Even with all the fun there is to be had here in Sun City AZ, sometimes serious business needs to take center stage. RCSC Members are invited and encouraged to attend the 2020 RCSC Annual Membership Meeting on Monday, February 24, 2020 in the Sundial Auditorium. This evening event begins with registration and refreshments from 6-6:30pm. You'll need to present your full-size RCSC Member Card with photo for registration. The budget presentation and annual meeting will begin at 6:30pm. Come participate and be a part of the process.

It's back to fun as we head to the Bell Fun Fair on Saturday, February 29, 2020 from 9am to 2pm. Check out all of the great clubs this center offers along with a car show, craft demos and sales, refreshments and more.

We'll close out February with "Sousa on My Mind," the annual Sun City Concert Band's tribute to the famous American composer on Saturday, February 29, 2020 at 2pm in the Sundial Auditorium. Under the new leadership of Ken Jaeger, this band performance is a must-see

for many in the community. Tickets are \$10 and can be purchased at the door on the day of the show or in advance from 9am to noon February 24, 26, 28 in the Sundial Auditorium lobby.

While the saying, "In like a lion, out like a lamb," may not really pertain to the weather here, mark your calendar for Sunday, March 1 and travel "Around the World in Clay" at the 32nd Annual Premier Pottery Show hosted by the Sun City Clay Club from 10am to 3pm in the Lakeview Center Social Halls.

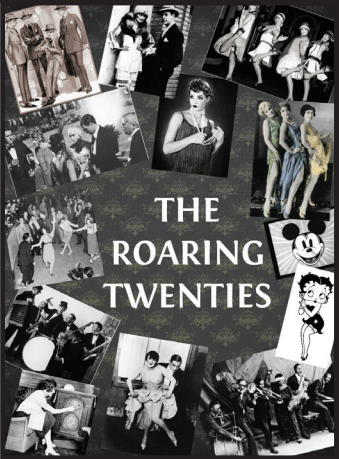

Last but not least, there's still plenty of time to find a date for this year's Sun City AZ Senior Prom, which will be held on Friday, March 6, 2020 in the Sundial Auditorium. The doors will open at 6pm and live music with The Faded Jeans Bands starts at 7pm. This event is free for RCSC Cardholders and their escorted guests, but tickets must be reserved in advance at the Events & Entertainment Office at Sundial.

## Golf & Grounds Report

### Pro Shops

Total rounds for November were down 2,598 rounds from previous year due to the heavy rains over the last two weeks of the month. For the year, total rounds are up 3,354 rounds from prior year despite the poor start to the year and the poor finish in November.

The free clinics, hosted by our independent teaching professionals, proved popular again this year. For the month, 400 residents and their guests attended the clinics held in November. Over the course of four weeks, classes were taught on chipping, putting, irons and woods. The teaching professionals will be hosting another series of free clinics in March.

### Snack Shops

Snack Shop revenue was also hampered in November by the heavy rains. Snack shops are currently open every day from 6:00 a.m. to 5:00 p.m. and serve breakfast and lunch. The only exception to the hours are during periods of inclement weather.

### Golf Courses

Mowing heights are slowly being lowered and equalized among the courses following overseed. Overseeding was successful this year despite the cold and windy period during the second wave of overseeding. Slowest to respond were the greens at Willowcreek. The extra week of closure and additional seed have helped the Willowcreek greens recover. Normal mowing heights will also encourage the greens to grow laterally, helping to fill in the weak areas. The greens were also top dressed to improve roll.

### Lawn Bowl and Grounds

The pace of the greens range from a low of 13.0 seconds on Oakmont to a high of 14.2 seconds on both Lakeview (West) and Bell (South). Greens were on an irrigation "rain-hold" for the end of November and the first couple weeks of December. All greens are draining well and are not showing signs of excessive moisture. Mowing height is currently .120" and will remain so for the rest of the winter season. Greens are mowed once per week, mostly to clear debris, and are rolled two to three times per week.

The grounds crew has adjusted the cleaning schedule of the dog park as the normal cleaning day falls on Christmas. The dog park will be cleaned on December 24 and will be reopened by 8:00 a.m., we thank you for your patience. The heavy rains have also brought out winter weeds; the crew will be spraying and removing on an as needed basis.

## Attention: Golf Course Property Owners Did you know?

All contractors needing to access private properties via RCSC Golf Courses MUST place a \$200 deposit at the Cardholder Services Office (Cash, Check, Cashier's Check or Money Order) prior to the start of any project.

This money will be returned once the Golf Course Superintendent determines that no damage has occurred. Your attention to this matter is greatly appreciated!

### Tips for Better Bowling

## Warm Up Before Bowling

No matter what the sport or physical activity, it is always advisable to warm up before you begin. Warming up helps your body get ready for physical activity and helps you to avoid injury. In fact, warm-up exercises can actually make your game better, according to many health experts. Research has shown that performing a series of warm up exercises actually increases your abilities and could even eliminate the risk of injury. To prevent muscle strain or injury, always do your warm up exercises before beginning a game of bowling.

Try these five warm-up exercises in order the next time you bowl:

- Stretch it out**  
Before starting to bowl, make sure to do warm up exercises for your neck and shoulders. Hold each stretch for about eight seconds in order to properly work your muscles.
- Get ready to sweat**  
Your bowling warm up should make you sweat a little. One of the benefits to warming up before you play is an elevation in your body temperature. Once your body is warmed up, it won't need to release additional heat as you get more active during the game.
- Include your arms in your stretch**  
Bowling uses your flexors and extenders, so they should be nice and warmed up before you begin playing. This gets your arms ready for the additional weight of the ball and the strain bowling puts on your arm.
- Remember to breath**  
Deep breathing is a vital part of your warm up session. Breath in deeply, hold it for about six counts, and then breath out. Repeat. This type of breathing gets your lungs in shape so you have more stamina.
- Never stretch without warming up**  
Be sure to do some warm up exercises before you start your regular bowling warm up routine. And if you ever feel pain while stretching, stop immediately.

If you keep these warm up tips in mind whenever you get ready to bowl, you can be sure to remain comfortable and injury free during your bowling game.

## Tips from a Pro

## Reducing Curve

The direction a ball curves comes from the position of the clubface at impact. If the clubface is square (or facing the target) the ball won't curve at all. If the face is open (facing right for a right-handed player) the ball will curve right. And if the clubface is closed (facing left for a right-handed player) the ball will curve left.

A little curve either direction (a fade to the right or a draw to the left) is playable and sometimes even preferred, but when the ball starts curving too much either direction (a slice to the right and a hook to the left) it's hard to keep the ball in the fairway or on the green! So, how do you correct for either of these curves if they become too much?

If a slice is your problem, first work on the pressure of your hands on the club. A grip pressure that is too tight can restrict the club from closing properly during the swing and can lead to an open face at impact. Second, try rotating the hands  $\frac{1}{4}$  of an inch to the right. This is called a stronger grip and can help correct the slice.

If a hook is the problem, check grip pressure to make sure it isn't changing during the swing. Pressure that is changing during the swing can allow the club to twist and many times this can shut the face leading to a hook. Second, try rotating the hands  $\frac{1}{4}$  of an inch to the left. This is called weakening the grip and can help delay the closing of the face and help reduce the hook. Experiment to see what works best for you. Everyone is different. If your ball isn't curving, the position of your grip is most likely perfect for you!

## WELCOME GOLFERS

PLEASE REPAIR ALL BALL MARKS WITH THE TOOLS PROVIDED.  
USE ONLY THE APPROVED REPAIR METHOD SHOWN TO HELP  
MAINTAIN OUR GREENS AND INCREASE YOUR ENJOYMENT.

**DO NOT TWIST OR LIFT SOIL**

**Only YOU can prevent ball mark damage!**

**RIGHT!**

- 1) Close the gap/hole with putter by patting down the ball mark.
- 2) Insert *Green-Save* tool on the high side behind ball mark and push the back toward the center.
- 3) Do not pull up, twist or lift with the tool.
- 4) Push both sides of the ball mark into the center.
- 5) Gently tap the surface down with putter.
- 6) Never use loosened turf for repair.

**WRONG!**

Pulling up or lifting on the center or the sides will tear the roots and result in brown spots taking weeks for the surface to heal.

**Do not pull up or twist with tool. This will only bring sand to the surface and tear the root system**

**RIGHT!**

Insert tool and push back and sides forward to center.  
No damage to root system. Healing starts immediately.

YOUR REPAIR EFFORT USING THE CORRECT METHOD ELIMINATES  
BROWN SPOTS AND PROMOTES GRASS GROWTH!

*A Moment with President Schroeder***Let's Work Together in 2020**

As we get started in this new year, let's make a commitment and plan to work together to see what we can really get accomplished for the future.

Of course, the changes that got started in 2019 will carry on. We're all looking forward with anticipation that RCSC open meetings will continue to evolve and improve over time. It is important to note that your participation and input at these meetings is essential and remains the best outlet to express your ideas, desires and opinions.

**Dan Schroeder**  
2020 RCSC Board President

Besides twice monthly Board meetings which are typically held on the second Monday and last Thursday of each month (except July and August), RCSC Members

are welcome to attend committee meetings as well. Whether your interests include sports such as bowling, golf, or lawn bowling or your expertise lies in areas such as communications, finance or insurance, participation in the committee process allows Members to get involved in a variety of ways.

Another great way to be a part of the process is to attend the upcoming RCSC Annual Membership Meeting on Monday, February 24, 2020 in the Sundial Auditorium. This event starts at 6pm with registration and refreshments. Please remember to bring your full-size RCSC Member Card with photo which must be presented to register and to be counted.

The official Membership Meeting requires a quorum to be in attendance. Although there have been concerns expressed

over the years, a minimum of 1,250 Members must be present in order for the meeting to be called to order.

There will also be a brief budget presentation so that Members will have the latest information on the state of RCSC finances as we remain completely debt-free - all the while keeping Sun City AZ the best value in 55+ active adult communities throughout the nation.

We often hear people say, "It's another great day in Sun City!" which is so, so true. With state-of-the-art fitness facilities, great golfing, super weather to enjoy swimming, pickleball, tennis and more, getting involved and volunteering guarantees we'll be having another great YEAR in this fantastic place we all call "home"!

In closing, I'm honored to serve as your 2020 RCSC Board of Directors President and look forward to hearing from you soon. Here's to another year ahead chock full of many great accomplishments.

## Management Report

### Financial Report

The Recreation Centers of Sun City, Inc. (RCSC) has ended November 2019 within its operating and capital budget year to date. All Divisions have met or exceeded their net operating budget projections year to date with total operating income \$88k (1%) favorable to budget and operating expenses \$515k (3%) favorable to budget. Income favorability is driven by higher than budgeted income in the Building and Infrastructure and Bowling Divisions partially offset by lower Golf income. Operating expense favorability is primarily driven by lower payroll expense across multiple Divisions as well as lower utility expense in the Golf Division. Year to date operating excess without projects is \$641k (20%) favorable to budget.

### Cardholder Services

Payments on past due assessments in November were 10.2% of past due balances. Overall accounts receivable decreased in November by 6.2% and is up 1.0% from the beginning of the year. Accounts receivable past due balances have increased 2.0% since the beginning of the year. October assessments went 30 days past due at a 6.4% rate and September assessments went 60 days past due at a 2.9% rate.

Payments from our third-party collections firm totaled \$4,520 in November. Year to date payments through our third-party collections firm total \$89,616. Payments made in November through the online RCSC Web Portal totaled \$102,733 from 235 property owners. Year to date web portal payments total \$1,426,241 from 3,125 property owners.

In November property transfer balances decreased by 3.2%. Outstanding balances related to property transfers represent 51% of all receivables and 53% of past due balances. At the end of November trustee sale notices on Sun City AZ properties ended at 30 and properties owned by lending institutions increased to five.

## Project Updates

### Bell Center

- Mini Golf Carpet

The carpet at the mini golf area has deteriorated significantly over the past month with some of the condition projected to be related to small animals on the course. The course was closed as of 12/10/19 for evaluation and completion of temporary repairs. Upon completion of temporary repairs, the course will be reopened for use with hole 5 remaining closed due to its condition. Due to the number of affected holes the replacement of the carpet will be done with bids being sought. It is anticipated that the replacement of the carpet can be scheduled in January but is dependent upon scheduling with the selected contractor. Contractor: TBD (Cost TBD)

- Library Book Drop

The lower priority of this project has resulted in the completion being delayed. The installation of the lighting components for this project are currently scheduled for the week of 12/23/19. Contractor: Regional Paving, Accel Electric, Kingsley Equipment (Cost \$67,403)

- Bell Electrical Outage

The excavation in preparation of conduit installation located a spare conduit running between the two panel locations. This additional conduit was scoped on 12/9/19 and found to be intact without any water intrusion. The availability of this conduit allows for a less complicated installation requiring the installation of new conduit paths. The new transformer was received and installed as of 12/12/19. A power outage has been scheduled for the early morning of 12/13/19 to pull the feed cables through the conduits to the craft area distribution closet. No further power outages affecting the center will be necessary. There have been some production delays on the manufacturing of the new panel being fabricated to terminate the power feeds. Completion of the work to restore power to the craft club area is dependent upon receipt of this custom panel. If this is received by 12/13/19 then it is anticipated that the target of 12/16/19 can be met. Otherwise there would likely be several additional days of delay until this panel is received and installed.

### Grand Center

- Stem walls for the building addition are going vertical from the footings and are ongoing. Offsite work on 103rd Ave for water feeds for domestic use and fire lines expected to be completed by 12/13/19. Placement changes for the location of the fire riser and fire department FDC have been determined and being roughed in. Site grading is being completed with retention areas being cut in and the site dry well being dug. Underground plumbing completed as of 12/10/19 and awaiting inspection. Electrical rough in to begin by 12/16/19.
- Met with the architect and each club on 11/21/19 to review finished and verify layouts. A few changes were identified and are being accommodated in the design.
- The construction of the deceleration lane on Grand Ave has been completed and within the permit window that ends on 12/17/19. ADOT is requiring installation of landscaping before signing of on the final inspection. This was planned for the end of the project and the area adjacent to the ADOT right of way will be completed at this time for the final inspection approval.
- Met Vintage Vehicle Club on 11/21/19 to finalize the space layout within the assigned space. Based upon this meeting we have a final layout for the space for

### Solar: New Issues:

- Quail Run Maintenance – # 02

No Weekly, Monthly, or Yearly History, 11/4/19. Clock Failure. RCSC B&I staff reset and replaced battery. 11/12/19. Issue Resolved.

- Fairway – # 14

Inverter has an E018 error code 11/27/19. Resolution is pending.

### Issues Resolved:

- No outstanding issues resolved this month.

### Open Issues:

- Oakmont Rec Center – # 01/02/03/04/05/06

The inverters at Oakmont Center are not reporting production data. This has been an outstanding issue since July 2018. The production meter shows overall production data for the site but the individual inverters are not reporting production to the AlsoEnergy aggregation reporting site. No resolution to this data integration reporting issue this month.

- Lakeview Rear – # 01/02/03/04

Similar to the Oakmont site the inverters at the Lakeview Rear site stopped communicating with the AlsoEnergy data logger and thus the AlsoEnergy aggregation reporting site. The Lakeview Rear inverters are Fronius models similar to Oakmont Center with these two sites being the only Fronius inverters in the RCSC Solar environment. No resolution to this data integration reporting issue this month.

- Lakeview Lanes – # 01/02/03/04/05/06/07/08/09

Production results significantly lower than expected for this group of inverters. Four of the replacement SMA inverters were installed at this location and the production output was similar to the PowerOne/ABB models removed. DC voltages from the solar panels were field tested and did not indicate significant under supply of voltages. Additional investigation needed on these inverters to identify a cause of the under production and if preventative maintenance tasks positively affect performance. No resolution to this production issue this month.

### Production Data:

The lack of data from the Fronius inverters above negatively affect the overall tracked production data. We have continued to review the data elements being used to track and compare production. We have not identified changes to the tracking methodology necessary although some verification of inconsistent inclusion of weather data has been verified.

### Preventative Maintenance:

The start of the preventative maintenance and review of each inverter has not yet begun with the process anticipated to begin in the next few weeks.

Hey! Slow down! 5 MPH is the posted speed limit in all RCSC Parking Lots.

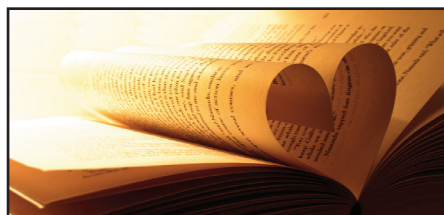

FACT: One in five car accidents happen in parking lots. Don't be the next one.

## Water Conservation

# Water Saving Tips for the Yard

If you're looking to do a little work around the yard, look no further than the Epcor Water demonstration garden right here in Sun City AZ (15626 N. Del Webb Blvd.) for ideas that will inspire and help you conserve water, too.

You'll find that drought-tolerant plants are the easiest to maintain and flourish in our desert environment. You can minimize pruning by selecting plants, shrubs and trees that require less water and fit with your landscaping. Group plants together based upon their different watering needs and let them grow naturally instead of pruning into balls or other shapes.

Pay special attention to these simple tips when tending to your yard and garden:

- Use drought-resistant plants and grasses like Bermuda instead of Kentucky Bluegrass, and avoid overseeding in the winter.
- Adjust the irrigation timer quarterly and turn the irrigation system off when it's windy or raining.
- Water in the early morning or late evening to avoid evaporation. Know how much water your plants need – many plants die from overwatering.
- Water for a longer period of time, but less often. This lets the water sink into the ground and pulls the plant roots away from the hot surface.
- Don't water cacti.
- Use a broom, not a hose, to sweep sidewalks.

Mulching reduces evaporation, lowers soil temperatures and helps to control weeds. With better soil drainage, water gets to the plant roots where it's needed.

In Arizona, up to 70% of residential water usage is outdoors. By replacing high water-use plants and turf with low water-use plants, you can not only save money but thousands of gallons of water a month.

For more information, contact the Epcor Water conservation team at [conservation@epcor.com](mailto:conservation@epcor.com) or visit [epcor.com](http://epcor.com) online for additional gardening strategies.

## Bell Stitchers

The Bell Stitchers Sewing Club is for you if you enjoy doing charitable activities and giving back to our community. Your sewing skills and creativity will be appreciated whether you are just learning to sew or are an expert seamstress.

In 2019 we made and distributed over 900 boys and girls clothing items to seven local schools plus the Aqua Fria Food Bank. Hospice of the Valley was the recipient of over 2,200 different items used by the patients. We meet in our club room on the 2nd and 4th Thursday afternoons to work on those items.

We also collect gently used clothing and household items that are given to the Navajo Nation. We made over 400 blankets, quilts and afghans in 2019.

We are a busy club but we enjoy what we do and have fun doing it. Drop in on Tuesday from 9am to 8pm or on Thursday or Friday from 9am to 3pm for a tour. Coffee and cookies are served between 9:30 and 10am and you're welcome to join us. We are located at the Bell Arts and Crafts Village. For more information, contact us at [2019bellstitchers@gmail.com](mailto:2019bellstitchers@gmail.com) or call 480-578-8871.

## Friday Night Ballroom Dance

When was the last time that you attended a dance? Did you have fun? What was your favorite dance? Jitterbug, or maybe the Waltz? What was the Jitterbug, is now called the Swing. Whether it's the Swing, Waltz, Foxtrot, or any of the Latin dances, we still do it all, at the beautiful Sundial auditorium.

When you step through the door, you will probably be reminded of some of the great ballrooms of long ago. Sundial has one of the best dance floors in the entire Valley. And talk about music - this is where singles and couples come to hear some of the best live dance music in the region. Whether you love to slow dance or you are an accomplished ballroom dancer, or somewhere in between, you will love the Sundial Ballroom.

Weekly dances begin with a Foxtrot at 7:00pm and usually end with a Waltz about 9:45pm. If you are a beginner or would just like to learn a few new steps, we offer free dance lesson before each dance. Lesson begins at 6:15pm. Admission is \$5 for members, \$8 for escorted guests. Club membership is open to all RCSC Cardholders and annual dues are \$3.

Not only is dancing good for you, both physically and mentally, but it is fun and easy to learn. It is also a great way to socialize and make new friends. For more information, please call Bob at 623-215-8718 or visit our website at: [www.fridaynightballroom-danceclub.com](http://www.fridaynightballroom-danceclub.com)

## Fairway/Mountain View Lawn Bowls

Do you enjoy sunshine and outdoor activities? Do you want to have fun while getting some exercise? Try LAWN BOWLS...the sport for all ages.

Lawn Bowls is a fun and friendly game suitable for all ages and most all physical conditions. It is a very unique sport with the objective to roll a grapefruit-sized resin ball, known as a 'bowl', on a flat green trying to get closest to the

target ball, known as the 'jack.' The fun part is that the bowls are slightly lopsided and curve when rolled, making it more interesting than you think. Men and women, young and old, ex-jocks and ex-loafers all compete on an equal footing. It is easy to learn and challenging to be good at.

Fairway/Mountain View Lawn Bowls Club is proud to have two wonderful venues. At Mountain View, we have the beautiful brand new natural grass greens. At Fairway, we have the state-of-the-art artificial carpet green. This carpet is prized because there are no imperfections to alter the course of your bowl. In fact in past years we have been honored to host on our 'carpet' the South Central Division of the US Qualifying Trials for the World Bowls Competition. Then both of our greens were used in the 2019 US Open international competition this last November.

We encourage visitors, spectators and potential bowlers at all of our events. We will greet you and share our knowledge of, information about and enthusiasm for this great outdoor activity. Open to all RCSC Cardholders. Drop by, say hello and stay awhile. We have open bowling every Tuesday, Thursday and Saturday on the Mountain View greens. Starting times can vary due to temperatures but normally bowling starts at 9am. Call 928-853-6991 for more details.

*Come see if the grass is greener on our side of the fence!*

## Camera Guild of Sun City

The Camera Guild of Sun City continues to evolve in today's digital world. Our club will be relocating to the Grand Avenue property sometime this spring and we are looking forward to great things with this change.

Our members range from beginners to advanced photographers who bring many talents to share. Learn to capture better images and use our full digital lab for image processing, printing and mounting. Enter your images into our competitions and get helpful critiques from other members and recognized judges. Annual membership is \$20/first person, \$5/second and is open to all RCSC Cardholders in good standing.

The Education programs are now in full swing and provide both classroom and field experience. Training includes Basic Camera operation, Composition and Lighting, Advanced Camera Mastery, Adobe Lightroom, Photoshop, Photoshop Elements and how to operate all of the lab equipment. We also have an ongoing class on how to use your cell phone to take great photos called Beyond Selfies.

The Guild hosts quarterly First Friday gallery openings where members display their art and some works may be offered for sale. Good music, wine and hors d'oeuvres + wonderful art to view and discuss = Fun for all!

"Grab & Go" photo shoots are scheduled throughout the year and included trips in the greater Phoenix area and beyond. Some even go overnight to places such as Grand Canyon and Death Valley.

General meetings are held on the 1st and 3rd Saturdays and often include outside speakers, teachers of Photography, member slide shows and club competitions. We are always sharing ideas on how to improve our skills.

We have an extensive website at [www.cameraguilofsuncity.com](http://www.cameraguilofsuncity.com) where you will find answers to many of your questions along with our membership application, events calendar, and sign-ups for classes and Grab & Go's. You may also visit RCSC website at [suncityaz.org/recreation/clubs/camera-guild-of-sun-city](http://suncityaz.org/recreation/clubs/camera-guild-of-sun-city) or call at John 314-882-6951 for more information.

## China Painting

No longer just a pretty face plate, the old china painting has changed! More modern, versatile uses for china painting can be almost anything you imagine! Wear it (jewelry), hang it (framed pieces), drink from it (cups and mugs), eat off of it (yes, the plate) and even construct with it (back splashes, counter and table tops, even flooring).

Get creative with china painting! Cute and whimsical, abstract or traditional. Whatever style you fancy, make great gifts with real meaning for family and friends. Let us show you how!

China Painting is located on the 2nd floor at Fairway (room 217) and we're hoping you'll stop by for a visit and try it out for free. We're open Mondays thru Fridays from 9am to 2pm. Club open to all RCSC cardholders: annual membership \$5. Cardholders welcome to attend three times before joining. Free beginning classes every Tuesday 10am-12am; supplies furnished. If interested please call Arleta at 623-810-9863, or sign up in the Fairway China Painting room.

## LGBT Club of Sun City

Gay and Gray in Sun City by Scott Wilson

Retirement! Where will I go? What will I do? Can I afford it? We all ask these questions as we ponder how to spend our golden years. For the LGBT community it can be daunting. Many of us lack the family and social support networks that are essential to a safe and fulfilling retirement. Marriage, and the security it provides, has only been available to the community for the last four years. Prior to that, cumbersome legal documents were required to ensure that LGBT couples could safely care for each other as they age. As the elders of the community are keen to tell the younger generation, It Gets Better.

Sixty years ago, Del Webb would have never envisioned that Sun City would be a welcoming and wonderful place for gay, lesbian and all the other included folks to retire. In 2020, it is. There is a large, diverse and welcoming community here in the Arizona sunshine, and there are lots of gays and lesbians too. Be it at the social clubs, or the sports clubs, or just one of the local restaurants, you'll be pleasantly surprised to find "family" almost everywhere. In the heart of Sun City, one of our churches proudly flies the rainbow flag and welcomes everyone. The old stereotypes of the LGBT community take a back seat to the new stereotypes of the gray, not gay, population to which we belong.

One of the advantages of living in Sun City is that everyone is from somewhere else. We didn't grow up here, and by moving here, we've released many of the shackles and prejudices from "home". Moving to Sun City is a long-extended vacation, with lots of activities, new friends from all over. We're all in this together and it's an adventure. We find we have more in common, and less that divides us.

Sun City has an amazing assortment of clubs. They are chartered by RCSC, which allows clubs to use the facilities and take advantage of opportunities that a casual gathering wouldn't have. The LGBT Club of Sun City was chartered two years ago and has become a gathering place for our community to come together and support each other. We are out, visible and proud. The LGBT Club allows us to gather together as one, out of many different varied voices to ensure that we have a welcoming community. The LGBT Club gives us visibility and a voice to how our greater community evolves.

Our club meets the 2nd Thursday of each month, September through May at Oakmont Recreation Center and membership is open to all RCSC Cardholders. We also have Social Nights, Holiday celebrations and social activities scheduled throughout the year. If you're considering a move to Sun City, you can't ask for a livelier and welcoming place for the LGBT community.

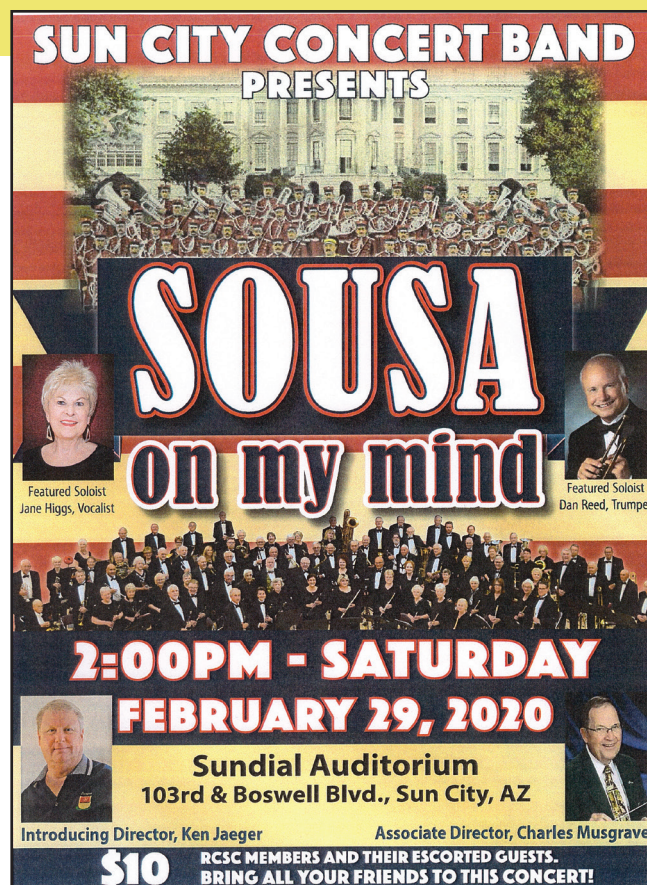

## Sun City Concert Band

Dust off your instruments and join the Sun City Concert Band under the new direction of Ken Jaeger, well known Arizona Band Master and clinician. Charles Musgraves joins us as our Associate Conductor.

The SCCB rehearses weekly from September through May. Rehearsals are 9:00-11am Tuesday mornings at Fairway Center. Annual dues are \$5 and membership is open to all RCSC Cardholders and invited guests.

The band is currently rehearsing for their Annual Sousa Concert, "Sousa on My Mind," which will take place Saturday, February 29, 2:00pm at the Sundial Auditorium. Tickets for this show are \$10, and will be available at the door the day of the concert and also from 9am to noon February 24, 26, 28 in the Sundial Recreation Center lobby.

The Concert Band will also be performing on Saturday, April 18 at 2:00pm, also in the Sundial Auditorium. Stay tuned for details. Visit the band's website at [sccband.org](http://sccband.org) for additional information. To be placed on the Band Concert Notification E-mail List, contact band President Jim Wise at 602-625-5211.

## Fairway Ceramics Club

The Fairway Ceramics Club is "Fun and Friendly," and provides instruction and mentoring in mold-poured ceramics. The Club has a classroom, well-stocked inventory of greenware, dedicated pouring room, and a busy firing room with 5 kilns.

The Club welcomes all skill levels. A "Buddy" program pairs up beginners with experienced members for orientation, guidance and support. The Club also offers low-cost classes in a variety of techniques in both fired and non-fired finishes. Social activities include potlucks and parties and the club participates in RCSC sponsored events such as Discover Sun City, the Fairway Center Spring Fling, and the Annual Sun City Arts & Crafts Festival.

The Club's community outreach during 2019 included Sun City Elks Lodge, Sun City CAN, Sun City Posse, and other local organizations. A very large project included the collection and donation of art supplies to Freedom Elementary School in Buckeye, AZ which has a student body of mostly economically disadvantaged children. Art improves school performance at all ages, so this was a good fit for the Club, which helped fill almost bare school cabinets.

Fairway Ceramics is open Monday through Friday, 9am to 3pm, and Saturday & Sunday, 9am to 1pm. Membership dues are \$10 for individuals and \$15 couples/families (two people at one address). Visitors are invited to enjoy a free cup of coffee, and the free monthly drawing. Fairway Ceramics is located on the 2nd floor at Fairway Center. For more information, phone the clubroom at 623-972-5818 or contact Dott McDaniel at 602-821-1197.

## Performing Arts

### Handbell Ringers of Sun City

While handbells are most commonly associated with church music, the Handbell Ringers of Sun City take handbell music to a whole new level, playing a wide variety of music to entertain their audiences, including Broadway show tunes, swing, calypso, oldies & classical. They perform two concerts a year, one in the spring & another at Christmas time. Their next show will be at American Lutheran Church on March 29 at 3pm.

The ringers come from a wide variety of musical & non-musical backgrounds - accountants, small bakery owner, music teachers, choir directors, a minister, an airline stewardess, a woman who was an officer in the US Navy & many more interesting past occupations. All come together to share a love for the uniqueness of handbell music. The group ranges from 22 to 26 ringers.

Because of the size of the "BIG GROUP, a smaller group of ringers was organized 2018. Ramblin' Ringers is a 6 on 12 ensemble, six ringers, on twelve bells. Their goal bringing a fun interactive program to retirement centers, club parties, social & church gatherings.

*Tips from Get Fit for Life -***Why Your Strength Workout Isn't Making You Stronger**

"If you've incorporated strength training into your exercise regimen, congratulations," states Jane Fortier, co-owner of Get Fit for Life. "But just like other aspects of a healthy lifestyle, gains in muscle strength can be unpredictable. Strength exercise involves a lot of complex elements that have to work in-sync, to deliver significant results. Here are a few common mistakes that could be sapping your strength gains.

- **Not Resting Enough** – In order for muscles to repair themselves, value recovery just as much as you value the workout. Always rest a muscle group for 24-48 hours after exercising to give it ample time to rebuild and recover. Your body, as a whole, may need more rest. That means a good night's sleep. Sleep is often overlooked, but a necessary component, in any solid training and recovery plan.
- **Using Improper Form** – Proper form is important for maximum safety and effectiveness in the weight room. Sloppy form produces poor results because muscles are not engaged correctly through each movement. It can also increase the risk of injury. When performing a new strength move, be sure you have adequate instruction on correct form before loading weights. If form suffers during a set, you are either overloaded or not knowledgeable on the correct way to exercise.
- **Not Pushing Yourself Enough** – It's easy to get trapped in your comfort zone in the fitness center. Increasing weights can be scary, but you will never see improvements in your strength and tissue quality if you fail to challenge the muscle. If you perform 10-15 repetitions in a set and don't experience fatigue after the set, it's time to make some changes. For maximum strength gains, lifting to "failure" at the end of each set is crucial.
- **Stuck in a Rut** – If you continue to do the same exercises, day-in and day-out, your body is going to adapt to the movements – which means you will stall-out on getting results. It's important to work muscle groups in as many different ways as possible. This could involve using different exercises for each muscle group. Strength exercise can be done with machines, free weights or body weight. Varying sets, reps and cadence schemes, is another way to switch things up.
- **Wrong Approach to Sets & Reps** – Most people see significant strength gains by doing 2-3 sets of 8-12 repetitions, at a weight that completely fatigues the muscles by the last rep of the last set. Lifting lighter weights at higher rep schemes will build muscle endurance, but it's not the strategy to use if you want to focus on muscular strength. You need to consistently exhaust your muscles by the last rep of your set, to see strength improvement.
- **Exercising Inconsistently** – You won't see results if you strength train one time a week. To reap significant gains, you need to be working all your major muscle groups 2-3 times in a 7-day cycle. Never work the same muscle group two days in a row. Each muscle group needs rest, so that it can recover and rebuild. A hit-and-miss workout schedule will never produce good results.
- **Not Training All Muscle Groups Evenly** – It's important to give the same amount of attention to all major muscle groups. Doing just the exercises you like is dangerous. This results in muscle imbalances, which can lead to injury and disproportionate body strength. Make sure you're working your arms, shoulders, legs, core, chest and back with equal intensity and frequency. to gain strength all over.

Working with a Get Fit for Life trainer is an excellent way to improve your current strength workout. Trainers educate, as well as motivate. They teach effective strength exercise principles, so that clients avoid the mistakes listed above. Individual needs, goals, and medical issues are factored into the final exercise regimen. To find out more about working with a Get Fit for Life trainer, call 623-696-6820 or visit Get Fit for Life LLC, Sun City on Facebook.

# Welcome to Sunshine Service

People, meeting needs of people is what Sunshine Service is all about. Sunshine Service lends medical and children's equipment to residents of Sun City and we have been doing so for over 57 years. We are a charitable non-profit Arizona corporation and are funded by voluntary contributions and memorial gifts.

While the equipment is available for the use of all residents or visitors staying with residents, the equipment must not be taken out of Sun City on a permanent basis. As a matter of control, equipment is loaned only to Sun City residents.

Records show that as the population of Sun City grew, so did use of our medical equipment. Savings for Sun City residents have been calculated periodically; in 2019, it was estimated that residents saved over two million dollars in cost of equipment for that year alone.

Sunshine Service, Inc has received local, state and national recognition. Awards received include the George Washington Honor Medal for services to the sick and hand-capped from the Freedoms Foundation of Valley Forge in Pennsylvania.
