## Governor Jan Brewer Signs Cart Legislation

More than 100 Sun City golf carts came out to the Fairway Recreation Center last month to show their appreciation to the electeds that helped shepherd legislation signed by Arizona Governor Jan Brewer making travel on the shoulder of the road legal in retirement communities located in unincorporated Maricopa County.

Sponsored by the Sun City Home Owners Association and co-hosted by RCSC, the event was also attended by State Representative Debbie Lesko (R-Dist. 21) who spearheaded this legislation after being contacted by concerned citizens, Maricopa County Supervisor Clint Hickman and Sheriff Joe Arpaio.

"This is a great day for golf cart drivers and we have the citizens of Sun City to thank for bringing this issue to my attention," Lesko stated.

The gathering crowd was entertained by members from the Sun City Ukulele Club prior to the start of the "parade of appreciation" before moving indoors for the ceremonial bill signing.

Golf carts of every shape and size participated in the "Parade of Appreciation" on Thursday, August 14, 2014 around the median in front of the Fairway Recreation Center along Peoria Avenue.

Golf Report

Pro Shops

Total rounds increased in June slightly over prior year, with 15,530 golfers braving the summer heat. Year-to-date rounds remain well ahead of prior year and ahead of recent averages.

Once again this year we will participate in Patriot Golf Day. Patriot Golf Day was organized, with the help of PGA of America, to raise funds for the Folds of Honor Foundation. The money raised is used to fund scholarships for spouses and children of military service men and women killed or disabled while serving our country. Starters will be collecting donations through the pro shops until September 1. In addition to our normal fundraising efforts, we will be hosting a Skins game on August 29, open to all golfers, proceeds from the event will be added to our fundraising efforts. The event begins at 7:00a.m. with a shotgun start.

Snack Shops

Snack Shop revenue benefitted from increased play, exceeding budgeted revenue by \$2,400. Snack Shop hours beginning in September are 6am to 3pm.

Courses

The bunker renovation at Quail Run is complete, in all 6 bunkers were removed, 5 were rebuilt and 1 new bunker was added. In addition, some tee work was completed on holes 4 and 5, as well as drainage work on hole 5. The overall plan was to increase playability in the bunkers. To date reviews by Quail golfers have been positive.

Aerification on all the courses went well (except River-view which was not done this year) and have made great recovery this year. We are always looking for ways to minimize the impact that necessary agronomic practices have on course playability. Changes made to our aerification process this year were designed with this in mind, including moving to one dual aerification.

July and August are great months for growing grass. We make every effort to keep up with the growth, however any minor disruption to staff or equipment can lead to quick deterioration of cut quality and height.

The North Course renovation continues to move forward and is currently on schedule. The greens are undergoing their fertilization program and are responding as expected. Greens are currently being hand mowed two times per week. The mowing frequency will be increased in August to four times per week. Some areas of disturbance have been identified as needing additional sprigging. These areas are scheduled to be re-sprigged the week of August 4th.

2014 Overseed Schedule

Sun City Mens' Golf Association  
Upcoming Tournament News

The SCMGA is pleased to announce new and exciting changes that have been added to the remaining 2014 and 2015 tournaments.

We've worked out new start times on most of the tournaments with RCSC Director of Golf Brian Duthu and they are more user friendly. Some of the smaller tournaments start later and should generate more play. In addition, we have three tournaments that allow mixed gender play.

We are cooperating with the April Shower committee to do the finances for this most popular tournament. The Turkey Shoot contributes to our charities and everyone who plays receives a gift card redeemable for a turkey (or anything else) for Thanksgiving. Newly added last year is the Texas Cup. This tournament will feature 8-inch cups and is more fun than a monkey on a cupcake. All three of these tournaments are open to everyone, ladies and men alike, members and non-members. Many cash prizes are given at all of our tournaments as well as certs.

Tournament dates and start times are as follows:

2014 Tournament Dates

- September 12 & 13 - Summer Survivors at 9:00 (men only)
- November 15 - Turkey Shoot at 9:30 (open to all)
- November 30 - Texas Cup at Riverview at 9:00 (open to all) – This is the last open day before course renovation begins
- December 5 & 6 - Las Vegas Scramble at 10:00

2015 Tournament Dates

- February 6, 7, 13 & 14 - Two Man Extravaganza
- March 6, 13 & 14 - Men's Sun City Championship at 10:00
- March 16 & 20 – Octogenarian
- March 27 & 28 - April Showers

Entry forms for tournaments can be found on the SCMGA website (lwscz.tripod.com) and are also available at any RCSC golf pro shop.

# A Moment with President Brasher - Changes Help Sun City Grow

Controversies have always been present in Sun City, and many have led to positive changes for the community.

Even something as mundane as the subject of walking dogs in the medians of streets south of Grand Avenue was a contentious issue in the earlier days. It took a petition drive in favor of the practice to get the homeowners association to approve the practice, which continues until today. Perhaps those medians were the original Sun City dog parks.

In the 1980s some 30 members started a movement to ban smoking in our recreation centers. It was eventually a ballot question and a smoking ban was enacted. Later in that decade the pro-smokers were successful in getting the issue on the ballot. The smoking ban was confirmed – and continues to this day; recently, e-cigarettes were included in the ban.

When Sun City was formed, deed restrictions prohibited children under age 19 from living in our homes. In 1983 it was noted that these restrictions were not strictly enforced. A few concerned residents mounted a door-to-door campaign to obtain signatures of 75% of Sun City residents and took the issue to the Maricopa County Board of Supervisors who established the senior overlay we still enjoy today.

A major controversy erupted in Sun City in the early 1960s when some residents agitated for Sun City's incorporation. The subject persisted for many years and the issue was last apparently settled in 1992. We remain an unincorporated island in Maricopa County, benefitting from their attention to our road and traffic needs as well as protection by the County Sheriff's Department.

The issue of whether Sun City should be operated under Arizona State Statutes Title 10 or Title 33 is still viewed as contentious by at least a small minority of residents who wish to challenge the status quo. Even a brief review of the statutes will affirm the appropriateness of operating under Title 10.

While being recognized as a showcase for the performing arts for decades, even the Sun Bowl has had its share of controversy. In 1980, when DEVCO's John Meeker proposed the RCSC could take it over for \$10, the matter was hotly debated. A two dollar fee increase was proposed for operations but was strongly opposed by some members. The case was finally settled in 1984 and the Sun Bowl remains under the control of RCSC. The venue is very popular not only among our residents but also among many in the surrounding communities, resulting in many residents being concerned about the number of non-residents who attend our free shows. Sun Bowl shows are advertised as free only to RCSC Cardholders and their guests, but under the present configuration (open seating, no fences, etc.), we welcome all who attend without attempting to turn away anyone. The Sun Bowl is viewed by many as a great "marketing" tool for Sun City, and the seasonal Sunday night shows often play to capacity crowds.

James Brasher  
RCSC Board President

All of the above controversial subjects and more have contributed to the excellent situation we now enjoy in Sun City. The future will surely see many more changes as the RCSC Board of Directors and Management consistently strive to maintain and improve facilities and ensure our residents continue to have the best quality of life available in any active senior adult community.

Updates

Financial Report:

Since there is no monthly Board meeting in the month of July, I will include the Treasurer’s report information in my monthly report. The balance of unrestricted funds as of June 30, 2014 was \$11,221,061 which includes a \$2.5M cash reserve. Restricted funds include the Preservation and Improvement Fund (“PIF”) and the Capital Reserve Fund. As of June 30, 2014, PIF had a balance of \$11,363,501 plus \$575,260 collected in June that was transferred into the PIF account the first part of July 2014. The Capital Reserve Fund had a balance of \$1,500,044 as of June month end.

We have completed our second quarter well within our operating and capital budget year-to-date. Matter of fact, every division has a net operating positive variance from budget.

Investment Report 2nd Quarter 2014: RCSC’s Investment Policy (Board Policy 33) is stringent in its requirements with the priority of investment objectives to be placed in this order: 1) safety, 2) liquidity, and 3) yield.

At the end of the second quarter, the Franklin Templeton unrestricted money market fund had an ending balance of \$5,013,843.98 and the restricted Franklin Templeton money market fund had an ending balance of \$7,840,962.66.

As of June 30, 2014, RCSC had invested in three fixed income funds: Franklin Adjustable U.S. Government Securities Fund Class A, Franklin Low Duration Total Return Fund Class A, and Franklin U.S. Government Securities Series Class A.

At the end of the second quarter in unrestricted funds, RCSC had invested \$2,500,000 into the aforementioned four fixed income funds with an ending value of \$2,513,439.69 as of June 30, 2014, showing a .54% increase in value of \$13,439.69.

At the end of the second quarter in restricted funds, RCSC had invested \$5,000,000 into the aforementioned four fixed income funds with an ending value of \$5,080,002.09 as of June 30, 2014, showing a 1.6% increase in value of \$80,002.09.

Cardholder Services:

Payments on past due assessments in July were reversed from June and were above the monthly average for the past year. June billings went past due at a rate of 6.2% and continue the trend of being below the rate for the same month the prior two years. May balances went 60 days past due at a rate of 3.2%. This is below the monthly average for the prior year, which reached

the lowest level for the 60 days past due rate in the past three years.

Total accounts receivables increased by 3.8% in July. This increase is most attributable to the increase in accounts receivables related to property transfers which increased by over 12% in July. Current receivables, those not past due, for property transfer related balances increased by 90% in July due to a significant increase in property transfers this past month. Outstanding balances related to property transfers now represent 55% of all receivables due and 51% of past due balances.

Trustee sale notices on Sun City properties stayed steady at 49 properties at the end of July. The number of properties owned by lending institutions increased slightly in July and is now at 59 properties.

Preservation and Improvement Fees (PIF) collected in July totaled \$441,000, which is 47% more than budget. Year-to-date PIF

income is \$4,185,238, which is 65% over budget for the year. Remember that we intentionally budget PIF income very conservatively to assure that we have money available prior to the onset of any capital projects budgeted for PIF.

Human Resources:

In an effort to control costs and to protect RCSC’s assets which includes employees as well as property, accidents and incidents are investigated by teams of employees to: determine what happened; why it occurred; what caused it; identify any deficiencies; take immediate corrective action; and look for new and better ways to perform and to communicate expectations. During the month of July, five accidents/ incidents have been under review, and have been resolved.

• Permits have been approved by Maricopa County Planning and Development for the North Golf patio cover project. Demolition of the old patio cover is now completed and the block work is about 80% complete. The new larger patio cover will provide shade for more golfers to enjoy time together. Contractors are CCBG Architectural and Ken McIntyre Construction. (Cost - \$167,505)

#### Quail Run Maintenance

• The repaving of the Quail Run maintenance yard is now completed along with the cement pads for bulk sand and materials storage. Contractor was Regional Paving. (Cost - \$34,135)

#### Lakeview Center / Viewpoint Lake

• Planning and scheduling is underway for construction of the fish habitat for Viewpoint Lake this fall. If you have not signed up to help out with this very important project, please call the RCSC Administration office at (623) 561-4600 and put your name and contact information on the list.

In addition, there have been delays in getting the threadfin shad (forage fish for bass, bluegill and catfish) due to a supplier inventory shortage. Once quantities are available, the shad will be delivered and introduced into Viewpoint Lake.

Why Donate Blood? You don't need a special reason to give blood. You just need your own reason.

- Some give blood because they were asked by a friend.
- Some know that a family member or a friend might need blood some day.
- Some believe it is the right thing to do.

Whatever your reason, the need is constant and your contribution is important for a healthy and reliable blood supply. And you'll feel good knowing you've helped change a life.

# Water Conservation: Use it Wisely

More water saving tips and tricks to consider. What we don't use today will be there tomorrow - and for future generations!

- 1. While staying in a hotel, or even at home, reuse your bath and hand towels.
- 2. When running a bath, plug the bathtub before turning on the water. Adjust the temperature as the tub fills. If you prefer a shower, check to see if your shower fills a one-gallon bucket in less than 20 seconds. If it does, replace the showerhead with a WaterSense® labeled model.
- 3. When washing your hands, turn the water off while you lather.
- 4. While you wait for hot water, collect the running water and use it to water plants.
- 5. Turn off the water while washing your hair and save up to 150 gallons a month.
- 6. If your toilet flapper doesn't close properly after flushing, replace it.

- 7. Consider installing an instant water heater near your kitchen sink so you don't have to run the water while it heats up. This also reduces energy costs.
- 8. Cook food in as little water as possible. This also helps it retain more nutrients.

- 9. Select the proper pan size for cooking. Large pans may require more cooking water than necessary.
- 10. Soak crusty pots, pans and dishes instead of rinsing them under running water and scrape dirty dishes rather than rinsing them before washing.
- 11. Consider hiring a plumber to re-route your greywater (wastewater from baths, sinks, washing machines and other kitchen appliances) to trees and plants rather than the sewer line. Check with your city and county for codes.
- 12. When you give your pet fresh water, don't throw the old water down the drain. Use it to water your trees or shrubs.
- 13. Collect the water you use while rinsing fruit and vegetables and use it to water house plants. For hanging baskets, planters and pots, put ice cubes on top of the soil to give your plants a cool drink of water without overflow.
- 14. To measure sprinkler output, catch water in an empty tuna can. 3/4 to 1 inch of water is enough to apply each time you irrigate.
- 15. Use 2 to 4 inches of organic mulch around plants to reduce evaporation and save hundreds of gallons of water a year. Proper pruning can help your plants use water more efficiently. While fertilizers promote plant growth, they also increase water consumption. Apply the minimum amount of fertilizer needed.
- 16. Plant in the spring and fall when watering requirements are lower. Water dry spots by hand instead of letting the irrigation system run longer. Set a kitchen timer when using the hose as a reminder to turn it off. A running hose can discharge up to 10 gallons per minute.

- 17. Signs of over watering: Leaves turn lighter shades of green or yellow, young shoots wilt, and sometimes algae or fungi grow.
- 18. While cleaning sidewalks, the preferable method is to use a broom. If you feel you must "wash down" the driveway or sidewalk, keep in mind that a hose and nozzle use 8-12 gallons of water per minute. A pressurized Waterbroom® uses closer to 3 gallons. Check them out online; there are a multitude of styles and prices.

# Tips for Seniors from Daily Fitness - Set Goals and Expectations for Fitness

Above: Kay Moorhouse is introduced to strength exercise, by personal trainer Jane Fortier. Kay's long-term goals are improved bone density, better balance and reduced body fat.

"Goal setting skills are valuable and beneficial in all areas of life, especially health and fitness," states Jane Fortier personal trainer for Daily Fitness. "When we work with clients, in a Comprehensive Program of twelve or more sessions, we assist them in establishing fitness goals. Goals are the target toward which all efforts are directed. Goals add a dimension of excitement, and a sense of purpose to any fitness program."

There are several components to effective goal setting:

- Goals need to be realistic – challenging, yet within the realm of possibilities, given one's fitness and experience level.
- Goals need to be written down and read daily – this practice gives direction to the day and keeps one on course
- Goals need to have term limits – Short term goals might cover a 4-6 week span and would be re-established once the initial term completes; Long term goals look to the future, perhaps 6-12 months away – they are met only by progressively achieving short term goals.
- Charting a "Plan of Action" is key to achieving fitness goals. Accountability charts, logging exercises and foods eaten, using a pedometer, monitoring heart-rate, etc. are all action ideas. A diligently designed and executed "Plan of Action" yields positive results.

Daily Fitness personal trainers can be of assistance when establishing realistic, yet compelling, fitness goals. Trainers not only provide understanding, encouragement and motivation to achieve goals, but appropriate ideas for developing an effective Plan of Action. To find out more about Daily Fitness personal training services, call 623-256-7901 or visit [DailyFitnessLLC.com](http://DailyFitnessLLC.com).

## Sunday, November 9, 2014 at 6pm Veterans Memorial – USO Show

Let us bring you back to the early days of the USO when entertaining the troops quite often meant being on the front lines of combat for comedians and musicians trying to help soldiers forget about the torment of war – even if just for a short time. Performers that ranged from the most famous faces in Hollywood to those just beginning their careers went to where ever troops were stationed to entertain the servicemen and women in every branch of the military. Our salute to you – our veterans. Thank you!

# SOLAR MYTH BUSTER

Tom Lammie

**Myth 1 - Solar is too expensive.** In reality, using Arizona sunshine to make your own electricity is always cheaper than paying the power company. The only question is, do you want to save a little or save a lot.

**Myth 2 - Leasing a solar system is the only way to go.** Everyone's financial situation is different, which is why Sun Valley Solar offers many financing options including low interest loans and leases.

**Myth 3 - All solar installers are the same.** All you have to do is go on the BBB (Better Business Bureau) website and read some reviews to know this isn't true.

**Get the facts!** It's free to find out the truth about solar. Call Tom today at 480-361-6041 and see how much you will save.
