

Board Officers respond to published Anne Stewart letter

Vance Coleman
RCSC Board President

While Anne Randall Stewart calls herself the “watchdog for Sun City” she is costing Sun Citizens dearly. Despite RCSC’s efforts to provide her with

accurate information, she apparently cannot be bothered with the facts. Anne Randall Stewart continues to publish letters in the newspaper and on other public forums that are full of misinformation and false accusations which puts a very negative light on all of Sun City. Not to speak of the immense resources which are required to respond to her allegations and minimize as much damage as possible to RCSC. For the resources required to consistently respond to her, you and I, the homeowners of Sun City, pay with our social security checks, pensions and hard earned dollars as the expenses for these resources must be covered in RCSC’s operating budget, and therefore

are paid for by the annual property assessments Sun City homeowners pay annually.

This self proclaimed “Spokesperson for The Sun City Formula Registry” who claims her group is “The Action of the Members” is taking from the very people she claims to represent. Are you aware that if you have ever signed a petition circulated by Noel Kasper or Anne Randall Stewart that you are apparently considered a member of her group? And are you aware that she reportedly speaks on your behalf at the legislature and claims to represent 4,000 Sun Citizens? So who and where are these 4,000 members of The Sun City Formula Registry because they have

Anne Randall Stewart You’re Dead Wrong

Jim Bishop
RCSC Board Vice President

Anne Randall Stewart, as usual, you are dead wrong! I find it very interesting that you will pick out words or phrases in RCSC’s corporate documents and use them to support your position, however, you call it word-smithing because the law means “and” or “or” when it is used in the state statutes. I am sure anyone who has titled any property has a very clear meaning of the difference between “and” and “or.” It seems that the wording used does not fit the position you desire RCSC be required to take by law.

To claim that the addition to Board

Policy #27 that allows RCSC’s long time standing committee members to be grandfathered from the provision that they “must not be related to any other member of the committee by marriage or birth” if they have served on the committee since May 8, 2008 as some sort of hidden agenda is compatible with your apparent paranoia about the RCSC Board of Directors. After Carole Martinez, a new Board member in 2011, was assigned as the Chair of the Member Communications Committee, she realized that her committee was in violation of the current board policy because that board policy did not state that those long time committee

More false accusations from Anne Stewart

Gene Westemeier
RCSC Board Treasurer

Wouldn’t it be great if we could send a bill to Anne Randall Stewart personally for all the resources it takes to respond to her incessant false accusations? It would likely result in her taking some responsibility for her relentless publication of inaccurate information and save the rest of us Sun City homeowners some money as well. A win win proposition in my opinion.

In her latest letter, published in the March 25, 2011 edition of the Daily News Sun and March 30, 2011 edi-

tion of the Independent, Anne Randall Stewart continues to disseminate inaccurate and untruthful statements about the RCSC, its Board, its committees and its management.

By using an issue between RCSC and another Sun City homeowner as a catalyst, she is claiming that the “grandfathered” per person assessment basis is being eliminated, which is not correct. This Sun City homeowner owns two homes in Sun City, one she occupies and one she does not. She is eligible for the “grandfathered” per person assessment on the home she occupies only. She is not eligible for such on the investment

not had a successful petition in years and you'd think that with 4,000 potential signers that would not be the case? Perhaps if you have ever signed such a petition, you would want to inform her to cease and desist representing you in any way.

Anne Randall Stewart's baseless arguments that the RCSC should operate under the Planned Communities Act under Title 33 of the Arizona Revised Statutes could create some serious consequences for Sun City homeowners and RCSC Members. RCSC Members could no longer cast their vote by proxy and the additional costs of meeting notices alone (the Act requires notices to be "hand-delivered or sent by pre-paid U.S. mail") would add conservatively \$100,000 to RCSC's annual budget. Any increase in RCSC's operating expenses for such requirements would have to be borne by Sun City homeowners who pay their annual property assessments. Anne

Randall Stewart's groundless arguments regarding Title 33 (insofar as they can be understood) cost RCSC members money because she has, at various times, presented these arguments as fact to Arizona legislators. To their credit, the legislators would check out Ms. Stewart's statements. This has required, however, the time of RCSC employees to research, accumulate and present the correct facts to the legislators to show Anne Randall Stewart's arguments are false.

Along this same line, regardless of the facts, Anne Randall Stewart continues to claim that RCSC gets a "common area" property tax exemption which is afforded under the Planned Communities Act, which does not apply to RCSC. The property tax relief afforded the RCSC was acquired in a lawsuit brought in the Superior Court of the State of Arizona, whereby RCSC, the plaintiff, sought relief from Maricopa County, the defendant, in the values

set forth on RCSC's land and improvements. The final judgment and order signed on February 5, 1991 by Judge William T. Moroney, set taxable values on RCSC's land and improvements and provided reimbursement from Maricopa County to RCSC for overpayment of property taxes through 1990. Anne Randall Stewart's continuing ranting regarding this issue could bring unwanted attention to this matter and Sun City homeowners could have some adverse consequences with Maricopa County. Perhaps Ms. Stewart would like to pay for any increased property taxes on the RCSC property?

As created by Del Webb, the corporate documents do not require Member ratification of decisions made by the Board of Directors. The decision-making process is the sole reason Members elect a Board of Directors. The Board of Directors invites and appreciates the input of the Members which is evident in the Board's willingness to change a

previously determined direction as a result of such Member input. Members are given the opportunity to amend the Articles of Incorporation and Corporate Bylaws and Board Policies as well as elect the Board of Directors as set forth in the corporate documents.

Anne Randall Stewart's recurring threat of Board recall is also very costly to Sun Citians as less and less Members are interested in running for the Board as a result. In our retirement, our golden years if you will, who wants to be accused of being a liar, a thief or a cheat who cares nothing about their community or their neighbors? Certainly not I and I would assume not you either. Fellow Sun Citians we must unite for our common purpose as responsible Sun Citians for the health and welfare of our beloved community we call home....Sun City!

This article is in response to Ms. Stewart's letter in the March 25 Daily News-Sun and March 30 Independent.

BISHOP: Anne Stewart you're dead wrong

members were grandfathered. Therefore, her committee, made up of RCSC Members, asked for this revision and the Board gladly complied.

What planet are you living on Anne Randall Stewart to publish such a statement as; "Instead of obeying the law, the RCSC is paying a lobbyist and establishing a Government Affairs Committee?" First of all, RCSC does obey the law. Secondly, RCSC has had a paid lobbyist for many years and any connection to your statement regarding such is absurd. The lobbyist informs RCSC about bills at the Arizona Legislature that would have an effect on Sun City. Finally, to be paranoid about the development of a Government Affairs Committee is incomprehensible. Surely you must be aware of RCSC's role in fighting the Arizona American Water rate case and bringing the public hearing of the Arizona Corporate Commission to Sun City at the Sundial Recreation Center last year. I would also hope that you are aware of RCSC's participation in the fight against the Charter School in Sun City last year. With these events and the need to stay on top of legislation, the RCSC Board of Directors felt it very important to establish a Gov-

ernment Affairs Committee as it is too much for the Board and staff to take on without some additional help. We have several issues that need the attention of such a committee at this very moment, such as the rate case of Southwest Gas, which includes decoupling. Are you familiar with decoupling Ms. Stewart? Might I suggest you use some of your tenacity and persistence to benefit Sun City?

The Legal Affairs Committee has no connection to the membership quorum process and has not been an active standing committee for over a year, which is why the Board is removing it as a standing committee at this time. A standing committee is established to aid the Board in accomplishing its duties on an ongoing basis. The Legal Affairs Committee would not be asked to convene on anything that was under advisement by RCSC's legal counsel, as the members of the committee were never licensed to practice law in Arizona and most had not practiced law for many, many years in the states from which they originated. Therefore, it certainly would not be advisable for the Board to use the Legal Affairs Committee to provide advice on anything that required a legal opinion.

The previous membership quorum of 100 was less than one-half of a percent (.3%) of the total membership and left RCSC and its Members at risk of being controlled by a small minority. Someone with 100 proxies could have made changes with numerous unintended consequences that could have done a great deal of harm to RCSC and Sun City homeowners. Following the advice of RCSC's legal counsel, the Board eliminated this provision thereby causing the RCSC to be subject to the default provisions of ARS §10-3722 which sets a nonprofit corporation's quorum at, "one-tenth of the votes entitled to be cast" until such time as RCSC could form an Ad Hoc Committee with the Membership at large to come up with a more reasonable number. I was the Chair of this Ad Hoc Committee and we met on several occasions and in the end made a recommendation to the Board who adopted a reasonable and attainable 1,250 membership quorum, which includes proxies. We know that this number is attainable because it was easily reached in person with no proxies at the meetings regarding the water rate case and the charter school.

Quite frankly Ms. Stewart, if I were

Craig Brown I would be slapping a defamation of character law suit on you by now. This is twice that you have denigrated his character in the newspaper, the last time was just before early elections and I doubt that you have ever even met the man. Your continued misrepresentation of him is unforgivable, especially in light of the fact that it is totally developed on hearsay. I did not know Craig personally prior to serving on the RCSC Board. Craig did a phenomenal job as a RCSC Board of Director, Treasurer and Chair of the Insurance Committee during his term. The Board has many responsibilities; i.e. to fulfill its fiduciary duty to act in the best interest and for the benefit of the corporation, to exercise sound business judgment, and to establish and revise policy and Craig took his responsibilities as a Director very seriously. Through Craig's wealth of experience and expertise in insurance, he has made a significant difference to each and every Sun City homeowner by managing RCSC's risks appropriately. In my opinion, you owe this man a published written apology.

This article is in response to Ms. Stewart's letter in the March 25 Daily News-Sun and March 30 Independent.

WESTEMEIER: More false accusations

continued from Page 1

property that she does not occupy.

Ms. Stewart is claiming that the purpose of the Long Range Planning Committee's tour of the RCSC recreation centers on Thursday, March 24, 2011, was to determine what recreation center would be closed. I am not sure how she came to this conclusion as she has not attended a meeting of the Long Range Planning Committee, so it is second hand information at best, or what I commonly refer to as just one more thing erroneously produced by the Sun City rumor mill to which she appears to be a significant contributor. Ms. Stewart goes on further to claim that there are plans to close Oakmont, which is an outright deception. There are no long range plans for any recreation center at this time, let alone Oakmont. That is the point; the Long Range Planning Committee is in the process of creating a long range (strategic) plan for the Recreation Centers of Sun City. In order for us to do so, we needed to start by having firsthand knowledge of the facilities and what better way to accomplish this than by taking a tour of them. Has the Long Range Planning Committee asked the question, "Will we be able to sustain all of the recreation facilities we have now in the future?" Absolutely, they would be failing to fulfill their duty if they didn't. Are there members of the committee that feel RCSC has too many facilities to maintain now? Possibly, but remember one or two members of a committee do not create a plan and the committee is not that far into the process to make any such recommendation to the Board at this time. The Board and committee have already committed to taking the plan to the community prior to adopting it. So contrary to Anne Randall Stewart, do not over react, there are a lot of discussions to be had by the committee prior to recommending a long range plan for RCSC and remember Members are welcome to attend the committee meet-

ings. You can find the meeting schedule posted on the website www.sunaz.com under the Board tab. As always, we have nothing to hide.

Anne Randall Stewart's implication that there may be some mismanagement of funds in regards to projects and bids is absurd or that there is anything inappropriate or uncommon happening at RCSC in regards to this process is a fabrication. I am not sure who her "expert" is this time, but obviously there is very little practical knowledge about how the process works. I dealt with projects, bids and contracts for my entire professional career and RCSC follows good sound business practices. Let me describe how the process commonly works and how it works at RCSC: Prior to Board approval of the operating and capital budget, or any unbudgeted project, the management team obtains an estimated cost of the project, which is either based on the cost of previous similar projects or estimates (not bids) received from architects, engineers, potential bidders, etc. Once the Board approves the project a Request for Proposal ("RFP") is prepared based on the scope of work and is submitted to as many potential bidders as possible. Every attempt is made to receive at least three bids. Once the bids are received a bid packet is prepared which includes all submitted bids and management's recommendation. If management for some reason does not recommend the lowest bidder, there is an explanation as to why they are not doing so enclosed in the bid packet, but that rarely happens. The bid packet is signed by the Controller to verify it is within the operating or capital budget approved, or the Board approval of an unbudgeted project. To complete the process before any work can commence, three Board of Directors must sign the bid packet and approve the contractor(s) and project total. Each project is tracked and monitored by

Daily Fitness: Maintaining muscle

Lawrence Costello is hard at work with the "step-box" at the Bell Fitness Center, under the watchful eye of personal trainer Dick Fortier. Lawrence realized he had lost muscle strength, flexibility and stamina. He turned to Daily Fitness for help in improving that situation. "Muscle is the centerpiece for being healthy, vital, and independent as we grow older," says Dick Fortier. "After age 40, we lose a quarter pound of muscle a year. By the time we reach senior status that gradual muscle loss affects balance, endurance, and the ability to deal with daily tasks. Strength exercise is the key to improving the situation." Strength exercise isolates muscle groups and takes those fibers to fatigue. It's a process that results in new muscle tissue and improved muscle strength. Daily Fitness trainers are experts at teaching

people how to strength exercise correctly. To find out more about working with a personal trainer, call 623-696-6820 or visit DailyFitnessLLC.com

May is transition time

The warmer weather brings the dreaded word "transition." Although the benefits of overseeding bermudagrass with ryegrass are clear, the transition from winter ryegrass to summer bermudagrass can be troublesome. Several maintenance practices have been going on and are in process to make transition happen as quickly as possible. The golf courses have lowered mowing heights to allow sunlight to get to the bermudagrass. Shade from the ryegrass can cause the bermuda to die. Spot watering and application of wetting agents are being applied to areas that have poor irrigation coverage to allow soil moisture to reach the bermudagrass roots. Aerification and vertical mowing are being done to promote lateral growth of the bermudagrass and to "wake" it up from winter. A complete fertilization of the golf courses will be done in May to push the bermudagrass growth while the ryegrass becomes stressed from the warm temperatures.

The process that disrupts play for golfers the most is the removal of winter ryegrass with a herbicide. This herbicide kills the winter ryegrass over several weeks. This is an effective way to ensure that bermudagrass receives 100 days of growth before being overseeded again. RCSC golf courses have adopted the procedure of removing ryegrass with a herbicide on four golf courses per year. This year North, Quail Run, Lakes West and Willowcreek golf courses will remove the ryegrass using an herbicide. This is the third year of a five year process. Research shows that this process takes up to five years to have improved results. Golfers can expect for overseeded areas to be thin after removal of the overseeded areas. The date of removal of winter ryegrass will be set according to soil temperatures toward the end of May or first of June.

Handicap cards available

Is the golf course beginning to seem longer than it used to be, but you are not ready to go to a smaller course? A handicap card will alleviate some of the walking for you and may make the game more enjoyable again.

To get a Golf Course Handicap Card, you will need to do the following:

1. Get a form from any RCSC golf course or from the www.sunaz.com website.
2. Take that form to your physician and have him fill out the upper portion.
3. Bring the form completed by your doctor, along with your RCSC membership/privilege card to Sue Presta, Golf Administrative Coordinator (her office is at Riverview and you should call to set up a time to meet with her).
4. In about 10 minutes you will have your Golf Course Handicap Card.

You will then give that card to the golf shop worker when checking in to get a flag for your cart. Always return the flag to the pro shop and get your card back, so the flags are available for the next golfer needing them.

Bell Lawn Bowl: A little bowl history

Although early Homo sapiens probably developed various games, lawn bowling only appeared in the 13th Century. While rocks were originally used, even chipped and shaped ones were entirely too random for suitable gamesmanship; soon blocks of wood were being shaped into more uniform, asymmetrical bowls.

Lawn bowling origins seem unclear, but probably originated in the British Isles very early in history. It could be (but probably never was) said "the sun never sets on lawn bowling," for wherever the British went they took lawn bowling with them, and its popularity

grew apace.

In one of history's lighter sidebars, Sir Francis Drake was reputed to have been playing a game of bowls with Sir Walter Raleigh when he received word of the approach of the Spanish Armada. Legend holds he insisted on completing the game before rejoining his fleet to defeat the Spanish.

He also had to wait for flood tide to maneuver his ships out to sea to meet the Spanish, but why clutter a good story with fact? Want to learn the sport of Sir Francis? Just call Amy Heidebrink at Bell LBC (623-583-4432) and ask about free lessons.

Oakmont Lawn Bowl: Bowl history

Lawn bowling didn't arrive on the Mayflower, but wasn't far behind. Towns, schools, parks, even a university, were eventually named or known as Bowling Green.

By the mid 1700s it was popularly established. With the unpleasantness of the latter 1700s the popularity of lawn bowling waned due to its close association with anything British. The War of 1812 did much to assuage Yankee angst, and eventually, lawn bowling was reestablished on this side of the pond. In 1879 a small lawn bowls club was established in New Jersey, and the rest is history. Still, it was a

slow, laborious process transporting such a civilized sport across the rowdy American west. Now there are sanctioned lawn bowling clubs in 22 of the 50 United States. A dozen of those clubs are in Arizona and five of them right here in Sun City, with two more in Sun City Grand and Sun City West.

Sound intriguing? Claim a bit of history for yourself, stop by any of the Sun City lawn bowling clubs to check it out. Check times and locations in Sun Views. Watch a game; maybe roll a bowl or two yourself. Call Rich Enockson, at Oakmont LBC (623-444-7194) to get started.

Lakeview Lawn Bowl: Any color will do

On February 21, the Lakeview Lawn Bowling Club voted, by approximately 60%, to modify their required wearing of whites (white trousers/skirt & white shirt/blouse) when bowling on Lakeview greens. Henceforth, a Lakeview bowler's shirt may be any color when bowling in club games, but must have sleeves and collar, and no messages printed thereon. The lower body must still be clad in white or cream, and tournament games also must still be bowled wearing all whites or, if appropriate, team colors. Shirt sleeves may be omitted for summer. Passions were rising and the awaiting chicken dinner cooling as the debate swirled.

Opponents properly noted that wearing of whites on the green was a long time-honored tradition and provided a positive identity for the sport, which is lacking in many other similar activities. Proponents just as correctly noted the decline in wearing of whites in such bastions as Australia, New Zealand, Canada and even England. It was also noted that bowlers could still choose to wear all whites, and a smart appearance was still expected of all bowlers. If lack of whites has deterred your lawn bowling career, here's your golden opportunity: call Myra Wood, 623-977-6559 for a lesson.

Fairway/Mountain View Lawn Bowl

Lakeview becomes the second Sun City lawn bowling club to offer an option to bowlers to dress in various colors for club games. Fairway/Mountain View LBC, which was the first club to offer a non-whites option, fully understands and agrees with those who hold for the long, rich traditions of Lawn Bowls. That is a large part of making lawn bowling the engaging sport it is. It is just that FW/MV bowlers also thought that bowlers deserved an opportunity to get in a game even if all their whites were in the laundry. Hey, sometimes bad planning hap-

pens.

More seriously, the FW/MV club was hearing demurs from potential bowlers averse to taking up the sport if whites were required. Times change, people change, and lawn bowling is just too much fun not to keep up with modernity.

If you have shied away from lawn bowling in the belief that it was bland, come on out, let us show you how to put more color in your life. Call John Wilson, at FW/MV LBC (623-933-8397) for a FREE lesson.

Palo Verde Judged Art Show

Our annual Palo Verde Judged Art Show, held March 25 and 26, had the largest attendance ever. Once again Jerry McGuinness took first place in the Advanced Water Media category, as well as the Judge's Choice Award for his painting "Lost Creek Revisited." First place in the Professional Oil Category went to Janice Rouen-Lydon who also won the coveted People's Choice Award (voted on by the show attendees) for her painting "Desert Pottery," pictured.

May means that after a busy winter of art shows, art classes and art demos, the club will be taking a summer break. Feel free to join us in Sundial East Hall at noon on Monday, May 2 for our last gathering until fall. There will be a short business meeting and an artist's

demonstration plus a chance to get acquainted with your fellow Sun City artists to learn more about their interests and talents. Hope to see you there!

Longtime club member, Maria Offidani, is our May Artist Of The Month. Be sure to see her work in the Sundial Showcase above the pool.

Sundial Shuffleboard plays all summer

The Sundial Shuffleboard Club has enjoyed the wonderful experience of adding several new members to our club this year. You know what that means? More ways to meet new people and enjoy lasting friendships. Thank you, members.

Over the summer we will still be playing in the cool comfort of Bell Center. During the winter months our members preferred an evening of enjoyment on Thursdays at 7pm. However, during the summer when it may well be too warm to hang out outside, why not consider utilizing our summer club times at the Bell courts on

Wednesday, Thursday or Saturday at 1pm. Call Dian at 623-583-4013.

Member meetings will resume at 5pm November 1 in Sundial East Hall with a potluck dinner at 5:30pm. We're looking forward to seeing you all there en masse.

All RCSC cardholders in good standing are eligible to join our fun club. Annual membership is only \$2.50 per person with all equipment furnished and free lessons available. For more information look for our brochure at Lakeview Center and other locations or call Joe at 623-933-6550.

Mini-Golf Club honors member

Lillie Schweitzer, who is one of our lifetime members, had a 91 years young birthday in April. The club surprised her with cake and coffee to help her celebrate the day and wished her many happy returns of the day. Our tournament In March was named after her. On occasion Lillie still joins us for a game. We always look forward to going to Sun City West for the Spring Tournament with them. We were feted with a lovely breakfast provided by their club members. Nothing like a table filled with homemade food and goodies. The fellowship and the fun of the game make for a great time.

With great anticipation for our Spring Luncheon in April we were not disappointed. As usual our president, Betty Peace, and her diligent crew brought it all together for us. Everyone brings their favorite main dishes and eye popping deserts, amazing how it disappears. We can't eat and run, so we played a couple of games to round out the festivities.

Our club meets September through May at Lakeview Social Hall #1 on the second Tuesday of the month. Current RCSC card is needed. Call Betty Peace 623-875-2544 or Olivia Downs 623-933-4375 for more information.

Square Dance: Smooth dancing

It is wonderful to see the dancers flow through the figures. You get the same feeling watching a stream flow between its banks. Sometimes there are rocks and rapids and it looks like things will come apart, but eventually the stream finds the right channel and flows as beautifully as ever.

So it should be with dancing. Most of any dance should flow smoothly not from figure to figure, but through the figures. Figure to figure dancing is stop and go dancing. A figure starts here and stops there. That makes it stop and go dancing and that is exhausting for dancers. The caller and the dancers have to be prepared in order to make it a smooth dance.

So the question hangs in the air for

callers and long-time dancers: Are we preparing programs for ourselves, or for all the people on the floor? Are we inviting new dancers to swim in smooth flowing water, or are we demanding they shoot rapids every night?

Dances are open to RCSC Cardholders and guests. For information contact: 623-875-2642, 623-930-7513, 623-341-3726 or suncitysquares@q.com.

Hatha Yoga

Working all day and need some stress relief? The Hatha Yoga Club has a solution for you! Join one of our evening classes and learn to relax while you stretch away the aches and pains of a busy workday. Our evening classes, led by certified instructors, are held Mondays and Wednesdays from 6:15 to 8pm in the Aerobics Room at Sundial Center. Come try us out. You can play twice before joining but that is only \$2. It is a great bargain. Please arrive by 6:30pm at Marinette Center to get organized. Play starts at 6:45pm. Have fun with Mah Jongg

Do you like playing cards and other sorts of games? If so, you will probably enjoy playing Mah Jongg. It is a fun and entertaining game using tiles, instead of cards. The purpose, somewhat like gin rummy, is to create a hand with a specific arrangement of suits and numbers.

If you would like to learn to play, the Mah Jongg club offers free lessons several times a year. You are also welcome to stop in during club play time

and watch. If you already know how to play, come join us. The club plays National League and Asian and meets at Sun Dial in the West Hall on Tuesdays noon to 4pm, and Marinette Center Thursdays 6 to 9pm, and Sundays noon to 4pm. The Mah Jongg club is open to all members holding a valid RCSC card. For more information, contact Tina at 623-208-1027 or Janis at 623-875-3969.

Bell Shuffleboard Club

Our League play is finished for the winter season but we're still playing this great fun game this spring and summer. Many of the winter visitors have gone back to their summer homes and still carry the shuffleboard spirit until they return this autumn. We will host the EASt-West Goodwill Shuffleboard Tournament at Bell this September 14 for 6 days and many Bell players are included. We would really love to have as many spectators as possible to cheer on the participants. Also, remember that during the hot summer days, any RCSC cardholder can play shuffleboard inside our air conditioned facility.

Players share 'The Secret of Mildred Wild'

Sun City Players Community Theater's 50th Anniversary Celebration is augmented by a stellar cast performing "The Secret Affairs of Mildred Wild."

Theresa Headrick, Sue Randall, Bill Loslo, Shirley Trapp, Sonia Abrams, Sharon Nichols, Bob Budorick, Jubie Hughes, Tad Daughters and Ron Bush do themselves proud! This cast will understand your intermittent laughter and shrieks over the show by Pulitzer Prize winner Paul Zindel.

Director Joyce Hutchins hopes no one will give away all the twists and turns that occur in the Wilds' small apartment behind their less than successful candy store in Greenwich Vil-

lage. Mildred's fantasy movies fill her TV screen and keep her oblivious to the real world's ups-and-downs. Your opportunity to understand the addiction/affliction of Mildred is over after the Players' run April 29, 30 and May 1 and 5-8 with 2pm matinee on Sundays and Thursday and 7pm performances on Fridays and Saturdays at Mountain View Center. Reserved \$8 tickets available weekdays April 25 through 29 and May 2 through 6, from 10am to 1pm at Sundial Center will also be sold at the door one hour before each performance at Mountain View Center. Sorry, no credit cards nor phone reservations. Information: 623-974-0906.

Oakmont Lapidary & Silvercraft

J.R. Means can take a stone from start to finish in six minutes! He is OL&SC's official "Stone Guy." If you have a stone and don't know what it is, ask J.R., who has been perfecting his lapidary skills since 1968 when he discovered a poppy agate. He has been rock hunting in every state west of the Mississippi. Recently, J.R. was working on a 30-millimeter by 40-millimeter stone when he was surprised to find that the markings in the stone looked like a poodle face so he quit working it and has given it a prominent place in

his collection. J.R. took up silvercraft in 2004, drinks his coffee cold and is club monitor every other Thursday morning. Call and come by the club when J.R. is monitoring to hear stories of his rock hunting adventures and check out the beautiful stones for sale in the OL&SC showroom.

Oakmont Lapidary & Silvercraft Club is at Oakmont Center. Summer club hours start May 1: Wednesday, Thursday and Friday 8am to noon. Club phone is 623-738-7945. OL&SC is open to all RCSC cardholders.

Bell Silvercraft: Meet Neil Hagerman

Neil joined Bell Silvercraft soon after moving to Sun City from Vancouver, Wash., in May 2001 after retiring as art instructor and guidance counselor in Washington and Oregon schools. His first experience in silvercraft was during his senior year as an art education major at Colorado State College of Education in Greeley, Colo. There he learned the lost wax method as well as fabrication. For years he did not work in silver until joining Bell Silvercraft, where he again had use of special tools and equipment needed.

Neil's favorite items to make are pendants, with or without stone setting. His are totally one-of-a-kind designs, finding creative uses for odd pieces of

sterling tableware (forks and spoons) and scrap silver. All RCSC cardholders are welcome to join and benefit from basic and advanced classes offered by the Bell Silvercraft Club. Club hours are 8am to 9pm each Monday and 8am to 3:30pm Tuesday through Saturday. The public is welcome to visit our gift store daily.

Artistic Weavers spin into summer

You sure can tell it's the month of May. Folks are packing up and heading to their summer digs while the rest of us are easing into the "lazy" days of summer in Sun City. April's Stash Sale was a big success and we had a lot of fun wearing our crazy hat creations at the club's annual "Mad Hatters' Tea Party." The fast paced activities of winter and spring are over but we're not sitting idle. We have already started on our club's summer projects: weaving hats and socks for St. Vincent de Paul, making basket pin cushions for the 2012 Federation Conference held

in Phoenix, and deciding what type of scarf we'll weave, knit or crochet for the club's first Scarf-a-thon when we return in the fall.

Come visit us at Oakmont if you'd like to learn more about weaving or spinning, or would like to purchase one of our beautifully decorated gourds, hand spun yarns, woven baskets, linens, pillows or rugs. We're open 9am to noon Tuesday to Thursday in May, June and September, closed July and August. Membership is available to all RCSC cardholders and we'd love to have you join us!

New from the Friends of the Sun City Library

May Day, Cinco de Mayo, Kentucky Derby, Indy 500, Memorial Day, your birthday (whoever you may be). What a month! What weather to enjoy it in! The snowbirds are gone or soon will be (their loss). So let us celebrate May.

Past Events

Last month we celebrated volunteers with a great dinner at Sun City Country Club. Service awards were given out for hourly milestones to 30 volunteers. Our Volunteer of the Year was announced and presented with a corsage and a gift. This year's honoree is Ann Garman. Her name will be added to the plaque opposite the entrance to the bookstore. Congratulations, Anne. Don't stop now.

The storewide "Fantastic" paperback book sale was a big success. I'm sure it will be repeated in coming months.

Coming Up

May will see a couple of book signings. A new author from Sun City West, Jack Hawn, will sign and discuss his first book, "Blind Journey - A

Journalist's Memoirs." Come in Tuesday, May 10 at 10am for an interesting look into a journalist's life. During his career, the author wrote both sports and entertainment stories. He covered such personalities as Muhammad Ali, Frank Sinatra, Sammy Davis, Jr. and other stars of the time. There will also be a book review and signing on May 23 at 10am by Gene Twaronite. His book is "The Family That Wasn't." Though it is a teen novel, it is also a fable for people of all ages. The author will also discuss the process of writing and publishing a novel.

Believe it or Not

It is really hard to believe, but it's true: Fairway celebrated its first anniversary. They had a really nice open house with music and refreshments furnished by the Friends. Branch manager Gail Ellis and her assistant Camilla Kuberka have done a fine job, ably assisted by their loyal volunteers. Congratulations. You're sure to celebrate many more years. Books Around the Corner Book Store has gotten bigger. Well, at least it seems

that way. Thanks to the very creative planning and several new shelving units, there is a lot more open area. Access to the books, as well as signage has been greatly improved. This required quite a bit of construction work on the shelves, not to mention moving many hundreds of books, not once, but twice. Our thanks to Tom Everitt, his brother Ed and Jack Beddoes for the many hours of labor they have put in.

Volunteer of the Month

We are proud to announce Patricia Robinson as our Volunteer of the Month. She has been volunteering in Sun City for over 17 years, starting two weeks after she arrived. After her husband passed away in 2004, she began to work two days a week in the library, starting with circulation and then adding a day in the audio-visual department. Pat has four daughters and 17 grandchildren. They are scattered, with two daughters in California, one in Virginia and one in Israel. She likes individual sports on TV, such as tennis, skiing and ice skating.

ing. She also travels with a friend on road trips around the country and they have been on three cruises. Their plans are to take more trips of both kinds. Come in and say hello to Pat in the bookstore on Tuesdays.

About Friends

The reason for the existence of the Friends of the Sun City Library is very simple: to support the operation of public libraries for all the people living in Sun City, Arizona, as it exists and as it may exist in the future. Now it is for you, the patrons of the libraries to let us know what you would like to see as a part of the libraries. After consulting with Maricopa County Library management, we will try our best to fulfill your wishes. Attend the Friends meeting on Thursday, May 12 to express your ideas. Don't forget about the Book Buddies. Anyone who has difficulty getting to the library can contact the Friends for home delivery. Call 602-651-2014 or let anyone in the library know you would like to have this service.

WESTEMEIER: More false accusations

continued from Page 4

the accounting department and the accounting processes are audited by an accredited Certified Public Accounting firm annually.

Contractors will not continue to bid projects for an organization which puts something out to bid before they even know if they are going to complete the project and the Board cannot approve a project for which they have no estimate of costs. For Anne Randall Stewart to imply that there is something wrong because we have an estimated cost for the repair of the Sundial monument is ludicrous. The Board is approving this unbudgeted project based on this estimate. This is similar to when the Board approved the unbudgeted creek project for Willowcreek golf course which was based on the cost of RCSC's last creek project. Anne Randall Stewart having a problem with the actual bids coming in considerably lower is evidence of her lack of comprehension of how it works. Matter a fact, Anne Randall Stewart's admittance that she interfered in this process with Pacific Aquascape is an example why RCSC's policy is to protect contractor's confidential-

ity and competitive bidding process. Anne Randall Stewart asked RCSC to submit a RFP to Pacific Aquascape for this project, which RCSC did and they replied that they were not interested in bidding the project. However, that was not sufficient for Ms. Stewart and her group evidently, because Tom Beckwith attended a Board/Member Exchange meeting where he proudly announced that they had obtained a bid from them, obviously Ms. Stewart and her group decided to take matters into their own hands. RCSC was most definitely not grateful for this interference because it causes problems with vendors and contractors when Members take matters into their own hands as would be evident to any business minded individual.

Anne Randall Stewart we kindly ask for the benefit of all of Sun City that you cease and desist with your false accusations.

This article is in response to Ms. Stewart's letter in the March 25 Daily News-Sun and March 30 Independent.
