

MEETING NOTES

SAC – JULY 28, 2023

Review of straw polls from 7/21/23

- No gymnasium
- Two pools instead of three
- Keep minigolf
- Pickleball courts: yes.

Questions for next week (8.4.23)

Sonoran Room, Grand Center, 2 pm

What do we want to know from experts/architects?

- What ADA issues exist?
 - Pool access?
 - PAC—depending on size what is required?
- Parking requirements?
 - Does it depend on interior use (e.g., theater vs. PB courts)?
 - Does enclosing a PB building require additional parking spots?
- Costs?
 - Vertical parking costs?
- Recent PAC builds?
 - Sizes, costs, usage?
- Is there any reason to expect that we would be unable to build a PAC at Lakeview?
- Structural evaluation of current MTV auditorium?
- What would have to be done to improve the Mountain View pool?
- Potential for modular building of PAC (expandable in future if needed)?
- If PAC goes to Lakeview, what would be the impact on future options for the center?
- How does the footprint of a PAC change when you increase the seating capacity?
 - (Presumably stage and backstage space doesn't need to increase because of adding 50 or 100 or 200 additional seats.)
