Chair Report: Chair Collins stated that there are issues concerning chronic memberships in “like-kind” clubs. The problems arise where a member is written up for some type of bad behavior, suspended for a certain period of time in one club, then joins another similar club, and continues the bad behavior. There has been no way of tracking these offenders in the past. There needs to be some type of system created between the clubs, COC and the RCSC to fix this problem. A robust and lengthy conversation took place concerning previous and potential situations concerning profanity, touching and threat incidents between individuals and the club’s Board members.

It was decided that the procedures, guidelines, suspensions and punishments need to be updated. COCs, over the summer, will meet to create a flow chart for procedures in handling serial offenders for presentation at the September meeting.

Guest Comments:

Bell Metal & Wood Shop Clubs web verifier has not worked for 4 months. They have to go to the Clubs office to verify someone until it is fixed.

Adjournment: The meeting adjourned at 11:55am.

Respectfully Submitted,

Linda Johnson, Secretary
