And the race begins!

This year's RCSC Board of Director elections is proving to be historic in not only the number of candidates running for the three 3-year term vacancies but also the anticipated higher than average voter turn-out expected due to the inaugural use of online voting.

Online voting through the RCSC Web Portal begins on Monday, November 11 and continues until Election Day, December 10. Members who have registered on the portal will have the convenience of being able to vote anytime, anywhere (home, office, library – here in Sun City or out of town) during this period.

However, some concerns have been expressed that the online voting process may disenfranchise a portion of RCSC Membership who do not or are unwilling to use computers. To address this issue, Members will be allowed to cast paper ballots on Election Day at the Lakeview Center Social Hall #2 from 8:00a.m. to 4:00p.m. Electronic voting will also be available to Members on Election Day at this polling location as well.

As the campaign kicks off, candidates have been invited to attend upcoming Board/Member Exchanges (November 4 and December 9 at 9:00a.m. in Lakeview Center Social Hall #3) and the

Regular Board Meeting on November 21 at 9:00a.m. in the Sundial Auditorium.

In addition, candidate forums are scheduled to allow those seeking election to the Board an opportunity to present their platforms and for Members to meet the candidates one-on-one and ask questions prior to selection. These forums will be:

- Monday, November 11 at 6:30p.m. in the Marinette Auditorium
- Tuesday, November 19 at 1:30pm in Fairway AZ Rooms 3 and 4

A pull-out section is available in this edition of SunViews (see pages 20-21) listing the candidates' biography information and their platforms.

Upcoming Web Portal Information Sessions

Cardholders are invited to attend an upcoming portal training session to learn more about this new and dynamic tool that allows cardholders to pay their annual property assessments, book tee times, manage their email preferences and vote online in this year's election. Sessions will be held:

- Thursday, November 7 at 1:30p.m. in the Marinette Auditorium
- Wednesday, November 13 at 10:00a.m. in Fairway AZ Room 1.

COCs help clubs succeed

Committee's have played a significant role in Sun City's development almost since its beginning and there may not be a more important one than the Club Organization Committee, commonly called the COC. Their role of the COC is to help clubs and their officers be successful. It's not an easy task - officers change yearly, board policies are a constant work in process (as are club rules and regulations) and personal interactions at the club level are sometimes challenging.

Just a year ago the COC was in a state of flux with the release of Board Policy 12 and an almost complete turnover of committee members resulted. A call went out to the community and, as always, there was a remarkable response from residents who volunteered to join the five remaining committee members.

Fast forward to now. The pieces are beginning to come together and we couldn't be more delighted. Board Policy 12 has given clubs greater freedom and the COCs have grown together to better define their role. The one challenge has been this: We have added several new clubs in the last year and we need four or five additional members to better distribute the number of clubs each COC has.

These volunteers play an integral role in Sun City's success. The reality is it's not the kind of position every one can fill. The time demands are greater than most committees and the skill set necessary requires being able to build relations and work with people.

To help potential candidates determine if becoming a COC is something they would consider, we asked current COCs to tell us why they volunteer. Janis Stiewing had this to say: "I joined the COC because I wanted to help make our community a better place by assisting the clubs that serve our residents. What I didn't anticipate was that I would be rewarded with the opportunity to meet so many nice people and learn about the good things they do. Clubs are so valuable to maintaining the Sun City lifestyle and we all have a role in making sure our clubs continue to thrive."

Dan Shroeder, COC member and RCSC board candidate, weighed in on his first year with these thoughts: "As a COC committee member I have come to understand how important having a broad range of activities is to Sun City's future. And working with so many people I've seen firsthand how critical

Current COC members hard at work at a recent meeting at the Lakeview Center Board Room, including Member Services Director Theresa Cirino (at end of table).

it is for Sun City residents to get involved in the ownership process of running Sun City."

No question, the COC members have a fulfilling job to do, and one that is both challenging and interesting at the same time. If you think you have the "right stuff" to become a COC committee member, contact the Clubs Office at 623-561-4660 or contact Theresa Cirino, Director of Member Services, by email at tcirino@sunaz.com. To get a better feel for what we do, feel free to come to our next meeting on Wednesday, November 13 at 8:30a.m. in the Lakeview Boardroom.

Updates

The new uniform shirts were rolled out in August for all employees and an overwhelming majority of reports from cardholders is that they have been a success! Cardholders have reported that they are fun, bright and cheery and have made it much easier for them to identify and find RCSC employees and seek assistance. Did you know that most RCSC employees already wore uniforms? Our goal in searching for a uniform was that it needed to be a colorful unisex, camp shirt style with at least 50% cotton for comfort and some polyester for easy care with a reasonable cost. Additionally, they needed to be able to handle our orders in a timely manner. These requirements produced limited options and while I get teased, as I am sure other employees do, about when we are going to Hawaii, the fact is that we have lots of palm trees in Sun City and when the cactus are in bloom the flowers are gorgeous and if you have not been out on a boat on Viewpoint Lake, you need to visit the Lakeview Recreation Center and go for a boat ride. My personal experience with wearing the new uniform is that I have never been treated so well! Cardholders are happy to see me; they smile, greet me back and know that I am happy to help them. The opportunity to interact and assist cardholders has increased substantially as the result of wearing the uniform, a win-win state of affairs in my book.

Financial Report:

We have ended August 31, 2013 well within our operating and capital budget year-to-date. We have \$1.3M not spent year-to-date in repairs and maintenance projects which will be carried forward into 2014 if they are not completed by year end, which has become normal practice for RCSC to ensure that sufficient funds are available through the end of the year. All divisions remain within their net operating budget excluding the golf division whose negative variance occurred in the first quarter of this year due to weather conditions.

Bowling Centers:

Recently the bowling department renewed the premium membership for LeagueSecretary.com. This website is where all league standings are posted for both bowling centers. The premium membership allows all RCSC bowlers to view various graphs and detailed scoring information about themselves, their league or any other RCSC leagues. They are able to view statistical information which could drastically improve their game.

The bowling department has upgraded the software for processing league scores and statistics which is done for 41 leagues each week, and includes uploading data to the web, inputting weekly scores, printing recap and standing sheets and processing USBC award scores. The league record service is provided to all RCSC leagues at no extra charge.

The Sun City Bowling Association has announced it will be adding \$1,000 to the prize fund for their annual doubles tournament on November 16 at Bell Lanes. The tournament is open to all members of the Sun City Bowling Association that are 50 years of age or older.

A Moment with President Brasher - Myths vs. Facts

What powers do RCSC Members have?

The RCSC Restated Articles of Incorporation ("Articles") define certain powers of the corporation and its Board of Directors and Members. In order for RCSC to govern effectively, the Members elect a Board of Directors ("Board" or "Directors") to act on their behalf. The corporate documents delegate most of RCSC's decision-making powers to the Board. This leaves the Members with very few direct powers. The Members have the voting power to: 1) Elect and remove Directors; 2) Amend the Restated Articles of Incorporation; 3) Convey assets exceeding \$50,000 in assessed value; and 4) Approve indebtedness or liability in excess of \$750,000.

Has RCSC exceeded \$750,000 in indebtedness or liability?

No! While the Articles do not contain a definition of indebtedness or liability, prior to starting any project or signing any contract, RCSC has the money in the bank for the entire project and invoices are paid weekly as they are received. In RCSC's history (since 1968), membership has not voted on any repair and maintenance, capital, or preservation and

improvement project with a value over \$750,000.

Did RCSC follow state law when changing the membership quorum and why was it changed?

The previous membership quorum of 100 was less than one-half of one percent (.3%) of the total membership and left RCSC and its Members at risk of being controlled by a small minority. On December 17, 2009, the Board eliminated the quorum provision in the Bylaws thereby causing the RCSC to be subject to the default provisions of ARS §10-3722, "one-tenth of the votes entitled to be cast." On May 27, 2010, the Board established a membership quorum, including proxies, at 1,250 Members in good standing. RCSC abided by state law, including ARS §10-11023, as the 1,250 quorum set by the Board of Directors is not greater than is required by Chapters 24 through 40 of Title 10. On October 25, 2012, the Board removed proxies as a means of establishing a quorum.

Why isn't RCSC required to comply with Title 33, Chapter 16, the Arizona Planned Communities Act?

The Appellate Court of Arizona determined that RCSC does not fall under Title 33 because not every Sun City property owner is automatically an RCSC Member. There are three qualifications to be an RCSC Member: 1) deeded real estate owner of property in Sun City; 2) 55 years of age or older (unless qualified under spousal exemption); and, 3) must occupy the Sun City property as his/her primary residence in Arizona. While RCSC may comply with much of Title 33, Chapter 16 voluntarily, it is not required to do so by law.

Are there different designations of RCSC Members?

No! RCSC is not in violation of its Articles as all Members have equal rights and privileges, and are subject to equal responsibilities. Privilege cardholders do not meet membership requirements as stated in the Corporate Bylaws and therefore cannot vote. Not all owners of a lot in Sun City are RCSC Members; however, all owners of a lot are required to pay annual property assessments and execute a Facilities Agreement with RCSC per Sun City's Declaration of Covenants, Conditions and Restrictions (CC&Rs).

Sun City's Defining Moment...

by Bill Pearson, RCSC Board Director

For those of us who love Sun City, we also have come to love the history. Because we were the first community of its kind, most people think of the 1960s and 70s as the glory years; and without question it was a very special time.

That said, there was one event far more recent I would argue as Sun City's defining moment. I suspect at the time, even the board members didn't fully grasp the significance of their actions. The year was 1999, and the enormity of the amenity package given to the RCSC and Sun City residents by the Del E. Webb Development Corporation (DEVCO) was beginning to age.

The board members were faced with tough decisions. Even the newest amenities were 20 years old and of course the earliest were approaching 40 years in existence of heavy use. The Articles of Incorporation were clear: the RCSC could not create indebtedness of greater than \$750,000 without a vote of the residents.

Board members understood the hardship that would create. It was really a good news/bad news outcome. Should residents vote to approve rebuilding a center or golf course, the cost would be passed on to those who had lived here for years. If residents voted for no assessments, Sun City would stagnate and deteriorate from within.

The quandary was solved by an amazingly simple approach (and one DEVCO used to pay for the amenities to start with). The board proposed an impact fee; a one-time charge when a home was purchased. It was a stroke of genius because the point of sale fee allowed for those buying into the community to support the updating of amenities they would be using for years to come.

As with most things new or different in Sun City, there was controversy. The naysayers claimed it would kill home sales. They couldn't have been more wrong. By having the funds available to renovate, the board understood it would keep home sales moving and new buyers excited about buying into a debt-free community that was constantly reinvesting in itself.

The Preservation and Improvement Fund (PIF) was passed and since its inception, tens of millions of dollars have been collected and spent on our infrastructure. By the year 2024 (25 years after its creation), more than \$100 million will have been invested to improve Sun City and keep it as vital, viable and vibrant as it was when it first began.

For that small percentage of critics moaning about residents having the right to vote on those expenditures, the folks paying the fees (new home buyers), do so at the rate of four to five times each day. That is the pace homes have been selling in Sun City and every time someone signs on the dotted line, they are voting to be a part of a great community and willing to pay to keep it that way.

Below are the names of the nine RCSC Board members who had the courage, wisdom and foresight to understand what needed to be done. It wasn't a totally popular decision but as we look back on it, it was clearly a defining moment in Sun City's incredible history. If you see these folks out and about, don't hesitate to say thanks for a job well done. Their actions insured Sun City remain one of the best values in the country...the most amenities at the least cost.

1999 Board of Directors: Dick Ohnstad, Marge Murphy, Ed McCrea, Jim Matise, Bob Briscoe, John Powell, Dick Elton, Dorothy Hirtzel, Harold Boudrie.

Updates ... continued from page 2

Cardholder Services:

The payments on past due assessments increased slightly in August and were 8% higher than monthly averages over the past year. July billings went past due at a rate of 7.5%, slightly higher than the monthly average rate. June balances went over 60 days past due at monthly rate of 4.6%, which is consistent with the average. Outstanding balances related to property transfers decreased by 1.5% in August and represent 53% of all receivables due and 50% of past due balances.

Trustee sale notices on Sun City properties held steady at 49 for the end of August. The number of properties owned by lending institutions reduced down to 83 this month.

The Preservation and Improvement Fees collected in June were \$510,000. Year to date PIF fees are \$4,737,440, which is \$1.9M over budget for the year.

RCSC has rolled out its new web portal. The portal consolidates functions previously completed through external partners including: annual property assessment payments and email subscription participation. New functionality added includes voting in Board of Director elections and booking tee times. By enhancing our online services we will be able to extend the times that Cardholders can transact business with RCSC, as well as improve our communications with Cardholders.

Human Resources:

It has been over three years since the Health Reform Act was enacted. In order to comply, we have had to make changes in certain benefits that our plan provides as well as provide several new notices to all employees. Going into 2014, the Act has imposed another notice requirement on RCSC. The notice is to be provided to all employees, even those who are not eligible to participate in our group health plan. The notice informs employees there will be a new way to buy health insurance, the Health Insurance Marketplace, and provides basic information about the new Marketplace (also known as the Exchange) including the open enrollment period which begins October 1, 2013 for coverage beginning January 1, 2014. RCSC has complied with the notice requirements through a paycheck distribution on Friday, September 20, 2013.

RCSC has had several inquiries regarding the hiring of Sun City residents. In reviewing our statistics, we find of the 278 individuals

on staff, 208 or 75% reside in Sun City. RCSC recruits and accepts job applications from the surrounding communities as well to fill open positions. This practice assists in complying with federal and state labor law requirements and protects the Corporation.

Member Services:

In light of the fact that our Club Coordinator, Amy Goble, has left her employment at RCSC, we have promoted Theresa Cirino to Director of Member Services. The updated organizational chart is available on our website.

The Member Services division (MSD) includes all events, entertainment and activities, as well as audio and video technician services. In addition, it includes the coordination for clubs to include enforcement of Board Policy 12 for Chartered Clubs, reservation of RCSC facilities for club events and meetings, and assistance for club officers and executive board members. MSD includes RCSC cardholder communications and the marketing of Sun City, although Joelyn Higgins, RCSC's Communications & Marketing Coordinator, continues to report directly to the General Manager with a connection to the Director of Member Services.

For those who may be unsure of the difference between Cardholder Services and the Member Services: Cardholder Services is where RCSC Member or Privilege cards can be obtained, payment of Cardholder fees are processed and accepted; i.e., annual property assessments, annual golf passes, PIF and transfer fees, etc., collection processes for past dues fees are administered, and records of property ownership are maintained.

SunViews:

SunViews, RCSC's monthly newsletter, will be delivered to every home in Sun City inside editions of the Daily News-Sun on the last Thursday of each month, unless the occupants have requested otherwise.

Chartered Clubs:

Club officer packets are ready for pick-up in the Clubs Office at Lakeview. which contain the 2014 club schedules, SunViews submission dates and the list of important dates.

The infamous Arts & Crafts Festival is scheduled for Friday and Saturday, November 29 and 30, after Thanksgiving at Sundial. Mark your calendars, don't miss it!

Golf Report

Pro Shops

August revenue exceeded budget by \$3,733, despite a \$5,946 deficit of Prepaid Green Fees and a \$3,234 deficit of Public Green Fees. Green Fee/Cart Fee revenue was \$9,549 ahead of budget and Driving Range revenue was \$1,630 ahead of budget. Merchandise revenue missed budget by \$1,521, a rare miss. Performance to prior year was almost identical to budget, with total revenue exceeding prior year by \$8,105. Total rounds in August exceeded prior year by 627 rounds.

Through August we cut into the deficits created by the poor weather in January and February. Since February we have reduced revenue deficit by \$8,911 and reduced Total Gross Income Deficit by \$5,911. Savings in Payroll, Repairs and Maintenance and General Operating Expenses have allowed us to reduce our Net Operating Deficit by \$39,992.

On December 12 we are hosting a fundraising tournament to raise money for our chosen Winter Celebration Charity, the Sun City Community Assistance Network. The format will be Beat the Pro(s), which will be Brian Duthu (PGA) and Chris Linam (PGA Apprentice) and will be made up of two person teams. Teams that beat the Best Ball score of the Pros will equally share the prize pool. Entry fee will be \$40. The event will be at Lakes West with lunch at Talisman Hall following play. The theme this year is "2nd Annual Beat the Pros - The Pros Strike Back," following their drubbing from the last year's event. A chance for a Pebble Beach vacation will be available on the 11th hole, for a hole-in-one.

Snack Shops

Following the performance of the Pro Shops, Snack Shop revenue exceeded budget by \$2,198. Beginning in October the courses that are open will remain open until 5:00 p.m., business permitting.

Golf Courses

The aerifying trial at Lakes West proved successful. With the success of this trial we will aerify all courses next year using the same method; this means courses will undergo the entire aerifying process in a single event. We will be less aggressive with the removal of topdressing sand next year, more aggressive with additional topdressings, if needed. These changes should eliminate the "dimpling" that is evident on greens following aerification.

The renovation at North is still scheduled to begin December 1, the selection process for contractors begins September 3. North will not be overseeded this year and will remain in playable condition until the closure. Golfers can expect the course to become hard and fast, as the closure date approaches.

We are currently applying a slow release fertilizer to rough areas which will provide nutrients to the rough areas in the spring, as they recover from dormancy. In addition we are applying a pre-emergent herbicide to the rough areas to combat winter weeds, which will provide a cleaner look than past winters. Summer weeds will be controlled using post emergent herbicides.

How Does Weather Affect Your Bowling?

Humidity, or the lack thereof, has a huge effect on lane conditions. If you ever had a swamp cooler in Arizona in the summer months, you know how hard it was to close or open bedroom doors. Both RCSC bowling centers have synthetic lanes. These lanes are constructed of wood based components and installed over the old wood lanes and supported by wood framing.

When the moisture enters the wood, it can change the shape of the lane causing depressions or crowns. A crown is when the lane is higher in the center than the outside of the lane and a depression is when the center is lower.

What we see most at RCSC bowling centers is crowning. Bowling on a lane with a crown would be like bowling up a slope, even though the slope is very slight, the effect of the ball would be sliding into the pocket.

What we have seen at RCSC bowling centers is that scores tend to be higher from December through May; yet no changes were made in the application or design of the pattern. Beginning the summer of 2013, we began to reduce the amount of conditioner applied to the lane (during the humid months) to help offset the effects of the crowning and depressions. This strategy is not foolproof; however scores seemed to be a little more stable than they were the previous year during the same time period.

In conclusion; RCSC bowling centers are committed to making your playing conditions as consistent as possible. RCSC bowling centers use a state of the art lane conditioning machine that applies conditioner consistently from lane to lane but the shape (crowns or depressions) can have a huge effect on bowler's scores.

North Golf Course Renovation Project

Architect's Report

by Gary Brawley
Senior Golf Architect, Tripp Davis and Associates

It seems just like yesterday that I was sitting in the RCSC Board room talking about the North Master Plan and now we are only a few weeks away from starting construction. I recently was approached by the RCSC to write a monthly article for the next 6-8 months that will provide an update to the construction activity at North as well as provide some insight into what is happening and why. Golf course design and construction is a balance of creativity and science where everything working together provides the golfer a golf course he is able to enjoy for many years.

Over the next several articles we will look into the general construction process, putting green construction, bunker construction, tee construction, irrigation, finish work, final turf grass preparation, turf grass selection, and planting. Today, we are going to summarize the process that got us where we are at today, getting ready for a construction start on December 2, 2013.

Upon direction of the RCSC Board to begin the design process the design team immediately got to work. This is because the process for design and permitting was going to be lengthy due to the complexity of scope of work involved with the North Renovation. The design team consisted of our team at Tripp Davis and Associates – Golf Course Architects, Marvin Mills Design – Irrigation Consultant and Erickson Meeks Engineering – Civil Engineer. The design team spent about eight months working together to complete the drawings and procure the necessary construction permits from Maricopa County.

As the design was progressing we had received numerous inquiries from contractors from across the United States interested in the proposed construction

work. A common practice in the golf industry with projects of this size is to have a pre-qualification process that is open to every contractor. Interested contractors provide a statement of qualifications based on a prepared list of questions that demonstrate their companies' ability and level of experience to meet the expectations of the Owner and the ability to perform the work as set forth by the design team. Ten contractors solicited a request for qualifications with five contractors submitting official statements. All five of those contractors were deemed to be qualified to bid the work and were invited to participate in the bid process.

The competitive bid process took place over a period of six weeks in order to provide the approved contractors an opportunity to thoroughly understand the scope of work. We held a pre-bid meeting in which all of the contractors attended along with several potential sub-contractors and vendors that all will be potentially involved in the project at some point or another. We knew going into the project that the bids would be competitive due to the project being done in the winter and contractors being aggressive trying to get winter work. Most golf related projects take place in the spring, summer and fall.

Today we are working through the final contract arrangements with the low-bidder and will be moving into the pre-construction phase with the contractor which will include finalizing all permits, construction material testing, construction material submittals and construction scheduling of the work. In next month's article we will talk more about the overall construction schedule and what types of things you might see going on if you drive by the golf course. I look forward to going through this process with all of you because the construction of a golf course is a very interesting and exciting thing.

Tips for Seniors from Daily Fitness... Improve Brain Health with Exercise

Marcia Miller uses the biceps curl machine at Bell Center to build upper body strength and promote mental clarity.

Improving mental clarity is one of the many fitness goals of Marcia Miller. She exercises to stay mentally sharp, and physically strong.

The latest research shows that cognitive decline is not inevitable. Brain volume shrinks slightly with age, but the brain continues to make new neurons and fine-tune neural connections, as long as we live. Studies have revealed that exercise reduces the level of brain loss and keeps cognitive abilities sharp. It slashes the lifetime risk of Alzheimer's by 50%, and general dementia by 60%.

"How is all of this possible?" Marcia asks fitness professional Jane Fortier. "Exercise boosts the flow of blood to the brain, spurring the release of a chemical known as BDNF (brain-derived neurotrophic factor)", states Fortier. "This chemical stimulates the formation of new neurons in the hippocampus, the area involved in memory, learning and decision making.

BDNF also repairs cell damage, and strengthens the synapses that connect brain cells. The hippocampus shrinks by 0.5% each year, starting as early as age 40. Recent studies show that exercise can actually increase the size of the hippocampus. Anyone, regardless of age, can pump-up their brainpower by committing to a regimen of comprehensive exercise."

Getting started with exercise is often the hardest part – it was for Marcia Miller. Using a Daily Fitness trainer can help. Trainers design programs that address needs, goals and medical issues. They teach clients, like Marcia Miller, how to exercise safely and effectively. To find out more about the services offered through Daily Fitness, visit DailyFitnessLLC.com or call 623-256-7901.

"After all of these years being stuck on a page, Did you ever imagine you'd see me onstage?" - Cat in the Hat

Prepare to be Awed & Inspired! It's Great Entertainment for EVERYONE!

Transporting audiences from the Jungle of Nool to the Circus McGurkus, the Cat in the Hat, our narrator, tells the story of Horton, an elephant who discovers a speck of dust containing tiny people called the Whos. Horton's challenge is twofold – not only must he protect the Whos from a world of naysayers and dangers, but he must also guard an abandoned egg that's been left in his care by the irresponsible Mayzie La Bird. **Ultimately, the powers of friendship, loyalty, family, and community are challenged and emerge triumphant!**

Presented by Detour Company Theatre •
www.detourcompanytheatre.org

Detour Company Theatre is a unique troupe that provides authentic theatre experiences for adults with developmental and other special needs (deafness, blindness, CP, autism).

Detour is an educational partner with the Scottsdale Center for the Performing Arts, where we perform two main stage musicals each year. Our Detour on Tour troupe launched earlier this year with an important message about the "different abilities" in all of us. Following the performance, our actors and coaches will conduct a curtain talk, allowing the audience to learn more about Detour and our special actors.

Water Conservation Pays; Check Your Irrigation System to Save Money

Now that the heat of the summer is becoming a distant memory, it is the ideal time to get back outside and enjoy the great outdoors here in Arizona. Pleasant mornings with plenty of sunshine provide the perfect opportunity to “coffee” with neighbors on the patio once again.

And there’s also no better time for maintenance and inspection of your drip irrigation system. This will not only save you money on your water bill but you will also conserve water and help make a positive impact on the environment!

If you haven’t done so already, you may need to assess your watering needs and cut back the number of days and length of time your irrigation system is running with the cooler temperatures.

Make sure there are no leaks in the system and that all heads are properly adjusted. And if you haven’t done so already, you might want to consider moving plants in the garden with similar needs and requirements to help further conserve water.

Choose to “be green” by choosing plants suited to the desert environment – whether you’re here year-round or only for the winter, please do your part and don’t waste this precious resource.

For more water-saving tips and ideas, visit the Arizona Department of Water Resources website at: <http://www.azwater.gov/> and click on “Conservation” under the “Water Resources” tab.

Don’t forget - every drop counts!

Where’s My Sticker?

Nearly a year has passed since RCSC changed the design of membership cards and Cardholder Services has been busy seeing that Members have the new model along with a set of the key fobs, which have proven to be quite popular.

Upon receipt of annual property assessments, Members are no longer receiving stickers with the next year on them. Cards now only show the month and day of property purchase. As long as payment has been received, Member cards will show as valid at all facility attendant stations.

If you haven’t stopped by to get a new card during this past year, come to Cardholder Services at the Lakeview Center (lower left) where staff can update your records (phone number, email or mailing address), take a new photo if needed and issue you a card with our “new look.”

It’s Duck Season!

The 5th Annual Duck Race will take place at the Holiday Party on Friday, December 13, 2013. The ducks begin their treacherous journey at the top of the waterfall and make their way over the dangerous and rocky falls, into the lagoon below. Those ducks that survive the plunge will swim their way across the lagoon, fiercely fighting their little hearts out to be the first to make their way through the babbling brook and across the finish line to victory!

To have a chance to win, you need a Duck Buck! Get your Duck Bucks for \$1 each (cash only please) at any facilities attendant station (not at dog park), Cardholder Services or the Corporate Office. Half of the money goes to the prize fund and the other half goes to this year’s charity, Sun City Community Assistance Network (SCCAN). Last year’s sales of Duck Bucks totaled \$3,679.00. That means we also raised \$1,839.50 for charity!

Rose & Garden Club

Monthly meetings are held at the Fairway Recreation Center on the second Monday of each month at 7:00p.m. November through March. Guest speakers tell about various topics such as roses, citrus, succulents, vegetables, ornamental trees, fertilizers, soil preparation, etc.

You will be surprised to learn what can and does grow in Arizona. Membership is open to all RCSC Cardholders for \$5.00 per person per year. For more information, call 402-203-5614.

Bocce Club of Sun City

Did you play Bocce with your father, mother, aunts, uncles and friends in the back yard? Do you miss it? Looking for excitement? Well, if so, head over to the Bocce Club for fun, entertainment and to meet new friends. We're located at the Sundial Recreation Center.

The courts are carpeted, well shaded at both ends and handicap accessible. All equipment is furnished, lessons are free and attire is your choice. All RCSC cardholders, are eligible to join. Annual dues are \$5.00 per person.

Games are played Monday through Friday and Sunday. Open play is on Thursday, Friday night and Sunday. Game times vary throughout the year. Check the clubhouse bulletin boards for times and information.

The club holds a February Valentine Party, April picnic with fun games, October Halloween costume contest, November Election Party, December Christmas Party and restaurant outings as club fundraisers. All parties and meetings are held on the second Monday of each month in the East Hall of the Sundial Recreation Center.

The Club hosts and plays in the Senior Olympics, Tri-Cities Tournament and plays in the West Valley Senior Games.

Call Mike 623-242-9899 or Edith 623-594-4173. We will arrange to meet and teach you the game of bocce. When you see the clubhouse banner - "The Fun Club" - you've reached your destination.

China Painters Cupboard at Marinette

China Painting is a beautiful, versatile method of creative expression. It is actually an ancient art form using dry mineral colors that are brushed on porcelain, then fired in a kiln making the design permanent.

You do not need to be "artistic" - you will learn painting techniques in your weekly classes which are held on Tuesday from 10:30am to 1:30pm. (\$10 per class). In addition, Open Painting sessions are held on Wednesday from 10:30am to 1:30pm and Friday from 11:00am to 3:00pm. During Open Painting, you will work on your current project in a relaxed, friendly environment.

China Painting motifs can range from traditional floral arrangements to modern graphic designs to whimsical characters and more. These designs can be applied to a wide range of glazed pieces including plates, bowls, serving pieces, vases, picture frames, wall art, family and holiday heirlooms.

We invite men and women to stop by to learn more about our wonderful club during the hours listed above. We will be happy to get you started with learning this exciting art form by lending you the Club's brushes, paint, and other materials. In other words, you can "try before you buy!"

Aqua Fitness

Did you know the Aqua Fitness Club of Sun City has over 900 members? Why? Because it's the easiest exercise you can do and is highly recommended by most doctors for cardio-vascular, back, hip, knee and arm problems.

Standing in chest-deep water, under the guidance of qualified instructors and their helpers, club members perform aerobic exercises. The buoyancy of the water makes the exercises simple to do. Try doing some of them out of the water. You would be amazed at how difficult it is and yet it is so easy in the water. There is no swimming involved; you jog in place, jump and stretch. If you have any imagination at all, you can pretend to be Esther Williams, a ballet dancer, a figure skater, a kick boxer, an equestrian, a belly dancer or even a frog! It makes exercising fun!

Classes are co-ed and are held at Sundial, Oakmont, Mountain View and Marinette pools year-round. Each 8-week session meets twice a week - Monday and Thursday or Tuesday and Friday. Cost is \$5 annually for club dues and \$15 for each 8-week session.

An annual luncheon is held, usually in March, complete with entertainment and door prizes.

So get off your couch and come join us. For more information, contact Grace Davini at (623) 972-9133 or Alice Davey at (623) 876-8627.

Friday Afternoon Bridge

Enjoy good play and great fun for most skill levels from 12:30-3:30pm on Fridays at the Fairway Recreation Center when the tables are abuzz with bidding, laughing, groaning and slamming. For only 50 cents (plus yearly membership of \$3 and a valid RCSC card), your Friday afternoons can be filled with stimulating play and good times. Bring your friends! Guests of cardholders pay \$1; guests of non-cardholders pay \$3. Make plans to come and join us on Fridays at Fairway about 12:15pm for some friendship and fun.

Tip Top Dance

The Tip Top Dancers are in session for the 28th year of dancing and fun. The club invites new members and is growing with "All That Jazz" dancers joining Tip Top.

This year's dancers again are a combination of seasoned members and beginners, blending to become a musical family.

Remember how you loved dance class when you were a kid? Now in your senior years you can again bring balance to your life, with tap and jazz dancing.

Swiss researchers used similar movements in a "delcroze" study for seniors and found that after six months, balance was better, showing less risks of falls. It seems it's in the rhythm.

Tip Top is enjoying a new dance studio at the Marinette Recreation Center, fully mirrored, with wooden performance floors. Warm-ups prepare students before each class. The club hires teachers to compliment the students needs.

All RCSC members are invited to try a class of their choice, gratis. Just wear comfortable shoes. Yearly dues are \$10.

Monday	Advanced Tap	8:30am
	Beginner Tap	10:30am
Tuesday	Intermediate Top	9:00am
	All That Jazz	1:00pm
Wednesday	Non-Performing Tech Tap	8:30am
	Advanced Tap	10:00am
Thursday	All That Jazz	1:00pm
Friday	Theatre Tap	8:30am

Tip Top has a performing group ready to entertain for most occasions. They will be dancing for the players on November 18. For more information, contact Christine Morris at 623-322-3138.

Rhythm Ramblers

Come and spend your Tuesday afternoons dancing to the Big Band sound with the Rhythm Ramblers. We will be playing for your dancing pleasure the first Tuesday of every month November 2013 through April 2014 from 2:30-4:30pm at the Sundial Auditorium.

Admission is \$4 for current RCSC cardholders; \$6 for guests/visitors. Dress is casual. Bring your own drinks and snacks. Cups, ice, and napkins will be provided. We welcome your friends from surrounding communities.

Join us this month on Tuesday, November 5 for an afternoon dancing enjoyment.

Chamber Orchestra

Musicians from the area meet at Fairway Recreation Center on Wednesdays from 9:00 to 11:00a.m. each week. We practice a variety of Classical, Americana, and Pop/Easy Listening music. Concerts are presented in area churches, schools, and active retirement communities five to six times each season. Annual membership fee is \$5.00 and membership is open to those having had experience playing a stringed instrument. Come and enhance your musical enjoyment by joining us each week. We are a fun and friendly group of musicians.

Sun City Leather Craft Club

The Leather Craft Club is gearing up for a great fall and winter season. Many of us are busy making items to sell in the Fall Arts and Craft Festival and are having lots of fun doing it. The members in the picture are just a sample of some of our members displaying their handiwork.

We are planning to have several workshops this fall. Erin, Manager of the Tandy Leather Craft Shop in Glendale, will be coming to our club to do a special workshop. Our own members also teach some workshops: Vic Carman will teach a class on making and using "Tap offs", Larry Wolf will teach a class on "Sheridan Style Carving" and Jim Tradup will do a workshop on "Figure Carving." Other classes and workshops are being planned, but have yet to be scheduled. Workshops from last year include: making a scale model saddle, making a project from scratch (without a kit), proper dyeing and lacing procedures. If you are interested in any of these you ought to come join us and sign up for a class.

Never done any Leather Craft before? Members are available to teach you and help get you started. We meet at the Marinette Recreation Center Monday through Friday. Our hours from October 1 through April 30 are 8:00a.m. to 2:30p.m.

Sun City Table Tennis Club

Sun City Table Tennis Club or the game more widely known as "Ping Pong" is located in the Bell Recreation Center. We have all levels of play at the club.

On Monday, Wednesday and Friday morning at 10 am we have a group that says their requirement is that you have to be able to laugh. The afternoon crowd that comes on Monday, Wednesday and Friday at noon plays at a more intense level. On Tuesday nights at 7 pm we have a Singles Round Robin. We rotate so that we play with everyone. This is a good time for new members to come so that we can coach them on an individual basis.

When you haven't played in many years it takes a little bit of time to get the eye-hand coordination back. With a few hours of practice, new players are back playing like did 20 years ago. Dues are \$5 per year.

The club has a ball machine for members. This is a wonderful way to practice new strokes. We will be happy to coach new players. The Table Tennis Room is open 6 am to 9 pm Monday through Saturday and 6 am to 8 pm Sundays. We would prefer to coach during non-club hours if possible.

We are planning an open house Sunday, December 1 from 1:00 to 3:00pm. The ball machine will be set up and we will be happy to play and coach anyone interested in playing. Table Tennis or "Ping Pong" is such a fun game and best of all it has been proven that it keeps your body and mind physically fit all while you are having fun.

Piano Club Offers Programs, Classes

One of the oldest clubs in Sun City, the Piano Club began informally in the 1970s, meeting in members' homes. Chartered in 2005, it has grown to over 120 members, and both professional and amateur musicians enjoy participating. In later years, the club has offered piano instruction in the Piano Room at Sundial, where over 400 seniors have learned to play or improved their skills in the small classes.

The Club meets monthly in the Sundial Auditorium, on the third Friday at 9:30 a.m. There is always a wide variety of music, from classical to pop, "oldies," and jazz, with humor thrown in! Special programs include the popular "Unique Musique" in February, a variety showcase of instrumentalists, including our own talented members and other fine volunteer musicians from the community. Guests are welcome.

The highlight of the year is our annual evening concert, "An Evening to Remember." This program features some of our best pianists in an emceed program on Monday, January 27, 2014, at 7:00p.m. in the Sundial Auditorium. Mark your calendars! The program is free and open to the public. For more information or to join the club, call (623) 792-7266, e-mail us at 4pcofsc@cox.net, or visit our website at www.sunaz.com/piano-club.

A fundraising garage sale will be held on November 7 and 8 at a member's home (10434 W Cheryl Dr) so come and check out the bargains while showing support for our club. We are currently working on items for the annual Fall Arts and Crafts Festival (November 29 and 30) at Sundial.

A Christmas party is planned for all members and partners in December. We have a great orientation for new members and offer instruction to help get you started.

HELP 4-PAWS SAVE THE LIVES OF HOMELESS ANIMALS, WE NEED YOUR HELP!

Our 4-Paws Bargain Boutique contains 3,000 square feet of bargains, clothing, antiques, gift items, jewelry, furniture, and pet supplies. Our stock changes constantly with new treasures for the smart shopper!

DONATIONS can be brought to the Thrift Shop during normal working hours: Monday thru Saturday 9:00am - 4:00pm. We are a Non-Profit 501 (C) (3) Organization which means your donations are Tax Deductable.

Our success depends on our **dedicated volunteer staff**, thrift sales of donated goods, donations of cash, securities, real estate, vehicles and bequests. We host fund raising events annually. Our staff is eager for adoption events to show off our kitties. We regularly attend speaking engagements, embracing any and all opportunities to discuss the importance of **no kill** and **spaying and neutering** of all companion animals.

The boutique is a really great place to shop, and an even more FUN place to work. We need help to sort merchandise, place knickknacks, or help shoppers find items. We need more volunteers to help with the Kitties!

OUR SUCCESS DEPENDS ON YOU!!
