Why not? - Run for the Board

Last month, we read how our three newest directors felt about their new endeavors as RCSC directors.

Now let's hear from some who have already served for a year and are well into their second year. Is it what they expected? Are they happy they said "Why Not?" when asked to run?

Cord Angier

"How do you like serving on the RCSC board?" is a question I am often asked. The answer comes easy: "I enjoy it!" Usually,

Bowling News & Notes

Friday Fun Day: So what are you doing this Friday, or for that matter, any Friday around 11:30 am? Come join us at Lakeview Lanes for Friday Fun Day! Friday Fun Day is a great way to get to meet other fun-loving and not-too-serious bowlers. It is colored pins day and scores just aren't important (unless, your score ends in 0 – if it does, you can collect 25 cents. Just come in, sign up and put your name on a lane; there are no teams, just bowlers here for fun and the possibility of winning 25 or 50 cents for a lucky ball. If the number on the free ticket you are given when you register each Friday is called, you will have a chance to win \$5. Everyone cheers for everyone. It is just a fun way to spend a Friday so come on in to Lakeview Lanes and give colored pins a try.

Bowling Income: The Bowling Division has a positive variance of \$12,000 net income when compared to budget and \$7,000 positive variance when compared to the same period last year.

Warning Stickers: Warning stickers have been installed at the foul lines at both bowling centers. The notice will hopefully remind bowlers that the surface is slippery and that the foul line should not be crossed. It is our hope that the notice will help reduce slip and fall injuries by making bowlers more aware of the hazard. In addition, the new lane conditioning machines are programmable to prevent conditioner from being applied to the first 12 inches of the lanes; again, a new procedure to hopefully reduce slips and falls.

Buildings & Infrastructure News & Notes

Solar Project: Solar installations for both thermal (water heating) and photo voltaic (electric) continue to progress. The thermal solar projects are now submitted to Maricopa County Planning and Development Department for permits and the photovoltaic solar is just about ready for permit submittals. Work on these projects will commence once Maricopa County Planning and Development issues the permits. Contractors are Wilson Electric for the photovoltaic solar and Global Renewable Energy and Priceless Plumbing for the thermal solar.

Bell Lanes & Social Hall Roofs: The Bell Lanes and Bell Social hall roofs are being repaired and recoated in preparation for solar panel installations. Contractor is Starkweather Roofing. **(Cost \$244,233)**

Bell Wood & Metal Shops: Preliminary floor plan drawings are completed for the recently approved Bell Wood and Bell Metal shop expansion. The preliminary drawings were used by both clubs to design their shop space including stationary tool layouts, etc. A meeting was held on April 23, 2012 to discuss and confirm these shop layouts so detailed drawings can be completed by the RCSC architect. Once completed, the drawings will be submitted to Maricopa Planning and Development for permit and also sent to construction companies for competitive bids. Once the bids are received the project will be forwarded to the RCSC

bid commission for final approval.

Bell Library Lighting Fixtures: The Bell Library interior light fixtures are receiving either an upgrade or replacement. The can lighting is being converted to LED fixtures using the existing metal can outfitted with a full replacement insert. The fluorescent lighting is being replaced or upgraded to T-8 tubes with electronic ballasts. The new light fixtures will improve the light in all areas and also reduce RCSC's energy costs. This project will commence as soon as materials and equipment is received from the suppliers. Contractor for this project is Wilson Electric. **(Cost – \$64,646)**

Lakeview Spas: Both Lakeview Spas are closed and being repaired and upgraded to meet current Maricopa County Environmental Services requirements. The work includes the replacement of the interior finish with pebble sheen, installing new water line and step edge tile, replacement of drains, repair of the electrical systems, replacement of the filtration system, installation of an ADA pool lift on the West spa and replacement of the decking surface with an epoxy deck surface. Since my last report it was determined that the underground plumbing systems around both spas has been leaking in several places and must be replaced. This additional work increased the cost of the project. Contractor is Aquatic Builders. **(Updated Cost - \$164,000)**

Financial News & Notes

Privilege Cards: RCSC's privilege card income has continued to increase by almost \$30,000 more than last year, which is primarily due to the short-term (30-, 60- & 90-day) cards that were instituted on April 29, 2010. Notably this has also produced additional revenue in other divisions, with \$47,000 more in cardholder green fees, \$12,000 more in cart rentals and \$17,000 more in food & beverage sales this year from last.

Collections: Payments made by property owners in outside collections dipped in March to \$8,109 with payments from 25 property owners. During March our internal collector processed payments from past due property owners totaling \$58,819 and property-related transfer fees totaling \$195,195. This past month the collections of past due fees was impacted by the phenomenal increase in the volume of property sales and transfers that occurred during the month. Even with this focus shift, past

due balances increased by just 0.6% at the end of March and offset the gains made in February. At the end of March, outstanding balances related to property transfers decreased and now represent 52% of receivables due and 51% of past due balances.

Trustee Sales: Property trustee sale notices on Sun City properties was relatively unchanged and ended March at 80. The number of bank-owned properties decreased 16% during March with the total now at 83 properties owned by lenders. This change was also a contributing factor to the sales volume this past month.

PIF: The Preservation and Improvement Fees collected in March were the highest ever and finished at an astounding \$838,100, or 105%, over budget. Year to date PIF fees are \$746,800, or 74%, over budget.

Golf News & Notes

Golf Rangers Need You: Rangers volunteered a total of 220.5 hours in April. Course totals: Quail Run: 4.5 | Riverview: 14 | South: 46 | North: 43 | Lakes: 37 | Willow: 10. More Rangers are needed. If you have a few hours a week and want to have fun and provide a great service to Sun City golf, consider volunteering as a Ranger. Contact : Don Rogers at 623-815-7077 or attend a meeting: 3pm last Thursday of each month at Talisman Hall.

Golf Revenue: Total revenue for March missed budget by \$20,643 or by 3%. Green Fee/Cart Fee revenue alone missed budget by \$27,421 or by 4%. Merchandise and Driving Range revenue both exceeded budget by \$2,306 and \$1,935 respectfully. Get Golf Ready revenue for the month was \$2,562. We are looking at changing the start time to 7am beginning in March to open up more prime time green fees.

Total revenue for the quarter was \$70,484 ahead of budget (3%) and \$95,129 ahead of prior year (5%). Up to \$48,475 of this increase can be attributed to activity generated by Short Term Privilege Cardholders. Public play declined \$9,400 from previous year; increased play from within Sun City was a contributing

factor to this decline. Driving Range and Merchandise revenue was also up considerably over prior year. It is also important to note that without the lack of rainfall, these revenue gains would be lower.

Aerification: Green Aerification began May 3 Please remember to check the aerification schedule (below) for a complete listing of dates. Aerification is necessary to remove organic matter buildup in the soil profile and to relieve compaction. It is our goal throughout the summer to impact 20%-30% of the putting green surface. The first aerification is performed with a 1/2-inch tine and impacts approximately 10% of the surface. The second aerification uses a larger 5/8-inch tine and impacts approximately 15% of the surface area. The larger tine is used for the second aerification as it occurs during the peak growing season for our Bermuda greens.

Rainfall: The lack of rain year to date continues to affect our golf courses. March rainfall allowed the golf courses to save 49 acre feet of water to budget; however, we are still 54 acre feet of water over budget for the year.

Spotlight on...

RCSC Executive Coordinator attains CMCA certification

"Spotlight on..." is a new SunViews feature that aims to shine a spotlight on the clubs and people that make Sun City special. Each month, you will find a new story sharing a little slice of what Sun City is all about. If you know an individual who you think should be featured or think your club deserves the spotlight, contact Tim Gallen, RCSC Communications Coordinator, at 623-561-4616 or tgallen@sunaz.com.

RCSC is proud to share that Executive Coordinator Deanna Szentmiklosi has attained designation as Certified Manager of Community Associations (CMCA), which will make her an even greater asset to the organization and the Sun City community.

"We are proud of Deanna and her attainment of CMCA," said RCSC Board President Vance Coleman. "It is a testament to her dedication and skill that she has achieved such a distinction."

CMCA certification is administered by the National Board of Certification for Community Association Managers (NBC-CAM) and is the only national certification program that recognizes community association managers who have successfully demonstrated fundamental knowledge and expertise in community management by completing certain requirements and have agreed to comply with the Standards of Professional Conduct.

Szentmiklosi, a Sun City resident, serves as Executive Coordinator with RCSC. In this role, she performs numerous duties on behalf of the Board of Directors and the General Manager requiring a strong knowledge of the organization and community management. Such duties include preparing agendas, minutes, reports, correspondence and research for the board and general manager, as well as helping to maintain the organization's corporate records and acting as a liaison to cardholders and visitors on behalf of the Board and management.

"Deanna is the woman behind the scenes who works tirelessly to ensure the board and I function smoothly," said General Manager Jan Ek. "Her many skills and talents make her an invaluable asset to RCSC."

In her past life, Deanna worked as a paralegal in her native Michigan. She is married to Bill Szentmiklosi, who serves as SCHOA's General Manager; has a grown son and three grandchildren she doesn't see as often as she'd like.

Achieving CMCA certification required completion of a course called the Essentials of Community Association Management M-100, which is administered by the Community Association Institute (CAI). This extensive course covers:

- Roles and responsibilities of owners, committees, and board members
- 10 steps to developing rules
- How to maintain records for legal support of board actions
- Manager's role in organizing and assisting in board meetings
- Manager's role in preparing the budget
- Seven characteristics of an effective collection policy
- Overview of financial operations
- Characteristics of insurance as a contract
- How to develop effective maintenance records
- How to establish five basic maintenance programs
- How to evaluate your management systems and efforts
- How to prepare a bid request for RFP
- Key contract provisions
- Recruiting, screening, and selecting people

Upon completion of the M-100 course, CMCA candidates must sit for the CMCA Examination, a three-hour, 120-multiple-choice question test. To maintain her CMCA certification, Szentmiklosi will have to continue education and training on an annual basis.

From the President

By Vance Coleman | RCSC Board President

Recently, during a stop at Starbucks, my usual crowd and I started talking about elderly relatives and how best to care for them when they cannot take care of themselves.

As we discussed how we had handled these situations, it became apparent that we were all describing relatives who had already passed or were close to death. The most defining thing that we had in common was that we were preparing them not to live but to die.

That conversation got me thinking about a woman who had contacted the RCSC Board Office wanting to know if the Board of Directors could have a special recognition for her mother, who just turned 100 this past month. (The Board agreed and Ms. Eleanor Kole will be recognized at the May 31 Board Meeting. She is also featured in this edition of SunViews on the backpage.)

A few days later, I saw a picture in the paper of a 100-plus-year-old lady visiting the SCHOA office to say thank you to

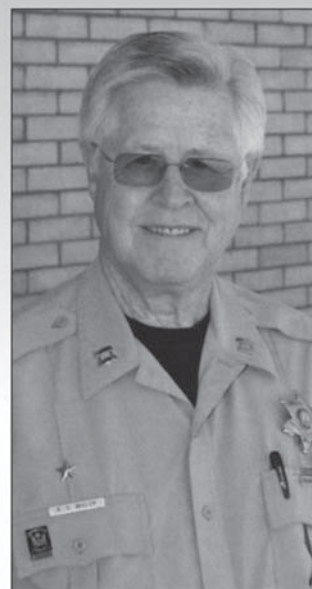

a friend of hers who reached out with a helping hand.

I also recall when my aunt reached the 100-year milestone, President Ronald Reagan called her on the phone to recognize her and wish her a happy birthday. Seeing the joy such a gesture gave my aunt, you would have thought she had won the lottery.

We younger Sun City folks may not have any special prize or national TV exposure; we may not be able to get the president on the telephone, but we can still recognize, appreciate, and spend time with those super seniors among us.

I encourage all Sun City's younger seniors to "adopt" a super senior. Spend some time with them; help them to maintain a high quality of life and dignity by befriending them and sharing some of life's moments with them. After all, God willing, someday in the future you could be that super senior hitting the 100-year milestone and in need of compassion, conversation, or someone willing to just stop and say hi.

We Need You. Come Join Us!

Tips from Daily Fitness

Customize workouts for max results

Bette Wingate is a seasoned exerciser. She was told to use "weight bearing" exercise to improve her osteoporosis. When a recent bone density test revealed no improvement, Bette became frustrated. She turned to Daily Fitness for help. Personal trainer Jane Fortier introduced Bette to the LIVE approach to exercise - LIVE being an acronym for Load-bearing, Intensity, Variety, Enjoyment.

Jane took the exercises Bette had been doing and refined them to get maximum bone density results. She introduced Bette to new exercises and organized workouts that would lend variety to her total program. "Your bones are very active biologically," states Jane, "and they respond to exercise much the way your muscles and cardiovascular system do. The key is to activate cells known as osteoblasts. These cells replace lost bone. If you aren't stimulating osteoblasts with your exercise regimen, your bones continue to become more porous."

Customizing workouts for maximum results is a priority with Daily Fitness. "Each body is different, so it's important to tailor workouts to issues, needs and goals," states fitness professional Fortier.

WHY NOT: Running for the Board

continued from Page 1

the next question is, "How many hours do you spend working on board issues?" This question is easy to answer also: "Not too many!"

Each board member's time will vary. Some issues demand more time from me as I study and prepare myself to present a knowledgeable opinion regarding the issue. The monthly board work sessions vary in length. These are not frivolous agendas. Nine board members dig, probe, question and deliberate intensely over each of the important decisions. We are also blessed with a fantastic professional administrative team that works closely with us in these sessions providing us with data and information that is absolutely vital to our decision-making process.

Then there is the time required to chair and co-chair the committees for which I am responsible (Chair-Golf Advisory, Chair-Properties and Co-Chair- Insurance). Each committee is comprised of Sun City member volunteers that are absolutely fantastic! Do I mind spending an hour or two with these folks once a month? Absolutely not! It is a privilege and a joy to work hand in hand with so many dedicated, hard-working volunteers.

As an officer, I spend a little additional time; but again, certainly not too many hours. As a board member, you will give up some personal hours but you will be rewarded with the knowledge, that as

John Walsh so aptly says, You Can Make A Difference!

My wife and I love our "Little House on the Fairway" and my hours of service hardly affect our many enjoyable hours in the greatest little community in the country!

Pick up a board packet and begin your quest to preserve the present, guide and protect the future of this special place - Sun City, Arizona!

Dan Hill

As a small business owner most of my career, then, having to adjust to corporate life, I know the value of getting things done. One person can make a difference but a "TEAM" (Together Everyone Achieves More) with a great leader, is the best.

There are nine RCSC Board members. Vance Coleman is our leader. We get things done. I take my board position very seriously. Time issues are easily worked out in advance of monthly meetings. It is a rewarding experience. Our Board is diversified in background; retired professionals giving their all as a team for the best interests of Sun Citizens.

I encourage Sun Citizens to give back to our community by applying to serve on the RCSC Board of Directors. I know many who have served. Great people serving the community they love. You, too, can make a difference. Sign up today!

SC Foundation: Working to help our neighbors

The Sun City
Foundation

The best kept secret in Sun City is the existence of the Sun City Foundation. The next best secret is what that corporation does and how. Our vision is to ensure all Sun City residents retain access to facilities and resources available within our community. We do that by assisting in paying the annual assessment for those unable to pay. Our funds come from other residents like you - thus, neighbors helping neighbors.

Your generosity in the past has helped 20 to 30 residents each year. We are proud of that record and want to continue our efforts but that requires contributions from you. We have brochures in 22 locations in Sun City that explain how to contribute, or you can call 623-561-4600 for more information. A speaker from the Foundation can also be arranged to speak at any event or club meeting.

Nearly 100% of the contributed funds are used to promote our vision. How is this possible? The Foundation has no paid managers or employees and office costs are funded by RCSC. Directors are all volunteers.

Also, your contributions stay in Sun City assisting neighbors and promoting the lifestyle we all enjoy. Lastly, your contributions are tax deductible. Help us help your neighbors!

June 2012

All committee meetings are held in the Board Room at Lakeview Center unless otherwise noted. Times and dates subject to change. For the most up-to-date schedule, visit **www.sunaz.com**.

Friends of the Library News & Events

Well, here we are! Winter is definitely over! Spring stopped by for a few days visit! And now – summer is positively here. The weather says so, in spite of the calendar. Do you get tired of these little weather updates every month? As if you can't tell all this from your own observation. However, it does seem that weather is a very popular topic of conversation around here, so you probably will get a few more comments as time goes by.

Friends

The Volunteer Appreciation Dinner is still on my mind. (Remember, this is being written the first week in May). It was such a nice affair. More than 60 volunteers were in attendance, the food was great (thanks to Sharko's Caterers), the program was interesting as it was mostly about presenting awards for hours of service. Badges and pins were given out. As they left the dinner, all volunteers received a gift certificate to WOW's Café and a beautiful red rose. Note: All six of the Book Buddies volunteers attended. So nice to have a chance to meet and get to know them.

As you know from last month's column, the "Volunteer of the Year" award for 2011 was awarded to May Cullen. We learned that prior to her life in Sun City, while working for the government, May was a librarian in Yuma, Arizona, among other duties. She earned a transfer to Iran, where she also managed the library. We are happy she is now working for our bookstore. For a little lady who can't reach the upper shelves without a step stool, she is doing a big job and doing it really well.

Help

At the end of this calendar year, the Friends of the Sun City Libraries will be losing two of our terrific board members. They have completed the maximum six years allowed. Both are very active in the group and will be greatly missed. We will be writing more about them in the future.

In the meantime, if you or anyone you know who loves the library would have an interest in serving on the board, we will welcome all applications. Just write a brief resume of your qualifications, current activities and why you would like to join the board. Election by the board will be in January preceding the annual meeting. You will hear more of this throughout the next few months, but don't hesitate to

act now. Your letter can be dropped off at the bookstore or mailed to the Friends at P.O.Box 2000, Sun City, Az. 85372.

In keeping with info about the Friends group, the Board of Directors is interested in what you think. To this end we will occasionally put a question in this column and hope you will let us know your opinion. We definitely want to help the library to serve its patrons in the best possible way. Watch for the first question soon.

Sun City Snapshots

Above: Judy Simousek, of Willowcreek Women's Golf League, aced the third hole at Sun City's North Course during the March SCWGA's Better Ball tournament. Simousek used a seven iron on the 107-yard hole. Witnesses to her first hole-in-one were Pat Jennings, Mary Beth Ferrell and R. Shreve. Way to go, Judy!

Right: Sun City resident Eleanor Kole celebrated her 100th birthday on May 3.

Many friends, neighbors, and family members helped celebrate with her at a luncheon hosted by Kole's daughter, Marie Santo.

Attending family included six granddaughters and three great-grandchildren. She was recognized at the May 31 RCSC Board of Directors Meeting by Board President Vance Coleman.

Here's to another century, Eleanor!
