

## Getting Acquainted with RCSC's Updated Guest Pass Rules

The Recreation Centers of Sun City is committed to maintaining a secure and enjoyable environment for all its residents and their guests. The Recreation Centers of Sun City (RCSC) have introduced new guidelines for Guest Passes and Punch Cards, aiming to streamline access while ensuring compliance with our community standards. Here's everything you need to know to navigate these changes smoothly and continue welcoming friends and family to our community.

• **Who qualifies as a guest?** A guest is a non-resident friend, family member, or caretaker/caregiver of an RCSC Cardholder. Spouses

and Sun City, Arizona residents are not considered guests. To qualify a caretaker/caregiver without a daily guest fee, Cardholders must submit an annual Physician Verification of Caretaker/Caregiver Requirement Form, available at [suncityaz.org/forms](http://suncityaz.org/forms).

• **Guest Eligibility and Restrictions:** Guests must adhere to age restrictions for certain activities. Guests under 19 must be accompanied by an adult. A Guest Pass is required for all facilities, purchasable for \$2.50 per day at RCSC Web Portal at [login.suncityaz.org](http://login.suncityaz.org).

• **Guest Sign-in and Usage:** All guests, including immediate family, must be initially signed in by a Cardholder in person if using an existing Host Punch Card. If you buy a Guest Pass online, adult guests don't need to be escorted after they check in. Screenshots of Guest Passes are accepted if printing capabilities are not available. Guests are limited to 14 visits per year.

• **Underage Guests:** Guests under 18 without a government ID can use a birth certificate as ID, and electronic copies are acceptable.

Additional info can be found at [suncityaz.org/guest-pass-punch-card-faq](http://suncityaz.org/guest-pass-punch-card-faq).

### Advancing RCSC Outreach & Communications

The Outreach & Communications Committee (OCC) supports the RCSC Board by making recommendations on enhancing communications and outreach to our members. Whether it's addressing the challenges of reaching those members that haven't made the transition into the digital world, bridging the communication gap between 'old school' methods and our current forms of information sharing, or finding additional communication opportunities for our members with our ever-increasing digital formats, the OCC supports the Board with their recommendations.

**Connie Jo Richtmyre**  
Board Secretary

The OCC has been a long-standing, vital part of the committees that support the RCSC Board, and in turn, our community. Since its inception the OCC in all its iterations has always been tasked with making recommendations to the RCSC Board, of various communication methods and procedures to ensure members are provided information about projects, policies, activities, and member benefits.

Many of our community members receive RCSC emails and blast information through various electronic devices, personal or library computers, tablets, or through their smart phones. Others prefer to receive their information from a flyer on a rec center bulletin board, the newspaper, or the monthly Sun City Update.

The OCC is looking for additional members with a passion for all forms of communications to join this great group of committee members. Our OCC members delve into all forms of communications to help the RCSC Board to determine which avenues to use including; old school methods (bulletin boards flyers, mail and newspapers), the [suncityaz.org](http://suncityaz.org) website, email and/or new digital options can provide the best ways to relay information to our members and to ensure it is received.

Additionally, work is underway to award a contract to completely replace our current RCSC website and make it more user-friendly. The Board and the OCC believe that those changes and the continued pursuit of reliable communication is necessary for the continued support of our RCSC membership.

If becoming a member of this vital committee is something you are interested in learning more about the committee, have questions or require additional information, please reach out to OCC Chair Chris Nettesheim [cnettesheim@suncityaz.org](mailto:cnettesheim@suncityaz.org).

Volunteer and become engaged through the Outreach & Communications Committee.

## General Manager D'Luzansky's Comments from the June 10 Exchange Meeting

Greetings to those who may read this in our community newsletter. I would like to share several updates regarding our ongoing projects and community initiatives.

We are pleased to announce the selection of triARC Architecture and Design as the firm tasked with the development of the Mountain View Recreation Center and the Performing Arts Center. Based in Phoenix, triARC will collaborate closely with us to finalize contracts and establish a preliminary schedule for the summer. Our aim is to present the initial plans to the board and community by the fall. This marks a significant step forward in a comprehensive process, and it is gratifying to see our efforts begin to materialize.

We have observed a rise in inappropriate behaviors, both verbal and physical. As has been noted previously, and as is increasingly common in public spaces, the RCSC will implement warning signs stating our zero-tolerance policy towards verbal or physical abuse of any member, guest, visitor, or staff. Offenders may be subject to removal, disciplinary actions, or even legal consequences.

The new temporary welcome desk at the Fairway is now operational, situated prominently by the main sliding doors. Plans are in place to undertake similar enhancements at the Marinette Center. Additionally, we invite community feedback on potential uses for the old welcome desk area at Fairway. Ideas such as transforming it into a coffee and juice bar with seating space are under consideration. Your suggestions are welcome and valued.

The topic of communication remains a priority. Over the past six months, our communications team has been extensively restructured and expanded with the assistance of our HR team, including Mike Dirmyer and Ms. Maureen Almazan, our leader for Clubs, Activities, and Communications.

This revitalized team includes:

Carla Young – 25 years TV news editor and producer, with experience in writing, producing, filming, and editing video content, including for YouTube, with experience in using YouTube algorithms.

Allen Kleinhans – Education in Computer Science, recording engineering, 40+ years AV design/install, live audio engineering, low voltage wiring, a tireless team member who has been helping us for many years.

Doreen Rafferty – 40 years producing, staging, directing, and lighting for live shows, certificates: Color Analysis, Makeup Artistry, and Costume Design, Educator of the Year: Dance Musical Theater, education: Communication & Theater Arts, backup vocalist, video participant, collaborated on work for MTV, Board member for the Theater and Arts Commission, wrote for newspapers, and did voice-overs.

Miguel Jackson – Working in television since 2007 (US and Canada), Many live sports productions (NHL, NFL, MLB, ASU), In-house Technical Director for the Arizona Cardinals, 7 years of sound production, set up with TAD Management's Venue Production Package using 6 cameras and 3 video walls.

Aaron DeVandry – Experienced Director of Marketing, client and project management skills, communicates effectively with technical, executive and business audiences, web developer/designer, 20 years of experience planning, developing and implementing marketing campaigns, developed 600+ websites, email and social media marketing, online reputation management, SEO aka Search Engine Optimization.

Maureen Edwards – Singer/vocalist, writer, wrote articles for SunViews and the Sun City Update, experience with musical band with load-ins, set-ups/tear downs and sound checks, etc.

And Joelyn Higgins, with her wealth of experience that she is sharing as she moves toward retirement this summer.

With this great group of talent, I am pleased to announce the new RCSC Media Studio, it is taking shape right here in the SunDial Rec Center, across the breezeway, where the old Mac Lab was, which has recently merged with the Computer Club at Fairway Center. This RCSC Media Studio will help us to communicate effectively with the residents of Sun City, and offer a variety of ways for residents to receive information. It is exciting to have the people in place, and a good place for the people to work, collaborate, and create. I will be sharing more details of what is planned in the near future.

**Get Fit for Life personal trainers help clients key in on the MIND/MUSCLE CONNECTION. They teach clients how to stay focused on the important elements of exercise.**

## FITNESS FUN with DICK and JANE

*Certified Senior Fitness Trainers*

MINDFUL EXERCISE gets results. If you are using an aerobic machine, be mindful of your heartrate, or perceived exertion rate. Pay attention to how you are breathing and whether you have broken a sweat. Use interval patterns or vary the resistance and speed to achieve maximum results. If you are on a strength machine or using free weights, pay attention to posture, breathing, and muscle tissue at work, throughout the entire set of repetitions. If your mind wanders to other things, mistakes are made in each of these areas. Taking a mindful approach to strength exercise ensures that form and technique will be correct. This leads to safer workouts and less risk of injury. For help with establishing a safe, effective and efficient workout program, contact Get Fit for Life at 623-696-6820.
