RECREATION CENTERS
OF SUN CITY

Time to **Fall** into **Fun**

While the daytime temperatures remain over 100 degrees quite often throughout September, the good news is evenings in Sun City AZ begin to cool, making the patio after sundown more pleasant than it has been the past few months.

September gets us geared up and ready for great events and concerts now that folks are starting to return to town after their summer travels.

Please note that all RCSC Offices will be closed on Monday, September 2, 2019 in observance of Labor Day and it also is the end of summer hours at Lakeview, Oakmont and Mountain View. Closing time for these recreation centers returns to 7pm on Tuesday, September 3.

Why not try your luck at Casino Night Sun City AZ on Saturday, September 14, 2019 from 4 to 7:30pm in the Sundial Auditorium? This "just for fun" event will include all of your favorite games – poker, black jack, roulette, craps and more – with rotating tables to ensure everyone gets a chance to play. We'll be offering hot dogs with chips and water plus ice cream for purchase (or bring your own snacks) and all donations collected at this event will benefit the Sun City Foundation.

Just about everybody knows what happens at the Sun Bowl stays at the Sun Bowl – great music, dancing along with gourmet food vendors at Sun City AZ's iconic outdoor amphitheater – and the Fall 2019 season kicks off on Sunday, September 29, 2019 at 7pm as we welcome "Juke Box 6." Featuring Tammie Stockley (formerly with The Real Tones) and Nicole Pesce (she's performed here previously as a solo act), these talented women team up with lead guitarist Dave Fisher and Dave Marshall on drums, bringing to the stage great cover hits that span six decades. For a complete listing of all of the Sun Bowl concerts this season, turn to the back page or visit <https://suncityaz.org/recreation/concerts/> for a printable PDF and links to various websites and access to YouTube videos. Please remember, all Sun Bowl shows are free for RCSC Cardholders and their escorted guests only. Staff and volunteers will be on hand at each show checking identification, so please be prepared to present your RCSC Member or Privilege Card when entering and upon request (no keys fobs accepted).

While many of the RCSC Chartered Clubs stay open and active over the summer months, those with reduced hours are beginning to return to their normal schedules. It is never too late to explore a new hobby or perhaps join in a group club activity like cards, bocce or shuffleboard to name just a few. It's true, the

choices available here in Sun City AZ are endless with over 130 active clubs right now. Many clubs have informational brochures at the Bell Visitors Center, drop by the Clubs Office at Lakeview or stop by the club directly during open hours for more information and ideas. Several club rooms underwent renovations this summer; take some time this fall and see the improvements at Bell Lapidary, Bell Silver and Artists by the Lake at Lakeview. They would be more than happy to show you around.

There are also many opportunities to expand your mind. We are truly blessed to have two branches of the Maricopa County Libraries here (Bell and Fairway) that offer not only books, magazines, DVDs/Blu-Rays, CDs, games and puzzles – but even ukuleles and a seed library! There are computers available for research, checking emails and more along with events, workshops, reading and writing groups along with technical help sessions.

Speaking of our ever-changing digital world, learning more about your new phone, tablet or smart device can be found by joining forces with the Computer Club of Sun City (meets at Fairway) or the Apple SunMacs Club (meets at Sundial). More information can be found by contacting these clubs directly (see information in Club Directory and under Educational Classes on page 23).

If learning a new language is something you'd like to try, El Circulo Espanol (Spanish Club) offers a wide array of classes at various levels. Registration for the next session will be held on Thursday, October 17, 2019 in Fairway Arizona Room 1-2 at 5:30pm. Further information can be found on their webpage at <https://suncityaz.org/recreation/clubs/spanish-club/>.

Wishing to explore other topics? The best value in continuing education can be found by joining Lifelong Learning. For only \$20 annual club dues, members are allowed to sign-up for a maximum of 10 courses. Classes and lectures range from art and astronomy to finance, philosophy and sociology clear through to Sun City and its history. Registration will be on Thursday, October 10, 2019 from 10am to 1pm in Fairway Arizona Rooms 2-4. The full listing of classes and the semester schedule will be available on the club's website at <https://suncityaz.org/recreation/clubs/lifelong-learning-club/> in early September.

With so many activities and options available, there is absolutely no excuse not to fall back into fun!

RCSC Cardholders:

Please keep the following in mind when using RCSC Facilities

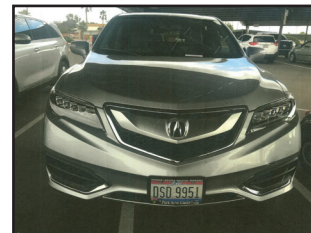

While you’re out and about enjoying all that RCSC has to offer, please be aware of the following items which require Cardholder attention when using any of the recreational facilities:

- All RCSC Cardholders are required to check in with their Member or Privilege Cards (key fobs accepted for entry to fitness, pools and spas only; not accepted concerts or free events).
- Neither Sun City AZ residents nor spouses of RCSC Cardholders are eligible to be guests. With proper documentation and if eligible, privilege cards may be purchased at the Cardholder Services Office at Lakeview Center in order to use the facilities.
- Host punch cards are purchased by and belong to the Cardholder, not the guest. Host punch cards can be purchased at RCSC Facility Attendant Stations (exact cash or check only), Cardholder Services at Lakeview and RCSC Bowling Centers.
- Guests should be prepared to show government-issued photo ID when checking in to use RCSC facilities.
- Proof of age for 4 and 5 year olds (birth certificate or passport) is required for access to swimming pools. Photo copies or electronic images are acceptable.
- Free concerts and events are paid for by RCSC Cardholders and are intended for RCSC Cardholders and their escorted guests only.
- Always be prepared to show your RCSC Member or Privilege card (with photo) when attending free concerts and

- events. Key fobs are not accepted for entry.
- Immediately exit pools, spas if lightning is observed or thunder is heard.
 - Household pets are NOT allowed at any RCSC facilities, including but not limited to buildings, golf courses, grounds, parking lots, except for dogs at the RCSC dog park, Best Friends Dog Club and/or dogs trained as service animals. Emotional support animals are not an exception.

Please refer to the RCSC Cardholder Guide and Board Policies for more information regarding these matters. Your continued cooperation is much appreciated!

No matter what state you’re from, while you’re here in Sun City it is much appreciated if you would park in only one space (note the white line under car) and save these smaller spaces for golf carts - as designed.

Please be scent sensitive! Overuse of scented body such as colognes, perfumes, after-shave lotions and the like can be extremely irritating and even caustic to others, especially those with respiratory issues. Perspiration and water from pools, spas can make matters even worse.

Many RCSC parking lots have one-way routes of travel and the posted speed limit of 5 MPH should be observed at all times. Your safety is our concern!

Size does matter! Per Board Policy 10, swimming pool gear, including floatation devices, may not extend more than 2 feet from the swimmer and must be within control of the swimmer at all times. Items not permitted, include but are not limited to, balls, Frisbees, rafts, water guns and any metallic items. Same goes for very, very large ducks!

Blood donors help people like Jackson, a middle school student who has required six blood transfusions since he was diagnosed with Severe Aplastic Anemia last summer. At the time of his diagnosis, only 10% of his bone marrow was producing the stem cells needed for his body to make red cells, white cells and platelets.

Golf & Grounds Report

Pro Shops

Once again this year we will be participating in Patriot Golf Day. Patriot Golf Day was organized, with the help of PGA of America, to raise funds for the Folds of Honor Foundation. The money raised is used to fund scholarships for spouses and children of military service men and women killed or disabled while serving our Country. Starters will be collecting donations through the pro shops from August 30 through September 4. In addition to donation collection, we will be hosting a Skins game on August 30, open to all golfers. Proceeds from the event will be added to our fundraising efforts. The event will begin at 7:00am at the South Golf Course with a shotgun start.

Snack Shops

We invite all of our residents to try our snack shops for breakfast or lunch. The snack shops open daily at 6:00am and are open for lunch through 1:00pm for the summer months.

Course Maintenance

The practice area at the South Golf Course sodding and sprigging was completed on July 2. The grow-in of the area is proceeding as expected. The complex is currently fertilized weekly and will top dressed for the first time the week of July 22. The practice area is expected to be available for use by September 30. The putting surfaces will not be overseeded for the 2019/2020 golf season, therefore the pace of the green will be substantially different than those on the course. Faster green speeds can be expected throughout the summer of 2020.

Installation of the forward tees at Lakes West is nearing completion. Currently the tees on holes 15 through 18 are receiving their final leveling. The tee complexes will begin receiving sod on Thursday, July 25. We expect to open the tees for use in September.

Greens aerification will be complete August 7, with the aerification of the Willowbrook greens. This process will mark the end of our major agronomic practices. As outlined in previous reports, all of these practices are necessary and help to promote healthy turf year round. We understand the impact many of these practices have on the golfing experience and we appreciate the patience of the golfing community.

In May, we reported an increase in golf rounds driven by the unseasonably cool temperatures, a trend that continued into June. The additional revenue is certainly welcome, helping to offset the first quarter to a degree, the cool weather does bring agronomic challenges. Quoting a recent USGA Green Section Article, written by Brian Whitlark:

“Everyday day, every year, golf course superintendents adjust agronomic practices and programs based on local weather conditions and patterns. This year the primary challenge throughout the Southwest has been increased weed pressure and a significant delay in aggressive bermudagrass growth and recovery from overseeding due to mild temperatures in May and June.” The experience has been the same within the RCSC family of courses. Normally by mid-June we have experienced the bulk of our transition away from winter rye to summer bermuda. This year the winter rye was slower to die off and in the areas which it did were slower to recover. Now that we are expected to move into a more normal monsoonal

These great, reasonably priced group golf lessons begin in November

flow the fairways will begin to recover quickly, we do ask for your patience and understanding as we move through this process.

Grounds/Lawn Bowling

The cooler summer temperatures have slowed the grow-in of the greens at both Mountain View and Oakmont. Both greens are being mowed on a regular basis, however we have not yet begun the process of laser leveling/top dressing. This first of these processes is scheduled for the last week in July. Though delayed we expect both greens to be ready for play in October.

The good news with the delayed monsoons, is we have had no clean up needed as a result of storms. The grounds crew remains busy with day to day cleanup of landscaped areas and light tree trimming. Focused efforts are being made to reduce the amount of nutsedge in turf areas, primarily around the Lakeview Center.

Tips from a Pro

Club Fitting Variable

There are a few variables important for properly fitting golf equipment: length, grip size, shaft flex and lie. Here are the reasons they matter.

- 1. Length. The length of a golf club should not only be determined by a person's height and arm hang, but also their ability to hit solid golf shots. The longer shaft one can handle and still hit quality shots, the farther the ball will go. In terms of length, one inch longer equals 10 yards farther.
- 2. Grip size. Grip size is important for comfort, but also for proper rotation of the clubhead during the swing. A grip that is too big can cause the golfer difficulty in releasing which leaves shots weak, high and to the right for the right-handed player. A grip too small can have the opposite effect, causing the golfer to release too early, taking off loft and curving the ball left.
- 3. Shaft flex. The most important part of the club is the flex of the shaft. The amount of flex you need is determined by the speed in which you swing the club. Slower swings need more flexible shafts and faster swings need stiffer shafts. The flex of the shaft gives the ball the right trajectory. Shafts that are too stiff will tend to make the ball go low and right, whereas shafts that are too flexible will tend to make the ball go high and either left or right. In general, flex is available in men's stiff, regular, senior, and ladies. (Many companies are now realizing that not every woman is the same and have developed more choices in ladies shafts). What's important is matching the shaft to your swing speed, not the other way around!
- 4. Lie. Lie is the angle in which the shaft comes out of the head. In general, lies can be adjusted upright, standard and flat. Proper lie is important when hitting the club off the turf. It will affect the initial direction of the ball. Lie cannot be measured at set-up, only at impact. Hitting off a lie board with tape on the bottom side of the iron assures proper lie angle. Hitting towards the heel of the club means the club is too upright, while hitting out towards the toe can mean the lie angle is too flat.

Remember, properly fit equipment gives each of us the ability to reach our potential and should make the game just a little bit easier, especially for those playing regularly!

WELCOME GOLFERS

PLEASE REPAIR ALL BALL MARKS WITH THE TOOLS PROVIDED.
USE ONLY THE APPROVED REPAIR METHOD SHOWN TO HELP
MAINTAIN OUR GREENS AND INCREASE YOUR ENJOYMENT.

DO NOT TWIST OR LIFT SOIL

Only YOU can prevent ball mark damage!

RIGHT!

- 1) Close the gap/hole with putter by patting down the ball mark.
- 2) Insert *Green-Save* tool on the high side behind ball mark and push the back toward the center.
- 3) Do not pull up, twist or lift with the tool.
- 4) Push both sides of the ball mark into the center.
- 5) Gently tap the surface down with putter.
- 6) Never use loosened turf for repair.

WRONG!

Pulling up or lifting on the center or the sides will tear the roots and result in brown spots taking weeks for the surface to heal.

Do not pull up or twist with tool. This will only bring sand to the surface and tear the root system

RIGHT!

Insert tool and push back and sides forward to center.
No damage to root system. Healing starts immediately.

A Moment with President DeLano

Take The Time to Get Your Affairs in Order

With summer nearly over and back to school sales winding down soon, it is time to relax, reflect and prepare for what lies ahead.

If this was your first summer here in Sun City AZ, congratulations – you survived. You managed to find shady parking spots and learned that drinking plenty of water is an absolute must.

But this year seems a bit different somehow. Although we had plenty of hot weather and many days with excessive heat warnings, it doesn't feel to me that we have really experienced much monsoon storm activity. Of course the "official" season isn't over until the end of September, we've not had any unexpected closures or extensive clean-ups needed at RCSC properties thus far.

Previous summer storms have brought dust, micro-bursts and lots of damage throughout the area. Just last year we suffered the loss of many heritage trees on several of our golf courses and staff worked diligently to get pools back into operation quickly. However, calm has pretty much prevailed this season.

Many in Sun City AZ are fortunate to have friends and neighbors who reach out and make sure those who live alone are okay. We have club friends and church acquaintances who take note if we're AWOL and ask whether everything is alright the next time they see us. And others will check on the vacant homes of friends away for the summer when storms roll in and assess damages.

The beauty of this community is that whether you're a sunbird or a snowbird, super social or prefer to spend time alone, the choice is yours. We have endless opportunities and choices at little or no cost to stay active and connected with others – or not.

But we all need to make certain that we are prepared for the unexpected. While your neighbors and friends might check up on you, do they have a next of kin contact information should something happen? None of us looks forward to such situations, but they will happen. Sure as it get hot here in the summer.

Get together with family to make sure things are known and understood. While many see RCSC as some central hub of information, it's just not who we are or what we do. You need to make plans and arrangements for when "that time" comes, whatever that might be.

There are some things you should let RCSC know. For example, you may be entitled to request a refund when your spouse passes if they purchased a golf pass. And depending upon how long ago you purchased your home (prior to February 2003) you might still be assessed for fees on a per-person basis. While we can't provide the personal assistance you might be seeking, we can at least get your records here updated. Remember that RCSC does not share any of your information, so please don't anticipate that if relations reach out to us that we will be able to honor any such requests.

If you're not one for sharing this kind of personal information with your local contacts here, the Sun City Posse has a Resident Emergency Information program that might be worth looking into. Many of us are familiar with the Vacation Watch service provided by these dedicated volunteers who serve in our community, but getting the additional peace of mind should a situation arise that requires emergency notification (whether injury, illness, damage from fire or storm, water leaks and the like) is well worth the effort. Stop by the Sun City Posse Office at 10861 West Sunland Drive, phone 623-972-2555 or complete the "yellow card" online at www.suncityposse.com (click on Address button for Emergency Call Database).

Take the time to get your affairs in order so that you can relax and enjoy all that Sun City AZ has to offer. And knowing that your final business is in order - priceless.

Management Report

Financial:

Since there is no monthly Board meeting in the month of July, the Treasurer’s Report will be included in this management report. RCSC’s Investment Policy (Bylaws Article XIII) is stringent in its requirements with the priority of investment objectives to be placed in this order: 1) safety, 2) liquidity, and 3) yield.

At the end of the second quarter 2019, \$5,041,884.98 (cost basis) of the \$5M unrestricted cash reserve and other unrestricted funds have been invested in various FDIC insured certificates of deposit, treasury bills and corporate bonds. In 2019, these investments along with the unrestricted money market account have produced interest income of \$57,329.84 with management fees of \$4,887.92 for a net income on unrestricted fund investments of \$52,441.92.

As of June, 2019, \$5,195,961.64 (cost basis) of the \$5M restricted capital reserve plus interest earned has been invested in various FDIC insured certificates of deposit and corporate bonds. Year-to-date, these investments have produced interest income of \$63,639.58 with management fees of \$4,908.53 for a net income on restricted capital reserve investments of \$58,731.05.

At the end of the second quarter 2019, \$8,949,695.10 (cost basis) of the approximate \$12.5M in the restricted Preservation and Improvement Fund has been invested in various FDIC insured certificates of deposit, treasury bills and corporate bonds. Year-to-date these investments have produced interest income of \$120,076.26 with management fees of \$8,180.44 for a net income on restricted fund investments of \$111,895.82.

The Recreation Centers of Sun City, Inc. (RCSC) has ended June 2019 within its operating and capital budget year-to-date. Every division has met or exceeded its net operating budget projections year-to-date with Bowling and Member Services once again exceeding both income and expense targets. Golf revenue continues to fall short of budget due to unexpected, inclement weather driving gross income unfavorable by (\$94,498) year-to-date. However, June monthly revenues exceeded budget by \$28,555 driving down year-to-date gross income unfavorability. This represents two consecutive months of favorable revenue results. Golf net operating income remains favorable by \$220,910 primarily driven by decreased spending in utilities and wages. General and Administrative expenses continue to be below budget with June ending \$159,914 favorable to budget.

Cardholder Services

Payments on past due assessments in June were 13.1% of past due balances. Overall accounts receivable decreased in June by 2.8% and is up 9.0% from the beginning of the year. Overall accounts receivable past due balances have increased 3.3% since the beginning of the year. May assessments went 30 days past due at 6.9% rate and April assessments went 60 days past due at a 3.2% rate.

Payments from our third-party collections firm totaled \$6,116 in June. Year-to-date payments through our third-party collections firm total \$49,477. Payments made in June by Cardholders through the online RCSC Web Portal totaled \$129,676 from 289 property owners. Year-to-date web portal payments total \$848,914 from 1,852 property owners.

In June, property transfer balances increased by 4.2%. Outstanding balances related to property transfers represent 50% of all receivables and 51% of past due balances. As of June there are no pending balances for lender owned properties. At the end of May trustee sale notices on Sun City AZ properties ended at 37 and properties owned by lending institutions decreased to 3.

FRIENDS

of the Sun City Libraries, Inc.

Creativity

An ongoing goal of the Friends of the Sun City Libraries, Inc. has been to “promote lifelong learning in the community.” Through the creativity of volunteers, a number of exciting programs have evolved to meet that goal. Here are three.

BOOK BUDDY Almost 10 years ago, Friends Board member and former librarian Mary Goitia recognized a need of getting library materials to homebound Sun City citizens. Soon, the Book Buddy program was born. Volunteers pick up and return books, DVDs, CDs, and puzzles to those who want library services but cannot get there. This free of charge service is available simply by calling Monica Fallon at 623-977-7246.

OUTREACH About two and a half years ago, Friends Board member Sue Blechl raised a concern on lack of community knowledge about the Sun City Libraries and the Friends organization. The result of that thought was a Speakers Bureau. Library staff and Friends volunteers have developed a PowerPoint presentation on the Libraries' resources and Friends volunteer opportunities. Programs are tailored to the specific club or group, are free of charge, and can be booked by calling Sue at 623-972-3409.

BOOK FRIENDS Charlotte Klose joined the Friends Board about three years ago. She saw a need in assisted living homes for volunteers who could read to those who no longer could. Thus, Book Friends was born—a reading program for memory care residents. This program brings the joy of books to memory care facility residents. Not only do residents have a wonderful time listening to and talking about the book selection for the day; but volunteers say this is one of the most gratifying experiences of their volunteer history.

Up to this time, the Book Friends have been reading at The Woodmark at Sun

City. Recently, arrangements have been made to initiate the program at Inn at the Amethyst. Linda McKnight will coordinate those reading tasks. Before her retirement as a nurse, Linda directed three assisted living communities. She has started Book Friends at the Inn, but is in need of more volunteer readers. To learn more about becoming a volunteer reader, call Linda at 1-775-351-7693.

Creativity is the life blood of the Friends of the Library. This all volunteer group continually offers suggestions to improve the role of supporting our two Libraries. Boardmembers, who serve for only six years, come with new ideas, and move on to make room for yet newer ideas. Consider being a part of this creative Board of Directors. For more information, call Cathy Weyers at 623-876-0900.

Water Conservation

Water Conservation - Strictly in The Kitchen

Just a few water saving tips that only involve the kitchen this month -

- Use the dishwasher rather than washing dishes by hand. Run only full loads in the dishwasher and scrape dishes before loading them into the dishwasher rather than rinsing.
- If you must wash dishes by hand, don't let the tap water run. Instead use both sinks (or two large bowls) and fill one with sudsy water and the other to rinse.
- Use the correct size pot when cooking. Larger pans require more water for boiling. Cooking in as little water as possible also helps to retain more nutrients.
- Soak pots and pans instead of letting the water run when you need to give them a good scrubbing.
- Collect water when rinsing fruits and/or vegetables to water house plants.
- Designate one glass for your drinking water each day. Or use a refillable bottle.
- Keep a pitcher of water in the refrigerator for drinking rather than running the tap waiting for it to cool.
- Limit use of the garbage disposal.
- When giving your pet fresh water, don't throw it down the drain. It too can be used for watering plants, both inside and out.
- Ice cubes left in the glass can also be tossed into houseplants, as well as those that fall onto the kitchen floor rather than into the sink and down the drain.

Performing Arts

Handbell Ringers of Sun City

The Handbell ringers are about to start rehearsals for their fall season. Polishing bells is the first order of business as we return this fall on Sept 6. Then rehearsals will begin on Sept 13. Meetings are in the Fairway Music Room (2nd floor) on Fridays from 8:30-11:30am.

The club celebrated its 50th anniversary two years ago. Their ringers come from a wide variety of musical and non-musical backgrounds, but they all share a love for the uniqueness of handbell music. The group consists of 24 to 27 ringers. A year ago, a smaller group of ringers was organized to meet requests from various clubs, retirement communities and churches for entertainment that's a little different. Ramblin' Ringers is a 6 on 12 ensemble; six ringers, on twelve bells. Their goal is to provide a fun interactive program with a more 'up close and personal style'.

Membership in Handbell Ringers is open to RCSC cardholders and invited guests. For more information about Handbell Ringers or booking Ramblin' Ringers, contact: Doreen at doreenc4488@gmail.com.

Tips from Get Fit for Life -

Does Aging Affect Metabolic Rate?

"According to research, one's metabolic rate decreases 1 to 2 percent each decade," states Jane Fortier, fitness specialist with Get Fit for Life. "The primary reason for a slowing metabolism is muscle loss. If one maintains muscle mass with aging, the metabolic rate stays strong. If muscle has been lost, that situation can be corrected with proper exercise."

Metabolism in Your 20s
Basal metabolic rate is at its highest point. People are active, at their peak with bone mass, and have good muscle strength. Muscle degradation hasn't yet begun. Twenty year olds have a higher level of growth hormones, which helps maintain muscle size and density. Even without strength training, younger people retain muscle tone.

Metabolism in Your 30s
Major lifestyle changes occur in the 30s. People settle into careers and start families. They get office jobs and juggle more responsibilities. Exercise tends to decrease. Less exercise means less muscle and lean body mass, resulting in a lower metabolic rate. During this decade, there is a natural reduction of human growth hormone (HGH), which the body uses to regulate metabolism, bone growth and muscle growth. This age group needs to focus on good nutrition, and exercise, to maintain muscle tone and vitality.

Metabolism in Your 40s
Most people in their 40s start to notice age-related aches, pains and cracking joints, which can lead to a slowdown of activity. Resistance training becomes imperative to build strength and prevent muscle loss. Age-related muscle loss can cause loose skin and fat accumulation. Strength exercise will encourage the firming of muscles under the skin to alleviate both cellulite and sagging, from poor muscle tone. Sarcopenia (loss of muscle mass) becomes a major factor after age 40, with inactive individuals potentially losing as much as 3 to 5 percent of muscle mass per decade.

Metabolism in Your 50s
Attention to muscle mass is critical during the 50's. But equally important is heart and lung health. This means engaging in cardiovascular exercise. Supplementing a healthy diet and strength training with endurance-based cardio, such as biking, swimming, dancing, running or walking is paramount. As women enter menopause, there's a decrease in HGH, estrogen and progesterone. This, on top of continued muscle loss, leads to a decline in metabolism and potential weight gain.

Metabolism in Your 60s
Heading into the 60s, the body's ability to use stored energy slows down, creating a less effective metabolic rate and a decrease in muscle mass. At this age, exercise is of the utmost importance, to keep metabolism revving right. Aerobic exercise, strength training and stretching are a winning combination to combat the physiological changes taking place. Many people experience greater sleep disturbances as they get older. Metabolism is linked to sleep. Poor sleep patterns cause insulin resistance, a condition that elevates glucose levels in the blood and increases the risk of heart disease and stroke.

Metabolism in Your 70s
After 70, the basal metabolic rate continues to decline, making healthy diet and regular exercise more important than ever. Balance becomes challenging in the 70s, making seniors more susceptible to dangerous falls. A comprehensive exercise program, at this age, should include specific exercises for balance and posture. If someone has reached the 70's without formal exercise, it's advisable to find a trained professional to help develop an exercise regimen that would include balance, strength, flexibility and cardio development.

Get Fit for Life personal trainers are experts at developing comprehensive exercise programs that address metabolic rate. To find out about services, call 623-696-6820, or visit Get Fit for Life Sun City on Facebook.

LaTouch Wellness Massage Therapy Shares...

Releasing Trapped Emotions

Most of us tend to think of our bodies and our minds as separate systems and believe they function, for the most part, independently. Our psycho-emotional state affects us physically.

By working with a professional massage therapist, we can assist you in discovering which emotions may be trapped within your energy field and within the muscles of your body. Massage Therapy, Reiki Energy Healing and Chakra Balancing can assist in releasing trapped emotions. There are also some self-care techniques you can utilize to assist with releasing trapped emotions. A Personalized Wellness Massage Session can help you identify the specific trapped emotions that may be contributing to your discomfort. We will also provide you with a self-care regimen that can assist in your healing process.

In this article we will explore trapped emotions related to Feet & Ankle discomfort and disfunction as well as the Nervous System.

Feet: Our feet are our support system. They enable us to stand and move with ease. Our feet indicate how we feel about where we are going.

Ankles: The ankles are the flexible part of our support system. Are you being inflexible?

Nervous System: Nerves transmit information from the physical body to the brain. They also receive information in the brain from your emotions, thoughts and feelings and transmit this throughout the body to specific cells. Disorders with the nervous system can stem from how you communicate mind to body as well as between yourself and the outside world.

If you would like to address and heal the root cause of your discomfort and receive a self-care regimen you can incorporate to promote your health and well-being, contact Laura of LaTouch Wellness to schedule your Personalized Wellness Massage Session which includes Swedish Massage, Reiki Energy Healing, Chakra Balancing and information about a self-care regimen you can incorporate at your convenience.

Massage helps us to manage stress and can also be used to address a number of health issues. A full complement of massage services are offered at Fairway, Sundial and Bell Recreation Centers (as noted below) for RCSC Cardholders and their escorted guests. If you would like to experience the benefits that massage may have for you, call and schedule an appointment today!

Welcome to Sunshine Service

People, meeting needs of people is what Sunshine Service is all about. Sunshine Service lends medical and children's equipment to residents of Sun City and we have been doing so for over 54 years. We are a charitable non-profit Arizona corporation and are funded by voluntary contributions and memorial gifts.

While the equipment is available for the use of all residents or visitors staying with residents, the equipment must not be taken out of Sun City on a permanent basis. As a matter of control, equipment is loaned only to Sun City residents.

Records show that as the population of Sun City grew, so did use of our medical equipment. Savings for Sun City residents have been calculated periodically; in 2015, it was estimated that residents saved over two million dollars in cost of equipment for that year alone.

Sunshine Service, Inc has received local, state and national recognition. Awards received include the George Washington Honor Medal for services to the sick and handicapped from the Freedoms Foundation of Valley Forge in Pennsylvania.
