in the Phoenix area is much different than other areas of the country. All homes bordering RCSC courses are planted with bermuda grass, which can tolerate summer temperatures, and is allowed to go dormant in the winter months. As temperatures rise in the spring it begins to emerge from dormancy, begins to turn green and produce seed heads. However, it does not begin to actively grow nor produce stolons (or runners) until overnight lows are consistently in the 60 degree range. In addition, bermuda grass is not shade tolerant and there may be some areas near homes where it might appear somewhat unsightly during certain periods.

Overseeding is a lawn maintenance process that RCSC golf maintenance crews must address each year as we transition from summer grass to winter grass.

Should you notice green grass underneath trees this time of year, what you are likely seeing is winter rye grass, which is a cool season grass and much more shade tolerant. Rye grass is seeded in the fall for those wishing to have green grass during the periods of bermuda dormancy, generally October through May. Rye grass is also seeded throughout the "in play" areas of our golf courses

(tee boxes, fairways and greens), but is not seeded in the rough areas. It would be far too costly to overseed and maintain the roughs throughout the winter nor is RCSC allotted enough water by the Arizona Department of Water Resources to do so.

Though the roughs may not be actively growing, they do produce seed heads that grow much taller than the plant and become unsightly if allowed to grow, which is why RCSC golf maintenance crews must mow the rough this time of year. It may sometimes appear that crews are merely mowing dirt and oftentimes golf course property owners might feel that mowing these areas is unnecessary.

Since the bermuda has not fully begun to grow, it does not use as much water as it will later in the year. The golf course superintendents currently have systems set to water at reduced levels on a nightly basis. As temperatures rise and the bermuda begins to absorb more water, these percentages and/or frequencies will be increased. The goal throughout all of the courses is to get the rough areas as healthy as possible going into the fall, to help absorb the increased traffic that occurs in the winter months. By the end of the dormant season, these areas have received a lot of traffic and are thin and weak, particularly in areas that do not fully develop due to environmental conditions. As we move into May, watering will be increased and the bermuda will begin to recover.

With renovations to Willowcreek/Willowbrook scheduled to begin in April 2017, the perimeters of those courses will receive much needed attention in the form of turf reduction. This work will significantly reduce the amount of water used on a yearly basis by installing low water usage landscaping around the perimeters of these courses. Lakes East will be undergoing a similar transition this year, slated to be completed in October. The water savings at Willowbrook alone is estimated to be over 35 million gallons per year.

RCSC Board Holds Night Member Exchange on Monday, May 9

Looking to hear from Members that work full-time or have other daytime commitments, the RCSC Board of Directors will hold an evening Board/Member Exchange on Monday, May 9 at 6:00pm in the Lakeview Recreation Center, Social Hall 3.

Board/Member Exchanges are typically held on the second Monday each month (except July and August). While the Board normally hosts two evening Board Meetings during the year, this is the first Member/Exchange to be held after hours. Many Members request that evening meetings be held on occasion since they are unable to attend during the day and this affords working Members the opportunity to come and share their concerns with the Board.

The meeting agenda will be available online at www.suncityaz.org under Recreation Centers, Corporate.

Social Hall #3 is located on the upper level of the Lakeview Center at 10626 W. Thunderbird Blvd. in Sun City.

RCSC Candidate Packets Available June 1

While the RCSC Board of Director elections may be months away, it is not too early to begin thinking about giving back to the community by becoming a candidate for upcoming Board vacancies. There will be three vacancies to fill in this year's December election, with each being a three year term.

Candidate packets will be available for pick-up on Wednesday, June 1, 2016. Those interested in obtaining a packet must make this request in person at the Corporate/Board Office at Lakeview Center (lower level) and present their RCSC Member card. The deadline for packet submissions is no later than noon on Friday, September 30, 2016.

Requirements to become a RCSC Board candidate:

- Must be at least fifty-five (55) years of age;
- Must not be related by marriage or

- birth to any other member of the Board, Sr. Management Staff, or Board Candidate;
- Must be a Deeded Real Estate Owner of property in Sun City, Maricopa County, Arizona;
- Must be a Member in good standing;
- Must reside in Sun City, Arizona and be available at least ten (10) months of the year;
- Must meet the requirements to hold an Arizona liquor license (RCSC holds liquor licenses which require Board officers to be included on the licensing);
- Must be eligible and available to serve a three (3) year term; and
- Must be available to attend Board Candidate Orientation(s).

Candidates must also submit a fully completed RCSC petition, signed by 100 or more Members in good standing, along with all other forms provided in the RCSC Candidate Packet.

A successful candidate will:

- Have a strong desire to serve Sun City;
- Be fair and courteous;
- Use good common sense;
- Have good communication skills;
- Be willing to work as part of a team;
- Ability to prioritize - policy and projects; which will have the greatest benefit for the most members; and
- Be willing and able to dedicate the necessary hours to be an effective Director.

Candidates will be introduced at both the October and November Board meetings and candidate forums that will be held in the fall. Forum locations and dates will be announced at a later time.

Spring 2016 Sun Bowl Shows

Free for RCSC Cardholders & their escorted guests

Johnny K & Kompany

Sunday, May 1 • 7pm

Get ready once again for a super dance show at the Sun Bowl that includes all of the great music from the 50s, 60s and 70s. Johnny K promises to bring back the good times with some of your favorite oldies like Stand By Me, Unchained Melody, Rock Around the Clock, Proud Mary, Brown Eyed Girl and more. With an unforgettable vibe that will take you back to a time when life was simple, Sun City AZ welcomes this fantastic band back for an encore performance!

Yesterday Once More

Sunday, May 8 • 7pm

Here's the last chance to dance it up before summer really arrives in Sun City AZ with this sure-to-please oldies band. You want it, they play it – from doo-wop to Motown – in a repertoire of hits that spans the 50s and 60s along with a little British invasion on the side.

Bring your lawn chair or blanket and be prepared to show your RCSC Member or Privilege Card (with photo) for entry; no key fobs accepted.

Gourmet food vendors arrive 1-1/2 hours before the show. All Sun Bowl shows are equipped with FM simulcast at 96.1 FM. Bring your device & headphones so as not to disturb your neighbors.

The Sun Bowl is located on 107th just south of Peoria Ave.

Rain Location: Sundial Auditorium at 103rd & Boswell; call 623-972-6014 for recorded message.

Golf Report

Pro Shops

With the help of leap day, February rounds played for all courses posted the 2nd highest total since 2009 and posted 248 more rounds than last year. Year-to-date rounds remained mostly flat compared to prior year with 257 additional rounds played. Total rounds for the year are slightly behind our ten year average.

We have scheduled our first night golf event of the season for April 23 at Lakes East golf course. Check-in will begin at 6:00pm, dinner will be served at 6:30pm and play will begin at 7:30pm. The cost of the event is \$30; your fee includes dinner, first night-golf ball, night-golf accessories, prizes and more! Applicable green fees will be paid on the day of play. Sign-up sheets will be available at each pro shop.

The 2016 Can/Am event increased participation over its inaugural year with 120 participants registered to play. Participants proudly displayed their love for their respective countries through their attire and golf cart decorations. The American team retained the cup, edging out the Canadian team for the second consecutive year. A Pebble Beach vacation and a golf cart provided by Desert Golf Cars were available for a hole-in-one but went unclaimed. We hope to have a full field in 2017 and invite everyone to come and join the fun.

We have recently acquired the use of a Ping fitting cart. Our members will soon be able to schedule Ping club fittings through our teaching professionals. Please look for announcements in the very near future and we remind everyone that we can match prices offered by the “big box” stores on most current model golf equipment. Please contact Brian Duthu or Chris Linam at Riverview Golf Course for your special orders.

Snack Shops

Good weather and the extra day in February proved beneficial to our Snack Shop revenue as well; Snack Shops exceeded budget by \$6,415. We thank everyone for their continued support.

Golf Courses

The unseasonably warm weather has begun to bring the Bermuda grass out of dormancy. To take advantage of the extra growing season we have begun to water the roughs sparingly. In addition to Bermuda, unwanted grasses are also beginning to grow in the rough areas. Though the growth rate in these areas is not significant, they do require occasional mowing.

Divot repair tools are now available at each golf course and are provided free of charge. The tools are provided to encourage our members and guests to repair ball marks on the green.

Following are tips to properly fix a ball mark:

- 1. Close the gap/hole with putter by patting down the ball mark.
- 2. Insert divot tool on the high side behind ball mark and push the back toward the center.
- 3. Do not pull up, twist or lift with the tool.
- 4. Push both sides of the ball mark into the center.
- 5. Gently tap the surface down with putter.
- 6. Never use loosened turf for repair

Lakes East will close May 2 to begin it's irrigation project and is expected to remain closed through overseeding. As part of the project, an additional 10 acres of turf have been identified for reduction. During renovation, the large decorative rock will be replaced with quarter minus sized gravel and will be

a playable surface. The decision to “play it as it lies” has not been determined. The current planting will also be replaced with drought tolerant plants that will also provide a much improved color palette.

Lawn Bowl and Grounds

Jim Wellman has presented a finalized plan to replace the awning at the Bell Center greens. The new awning will be shifted to the south and have a lower peak. The new position will not cast a shadow onto the North green.

Regular mowing and rolling of greens has started. Beginning in April the greens will be aerified using a solid tine. Solid tine aeration opens the soil without removing a core. It's an effective way to increase gas exchange and drainage at the root and is less stressful to the turf than core aeration.

Grounds crew are performing normal spring time maintenance at all centers. This has been an exceptionally good spring for weed growth. The grounds crew has been constantly treating weeds as they appear on a regular basis. The fast growing nature of weeds often gives the appearance that the culling of weeds has been neglected, rest assured the grounds crew will not be far behind.

Water Conservation Efforts Kick-Off

Work begins in May on the Lakes Golf Course, marking the beginning of further water conservation efforts being implemented by the Recreation Centers of Sun City. Below are the turf conversion to landscape plans prepared by Gary Brawly Golf Design and In2It Studio. Full-scale drawings are posted for viewing by RCSC Cardholders at the Lakes Golf Course Pro Shop on Talisman Road.

Also starting this month at Willowbrook Golf Course is work on the lake and pump station. No course closure is anticipated, although there may be some noise disruption associated with the general construction process.

We appreciate your patience and cooperation with these on-going efforts to enhance our courses and conserve water for the future in Sun City AZ.

Beat the Heat - Go Bowling

The calendar might only say May, but once the temperature hits the triple digits (if it hasn't already), it's time to head to the RCSC bowling centers to beat the heat!

Bowling is a great sport that offers many health benefits to those who play regularly which can contribute to a healthier lifestyle overall. It's a very good form of relaxation; it helps you to socialize and reduce stress and acts as a stimulus for your competitive nature.

Stretching and warming up before you start bowling is highly recommended. Even if you only bowl once a week, you'll be lifting your ball, twisting, walking and swinging with every frame. Bowling also helps you burn fat. A game of bowling can burn anywhere between 170 to 300 calories pending upon your weight and how much effort you use.

For many, bowling is less sport and more social. While improving your game might be your ultimate goal, spending some time at the bowling center with family or friends is a great way to stay out of the heat and have fun at the same time. Some psychologists recommend that making new friends (which you're bound to do when bowling) can actually improve heart muscles and increase your longevity.

And don't forget - heat can also play havoc with your equipment. If you don't have a locker to store your bowl at the bowling center remember to bring it into the house. Leaving a bowling ball in a hot garage is just as bad as leaving it in the trunk of the car.

As always, RCSC bowling staff are on-hand to help you get started. If improving your game is your ultimate goal, lessons are available as well (for a nominal fee).

Yes, we know it's getting hot outside. But being at the bowling centers is very, very cool!

A Moment with President Schroeder -

In My Humble Opinion: Slow Down! Take Time to Smell the Roses!

Very few of us were born with a silver spoon in our mouth. We have worked hard all our lives, scrimping and saving to get where we are today. Residing in a comfortable, affordable home with endless possibilities for ways to enjoy our days. Some of us may still be working while others may be having financial or medical difficulties that cause life to be stressful and sometimes downright unpleasant.

But what some of us fail to realize at times, that despite our age, circumstances or limitations, the world includes more than just us.

In Sun City AZ, we truly believe that everyone is equal and all should be able to partake in the activities that they find pleasurable. Sometimes, however, member's expectations are impossible to fulfill. There is sometimes a sense of entitlement and that it should be "my way or the highway."

Fairness and respect are the forces that rule and regulate many of the activities in our community. Whether it is the use of equipment at a club, presenting your RCSC Member or Privilege Card to gain access to free events and concerts or play on the golf course, keeping in mind the requirements and the impact your actions have on others is paramount.

Be kind and let the person behind you in the grocery line with only one or two items go ahead of you. Realize that taking the time to smell the roses is a blessing, not a curse. What is the hurry? Slow down and live! Next time you're out for a walk, say hello to those you pass and give a wave to the cars driving by.

The RCSC Board of Directors, along with management and staff, value member comments and opinions. But just because something is not your "cup of tea" so to speak, doesn't make it wrong for others to find it enjoyable.

IMHO (which stands for "in my humble opinion") is one of those abbreviations that has crept into mainstream usage and could be seen as a "gentle disclaimer" that while your opinion may be important to you, the world won't stop or change because

of something you don't care for.

Some of the time, we really do need to bite our tongues and think about who is on the receiving end. As irritating as phone solicitors may be, they are just normal people like you and me doing a job. Think about that the next time you want to let somebody know how you really feel. Did that person really make the rule or are they just the messenger?

If you really want to change things, be a part of the solution. Volunteer. Help make a difference instead of merely complaining.

Stop. Think. Be kind. Even if it is just your humble opinion, sometimes it is best to just keep it to yourself.

Dan Schroeder

Management Updates

Financial Report:

We have completed February 2016 well within our operating and capital budget. Every division net operations year to date before depreciation is better than budget. One of the most frequently asked questions about our financial operations is how the photovoltaic (“PV”) solar systems have worked out.

There is a full article on the front page of the SunViews today, but as a matter of record all PV solar systems have been online, functioning and producing electricity as of September 2013. The weather obviously makes a considerable difference in the amount of energy used and produced, which is evident in the comparisons between 2014 and 2015. Nonetheless, these first full two years of PV solar production provides good information that our projections were sound.

In 2014, the PV solar produced 3,951,496 kWh of electricity at a value of \$479,356.95 for the year. RCSC received \$189,211.01 in APS rebates for a total savings of \$668,567.96. The solar lease cost RCSC \$578,283.00, for a net savings to RCSC of \$90,284.96.

In 2015 the PV solar produced 3,783,354 kWh of electricity at a value of \$483,182.61 for the year. RCSC received \$181,404.78 in APS rebates for a total savings of \$664,587.39. The solar lease cost remained the same at \$578,283.00, for a net savings to RCSC of \$86,304.39.

As electricity costs rise, the savings extended to RCSC with the production of electricity by the PV solar systems will also increase.

Bowling:

Starting the last Sunday of May, Bell Lanes will begin the monthly summer no-tap bowling tournaments. The tournaments will be held the last Sunday of each month and end the last Sunday of September with a Scotch Doubles tournament. All bowlers are welcome whether USBC certified or not.

The bowling division recently held their annual league officers appreciation tournament. League officers are an integral part of bowling and the bowling division hosts the tournament every year to show RCSC’s appreciation for all of the hard work the officer’s perform throughout the year. All bowling league officers were invited to participate for cash prizes and drawings for three different bowling balls.

Cardholder Services:

Payments on past due assessments increased slightly in February but were still below the monthly average for the past 12 months. Overall accounts receivables decreased by 1% with the Over 90 Day balances decreasing the most – indicating that payments outpaced the aging of invoices this month. Both the Over 30 Day and Over 60 Day categories saw net increases in February. Payments from our third party collections firm continued strong in February and year-to-date payments total \$33,292. While there was a larger amount of payments received this did

not impact total accounts receivable balances as several of the large payments were from former property owners.

In February, property transfer related balances decreased by 2% and lender owned related balances decreased by 27%. The cyclical nature of these balances continue to show that they are dynamic over time. Outstanding balances related to property transfers continues to represent approximately 53% of all receivables due and past due balances.

Payments made by Cardholders through the online RCSC Web Portal in February totaled \$86,811. This is the highest monthly payment total for online payments. Year-to-date web portal payments total \$154,707.

Trustee sale notices on Sun City AZ properties decreased to 41 properties at the end of February. The number of properties owned by lending institutions decreased again this month to 32 properties. The latter of these is the lowest total tracked in the past 4 years.

Preservation and Improvement Fees collected in February were \$539,100, which is \$73,600, or 16%, over the amount budgeted. Year to date PIF fees are \$1,074,600, which is \$269,600 over budget for the year and up 14% from 2015. Again a reminder that we intentionally budget PIF income very conservatively to assure that we have the cash on hand for any planned project as we remain debt free.

Human Resources:

H.R., I.T. and Accounting have been working on reporting requirements of the Affordable Care Act (ACA) over the past few months. As a large employer, RCSC is required to document all employees eligible to receive health care coverage by a monthly breakdown. This includes access to health care coverage in the workplace and information about the quality of coverage offered. Forms are required to be filed with the IRS and sent to every employee who, according to the ACA rules, is deemed to be full-time. Submitting the forms timely avoids any penalties the IRS may impose. This is the first year the ACA has required filing of the forms.

Twenty-two individuals have been hired to fill job openings at RCSC year to date. Four of the individuals are full-time and the remaining eighteen are part-time.

Member Services:

On Wednesday, March 2 the Roy Orbison tribute played to a sold out crowd. Many people tried to get tickets at the last minute and there were just none to be had. It was an incredible story and performance!

The following Wednesday, March 9 we had yet another full house. Over 40 members of the United States Air Force Band of the Golden West took the stage for 90 minutes of some of the finest orchestral music from the west coast.

RCSC Management Reports are presented at RCSC Board of Directors meeting each month, posted on the website at www.suncityaz.org (under the Recreation Centers), and sent via email to RCSC Cardholders who have signed up to receive RCSC News Alert Emails. These reports were presented to the Board on March 31, 2016.

Project Updates

- General Information**
 - Contractor proposals are currently being received for roof and building repairs for fifteen “on course” restrooms at RCSC golf courses.
- Oakmont Center / North Pro and Snack Shops**
 - The Oakmont renovation project is well underway with all the building exterior siding removed. Items we found that need to be corrected include: minor termite damage in the northeast corner of the Weavers Club room, aluminum electrical wiring, electrical wiring done incorrectly, galvanized plumbing pipes, improper or missing framing components, missing wall insulation and dry rot around the Facility Attendants office. Currently the electrical wiring repairs and termite repairs are completed. In addition, a full pre-treat of the building's foundation and lower framing has been done. Next steps include the replacement of galvanized plumbing piping, installation of new wiring for walkway lighting, replacement of missing insulation and installation of new windows and doors.
 - The Oakmont project also includes exterior weatherization and stucco of all remaining buildings, rework of soffits and fascia boards, new gutters and downspouts, some sidewalk replacements, installation of an ADA ramp into the Lapidary/Silver club, remodel of the two restrooms by the auditorium and patio repairs. Contractor for this project is Ken McIntyre Construction. (Cost – \$288,000)
 - A 7.5-ton and a 10-ton split mechanical (HVAC) systems with gas heaters were replaced at the North Pro and Snack shops. The new Trane systems were required to fit into the “tight closet” where the former 23 year old units were installed. Contractor was Custom Cooling. (Cost – \$23,373)
- Mountain View Center**
 - The Mini Golf course at Mt. View has been completely re-carpeted. Contractor was Floors at the Arizona Design Center. (Cost – \$31,330)
- Fairway Center**
 - The dust collector at Fairway woodworking had the primary and secondary filters replaced. Contractor was Air Energy Systems and Services. (Cost – \$5,451)
- Lakeview Center / Duffeeland Dog Park**
 - Two new 4' x 8' Tennis practice hitting boards were constructed and installed on tennis court #1. Contractor was the RCSC Skilled Trades Department. (Cost – \$100)
 - Two new shade canopies and a water fountain will be installed in April at Duffeeland Dog Park. Contractor is USA Shade. (Cost – \$18,496)
 - Four new LED flood lights have been ordered for the Lakeview mini golf course. The new light fixtures will be installed by the RCSC Skilled Trades electrician. (Cost – \$1,000)
 - Contractor proposals are currently being received for remodeling of the east Lakeview Lanes restrooms and the upstairs restrooms by the red entrance at Lakeview Center.
- Quail Run Golf Course**
 - A section of powder coated steel fencing was installed to replace some unsightly fencing by the #1 tee box. Contractor was Sav-On-Fence. (Cost – \$2,400)
 - The block wall which runs around the perimeter of the Quail Run golf course is being spot repaired and repainted on the golf course side. The contractor is also repairing and repainting a few unsightly sections of the same wall on the Grand Avenue side. Contractor is Ken McIntyre Construction. (Cost – \$15,744)
 - Contractor bids are currently being received for some remodeling work on the Quail Run Ramada structure. The work includes: replacement of all fascia boards, installation of a new ceiling and replacement of the rusted out florescent light fixtures with LED recessed lighting. The aforementioned improvements are needed to keep the structure in good repair, improve lighting and stop the pigeons from roosting in the pocket areas where the roof trusses and the walls come together
- Bell Center**
 - The wood support structure from which the 2,080 pound Liberty Bell hangs has been replaced using a new white oak beam constructed by the Bell Woodworking Club in accordance with the structural engineer's requirements. Thanks to Bell Woodworking for donating their labor to construct the specialized beam. Contractors were Starling-Madison-Loftquist (structural engineer), Ken McIntyre Construction and Bell Woodworking. (Cost – \$4,700)
 - The second set of bi-parting doors at Bell Lanes on the 99th Avenue side of the building were rebuilt by replacing the motor, gear box, controller, drive belts, brackets, idler tensioner, new sensors and other needed hardware. Contractor was Vortex Industries, Inc. (Cost – \$4,934)
 - The pole lights on the 18th hole at Bell mini golf were replaced with LED fixtures. Contractor was Accel Electric. (Cost – \$5,601)
 - Three new steel base cabinets with stainless steel counter tops and sinks have been ordered for the Bell Silvercraft Club. Contractor is Wasserstrom & Sons. (Cost – \$10,876)
 - Two new sets of very long wood base cabinets are being constructed and new stainless steel counter tops and sinks have been ordered for these cabinets. The new cabinets and counter tops will be installed in the Bell Crafts Club. Contractors are Wasserstrom & Sons and the RCSC Skilled Trades Department. (Estimated Cost – \$5,736)
 - Wall repairs are currently underway for a water damaged section of wall by the Bell social hall kitchen. Contractor is DFG Builders. (Cost \$2,687)
 - Warranty cool decking repairs around both pools and outdoor spa are being scheduled at this time. Contractor is Spartan Concrete. (No cost to RCSC)
 - Contractor proposals are currently being received for complete remodeling of the Bell Library restrooms, west Bell Lanes restrooms and Clubs restrooms.
- Riverview Pro / Lakes E-W Snack Shop**
 - New window tinting has been applied to the west facing windows at Riverview Pro Shop. Contractor was All Pro Window Tint. (Cost – \$975)
 - A new stainless steel counter with stainless top and a new condiment counter with stainless steel top are being fabricated for the Lakes East/West Snack Shop. Contractor is Wasserstrom & Sons. (Cost – \$7,204)
- Marinette Center**
 - The Marinette pool and spa have been shut down from Monday, March 21 through Sunday, April 3 for warranty cool decking repairs. Contractor is Spartan Concrete. (No cost to RCSC)
- Skilled Trades Department**
 - A new Ford F-150 pickup was purchased to replace a worn out 1998 Dodge pickup. The new pickup was also outfitted with a roof rack and cross-body box. Dealer was Sanderson Ford and equipment vendor was Auto Safety House. (Cost – \$28,517)
 - The RCSC Skilled Trades Department completed 281 work orders during the last two weeks of February 2016 and the first two weeks of March 2016.
- Centers Operations**
 - During the past month we have been playing a different radio station at Sundial pool and fitness center due to cardholder requests for something different than 94.5 KOOL FM. That station is 92.7 FM. Sundial is currently the only location with a digital tuner and was used for testing and cardholder input. This FM station is more 60's oriented, playing artists like The Beatles, Tommy James and the Shondell's, The Righteous Brothers and Sly and the Family Stone with very few commercial interruptions. All great stuff! So far cardholder response has been very positive. If response stays strong for this station, we will look at purchasing additional digital receivers for the other centers. Stop by and listen when you get a chance.
 - New Rol-Dri seamless sponge roller water remover units have been installed at the Marinette pickleball courts. These units will help in getting play safely started during times when rain and water need to be removed from the playing surface.
 - Now that the weather is getting warmer during the day, a game of mini golf in the evening at Bell would be a lot of fun and much cooler. New LED lights have been installed near the 18th hole which has made a big difference in the visibility. Not only is it easier to see, but the bulbs will last much longer and are far cheaper to operate than the old light fixtures. Bell mini golf is open until 9:00pm Monday through Saturday and until 8:00pm on Sunday.
 - Congratulations to the following employees for their RCSC anniversary milestones: Bob Becker 5-years; Jan Dallai, Rich Grieves, Sharon Johnson and Anita Dahl 10-years; and Bob Stephenson 15-years.

News from Friends of the Libraries

Friends of the Sun City Libraries, Inc.

BREAKING NEWS

Volunteer of the Year: At the 2016 Volunteer Appreciation Dinner, Mildred Stevens was named the Friends Volunteer of the Year. Mildred has been volunteering for the Friends for 19 years, and has logged over 7,000 hours during that time. She still works three days a week in Books Around the Corner. The Annual Banquet honored the 85 volunteers who gave 10,206 hours during 2015. Friends, an all volunteer organization, uses volunteers in its Bookstore, Book Buddy program, the Bell and Fairway Libraries, and on its Board of Directors. Mildred Stevens is pictured with Friends President, Marcia Davis (right).

BREAKING NEWS

Book Sales: The Mother's Day Book Sale will be Friday, May 6, and Saturday, May 7. All books with women authors will be half price. May will also feature a special tabletop sale featuring World War I and II and Abraham Lincoln books. Sales are only possible because of the generous donations to Books Around The Corner from Sun City AZ citizens. Thank you!

BREAKING NEWS

New Officers: At the Friends Board of Directors annual meeting, new officers were elected. Marcia Davis moved from Vice President to President. Judy Wannamaker is the new Vice President. Pat Bates assumed the secretary's job. Sue Painter continues as treasurer. Because of six-year Board term limits, the Board is always looking for new members. Please consider joining these Library supporters. Applications are available at Books Around the Corner, or at www.suncitylibraryfriends.org.

BREAKING NEWS

Book Buddy: The Friends Book Buddy Program has a host of volunteers who pick up and deliver books, DVDs, etc. to people in the Sun City AZ area who cannot get to either Library. There is no charge. If you know of someone who could use this delivery service, or are interested in volunteering, call the Bookstore at 602-651-2014. Leave your name and number. We need patrons and volunteers. Please consider this manner of giving back to your community.

BREAKING NEWS

May Library Programs: There are just too many great programs being offered in May to list here. To get program details, go to the MCLD website, <http://www.mclldaz.org/>.

BROKEN NEWS

None of the preceding news items are really breaking, since copy for SunViews must be submitted well in advance. This "Breaking News" thing seems to be the latest gimmick to get our attention on television. Did you just get sucked in again? You see, it works!

Water Conservation

Water & Electricity Don't Mix; Or Do They?

Everyone knows that water and electricity don't mix, but when it comes to conservation, they do make smart bedfellows. Did you know that turning off a light can help conserve water? Power plants use thousands of gallons of water, requiring more water on average to generate the electricity that lights our rooms, powers our computers, TVs, and household appliances than the total amount of water we use in our homes for everyday tasks - washing dishes, laundry, showering, toilets, watering lawns, etc. So when we say the average household uses approximately 80-100 gallons per person per day, it doesn't include the water we use in an electrical footprint.

A power plant takes water from rivers, lakes and aquifers and loses immense amounts to evaporation. Just the tiny amount of electricity it takes to power one 60 watt incandescent light bulb evaporates 3,000 to 6,300 gallons of water annually. How many 60 watt light bulbs are burning in your home on any given evening? Could you do with one less? Two? How many times do you leave your television on while "just running up to the corner store," or found in the morning you forgot to turn off the light over the stove?

Conserving our water for generations to come only begins with managing the obvious: leaks, appliances, shorter showers and "mellowing" the toilet." Hidden water usage needs as much attention to preserve our world's natural resources for our children's children. If that doesn't work for you, just think of the money you'll save by not only conserving water, but also that you will save by practicing conservation of electricity as well.

*How many lights do you see on in this kitchen photo?
How much water is being wasted? We count 12 fixtures
wasting possibly over 75,000 gallons of water.*

Updates

(continued from page 8)

The Sun Bowl spring series began Sunday, March 13 with the highly requested sounds of House of Steel. Fifteen minutes into the show the dance floor was rockin' non-stop.

On Wednesday, March 16 we were back at Sundial with The Garth Guy. This show was loaded with talent as Dean Simmons performed one Garth Brooks hit after another. Two standing ovations let us know that this show was definitely worth the wait.

On Saturday, March 19 we held our first Senior Prom, dancing to the Realtones. Everyone was beautifully dressed in gowns, party dresses, tuxes and even tails. Elegant "Enchanted Evening" props were placed throughout the auditorium for memorable photo opportunities. A King and Queen were chosen, and the queen delighted in her reign. So many commented that they can't wait to do it again next year.

The following evening, we were back at the Sun Bowl, as Sun City AZ came alive with Jumpin' Jack Flash, a Rolling Stones Tribute. The bowl was packed, as was the dance floor. It was very entertaining to watch the authentic moves, sounds and mannerisms of Mick, Keith and the rest of the Stones.

On Wednesday, March 23 we were back at Sundial with Tonight's the Night, a tribute to Rod Stewart! Rob Cahill is one of the top-rated Rod Stewart tribute artists on the circuit today. He is another artist whose stage presence, sound and mannerisms are so true to the original artist that it's uncanny.

On Saturday morning March 26 we returned to the Sun Bowl as kids of all ages came to hunt for some of the 4,000 stuffed eggs that were laid out throughout the bowl. There was candy, prizes, face painting, pony rides and a petting zoo. Families had so much fun as laughter and excitement filled the air and they made Easter time memories.

On Easter morning, the United Church of Sun City celebrated with hundreds of worshipers during our annual Sunrise Service at the Sun Bowl. What a beautiful and glorious way to celebrate Easter!

The evening of Easter at the Sun Bowl we welcomed the original Kingsmen. From the moment they first voiced those infamous words "Louie Louie," they were launched into America's mainstream rock and roll conscience and they've never looked back. The Kingsmen sounded better than ever. You can easily understand why Sun City AZ is The Original Fun City!

NextGen Serves Up Hope for St. Vincent de Paul

Twenty-two members from the RCSC chartered club, NextGen, lent a helping hand at the Henry Unger Memorial Dining Room on Saturday, April 2, 2016. This dining room is part of St. Vincent de Paul and is located in Downtown Phoenix. The NextGen volunteers worked with two other groups to serve 561 meals to those in need and helped with a wide variety of jobs including serving food, cleaning tables, beverages, trash removal, greeting clients and making popcorn. Everyone pitched in on final clean up. Thanks NextGen for giving back to the community!

Sun City Gives Back

Fairway Knitters Give Cozy Comfort to Many

Fairway Knitters have been donating handmade items throughout the valley and around the world for many years. It's the purpose of their being, so to speak.

Charities that receive these knitted and crocheted items run the gamut from nursing homes and hospitals, to local schools and formal organizations such as the Salvation Army, Phoenix Rescue Mission, Hopi Indian Reservation and soldiers overseas.

With donated yarn or purchased supplies, they craft all sorts of objects that bring comfort to others – lap robes, afghans, hats, mittens, scarves, slippers, shawls, toys and baby blankets, sweaters and booties – all for the pleasure of giving them away.

The club meets every Friday at Fairway. They share new methods and techniques as they form new friendships along with 100's of items for donation each year. While it is estimated that the value of their donated items last year was over \$7,000, its true worth is priceless.

Some club members have been knitting for years, others are new to the craft. Their friends and families have enough to last them for years. And besides, it just feels good to give to those in need. Thank you, Fairway Knitters, for the comfort you bring to others.

Clockwise: Knitters items for sale will soon be on display in their new hallway case at Fairway. Sometimes it takes two - one to make the hat and one to make the flower. Many Knitters projects "support our troops or medical needs such as hats for premmies. Yarns are often donated to the club for member use.

Fairway Knitters Neva Shumaker, Cyndy Dobbins and Linda Thompson recently delivered many handcrafted items to the Immanuel Campus of Care in Peoria, with ICC staff member Tyler assisting.

New Interest Groups

Looking for Birders

Looking to form a club specializing in field trips to identify birds, raise community awareness, enjoy nature and have fun educational classes with ornithological themes. Beginners to advanced birders are welcome. As an experienced former Audubon field trip leader and birding instructor for Parks and Recreation, I can lay the foundation for the field, classroom and research library infrastructure. No experience needed! You’ll love discovering the joys of birding! Contact Tom or Helen Locascio at 623-977-4992 or locascio2000@hotmail.com

Native American Flute

If you are interested in the music of the Native American flute (for flute players and those who simply want to listen), please contact Linda Schonewald at 425-308-4310 or email tomandlinda12@yahoo.com

Political Clubs

Condition the Body for Golf

Above: Mary Pat Esposito works on physical conditioning for golf, using the full body strength workout she learned from trainer Jane Fortier

“Golf is a game that requires physical conditioning, just like any other sport,” states Jane Fortier, personal trainer and co-owner of Get Fit for Life. “Hitting a golf ball consistently and effectively calls for coordinated muscle control, as well as good game mechanics”.

“Thirty-two major muscles are involved in the full swing,” Fortier continues. “The leg muscles (quadriceps, hamstrings, gluts, and calves) play a major role in balance and 80% of swing power. The hips initiate movement down into the ball, while the mid-section (abdominals, obliques and erector spinae) transfer force from the legs into the torso, for appropriate acceleration. The upper torso (pectorals, latissimus dorsi, and deltoids) produce the actual swing action and play a huge role in club head speed. The arms (biceps, triceps and forearms) control the accuracy of the club head, on impact with the ball. A good Resistance Exercise Program is a key element for golf conditioning.”

Research reveals that 50% of golf injuries could be prevented with proper conditioning programs. Studies go on to show that golfers who suffer an injury, will heal 40-70% faster, if they have been involved in a consistent physical conditioning program prior to the injury. And finally, golf statistics reveal that golfers who are involved in regular Resistance Exercise have lower golf handicaps, than their counterparts at similar skill levels.

Get Fit for Life trainers are experts at designing a balanced Resistance Exercise Program for golfers. Trainers specialize in teaching individuals how to exercise safely and effectively. They tailor programs to fit client needs and issues. To find out more about personal training services in Sun City facilities, call 623-696-6820.

The Benefits of Guided Imagery

We all have issues in our tissue, which is to say, we store emotions in our bodies. Where else could they possibly be? The energy of traumatic emotions can be stored in our body tissues (primarily muscles and fascia) until it can be released. These stored traumatic emotions typically lead to pain and progressively erode a body’s health. When we combine the practice of bodywork with verbal therapy in the form of guided imagery, we can successfully begin to eliminate trapped traumatic emotions.

Guided imagery, by definition, is a process or program of directed thoughts and suggestions that guide your imagination toward a relaxed, focused state. Based on the concept that your body and mind are connected and using all of your senses, the body seems to respond as if what you are being guided to imagine is real. These guided visualization techniques can be combined with certain types of therapeutic bodywork; such as reflexology, reiki, acupressure and lymphatic massage to offer a complete experience toward positive health and wellness.

When we make a regular practice of clearing negative thought patterns from our minds, it is better than waiting and dealing with it once it has developed into a physical or mental disease. Guided imagery scripts can be pre-recorded, addressing specific conditions. Our mind is our most precious possession. We think with our conscious mind and whatever we habitually think sinks into our subconscious mind, which then creates according to the nature of our thoughts. Our bodies can then begin to reflect our subconscious mind. In Louise L. Hay’s book, “You Can Heal Your Life,” she states that the body like everything else in life is a mirror of our inner thoughts and beliefs. Hay offers a list of Probable Mental Patterns that can contribute certain illnesses within the body and she also offers Positive Thought Patterns or Affirmations that can be used to promote health and well-being. Implementing these affirmations in a guided imagery session can be a very beneficial practice for improving both physical and mental health.

LaTouch Wellness Massage Therapy can offer Guided Imagery in combination with the above mentioned bodywork therapies. Located within the Fairway Recreation Center, LaTouch also offers Swedish Massage, Deep Tissue Massage, LaStone Massage, Sports Massage, Aroma Therapy, Reflexology Techniques, and Reiki Energy Healing Sessions. Many of these services can be combined into your one hour, 1-½ hour or 2 hour therapeutic session. Please contact Laura at (623) 201-0378 to schedule your appointment today! Visit our website at www.LaTouchWellness.com for additional information.

Sun City Choraliers
Looking for experienced choral singers who want to sing good choral literature in a small ensemble setting. The Choraliers have traditionally sung lighter choral music like Broadway, spirituals and some pop tunes. By adjusting the musical direction of the group to include other musical styles such as Renaissance, vocal jazz, blues, and gospel we hope to expand the group membership to include YOU. The Choraliers, under the capable direction of Jane Brambilla who has over forty years of successful vocal experience, are an auditioned group which performs approximately twenty times from December-April. Rehearsals: Mondays starting 9/12, 8:30-11am at Fairway music room (second floor). So if you are looking for a place to satisfy your musical fulfillment please stop in to listen to us, or check out our website www.suncitychoraliers.com.

Mark Baker Sets Sights Beyond Sun City AZ

Uke Club Musical Director Takes to the Highway - Again!

It all started at our local variety show in 2010. Mark was entertaining and decided we needed another club in Sun City - a Ukulele Club. Pretty much the rest is history. During these last 5-1/2 years our club has grown to almost 80 members and has performed in numerous gigs for clubs and various venues around our community.

In case some of you weren't aware, Mark is not a newcomer to the performing scene. His past includes performances with the New Christy Minstrels and with Celine Dion in Seattle. Locally, he has performed at the Spirit of Christmas in Chandler, served as lead instructor at the Tempe Aloha Festival and has had numerous private gigs on his own. This summer he will be performing at the opening ceremony in July for the Transamerica Cycling ride in Missoula, MT. This, of course, is

tied to what many believe might be his proudest accomplishment so far, his very own song, "Till the Highway Turns to Sea," that he wrote and published about his bike ride from Sun City, AZ to St. Augustine, FL.

Mark spent three years traveling back and forth to Canada to receive his James Hill Ukulele teaching certification. Because of this he has been successful helping all age groups learn and love to play the ukulele. He has given workshops locally as well as in New Mexico, Texas, California, Colorado, and Washington. Mark is truly joining the ranks of the "renowned" ukulele instructors and Kimo Hussey has chosen to be Mark's mentor.

Mark has groomed many members in the Sun City Ukulele Club to have the confidence and skills to

go out on their own or form smaller groups to also do performances. I know that Mark is very proud of this club and his accomplishments here but now it's time for him to move on to fulfill other dreams and take advantage of opportunities that have risen out of his dedication and passion of this beautiful instrument and the natural talent that he was blessed with.

We love you Mark and know that you will always return to your roots here. You will be welcomed with open arms and know that as students and friends, we are proud of you! Good luck, thank you, and we love you!

Special thanks to Vicky Miller for sharing this speech she presented at Mark's final meeting. The Ukulele Club also presented Baker with a plaque of appreciation and honorary lifetime membership in the club.

Easter Fun at the Sun Bowl • 2016

There was lots of fun to be had at the Sun Bowl this Easter season when hundreds of children participated in the annual RCSC Easter Egg Hunt with 4,000 candy and prize filled eggs for all. It was wonderful to see several generous children share with others who weren't as quick. Thank you!

Blessed with beautiful spring weather the following morning, the faithful joined with the congregation from United Church of Sun City whose splendid chorus filled the air with praise and worship for those who chose to come out and greet the day with this long-standing community tradition.
