**Discussion Items:**

The process and communication problems at Oakmont were discussed and they will work on improving the situation when green closings are required.

The new shades project timeline was discussed, has been in the works since early spring and still has not started. The delay seems to be installation costs and budget issues. The committee would like to get answers and a reasonable timeline for completion.

Outdoor lighting adjustment is needed at the Lakeview greens as soon as possible, the wind has turned light heads so that extremely dark areas hamper night bowling. A request that corrections be made to fasten, and heads be correctly aimed and tightened.

**Adjournment:** The meeting adjourned at approximately 1:45pm.

**Next Meeting:** November 14, 2023, at Lakeview Center Board Room.

Respectfully submitted,

Norm Dickson, Secretary
