*Celebrating the Season*

## Holiday Fun Abounds in Sun City AZ

Take the time for holiday fun this season right here in Sun City AZ! With the recreation centers festively decorated, many clubs are celebrating the season with potlucks, parties and more.

First of all, make sure you've got your calendar marked for Friday, December 13, 2019 as we gather for the Sun City AZ Holiday Celebration at Lakeview Center. The festivities kick off starting at 3pm as residents, families and friends have fun while giving to a good cause. Whether your preference is the Pie Walk or the Hole-in-One Contest, there's something for everyone. Rally at the waterfall for

the Amazing Duck Race, get your photo taken with Santa or help decorate (and hopefully win) the Money Tree; all donations and proceeds from this event benefit the Sun City Foundation. There will be food trucks along with hot beverages for purchase in the Social Halls. The celebration ends with the Lighted Boat Parade which leaves the Cameo Drive Bridge at 6:15pm.

If you prefer surf and sand to slush and snow this time of year, you won't want to miss the Beach Boys tribute on Tuesday, December 17, 2019 as we bring you "Surfin' - The Ultimate Christmas Show" at 7pm in the Sundial Auditorium. Free for RCSC Cardholders and their escorted guests, this show has general admission seating with doors opening as 6pm. Plan to arrive early for complimentary hot cider and cocoa as we spread good cheer and enjoy a great show.

In addition to many church choir performances, pageants and activities scheduled this month throughout the area, consider an afternoon of entertainment featuring the Sun City Women's Chorus (Sunday, December 8 at 1:30pm) and the Sun City Concert Band (Sunday, December 15 at 3pm). Both of these performances are in the Sundial Auditorium (see page 16 for details).

if the season has you traveling out of town, stay safe. Should you have visitors coming to town for the holidays, enjoy your time together. May all your days be merry, bright and full of joy and sunshine throughout the holidays and into the coming new year! Wishing you all a very merry and happy happy! Shalom. (*Find the complete RCSC Holiday schedule on page 6*).

### RCSC Elections

## Election Day Nears; Vote Now

RCSC Members still have time to vote in this year's Board of Directors election. While there are only three candidates on the ballot for three open positions, each winning candidate must receive at least 100 votes. Biographies of each of the candidates can be found on page 3. Those directors whose terms expire at the end of the year are President Jerry DeLano and Directors Darla Akins and Stella VanNess.

Online voting via the RCSC Web Portal continues through Election Day at 4pm on Tuesday, December 10, 2019. events. Key fobs are not accepted for entry.

- Immediately exit pools, spas if lightning is observed or thunder is heard.
- Household pets are NOT allowed at any RCSC facilities, including but not limited to buildings, golf courses, grounds, parking lots, except for dogs at the RCSC dog park, Best Friends Dog Club and/or dogs trained as service animals. Emotional support animals are not an exception.

Please refer to the RCSC Cardholder Guide and Board Policies for more information regarding these matters. Your continued cooperation is much appreciated!

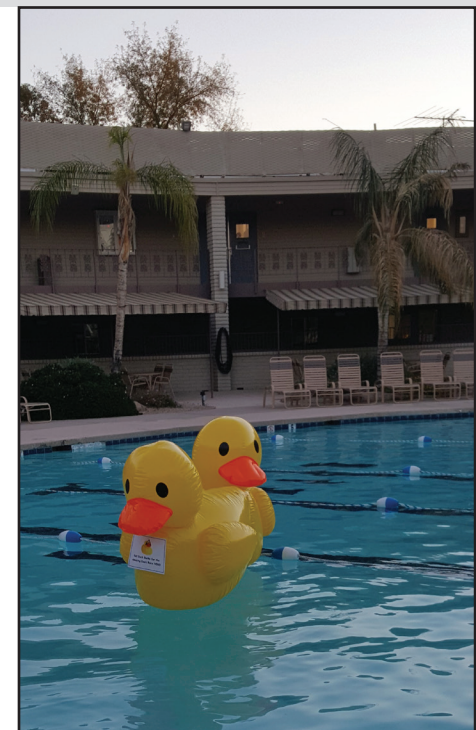

*No matter what state you're from, while you're here in Sun City it is much appreciated if you would park in only one space (note the white line under car) and save these smaller spaces for golf carts - as designed.*

*Please be scent sensitive! Overuse of scented body such as colognes, perfumes, after-shave lotions and the like can be extremely irritating and even caustic to others, especially those with respiratory issues. Perspiration and water from pools, spas can make matters even worse.*

*Many RCSC parking lots have one-way routes of travel and the posted speed limit of 5 MPH should be observed at all times. Your safety is our concern!*

*Size does matter! Per Board Policy 10, swimming pool gear, including floatation devices, may not extend more than 2 feet from the swimmer and must be within control of the swimmer at all times. Items not permitted, include but are not limited to, balls, Frisbees, rafts, water guns and any metallic items. Same goes for very, very large ducks!*

## Golf & Grounds Report

### Pro Shops

After the first quarter total revenue trailed budget by \$96,000 and prior year revenue by \$108,000. Performance over the last two quarters has exceeded both budget and prior year and the golf division now trails budgeted revenue by \$71,000 and exceeds prior year revenue by \$42,000. Riverview has played the most rounds for the regulation courses through September, followed by Lakes West, South, North and Willowcreek. For the executive courses Lakes East has played the most rounds followed by Willowbrook and Quail Run.

On December 12 we will be hosting a fundraising tournament to raise money for the Sun City Foundation. The format will be Beat the Pro(s), which will be Brian Duthu (PGA) and Chris Linam (Pro Shop Manager) and will be made up of two person teams. Teams that beat the Best Ball score of the Pros will equally share the prize pool. The entry fee will be \$40 and the event will be held at the South Golf Course. In addition to bragging rights for beating the pro, there will also be a chance at a Pebble Beach Vacation.

Registration for Get Golf Ready classes is also underway, the cost of the classes is \$99. The \$99 fee includes four days of instruction as part of group of 8 students or less, as well as a 5th day of on course instruction. The program covers swing fundamentals as well as golf etiquette and an introduction to golf rules. The program is part of a national initiative of the PGA of America to grow the game of golf. The first class will begin November 5, classes will be available throughout the winter and spring.

### Snack Shops

Snack shop revenue is running \$7,800 ahead of gross income budget through September. Beginning November 1st snack shop closing times will move to 5:00pm.

### Golf Courses

Overseeding began September 30 and has mostly germinated as expected, areas that did show weakness have been reseeded. The courses currently closed (North, Lakes West, Willowbrook and Riverview) will reopen October 19 and will be cart path only until November 8. The courses that have not yet overseeded will close October 21 and reopen November 9, with cart path only restrictions in place through November 22. *(Note: Closure was extended an additional week to November 16 due to weather; cart path only until November 29).*

### Lawn Bowl and Grounds

As we move closer to the US Open Lawn Bowls and into dormancy, the pace of the greens have generally increased. The average pace of the Bell Greens is 14.2 seconds, up from 14.0 seconds in September. The average pace of the Lakeview Greens is 13.8, up from 13.3 in September. The newly resurfaced greens at Oakmont and Mountain View are running 12.6 and 12.5 seconds respectfully. Greens are currently watered three nights per week for 15 minutes, all greens are mowed to a height of 0.120 inches.

The Grounds department has completed overseeding at Sunbowl, the softball field and the Lakeview Center. In addition to their regular duties, the Grounds team assisted with the final touches of the book drop for the Bell library.

### Register now for upcoming sessions of the "Get Golf Ready" program.

\$99 includes 4 group lessons, with the 5th lesson being a round of golf. Lessons held at Willowcreek/Willowbrook Golf Course (unless otherwise noted\*\*). There are a variety of days and times, so pick the class that best fits your schedule. Sessions are limited to 8 students for each group, so be sure to sign up early!

## Making Changes Takes Time

Making a change to your golf swing takes more than just the knowledge of what to change and how to change it. It also takes practice, commitment and patience.

Many students come to a lesson with the expectation that once they have the knowledge, they will then take that knowledge to the course (perhaps even that day) and see improvement. And sometimes that can be the case. But more realistically change takes time. The fact is that once we get onto the course when the outcome matters.... we usually revert back to what is most automatic and comfortable for us. This typically is our old and perhaps bad habit.

Many years ago, I watched a reality TV show in which Charles Barkley takes golf lessons from a well-known teacher, Hank Haney. They worked together for months...sometimes six or more hours per day working on getting rid of the "hitch" Charles had in his swing. The reality was that Charles learned how to swing without the hitch and could do it correctly while hitting balls on the driving range. However, each time they got out on the golf course somewhere along the way, Charles' "hitch" would come back! I thought this was a great lesson for the average person who may only take one half-hour lesson, practice minimally and then is upset when they play the next round and don't see the improvement.

I believe that everyone has the capability of making a change. But once you have the information, understanding the correct way to implement change is imperative. Realize that playing only reinforces what you already know how to do! It is in practice where you learn to make the new skill automatic. The secret: get the information, practice on the driving range, or at home using the drills you have learned and eventually it will become what you do. At that point you will see the results on the golf course. It takes time.... so have patience and your hard work will eventually pay off!

*A Moment with President DeLano*

# Time That Flies By is Time Well Served

As they say, time flies by when you're having fun, and my time serving on the RCSC Board of Directors is no exception. First of all, it has been an honor and a privilege to serve on this Board the past three years and to have been President during this period of growth and change.

Much time and angst was spent standing our ground regarding Reverse Mortgages some time back. In spite of pleas from area real estate professionals and the slow-moving wheels of government within the U. S. Department of Housing and Urban Development, our refusal to change RCSC Bylaws allowed us to prevail, keeping this issue from negatively impacting the integrity of this community forever.

This past April, the way RCSC Board meetings are being conducted was drastically changed, and while we have struggled at times, the process and procedures for Open Meetings continues to morph. With two Board Meetings each month, Members now have even more opportunities to address the Board than ever before. Since the Board no longer conducts work sessions, all discussions are now held in the open. And along with continued video recordings and postings of these meetings, it is truly a work in progress that everyone can see.

Another interesting saying that reminds me of this time spent on the Board is "Good things come to those who wait." Getting the Grand Center property work approved and underway is another fine example of recent collaborative work with management and I am sure good things will happen at the Mountain View Center property as well when the time comes.

To those who have served previously on the RCSC Board of Directors, thank you for your time, dedication and compassion. Your desire to have Sun City AZ continue to be an attractive place to live and simply enjoy life will remain ever present. I can honestly say now that I know how it feels.

As the rest of you wait on the sidelines or act as Monday morning quarterbacks, take some time to understand the responsibilities and functions of our community organizations. Be willing to learn. Devote some time and energy for a cause. Be determined and persistent. Better yet – get involved!

**Jerry DeLano**  
2019 RCSC Board President

Thank you again for giving me this opportunity. Wishing all my best to the 2020 RCSC Board of Directors. Take care – and God bless!

## Project Updates

#### Bell Center

- Silvercraft Club Room

The final task of the installation of the cabinet doors has been completed. Cabinet numbers have been received and will be installed. This will complete this club room project. Work included flooring, ceiling grid, overhead lights, cabinetry, paint and environmental remediation. Contractor: Multiple (Cost \$81,955)

- Library Book Drop

All work in the roadway, inclusive of the island and return box installations, was completed by 10/15/2019. The library returns and roadway were open for use on 10/15/19. Pending are the lighting modifications that

are expected in the coming weeks. The costs of this project are to be reimbursed by the Friends of the Library. Contractor: Regional Paving, Accel Electric, Kingsley Equipment (Cost \$67,403)

- Bell Electrical Outage

An electrical event on 10/8/19 in a conduit feeding electrical service from the service entry on the South side of the Bowling Alley to the clubs area has severely damaged this service feed causing a loss of electrical service and circuit breakers providing power to the Stained Glass, Silvercraft, Lapidary, and Sewing/Quilting club rooms. Due to safety concerns access to these rooms is not permitted until the electrical service is restored. In addition to internal RCSC resources involved in investigating and repairing this issue RCSC is assisted by Accel Electric, our insurance claims adjuster and an electrical engineer. An electrical shutdown at this center is scheduled for 10/29/19 at approximately 4:00AM to allow the removal of electrical cables from the conduit. After this removal the conduit will be scoped with a camera to determine the extent of the damage to the service conduit. The total repair time has been estimated at 6 weeks.

#### Grand Ave

- After the waiting period for the abatement process the demolition tasks at the Grand Ave site have begun. As of 10/22/19 ½ of the asphalt and ¾ of the hardscape have been removed with the removal of all of these items scheduled by 10/28/19. All demolition activities are projected to be completed by 11/1/19. After that time site grading and underground utility work will begin.
- The off-site work in the ADOT right of way is scheduled to begin on 11/1/19 with completion scheduled for 12/24/19, inclusive of final inspection and approval.
- Input response has been received from the Vintage Vehicle Club regarding space design items. This is scheduled for review with the architect on 10/24/19.

#### Lakeview Center

- Upper Restroom Remodel

The bid packet was approved by the Board Bid Commission. The restrooms were closed, and work started on 10/8/19. Abatement and demo have been completed. Ceiling grid layout, fire sprinkler extensions and HVAC extensions have been completed. Plumbing rough in has started. Leaks in the existing cast iron pipes were identified during the pressure test of the waste lines. Multiple bids for the repair of this unexpected expense have been received and submitted for required additional funding to the approved contingency. The replacement of these pipes will push back the tile work by one week. Contractor: KAW Construction (Cost \$130,000)

## Project Updates

(continued from previous page)

### Marinette Center

- Pool Deck Replacement

No change on this project. The bid packet for this project was submitted to the Bid Commission and approved. This project will include the preparation of the delaminating areas of the current deck and the installation of a rubber decking material throughout the pool, spa and shower areas. Based upon historical usage of this facility this work has been pushed to November and will be completed from 11/11/19-11/27/19 with the pool area reopening for the Thanksgiving holiday weekend. With night time temperatures going into the low 50's this is the latest in the year that this work can be scheduled as lower temperatures affect the curing of the surface. This schedule has been reviewed with the Aqua Fitness club and the club is adjusting their scheduling to accommodate the work schedule. Contractor: Rubaroc USA Inc. (Cost \$125,328)

- Pool Filter Replacement

No change on this project. The replacement of the pool filters is scheduled for completion during the pool area closure from 11/11/19-11/27/19. Contractor: Exceptional Water Systems, Osiris Pools (Cost \$31,261)

- Spa Filter Replacement

No change on this project. The replacement of the spa filters is scheduled for completion during the pool area closure from 11/11/19-11/27/19. Contractor: Exceptional Water Systems, Osiris Pools (Cost \$20,600)

### Pickleball Pavilion Lighting

- This project is complete. The fixtures were received, and the pavilion closed from 10/14/19-10/17/19 for the installation of the fixtures. Two fixtures are showing performance issues and warranty replacements are on order and will be installed when received. Light level readings were taken with levels consistently in the 94 fc to 100+ fc in most areas on the courts. Feedback on the impact on play has been positive to date. Contractor: Accel Electric (Cost \$63,992)

- Pickleball Pavilion Control Joint Repairs

The crack in the East/West post tension slab control joint is scheduled for repair from 11/5/19-11/7/19. The caulking material in the following locations is deteriorating and will be replaced during this same timeframe: North/South joint inside the pavilion, East/West joint at the north end of the pavilion, and the North/South joint in the north outside courts. Contractor: Elite Sports Builders (Cost \$3,866)

- Walking Track Repair

The bubbling on the walking track at Marinette has been worsening this year. Moisture has been determined to be under the non-permeable track material and causing this problem. Approximately 100 linear feet of the track material on the north end of the track will be removed, the concrete slab cleaned, and a replacement permeable track material installed. The use of a permeable material is expected to allow any moisture to evaporate and not cause the problems that have been experienced. The removal of the existing track material is scheduled for 10/25/19 and 10/28/19 with the new track material to be installed from 11/1/2019 through 11/8/2019, inclusive of curing time. Striping will be completed later due to unavailability of that resource at this time. Spot repairs of areas outside of this section being replaced will be completed with the same permeable track material currently installed as the spot repairs cannot be completed with the different material. Contractor: Elite Sports Builders (Cost \$19,995)

### Sundial Center

- Club Restroom Remodel

The bid packet was approved by the Board Bid Commission. The restrooms were closed, and work started on 10/8/19. Abatement and demo have been completed. Drywall has been completed and awaiting inspection. Progress to date is on target with completion scheduled ahead of the craft fair after Thanksgiving. Contractor: DFG Builders (Cost \$114,000)

- East Parking Lot Lighting Improvements

No change on this project with receipt of fixtures pending. Additional lighting is being added to the solar canopies on the east side of the center to provide better night time illumination adjacent to the building. Similar fixtures have been added to other centers and provided the desired lighting improvements. Contractor: Accel Electric (Cost \$7,667)

- Storage Closet for RV Club

The work to prepare the Storage 2 closet for the RV club have been completed and the RV Club moved items into the storage closet on 10/21/19. Small housekeeping tasks to complete this move to be completed by 10/25/19. Contractor: RCSC Skilled Trades, Exquisite Painting (Cost \$2,600)

### South Pro Shop

- As we enter the overseeding window the following items are scheduled for completion: parking lot asphalt, patio counter, and interior pendant lighting. The exterior signage has been ordered and has entered the fabrication waiting period. Contractors: Regional Paving, Bootz & Duke Signs, RCSC Skilled Trades (Cost \$52,915)

### Solar:

#### New Issues:

- WB/WC Maintenance – # 07

Inverter is not showing production 9/13/19. RCSC B&I staff reset the inverter on 9/18/19. Issue Resolved.

- WB/WC Maintenance – # 11

Inverter is not showing production 9/13/19. RCSC B&I staff reset the inverter on 9/18/19. Issue Resolved.

#### Issues Resolved:

- New issues that were resolved are identified above. There were 2 of these new issues resolved.

#### Production Data:

Despite efforts to replace the communication module in several Fronius inverters we have not been successful in correcting the communication problems these inverters have been experiencing in sending production data to the Also Energy reporting platform.

We have had discussion over a period of time with the panel manufacturer, Solar Frontier, regarding the discoloration spots that have appeared on some panels. The manufacturer has indicated these spots are cosmetic and do not affect the production of the panels. A mobile testing firm was referred to RCSC for the possible testing of the panels to verify their functioning. Rather than take on this expense to test panels in this manner our electrical contractor performed string tests on several inverters to determine DC voltages from the panels. We have received the results of these test readings and determining next steps.

#### Preventative Maintenance:

We have met with Black River Energy, Harmon Electric, and Kortman Electric to discuss preventative maintenance (PM) tasks and pricing. Responses have been received from Harmon Electric and Kortman Electric on PM included tasks, pricing and ongoing repair rates and response times. Pricing for PM tasks has already been received from our current solar support contractor, Wilson Electric. We are evaluating the responses and we will select a contractor for ongoing maintenance and begin a maintenance schedule.

### Water Conservation

## Water Savings Tips for Over the Holidays

'Tis the season for giving – and saving water! Give back today, and every day with these tips, especially over the holiday season:

- Buy recycled paper products - Products made from 100% recycled paper require less water in their manufacturing process. Or better yet, stick with reusable plates and cups.
- Inspect bathroom fixtures for malfunctions or leaks. During the holidays, your bathrooms will likely experience heavier than normal use and, in turn, are more prone to issues. A faulty toilet flapper can waste as much as 200 gallons per hour!
- Cook food in as little water as possible. This also helps preserve the food's nutrients.
- When washing your hands, turn the water off while you lather.
- When planning meals, consider swapping a meat dish with a vegetarian one. It takes almost 1,800 gallons of water to produce a single pound of beef. If you were to skip meat one day a week, you'd conserve 65,000 gallons of water in a year.
- Don't use water to thaw food. The safest and most water efficient way is to defrost food in the refrigerator.
- Save water by running a full dishwasher rather than hand washing. If you must wash dishes by hand, partially fill a sink and then rinse them using the spray attachment on your tap.
- Water your indoor plants with ice left over from your holiday party.
- Rather than letting the faucet run to rinse vegetables, rinse them in a pan of clean water.

Enjoy the holiday season and make a resolution to continue your water saving ways into the new year!

Sun City Gives Back

# Illinois Club Drums Help Foster Kids; LGBT Donates to STEAM Program

The Illinois Club of Sun City has been helping Drum Arizona Inc. reach its goal of providing Native American style drums to 1,000 children in foster care in the West Valley. Recently they met at the Salvation Army in Surprise, where Drum Arizona had organized a Drum Circle for many children in foster care ranging in age from 6 to 14. The 30 children attending got an opportunity to just be kids again and they all had a great time. And so did the adults who joined them!

After the Drum Circle, each child received their very own drum to take home. Some of the drums were made and painted by members of the Illinois Club. Pictured here are some of the kids who participated. Due to privacy concerns, they were required to cover their faces with the drums.

What a super undertaking and another great way of showing how "Sun City Gives Back" by helping make life a little less stressful for these children.

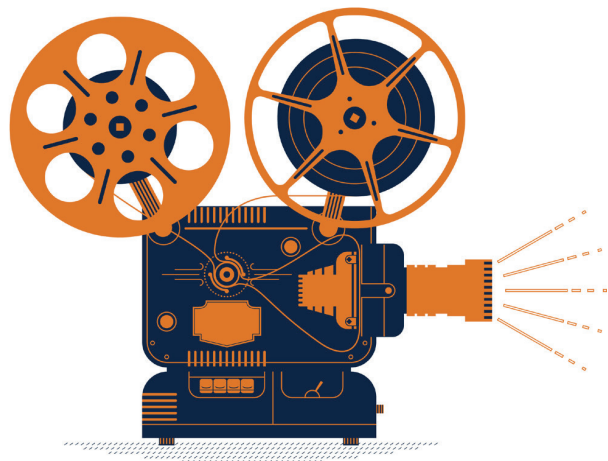

The LGBT Club of Sun City began the Fall season with members and allies donating to the Title 1 Heritage Elementary School STEAM Program wishlist. The STEAM Program Wish List was developed by Traci Gillespie, a junior high educator at this fast-growing charter school located in Glendale, who for the first time this year is introducing lessons relating to NASA to all of the students (K-8th grade) at the school. Traci says our Club's assistance couldn't have come at a better time as she and other teachers at Heritage would have needed to use their own money to pay for the majority of the items needed for this program without this generous donation. The Heritage students and teachers (and this teacher in particular) will be excited to have these supplies.

## Birding Club of Sun City

As the Birding Club of Sun City enters our fourth year, we remain a small friendly group that is known occasionally to enjoy a picnic after birding. All levels, from beginner to expert, are welcome. We are open to all RCSC Cardholders. A decent pair of binoculars and a field guide will come in handy, and we will help you choose them if you wish.

We average about 3 field trips or activities a month throughout the year. Some typical outings are: Tres Rios Wetlands, Boyce Thompson Arboretum, Hassayampa Preserve, and the Riparian Preserve at the Gilbert Water Ranch. We bird many local hotspots as well as outings and activities that accommodate all abilities.

During the season, members and guests present entertaining and educational programs. "Birding Seminars" cover equipment, field guides, and bird identification skills. Please go to our RCSC based website to peruse the last published newsletter containing all upcoming meeting dates, as well an overview of club activities and field trips.

Meetings are on Wednesdays, October thru April, 10am at the Bell Center multipurpose room on the SW corner of the Bell Center complex. See newsletter for dates.

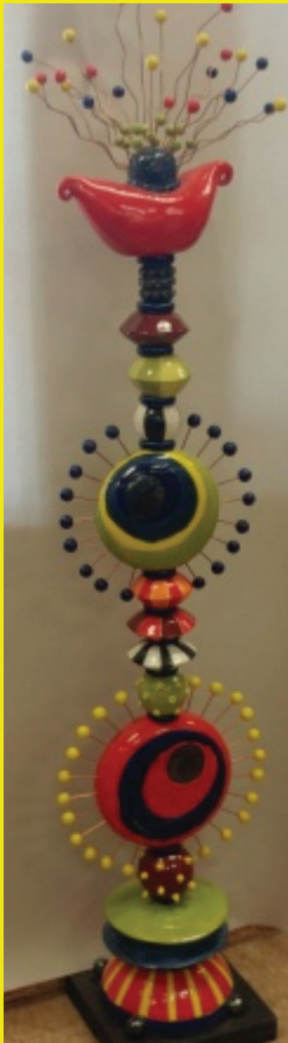

## Marinette Clay Corner

Marinette Clay Corner was established approximately 40 years ago with the membership of 10. Today we have an ongoing growth at 260. We have gone from one workroom to three large workrooms for glazing, classes, seven wheels and five kilns. Our members enjoy creating something from nothing with a pile of mug and long term friendships while working on their projects.

We participate in the annual Sun City Arts & Crafts Festival at Sundial each November and our own Annual Spring Open House held which will be held on this next year on Friday and Saturday, March 27 and 28, 2020. There will be hundreds of creative ideas for your home, gift giving and our famous Yard Art to choose from. Members enjoy our social hours, Holiday Party, road trips and working at our Annual Garage Sale which will be on held February 27-29, 2020.

Each year our members vote on donation gifts to local nonprofit groups. We have given in recent years to the military projects, art departments in elementary schools, women's shelters and to the town Yarnelle, AZ at Christmas after the devastating fire a few years back. New member orientation and project classes are held monthly by volunteer members. Additional creative classes are available throughout the year.

RCSC Cardholders can join to become members of Clay Corner for \$15 annually. We are located in Bldg A at the Marinette Recreational Center, at the corner of Union Hills and 99th Avenue. Stop by for a tour of our fun and active club. Please call 623-977-3167 if you have any questions.

## Country Dance Club

The Country Dance Club of Sun City is a top-notch country-western dance club that wants all dancers of every skill level to have fun dancing. We believe that dancing not only provides great entertainment and social interaction, but it also enhances our mental, emotional and physical well-being. We promote dance floor etiquette, courtesies, and consideration of fellow dancers to make it an enjoyable evening for all.

Country dancing includes two-step, pattern, cha-cha, waltz, swing, and line dancing. Our skillful DJ's strive to keep all the dancers happy and sometimes we schedule a live band as a special event. Our dances are held at the Sundial ballroom on the 1st and 3rd Saturdays of every month doors open at 5:30pm, dance lesson at 6pm, dance from 6:30 to 9:30pm.

Don't miss our newest club addition, we have scheduled Line Dances twice a month at Sundial 9:30am to noon so be sure to check our monthly schedule in SunViews.

We have seen that as dancers improve their dance skills, the enjoyment of dance increases as well as their confidence on the dance floor. Therefore, we offer a free dance lesson before each Saturday night dance as well as weekly pattern dance classes at Bell Social Halls every Wednesday night from 6:30 to 9pm.

Couples Dance Lessons: Beginner 6:30pm, Beginner Plus 7:15pm, Intermediate 8:15pm.

All dancers are invited to join our country-western "family." Come kick up your heels in an environment where our motto is FUN!

## Performing Arts

### Handbell Ringers of Sun City

The Handbell Ringers, directed by Libbie Randels, are putting the finishing touches on their rings & dings, chimes & jingles for their holiday show at American Lutheran Church in Sun City on Sunday, Dec 8 at 3 pm. "12 Songs of Christmas" is the title & central theme of their program. The idea of what to do with the traditional "Twelve Days of Christmas" song came from a book written by John Julius Norwich. His sense of humor adds the perfect touch to the otherwise ridiculous & repetitious song, about the receipt of too many gifts from an over jealous 'true love'. Other numbers in the program include a wonderful arrangement of "Hark, How the Bells," "Bell Carol of the Kings," "Mary Had a Baby," "Sleighride," "Ding Dong Merrily on High" & "Winter Wonderland." This semester, 25 ringers have come together on Friday mornings to have some fun and rehearse for this program.

In addition to their spirited show at American Lutheran, they will be performing in the Las Noches de las Luminarias at the Desert Botanical Garden in Phoenix.

The Handbell Ringers of Sun City rehearses on Fridays from 9:00-11:30am in the Fairway Music Room. Visitors are always welcome to come and listen.

Membership is open to RCSC Cardholders and invited guests. FMI contact Doreen at doreenc4488@gmail.com.

Tips from Get Fit for Life -

## Overcoming Weight Loss Barriers

Part 2 of a 3-Part Series

"You've stuck to your eating and exercise plan for the past two months and the scale is moving in the RIGHT direction. Suddenly your resolve weakens – Christmas parties are coming up, and old habits start to creep back. A common problem, on the journey to weight loss," states Jane Fortier, senior fitness specialist. "Identifying the psychological barriers that become roadblocks during weight loss, may help to overcome them."

**Fear of failure.** Anticipating failure is a motivation killer - a part of you doesn't truly believe you can succeed. The best way to overcome a fear of failure is to focus on success. List every difficult accomplishment you have had in life, as a reminder that success is part of your personal history. This tangible proof will help dispel the fear of failure you are experiencing now.

**Not believing the accomplishment will make enough of a positive impact on your life.** If this is your roadblock, it's time to do some soul searching. Create a list of all the reasons you want to get healthy by losing weight. Think of what is important in your life right now. At this age, "I want to be able to get down on the floor and play with my grandkids" is a lot more motivating than "I want to fit back into my skinny jeans."

**Self-doubt.** If you think you don't have the knowledge, skills or grit to stick to a lifetime plan, you are erecting unnecessary roadblocks. Work with a dietician or personal trainer to help dispel these doubts – fitness professionals can give you the tools for success. Surround yourself with motivated people who are living proof that attitude and determination make all goals attainable.

**Boredom.** Once you find a lifestyle plan that you can follow, make sure it gives you flexibility. Switch up your eating menu, yet stay within sensible boundaries; develop different exercise routines that keep you challenged; participate in varied social events, but focus on socialization rather than food; keep active and moving throughout the day.

**Not seeing results quickly enough.** Give up the quick fix mentality – it's not about deadlines. If the scale and the measurements aren't going down fast enough, focus on little victories: how much better you feel; how much easier you move; how satisfying it is to be living healthy; the positive example you set for family and friends. There are plenty of results that are not based on the scale. Be patient, the scale and measurements will eventually show progress.

**Comparing yourself to others.** Every individual is different. Everyone's lifestyle, circumstances, body and metabolic profile are different. Comparisons are about YOU - where you are now, where you started from and where you want to be. You don't feel support from friends and family. Remember, those who criticize are often struggling with their own issues. It's more about them than you. Combat daily saboteurs by finding people that "have your back" – friends, family or online supporters. Surround yourself with positive vibes. You're not in this alone. You will feel more empowered and confident in your decision to take control of your health, with positive supporters nearby.

"Start every day by setting intentions to SUCCEED," states Fortier. "Plan your work and work your plan. Give yourself credit every time you 1) engage in behaviors that help you reach your goals and 2) successfully avoid behaviors that would steer you off course. Reward yourself for milestone goals you achieve along the way. Embrace the journey, the destination is worth the struggle!"

If you need help on your weight loss journey, a Get Fit for Life personal trainer would be happy to accommodate. We design exercise programs that fit individual needs. Holiday Gift Certificates are available. Call 623-696-6820 for information.

LaTouch Wellness Massage Therapy Shares...

## Heal Yourself by Releasing Trapped Emotions

We tend to think of our bodies and our minds as separate systems and believe they function, for the most part, independently. Our psycho-emotional state affects us physically.

We can assist you in discovering which emotions may be trapped within your energy field and within the muscles of your body. Massage Therapy, Reiki Energy Healing and Chakra Balancing can assist in releasing trapped emotions. There are also some self-care techniques you can utilize to assist with releasing these trapped emotions. Request A Personalized Wellness Massage Session, we can help you identify the specific trapped emotions that may be contributing to your discomfort. We will also provide you with a self-care regimen that can assist in your healing process.

In this article we will explore trapped emotions related to the shoulders, the neck, and as well the area of the head. Emotional Freedom Technique or EFT is a very simple self-care technique in which we gently tap on 9 specific acupressure points as we focus on releasing negative trapped emotion and replacing them with positive life-affirming emotions.

**Shoulders:** The shoulders represent our ability to carry life experiences joyously. Do we feel as though a lot of responsibility is being placed on our shoulders? Are we making life a burden by our attitude?

**Neck:** The discomfort in our neck, may be due to our refusal to see both sides of a situation. How flexible are we being? Are we stubborn?

**Headaches:** Our headaches may be an indication that we are not validating ourselves. It may indicate self-criticism or fear.

If you would like to address and heal the energetic, emotional cause of your discomfort and receive a self-care regimen you can incorporate to promote your health and well-being, contact Laura of LaTouch Wellness to schedule your Personalized Wellness Massage Session which includes Swedish Massage, Reiki Energy Healing, Chakra Balancing and information about a self-care regimen you can incorporate at your convenience.

*Massage helps us to manage stress and can also be used to address a number of health issues. A full complement of massage services are offered at Fairway, Sundial and Bell Recreation Centers (as noted below) for RCSC Cardholders and their escorted guests. If you would like to experience the benefits that massage may have for you, call and schedule an appointment today!*

- Establish a steady stream of monthly funds to continue for as long as you live in your home, to supplement your retirement income
- Establish a line of credit that cannot be canceled or reduced, so it'll be there for unexpected expenses
- We've got answers to all your Home Equity Conversion Mortgage (HECM) questions.
- Can be used for prolonging taking social security or reducing tax burned from taking money out of assets

# Welcome to Sunshine Service

People, meeting needs of people is what Sunshine Service is all about. Sunshine Service lends medical and children's equipment to residents of Sun City and we have been doing so for over 54 years. We are a charitable non-profit Arizona corporation and are funded by voluntary contributions and memorial gifts.

While the equipment is available for the use of all residents or visitors staying with residents, the equipment must not be taken out of Sun City on a permanent basis. As a matter of control, equipment is loaned only to Sun City residents.

Records show that as the population of Sun City grew, so did use of our medical equipment. Savings for Sun City residents have been calculated periodically; in 2015, it was estimated that residents saved over two million dollars in cost of equipment for that year alone.

Sunshine Service, Inc has received local, state and national recognition. Awards received include the George Washington Honor Medal for services to the sick and handicapped from the Freedoms Foundation of Valley Forge in Pennsylvania.
