## Two Board Meetings Start This Month

The RCSC Board of Directors will begin conducting two Board Meetings each month starting in April and both will be in an open-meeting format. The Board will no longer be meeting with management in closed-door work sessions. The opportunity for Board/Member exchange will be available at each Board meeting.

These Board meetings will normally be held on the second Monday and last Thursday each month, all of which will be in the Sundial Auditorium at 9am (except in July and August). The meetings will be video recorded and available on RCSC's YouTube channel. There will no longer be any evening board meetings.

Meeting agendas will look similar and will continue to be emailed in advance to those signed up to receive RCSC News Email Alerts. They will also be posted on the RCSC website at [www.suncityaz.org](http://www.suncityaz.org) for your convenience. Agendas will include items for board action or approval and motions to be considered on second and third readings.

It is anticipated that these open meetings will allow for more input from members regarding motions under consideration and various

discussion items in addition to miscellaneous issues of individual concern.

Under this new meeting format, the treasurer's report and management reports will no longer be read aloud during the meetings. Any concerns the Board might have regarding reports will be addressed and discussed during the meeting.

While there may be a period of adjustment as we implement these new procedures and protocol, we look forward to these changes and the benefits they will bring to the community.

## The Forecast Calls for More Fun to Come

As we start to brace ourselves for the coming summer months, many seasonal residents have already left town or are preparing to start their travels soon. For many of us, however, there is still more fun to come in the next few weeks.

Make sure you get down to the Sundial Auditorium on Friday, April 5, 2019 as we host the 7th Annual Dancing with the Sun City Stars for a special night of amazing entertainment as six randomly chosen Sun City AZ residents pair up with talented dancers from the Utah Ballroom Dance Company. You'll not only help to decide who brings home the mirror ball trophy, you'll also be impressed by this talented troupe of professional performers. This event is absolutely free for RCSC Cardholders & their escorted guests. Doors open at 6pm and the show begins at 7pm. Please be prepared to show your RCSC Member or Privilege Card for entry; no key fobs accepted.

The Sun Bowl concerts on Sundays are always a great evening of fabulous music that's free for RCSC Cardholders and their escorted guests. With gourmet food vendors arriving 1-1/2 hours before each show, there is plenty of time to relax and socialize before the show begins. All shows in April start at 6:30pm. Just remember to bring your lawn chair or blanket and be prepared to show your

RCSC Member or Privilege Card; no key fobs accepted. See the line-up of remaining concerts on page 12.

And speaking of the Sun Bowl, it is also the extra special venue where Sun City AZ celebrates the spring fun and the joy of Easter starting on Saturday, April 20, 2019 with our annual Egg Hunt (turn to the back page for details). Children ages 2-12 will have opportunities to gather sweet treats and prizes in addition to a petting zoo, pony rides and facing painting.

Please join us Easter morning back at the Sun Bowl when the traditional Sunrise Service is presented the the United Church of Sun City at 7am. All are welcome to attend; please bring your lawn chair.

You're invited to take a "Sentimental Journey" with the Sun City Women's Chorus on Sunday, April 7, 2019 in the Sundial Auditorium at 1:30pm. This talented group of 80+ singers, under the direction of Jane Higgs along with accompanist Kent Trostel, promises a superb vocal recital sure to please all. Tickets are \$5 and can be obtained from Chorus Members or at the door before the concert.

Enjoy all Sun City AZ has to offer this time of year. Fun times in the sunshine is likely to be in the forecast for months to come.

### RCSC Cardholders:

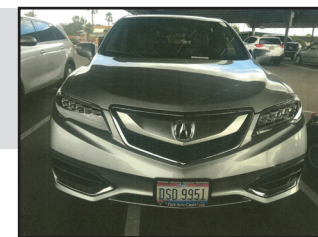

## Please keep the following in mind!

- Neither Sun City AZ residents nor spouses of RCSC Cardholders are eligible to be guests. With proper documentation, privilege cards may be purchased at the Cardholder Services Office at Lakeview Center in order to use the facilities.
- Host punch cards are purchased by and belong to the Cardholder, not the guest. Host punch cards can be purchased at RCSC Facility Attendant Stations (exact cash or check only), Cardholder Services at Lakeview, RCSC Bowling Centers.

Please refer to the RCSC Cardholder Guide and Board Policies for more information regarding these matters. Your continued cooperation is appreciated!

*No matter what state you're from, while you're here in Sun City it is much appreciated if you would park in only one space (note the white line under car) and save these smaller spaces for golf carts - as designed.*

*Be scent sensitive!*  
Overuse of scented body products such as colognes, perfumes, after-shave lotions and the like can be irritating and even caustic to others. Perspiration and water from pools, spas can make matters even worse.

# Golf & Grounds Report

## Pro Shops

Get Golf Ready classes still have openings for March and April classes. Get Golf Ready classes are taught by PGA and LPGA professionals and are geared towards students wishing to learn the game or by students reentering the game. For \$99, each student receives a series of four group classes, with enrollment capped at 8 students. Also included is a 9 hole playing lesson with the instructor. In addition to swing fundamentals, students are exposed to course courtesy and etiquette.

## Snack Shops

Snack Shops are scheduled to close at 5pm, however, as we move into longer daylight hours, closing times may be extended based on demand. Hours may be adjusted during periods of inclement weather.

## Golf Courses

The overseed and aerification schedule presented to the Golf Advisory Committee and the various Green Committees has been finalized and is posted on the RCSC website. The only real change to previous years is the scheduling of three days for greens aerification on the 18-hole courses and two days for Quail Run. The additional day will provide a buffer to allow for equipment issues as well as additional time for top dressing.

As we move into spring we can expect an increase in golf rounds, and with increased rounds comes increased wear and tear. As temperatures warm throughout the spring, this wear and tear will heal faster; however, we still need golfer support. We ask everyone to please fill your divots and fix your ball marks. With increased play, slow play instances become more likely. We ask everyone to please practice ready golf by: playing your shot as soon as possible when it doesn't interfere with your playing partners or the group ahead; move to your ball whenever it is safe to do so; avoid excessive practice swings; read your putt ahead of your turn; and, record scores on the following tee box. Leaving the pin in to putt is also a great way to speed up play, particularly if the entire group agrees to leave the pin in.

As we move into spring and temperatures increase, we will begin preparing the courses to transition from winter rye to summer bermuda. The first step in this process is a gradual reduction in cutting heights, particularly in fairways and around green complexes. The process of lowering heights of cuts opens up the grass canopy to allow more sunlight to reach the bermuda grass as it comes out of dormancy. The additional sunlight gives the bermuda grass a better chance of competing against the established rye grass. There is nothing we can do that will completely eliminate transition related issues, lowering mowing heights promotes quicker recovery during the summer months.

## Grounds/Lawn Bowling

Green speeds are slower than normal for this time of year due in great part to the amount of rain we have received. Our normal irrigation schedule this time of year is once every two weeks and if moisture readings dictate that irrigation is needed. Though mostly dormant, the greens have retained some color and are growing slowly. Mowing is on an as-needed basis and rolling occurs three times per week.

We have recently welcomed Derek Wilkerson as Grounds Superintendent. We are excited for the amount of experience and expertise he brings to the position. The excessive rains have increased weed pressure at all centers. We continue to remove weeds both chemically and mechanically and will continue to do so until we have achieved eradication.

## Register now for upcoming sessions of the "Get Golf Ready" program.

\$99 includes 4 group lessons, with the 5th lesson being a round of golf. Lessons held at Willowcreek/Willowbrook Golf Course (unless otherwise noted\*\*). There are a variety of days and times, so pick the class that best fits your schedule. Sessions are limited to 8 students for each group, so be sure to sign up early!

Tips from a Pro

Limit Your “Thinking” During Play

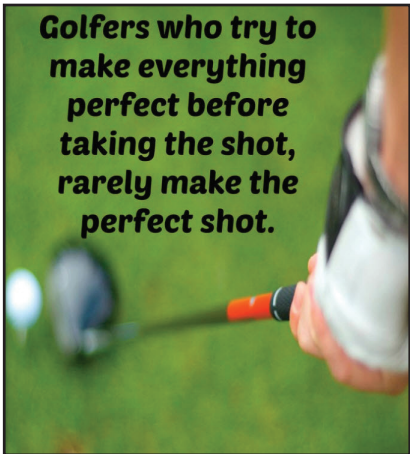

For many golfers, the mental side of the game of golf can be more challenging than the physical. There is so much information out there regarding the golf swing. We are bombarded with advice from golf videos, books, and articles in golf magazines - not to mention the advice we get from our golfing companions! All this information tends to put our brains on overload. Trying to play the game while our brains are on overload ultimately can lead to stress, frustration, poor shots and can take the fun out of playing!

Playing golf should be just that...play. In other words, when on the course play the “game of golf,” don’t play “golf swing.” This means limiting thinking on the course to strategy, alignment, club selection, scoring, etiquette and rules. Isn’t that enough?

If you are having trouble with the swing, address those issues during practice, not during play. Nothing can be changed or fixed in the middle of a round of golf anyway. If you are having trouble during the round, try to make it better by taking clubs that are more forgiving, shorter and with more loft. Try to relax and don’t force anything. The more we relax, the more the club can do the work.

Remember playing golf should be fun! Instead of overloading your brain with a lot of mechanical thoughts while on the course - KEEP IT SIMPLE. It will be much easier, work a whole lot better and be much more fun!

PLEASE REPAIR ALL BALL MARKS WITH THE TOOLS PROVIDED.  
USE ONLY THE APPROVED REPAIR METHOD SHOWN TO HELP  
MAINTAIN OUR GREENS AND INCREASE YOUR ENJOYMENT.

DO NOT TWIST OR LIFT SOIL

**Only YOU can prevent ball mark damage!**

**RIGHT!**

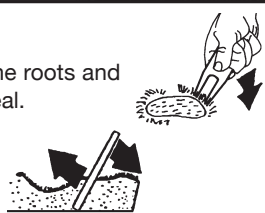

- 1) Close the gap/hole with putter by patting down the ball mark.
- 2) Insert *Green-Save* tool on the high side behind ball mark and push the back toward the center.
- 3) Do not pull up, twist or lift with the tool.
- 4) Push both sides of the ball mark into the center.
- 5) Gently tap the surface down with putter.
- 6) Never use loosened turf for repair.

**WRONG!**

Pulling up or lifting on the center or the sides will tear the roots and result in brown spots taking weeks for the surface to heal.

Do not pull up or twist with tool. This will only bring sand to the surface and tear the root system

**RIGHT!**

Insert tool and push back and sides forward to center.  
No damage to root system. Healing starts immediately.

YOUR REPAIR EFFORT USING THE CORRECT METHOD ELIMINATES  
BROWN SPOTS AND PROMOTES GRASS GROWTH!

Thank you for using the repair tools provided and especially for using the correct ball mark repair method. Enjoy your round and help us improve everyone’s putting experience.

Changes Likely to Be Beneficial for Many

With the approval of RCSC Bylaws changes at the end of March, the RCSC Board of Directors will begin having two Board Meeting each month starting in April (with the exception of July and August). My intent here is to help you understand what these upcoming changes mean for Members and how you'll be able to participate in these meetings. There will no longer be Board/ Member Exchanges and the Board will no longer have closed-door work sessions.

The agenda will look similar with some minor changes. As has been practice in the past, the agenda will continue to be posted on the RCSC website a week in advance of the meetings as well as emailed to interested Cardholders. It will include items for Board action or approval, motions to be considered on 2nd and 3rd readings with which Members will have the opportunity to address the Board with each reading of a motion. There will also be an item at the end of the agenda entitled "Member Comments," where you may address the Board with your thoughts and concerns.

The Treasurer's Report and Management Reports will be provided in written form only and will no longer be read aloud. Each report will still be approved by board action and any questions or concerns about report content will be addressed by the Board. These reports will continue to be posted on the RCSC website.

The initial action by the Board may result in a motion. If the motion passes, it will be posted on the agenda for the next Board Meeting for a 2nd reading and, if passed, it will then be

on the following Board Meeting agenda for a 3rd reading and final approval in order to go into effect. At both the 2nd and 3rd readings, Members will have the opportunity to sign up to speak regarding the motion. Thus, Members may have at least two opportunities to speak regarding a motion before the Board votes to approve and the motion becomes final.

Jerry DeLano  
2019 RCSC Board President

Again, there will be two Board Meetings each month, both to be held 9am in the Sundial Auditorium generally on the 2nd Monday and last Thursday each month. We know there may be bumps in the road adapting to the new procedures and protocol, but we feel this change will be beneficial to both the Members and the Board. Make plans to join in the discussion starting with the first Board Meeting on Monday, April 8, 2019. And for those unable to attend, we'll continue to video record and post meetings on the RCSC YouTube channel so you can stay in the loop.

# Management Updates

### Financial Report

The Recreation Centers of Sun City, Inc. (RCSC) has ended January 2019 within its operating and capital budget year to date. Every division has met or exceeded its net operating budget projections year-to-date.

### Cardholder Services

Payments on past due assessments in January were 10.6% of past due balances. Overall accounts receivable increased in January by 4.5%. All past due categories decreased in January with the account receivables increasing this month due to the Current category increase. December assessments went 30 days past due at 5.3% rate and November assessments went 60 days past due at a lower 2.9% rate.

Payments from our third-party collections firm started slow compared to the past two years and totaled \$9,147 in January. Payments made in January by Cardholders through the online RCSC Web Portal totaled \$128,657 from 290 property owners.

In January, property transfer balances increased by almost 12% and lender related balances tripled due to the small number of properties. Outstanding balances related to property transfers represent 57% of all receivables and 53% of past due balances. At the end of January, trustee sale notices on Sun City AZ properties ended at 37 and properties owned by lending institutions increased to five.

### Human Resources

The OSHA Form 300A Summary of Work-Related Injuries and Illnesses for calendar year 2018 has been posted as required. This summary is to remain posted through April. The summary shows we had 21 work related injuries with 12 of them having days away from work totaling 172 days.

We have completed Non-Discrimination Testing for RCSC's Employees 401(k) Plan for the 2018 calendar year. The Plan passed all six tests. A summary of test results show there were 469 employees eligible to defer, however, 124 actually deferred for a 1.73% participation rate. Our next step is to complete the Form 5500 and file with the Department of Labor.

### Member Services

April promises to be an exciting month as we begin with our annual Dancing with the Sun City Stars on Friday, April 7 at 7pm in the Sundial Auditorium. This is a free event so please be sure to have your RCSC photo id card for admittance.

## Project Updates

### Building and Infrastructure:

#### Flag Poles

- The three flag poles at 107th Ave and Grand Ave are scheduled for repainting. These flag poles are showing the wear of time. RCSC also supplies the flags that fly on these poles. Contractor: Exquisite Painting (Cost – \$3,840).

#### Grand Ave

- Initial comments have been received from Arizona Department of Transportation (ADOT) regarding the permit application for the deceleration lane. These comments are with the architect and civil engineering firm for review and response. To date, no response on the site development building permit with Maricopa County have been received.

#### Lakeview Center

- Final work on pending items in the Lakeview Fitness Restrooms are scheduled to be completed by March 1st. Changes to the permit approved for the project were necessary for the final inspection to be scheduled. This is expected by March 1st as well. The restrooms will be available for use upon the final inspection approval and receipt of the certificate of occupancy. Contractors are: Valley Architecture, KAW Construction, and Spray Systems (Cost – \$232,495).

#### Riverview Golf Course

- The chain link fence along the 5th and 6th holes at the Riverview Golf Course was damaged in storms last year. This fence ran along the property line with the SRP property to the west. The damaged fence and vegetation were removed, and 2,500 feet of chain link fence and barbed security top was installed. Cost of the project was covered by insurance proceeds. Contractor: American Fence (Cost – \$54,711).

#### South Golf Course

- Work is progressing very well although the inclement weather in February has brought challenges for exterior work. All concrete and curbing have been installed. Exterior building finishes have been completed. Inclement weather has prevented the installation of the asphalt surrounding the building with this anticipated to be completed by March 1 provided the base under the asphalt can accommodate it.
- Interior flooring finishes are close to completion. Counters and countertops are currently being installed with the custom pro shop counters built by RCSC Skilled Trades scheduled for March 3. Installation of the Trackman Simulator began on February 25 with completion pending electrical service to the building.
- Installation of the transformer and electrical service is scheduled to be completed the week of March 3-8. Electrical service is in the critical path of other pending items such as mechanical system startup and balancing, as well as the installation and testing of kitchen appliances.

#### Sun Bowl

- Painting and repairs are being completed at the Sun Bowl amphitheater. The antiquated and damaged BBQ pits have been filled in with concrete and the side walls of the lower bowl area painted. The yellow caution areas in the lower concrete seating sections have been repainted and row numbers have been added up each walkway. Contactors: KAW Construction and Exquisite Painting (Cost – \$9,070).

*RCSC Management Reports are presented at RCSC Board of Directors meetings each month (except July and August), posted on the website at [www.suncityaz.org](http://www.suncityaz.org) (under the RCSC tab), and are sent via email to RCSC Cardholders who have signed up to receive RCSC News Email Alerts. These reports were presented at the Board Meeting on Cardholders on February 28, 2019.*

### Sun City Gives Back

### Duffeeland Provides Shed to Soldier's Best Friend

Duffeeland Dog Park Club hosts Doggie Days each December to raise funds for area dog shelters and organizations. Donations from their last event went towards purchasing the storage shed shown above for Soldier's Best Friend of Peoria, AZ. This wonderful charity gets a dog from local rescue groups and trains the dog as a service animal for a veteran with post-traumatic stress syndrome (PTSD) or traumatic brain injuries at no cost to the veteran. Hence their motto - "Touching two lives at once!" Club members shown are (left to right): Dottie Paradis, David Lazarus, Steve Lublin and Mark Schwartz. Thanks for giving back and caring for our veterans by working with this special organization.

### Water Conservation

## Let's Get Serious about Water Conservation

If you're really ready to get serious about doing your part to conserve water and learning how to use it more efficiently, there is a wealth of information and assistance to be found by simply contacting Epcor Water and requesting a free water conservation kit.

Your kit will arrive in the mail with literally everything you need to get you started. In no time at all, you'll be saving water – and money! – both in and around your home.

The conservation audit kit contains:

- Toilet Dye Tablets – Spot toilet leaks with this super simple test to find out if you're leaking between the tank and the toilet bowl. The flapper is usually the problem and can easily be replaced.
- Drip Gauge – With this device, you'll be able to calculate the amount of water wasted by a single drip on a daily and/or weekly basis.
- Meter Flow Bag – Find out exactly how much water your showerhead and faucets are using every minute. You'll be able to compare current flowrates with low-flow devices (included in kit) to find out how much you could conserve.
- Conservation Tip Wheel – Everybody loves to go for a spin! Use it and be water wise with everything from food preparation to efficient appliance operations.
- Meter Reading Instructions – Learn to use your water meter as a conservation tool to detect if there may be leaks somewhere on your property (inside or outside).
- Landscape Watering Guideline Card – This handy tool will help you develop the correct watering schedule for your yard by ensuring that plants are getting the correct amount of water each season.

The conservation retrofit kit includes the following items:

- Low-Flow Showerhead – This adjusts the amount of water used by allowing air into the water stream. It does not affect the water pressure.
- Low-Flow Outdoor Hose Nozzle – With six different spray settings, you'll be able to handle any type of job. This also prevents water from leaking out of the hose when not in use.
- Low-Flow Bathroom and Kitchen Aerators – Again, these allow air into the water stream without affecting the water pressure. With the kitchen aerator, you can change between stream and spray.
- Plumbers Tape – Use this when installing devices so they don't leak.

Order yours today by contacting EPCOR Water by email at [conservation@epcor.com](mailto:conservation@epcor.com) or by calling 1-800-383-0834. You'll need to provide your name, address, phone number and EPCOR account. What you'll get in return is priceless!

Sun City Gives Back

Birding Club Helps with Trash Clean-up

On the cold, frosty morning in February, eight brave souls from the Birding Club of Sun City joined forces with Arizona Department of Natural Resources to help clean up the Base and Meridian Wildlife area located near ISM Raceway (formerly PIR).

We were led to a local fishing spot by our guides, Greg, and his dog, Cheerio, where we were greeted with lots of trash. We started in and soon realized we had filled our trash bags but had no spares. Terry Agosta and Bob Lucas decided to walk back to get a truck in order to pick up the trash we gathered. It wasn't long before the truck from DNR arrived with Bob and Terry on board. We loaded the trailer and off they went leaving us with an ample supply of plastic bags. We decided we'd done what we could in that area, took a fresh bag and started the walk back. Greg, Cheerio, Terry and Bob took the more difficult route along the river where there was a lot to be done. The rest of the group took a leisurely stroll along the roadway, picking up trash along the way. Among the more interesting finds were an area rug and a dozen eggs pulled out of the brush by Bob.

All in all, it was a successful day. DNR has committed to having two cleanups a year. Not a bad way to spend a Saturday and the work we did was a way of giving back to an area that will be more pleasant to visit on future bird outings.

*Birding Club Members who helped with trash pick-up (left to right): Joanne Boerth, Bob Lucas, Kathy Agosta, Helen Locascio, Tom Locascio, Terry Agosta and Pat Calascibett.*

The Handbell Ringers are ready to perform their Spring Show, "Romancing the Bell." This 25 member ensemble, directed by Libbie Randels, rehearses 9-11:30am in the Fairway music room. Handbell music is much like piano music; all notes for treble & bass are on the same page. The challenge for the ringer is to find 2 to 8 assigned notes, then: "To ring or not to ring; when is the question." "Romancing the Bell" on April 7 at American Lutheran Church on Del Webb (north of Bell) at 3pm. Membership in Handbell Ringers is open to RCSC cardholders & invited guests. Tips from Get Fit for Life -

What is Metabolism?

"Most people have a vague idea of what METABOLISM is, but don't fully understand the complexities of the metabolic process," states Jane Fortier, fitness specialist for Get Fit for Life.

Essentially, METABOLISM is what produces energy in the body. That energy becomes available to the tissues of the body to use in the following ways:

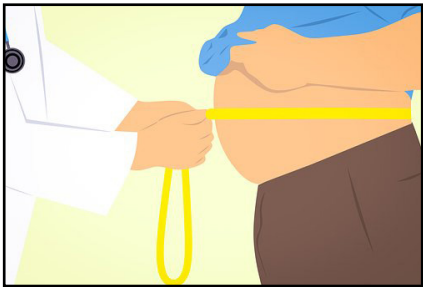

- Initiate important cellular processes
- Create building blocks that make up proteins, lipids, nucleic acids, and carbohydrates
- Assist with the elimination of nitrogenous wastes

METABOLISM is essentially the sum of all the reactions that are taking place in the body, on a day-to-day basis. It is often referred to as one's Metabolic Rate. The faster the Metabolic Rate, the faster the reactions and chemical processes take place. It stands to reason, faster is better. A fast metabolism will burn more calories, create new tissue faster, repair damaged tissue more efficiently, and carry out other necessary body processes at a quicker pace.

There are four main components of METABOLISM that will affect weight gain and level of fitness:

1. **Resting Metabolic Rate-RMR:** This is the sum total of all the reactions that take place in the body, to keep the body alive (brain functioning; blood circulating; heart beating; lungs breathing; kidneys/liver filtering correctly; tissues being repaired/replaced). RMR accounts for 60-70% of one's total METABOLISM. The most important factor that influences one's RMR level, is the total amount of muscle mass. Muscle is very metabolically active, burning a high amount of energy on a daily basis. An aging adult who wants to lose weight and become more fit, needs to develop as much healthy lean muscle tissue as possible.
2. **Activity Level:** This refers to one's level of movement, throughout the day. Exercising in the gym, recreational sports, staying busy with any type of activity burns calories, thus increasing METABOLISM. The amount of body movement, for the day, accounts for 15-30% of total METABOLISM. Logically, the more active a person is, and the more demanding each activity becomes, the higher that person's total METABOLISM will be.
3. **Thermic Effect of Food - TEF:** This refers to the amount of energy used, during the process of digestion. An appropriate mix of carbohydrates, proteins and fats will account for 10-15% of total calorie burn. Foods that require the body to work harder during their digestion, will increase TEF (raw vegetables take more energy to break down than cooked vegetables; packaged & processed foods take less energy to break down than fresh or natural foods). Attention to what one eats is important, for increasing METABOLISM.
4. **Non-Exercise Activity Thermogenesis – NEAT:** Essentially, these are the movements people make that are not planned, but spontaneous (pacing; jiggling feet; tapping fingers). Non-Exercise Activity Thermogenesis is a genetically influenced factor - some people just can't sit still. These little movements can increase one's METABOLISM by 5-7%. The concept of NEAT seems insignificant, but it can attribute to a person's ability to stay thin.

"Developing lean muscle tissue, challenging cardio fitness, maintaining good flexibility and eating sensibly, are all components in revving-up one's METABOLISM," states Fortier. A personal trainer can help in all of these areas. Get Fit for Life trainers will custom-design workouts, taking into consideration exercise experience, medical issues, needs and goals. To find out more about working with a Get Fit for Life trainer, call 623-696-6820 or visit Get Fit for Life, Sun City on Facebook.

LaTouch Wellness Massage Therapy Shares...

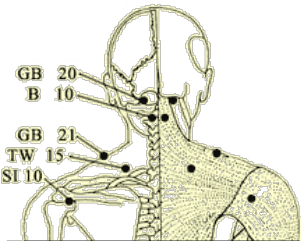

Exploring the Physical & Psychological Causes of Neck Pain

We have all experienced neck pain at one time or another; it can be quite irritating. Here we explore how and why this discomfort may have occurred. Neck pain may be caused by several different biomechanical reasons, such as sleeping in a contorted position, poor posture, muscle exhaustion, stress or injury such as impact trauma or whiplash.

The neck can also represent our barometer for self-expression and change. This is where we vocally express our feelings, thoughts, hopes and plans. Unfortunately, we are constantly being challenged as we encounter obstacles that may encourage us to make changes as we transition through life. This can be a type of mind-body conflict, which may sometimes subconsciously, commonly yield tension and stress. According to Louise L. Hay in her book "Heal Your Body: The Mental Causes for Physical Illness and The Metaphysical Way to Overcome Them," neck problems may represent refusing to see the other side of a situation or question, being stubborn or inflexible. The positive affirmation she recommends is: "It is with flexibility and ease that I see all sides of an issue. There are endless ways of doing and seeing things. I am safe." This affirmation is just an example of how we could psychologically improve our emotional perspective and reduce tension and stress.

Receiving regularly scheduled professional therapeutic massages is an excellent way to assist you in alleviating such discomfort. Unfortunately one massage session may help, it likely will not eliminate it completely. Energy Healing and Complimentary Practices focus on dealing with the root cause of a condition, rather than just the symptoms. A self-care program should be considered to promote ultimate health and wellness.

Acupressure points on the body can be manipulated to assist in rebalancing the body in the face of the pressures of modern life. Shown here are some of the acupressure points used to assist in reducing neck tension. You can use your fingers, thumbs, palms, side of hand, knuckles or a dull blunt object to relax an area or relieve pain by gradually applying firm pressure and holding without movement for one to two minutes. Use extreme caution and check with your physician if you have a serious, chronic or life-threatening illness such as heart disease, cancer or high blood pressure.

We look forward to providing you with wellness services to assist with improving and maintaining your health and well-being. If you're interested in exploring these Healing Therapies and Self-Care Practices, they can be incorporated into your wellness massage session. Please let your therapist know when you schedule your appointment.

Massage helps us to manage stress and can also be used to address a number of health issues. A full complement of massage services are offered at Fairway, Sundial and Bell Recreation Centers (as noted below) for RCSC Cardholders and their escorted guests. If you would like to experience the benefits that massage may have for you, call and schedule an appointment today!

# Welcome to Sunshine Service

People, meeting needs of people is what Sunshine Service is all about. Sunshine Service lends medical and children's equipment to residents of Sun City and we have been doing so for over 54 years. We are a charitable non-profit Arizona corporation and are funded by voluntary contributions and memorial gifts.

While the equipment is available for the use of all residents or visitors staying with residents, the equipment must not be taken out of Sun City on a permanent basis. As a matter of control, equipment is loaned only to Sun City residents.

Records show that as the population of Sun City grew, so did use of our medical equipment. Savings for Sun City residents have been calculated periodically; in 2015, it was estimated that residents saved over two million dollars in cost of equipment for that year alone.

Sunshine Service, Inc has received local, state and national recognition. Awards received include the George Washington Honor Medal for services to the sick and handicapped from the Freedoms Foundation of Valley Forge in Pennsylvania.
