Changes to Daily Tee Time Allocation Process Start April 1

Changes are coming to the daily tee time draw process at each of the RCSC golf courses. Replacing the current manual poker chip draw process for assigning the priority queue for requests will be an online request and allocation process through the RCSC Web Portal. Much of the same function of tee time requests is the basis for the online request process with a few critical changes. Most notably these are the ability to request times for any number of golf courses and the elimination of the onsite draw process.

When making tee time requests, Cardholders will identify key preferences including course or time priority, tee time requested, desired range of time, and course. Course preference may be individual, a number of courses, by course type such as Regulation, or all courses. Cardholders will indicate the players in the tee time request and may link up to 10 tee times together for a group

of players. Allocation parameters will keep groups of three tee times together in adjacent tee times on the same starting tee while groups of four or more tee times will be placed in adjacent tee times on front and back starting tees for courses with a crossover tee sheet assigned. Cardholders may select whether to allow a group of linked tee times to be split and assigned non-contiguous times to increase the likelihood of placement. System parameters indicate the maximum amount of time allowed between the first and last starting tee times in a split group so that the group of tee times ends play as close as possible.

Small Group Bookings meeting the minimum player count of 30 may be placed on the tee sheet ahead of the automated allocation process through the Golf Administrative Offices at Riverview and paying the \$2 per player booking fee. Groups not pre-booking tee times are subject to availability and placement through the automated tee time allocation process. Individual and group tee time requests are prioritized equally when determining the assignment of tee times through the automated process.

Cardholders may make requests for tee times starting seven (7) days before the day of the draw with the deadline for online requests closing at midnight the day before the draw. An online submitted request may be changed up to the deadline. A player

What Does It REALLY Take to Run for the RCSC Board? Informational Meetings Scheduled for Monday, April 6

**** NOTE: These meetings are now temporarily postponed! ****

Have you ever thought of running for the RCSC Board of Directors, but something just stopped you? Maybe the fear of the unknown, of serving for three years and not really knowing what you were getting yourself into? Maybe it was the 100 signatures that you have to get before you get certified as a candidate? Or maybe you had several questions you wanted answered, but didn't know where to turn? This could very well be your year.

And if you've ever thought, even in passing, of running for the Board of Directors, you can get all of your questions answered, and find out firsthand from current and past Board Members what it's like. You'll find out how much time is really involved; you'll learn what you really have to do, what the Board of Directors does (and doesn't do) and many more questions.

The RCSC Elections Committee will be holding Candidate Information Meetings on Monday, April 6, 2020 with sessions at both 9am and 2pm in the Board Room, upper level at Lakeview Recreation Center, and you are cordially invited to attend.

You'll hear what it's like to actually run for the Board. You'll find out what's expected of you before you become a candidate. And you'll get the opportunity to speak to current and former Board members on their experiences on the Board.

Some quick things you need to know right off the bat. In order to qualify to run for the Board of Directors, you need to be at least 55 years of age; be a Member in good standing; must not be related by marriage or birth to any other Board of Director, Board candidate, or Management; you must reside in Sun City, Arizona and be available at least ten (10) months of the year; you must be able to meet the requirement to hold an Arizona liquor license; you must be eligible and available to serve a three (3) year term; and you must attend a Board Candidate Orientation. Whew! Sounds like a lot, but you probably qualify already!

Find out all of the pertinent information, and get all of your questions answered by attending one of these Candidate Information Meeting sessions on Monday, April 6 in the Lakeview Center Board Room. Why not mark your calendar right now? We're looking forward to seeing you there!

RCSC Statement Regarding COVID-19

Dear RCSC Cardholders:

The Centers for Disease Control (CDC) reports that for the general American public, who are unlikely to be exposed to this virus at this time, the immediate health risk from coronavirus (COVID-19) is considered low. The Recreation Centers of Sun City Inc. (RCSC) has standard procedures in place for cleaning of all RCSC facilities. This includes using recommended disinfecting systems to clean facilities several times throughout the day as you have trusted us to do through the years. We are focusing our attention on cleaning touch point surfaces, door handles, railings and other surfaces that residents encounter frequently. Our cleaning agent is hospital-grade and is consistent with guidelines from the CDC for controlling the spread of viruses.

Information about COVID-19 continues to evolve and RCSC is staying up to date of the latest information from the CDC and Arizona Department of Health Services.

Should our operations require any adjustment, we are prepared to make those changes.

The CDC advises the best way to control the spread of illness and protect yourself is to do the following:

- Wash your hands often with soap and water for at least 20 seconds, especially after going to the bathroom; before eating; and after blowing your nose, coughing, or sneezing.
- If soap and water are not readily available, use an alcohol-based hand sanitizer with at least 60% alcohol. Always wash hands with soap and water if hands are visibly dirty.
- Avoid close contact with people who are sick.
- Avoid touching your eyes, nose, and mouth.
- Stay home when you are sick.

- Cover your cough or sneeze with a tissue, then throw the tissue in the trash.
- Clean and disinfect frequently touched objects and surfaces using a regular household cleaning spray or wipe.

All RCSC fitness centers are equipped with disinfecting sprays and paper towels to wipe down equipment prior to and after use. The CDC recommends hand washing as the primary effective prevention strategy and RCSC facilities provide ample opportunity to do so. In addition, individuals can of course bring their own hand sanitizers if they choose to do so. It is important that each individual assess their own health conditions, particularly those that place them at a higher risk of infection from respiratory diseases and take preventative measures to lessen exposure risks.

For the most up-to-date information regarding the Coronavirus, visit the Center for Disease Control website: <https://www.cdc.gov/coronavirus/2019-ncov/index.html>

Events & Entertainment Volunteers Needed

The RCSC Events & Entertainment Department is seeking several volunteers to help with concerts and events at various Sun City AZ venues. Your assistance in helping with a variety of assignments such as admission and crowd observation. Your assistance will go a long way in helping us continue to bring great attractions here for all to enjoy while keeping costs within budget.

The upcoming events and tasks we need volunteers for include:

Easter Egg Hunt at the Sun Bowl – Saturday, April 11; Arrival Time – No Later than 7:30am; Event ends at noon

- Prize Distribution
- Face Painting
- Arts & Crafts Tables

Sun Bowl 2020 Spring Concerts – Sundays through April 26; Arrival Time 2 hours prior to show

- Hand Stampers – Check RCSC Photo Cards and Stamp Hands upon entry...stay and enjoy the concert after the show begins.

As an incentive, anyone volunteering for four (4) or more events will receive an invitation to the RCSC Volunteer Appreciation

Luncheon held in October to thank all the volunteers who give their time and talents to helping make RCSC successful and fun for all.

We'll have other opportunities later in the season when we'll be asking for additional volunteers. Stay tuned for further details. Anyone interested in volunteering for any of these events is asked to please contact Tracy Schenck, RCSC Events & Entertainment Coordinator at 623-561-4666 or by email at tschenck@suncityaz.org.

Thaddeus Rose Band
Sunday, March 29, 2020 @ 6pm

This great variety band promises to bring the best dance rock hit of all times to the Sun Bowl stage. With a sound that is state of the art and on point, Thaddeus' graceful yet funky hip-hop moves promise to serve as the frosting on the cake for what promises to be a simply amazing performance.

Rhondavous
Sunday, April 5, 2020 @ 6:30pm

We're certain to have a fun and entertaining performance as this 5-piece band brings energy, camaraderie and a broad scope of musical genres to the Sun Bowl.

Featuring musicians with decades of professional experience who've played across the country, we're sure the connection with the audience here will be nothing short of inspiring. As they say, "It's always a great day for a Rhondavous."

The 8-Tracks
Sunday, April 12, 2020 @ 6:30pm

Get ready for fun as the greatest oldies rock & roll band covering the entire state of Arizona returns to Sun City for an evening of non-stop entertainment as we travel back in time thru the 50s and 60s, singing and swinging to the songs you love, songs that are so much a part of our lives.

Americana
Sunday, April 19, 2020 @ 6:30pm

Welcome back to Sun City AZ "Americana" - featuring the timeless songs from North American singers and songwriters like Simon & Garfunkel, Mamas & Papas, James Taylor, The Carpenters, Jim Croce, Linda Ronstadt, Eagles, Crosby, Stills & Nash, and many more. Join us as we celebrate an era of lasting classics as we dance the night away.

Doo-Wah Riders
Sunday, April 26, 2020 @ 6:30pm

There truly is no other band like the Doo-Wah Riders, who for over 40 years have been riding their own patch of the musical range throughout the west and across the globe. Possessing the rare combination of many years of experience and youthful energy, fired up by a love for what they do, The Doo-Wahs are country, with a unique, original approach. Defined by their sound... "high energy country with a Cajun twist," their ultra-tight musicianship and unique arrangements of classic and original songs make them favorites everywhere they go - including Sun City AZ! What a way to end the Spring 2020 Sun Bowl season.

Golf & Grounds Report

Pro Shops

In April RCSC will begin field testing our new automated draw system. This system will eventually replace the in-person draw system at all RCSC golf courses. For the initial trial we have selected River-view as the test site. The automated system is designed to handle player counts of 1 to 50 players and designed to keep players together in adjacent tee times. Players wishing to be included for the draw will be able to register through the portal or through the pro shops via a paper slip placed into a secure box. Registration for the draw will begin 7 days ahead of the draw date, which would be 12 days ahead of the requested play date. As an example; a group wishing to play on the 29th, would be drawn on the 24th, this group would be able to sign up for the draw between the 17th and 23rd. Groups will have the option of selecting the course or courses they wish to play as well as a range of times that are desired. The actual draw will occur prior to 6:00 a.m. and players will be notified via email of the time assigned. It will be important to cancel lottery requests if a player(s) knows they will not be available on the day of play, as the system will track player history and assign lower priority to players with frequent no shows or cancellations. For this reason, it will also be important to enter only players that will be playing on the day of play.

Groups larger than 30 players may place tee time bookings on the tee sheet ahead of the automated draw process by paying a \$2.00 per player booking fee per tee time. This booking fee is prepaid with the tee time booked up to 2 months in advance. Schedule and course preference must be submitted at time of payment. Previously booked tournaments supersede small group booking requests. No sweeps will be collected for small group bookings and the fee is non-refundable. Bookings will be made through the Golf Administrative Offices at Riverview.

Free golf clinics will be offered March 7, 14, 21 & 28 at Lakes East/Lakes West, classes begin at 9:30 a.m. Topics covered are Ball Flight, Golf Swing Fundamentals, Chipping and Putting. There is no need to preregister and the clinics are open to golfers of all skill levels. The clinics are a great introduction to the game of golf or a great way to brush up on your game. Clinics are conducted by PGA professionals.

Snack Shops

Snack Shops are scheduled to close at 5:00 p.m., however as we move into longer daylight hours, closing times may be extended, based on demand. Hours may be adjusted during periods of inclement weather.

Golf Courses

We have not received any requests to alter the overseed/aerification schedule as presented in January. As such we will be moving forward with the schedule as presented. The schedule will be posted to the RCSC website in the near future.

As we move into spring, we can expect an increase in golf rounds. With increased rounds, come increased wear and tear. As temperatures warm throughout the spring, these wear and tear areas heal faster, however we still need golfer support. We ask everyone to please fill your divots and fix your ball marks. With increased play, slow play instances become more likely. We ask everyone to please practice ready golf by playing your shot as soon as possible and when it doesn't interfere with your playing partners or the group ahead; move to your ball whenever it is safe to do so; avoid excessive practice swings; read your putt ahead of your turn; and, record scores on the following tee box.

GET GOLF READY

Register now for upcoming sessions of the "Get Golf Ready" program.

\$99 includes 4 group lessons, with the 5th lesson being a round of golf. Lessons held at Willowcreek/Willowbrook Golf Course (unless otherwise noted**). There are a variety of days and times, so pick the class that best fits your schedule. Sessions are limited to 8 students for each group, so be sure to sign up early!

Attention: Golf Course Property Owners Did you know?

All contractors needing to access private properties via RCSC Golf Courses MUST place a \$200 deposit at the Cardholder Services Office (Cash, Check, Cashier's Check or Money Order) prior to the start of any project.

This money will be returned once the Golf Course Superintendent determines that no damage has occurred. Your attention to this matter is greatly appreciated!

Lawn Bowl and Grounds

The pace of the greens range from a low of 14.0 seconds on Mountain View to a high of 15.6 seconds on Bell (South). Green watering has increased to twice per week, Bell and Oakmont are watered on Monday and Friday nights, Lakeview and Mountain View are watered on Tuesday and Saturday nights. Adjustments to the watering schedule are made to accommodate tournament play. Greens are currently mowed on an as needed basis, which has been once per week. This frequency will increase as we move into longer and warmer days. Ditches are cleaned and raked every other day, in conjunction with green rolling.

Focus on weed eradication remains a priority for the grounds crew. We have recently begun applying a wetting agent to the area near home plate at the softball field as a means of reducing dust. Early reports from players have indicated success.

Tips for Better Bowling

Why Bowling is Great Exercise for Seniors

Bowling is a great way to get your heart pumping and your arms and legs in motion in a focused, low-impact, challenging manner. Seniors have concerns about aches and pains, loss of flexibility, loss of strength, and even falling down and breaking something. These are real. Just sitting around will not help any of this, except you won't fall. You need to move. Circulate that blood. You also want to keep your strength, your mobility, and yes, your balance.

Bowling to the rescue. The oldest recorded bowler was 105 years old and there are lots of current bowlers in their 80s and 90s. I was bowling with an 80-year-old gentleman a few years ago, so you can't play the age card.

A typical bowling outing, be it league play, an office party, or a night with friends, usually involves three games. An average person will walk around the bowling alley and bowl up and down the lanes for a total of over a half-mile. Nice. She or he will burn between 170 – 300 calories in the process. Your arm will be swinging a modest weight of 9-16 pounds over fifty times while you develop strength and balance. This is a full-body workout. Like any other exercise, you need to do it properly so that you don't injure, strain, or endanger yourself or anyone else.

From an exercise standpoint, you are doing many things: Picking up the ball involves arm and shoulder muscles. Standing and holding the ball involves proper posture and balance. Approaching the foul line to release your ball involves, leg, arm, shoulder, back, and torso muscles in a coordinating fashion to walk while swinging the ball and releasing it accurately with momentum. This includes upper body twisting and dynamically counter-balancing the weight on one side of your body. Hand-eye coordination is required. Finishing near the foul line properly requires twisting your wrist, letting go of your grip in a timely manner, lunging forward, and dynamically stopping yourself while leaving your body in a balanced pose.

Did I mention that you are stretching your joints in the process and using grip strength as well? And that you are increasing your bone density, lowering your risk for diabetes, heart attacks, and strokes? Your mental health is improving through focusing and social interaction. In fact, this is an exercise you can do with your children and grandchildren on an equal footing.

You've got your heart pumping, you're breathing, your blood is circulating, and, if you get that strike or even spare, you may do a little fist pump, jump, pose, or dance. Hey, that's good exercise.

Changes to Daily Tee Time Process

(continued from page 1)

may be in only one tee time request for any day of play. Inclusion of a Cardholder in a second tee time request will result in an error message requiring a change to be made before the request may be submitted. At the completion of the automated assignment of tee times, players will be notified of the assigned tee time via email. This automated process will conclude prior to the opening of the pro shop each day with tee times for the allocated day being open for booking through the pro shops and RCSC Web Portal at the same time.

The automated system provides the ability to lower the priority of a tee time request, whether an individual tee time or group of linked tee times, for negative player history such as no shows or cancellation of automated tee time assignments. This lowered priority may result in the assignment of a less desirable tee time or no tee time depending upon the volume of requests for the date of play and availability.

Online automated tee time allocations will begin on April 1, 2020 for all RCSC golf courses. As of this date, onsite draw processes will no longer take place at any RCSC golf courses. On Wednesday, April 1, online requests for draw dates from April 2 through April 8 (for days of play from April 7 through April 13), will be available. Due to the shortened online window for tee time requests, paper request forms will be available in each pro shop starting on Wednesday, March 25 to request tee times for draw days April 1 through April 8. As of April 1, it is recommended that RCSC Cardholders make tee time requests through the RCSC Web Portal (turn to page 16 for more information) but for those unable to use this method, paper request forms will be available at each pro shop. Paper request forms must be submitted to a pro shop by 12:00pm the day before the date of the draw. Again, starting on April 1, RCSC will no longer be holding draws onsite at each pro shop.

Tips from a Pro

Getting From Practice Range to the Course

Here are a few Beginner Tips to help you progress to the golf course from the practice range!

1. **Putting** - Practice with one ball on the putting green as if it's a putt-putt course. Play each flag as a new hole keeping track of how many putts it takes to get the ball in the hole. The goal is always 2. Make some of the holes short, some medium and others long. Play with another person and practice putting green etiquette such as order of play, marking ball, avoiding standing in line, etc.
2. **Chipping** - Practice chipping onto the green with both the 7 iron and the PW. The goal is to get the ball onto the green and close enough to the hole to make a 1 or 2 putt! Use the 7 when there is a smaller amount of long grass or fringe than there is the shorter green grass. Use the PW when there is an equal amount of long grass and short grass. If possible, chip the ball onto the green and then use the putter to putt in keeping score. A goal score would be 3. (1 chip and 2 putts!)
3. **Pitching** - Practice pitching (half swings/waist high swings) with the pitching wedge off the tee and then off the grass. This is a good way to learn to hit the ball without a tee. If you can brush the grass the ball should lift and go very high but not very far. Practice this shot on the driving range or if possible on a pitching green (from a good distance back) to find out how many yards it goes. Also practice doing some swings that are a little more than half swings and some that are a little less than half swings to practice for shorter and longer pitches. If possible practice hitting onto a pitching green with one ball and then finishing the hole by putting in and keeping score. A goal score would be 3. (1 pitch and 2 putts)
4. **Full Swing** - Practice with the 7 iron off the tee and if hitting the tee is easy and the ball is lifting progress to longer irons (6,5,4) and then to woods (5,3,1). Over time as swinging with all of the different lengths of clubs seems comfortable, begin to practice each one with shorter and shorter tees and then eventually off the grass. (except for the longest woods.... they can always stay on the tee!) Make sure each shot hit on the driving range is aimed at a target so you are simulating being on the course and aiming at the flag.
5. **Begin playing 9 holes** at an executive or par 3 golf course where each hole will be short and less intimidating. Start each hole with the club that you know has the potential to go the distance of the hole, or in the case you have no idea....use the one you like the best! If your second shot is still too far away to pitch, chip or putt and if you need another full swing, use a tee again. Until you are comfortable hitting the ball right off the grass using the tee makes it much easier to hit and therefore more fun! In the early stages of learning, enjoying the game is what it's all about!
6. **Congratulations!** You are now a golfer!!!

A Moment with President Schroeder

What's Been Accomplished So Far This Year

Well...it has been a very interesting year so far and many issues have been addressed by the Board which I am pleased that we could reconcile. With many comments, much input and lots of feedback from Cardholders in person, by email and through the local media, you helped to make these changes a reality.

We've established an ad hoc committee to continue the necessary planning work for the Mountain View property renovation. After a couple of town hall meetings to gather input from the community, it was time to get this project back onto the front burner so to speak and get moving.

And I'm sure there will be similar progress with the proposed Softball building clubhouse under discussion if we stay the course.

Letting the Board know your thoughts is truly paramount. Allowing them the time to research and resolve matters is often a time-consuming process that can create frustration and bad feelings when people think they're not being heard or that no action is being taken. Please know that we hear you loud and clear; your concerns really do matter. Good things do come to those that wait. And great things happen for those with lots of patience and fortitude.

I am glad that we worked through the issues and that Cardholders are once again allowed to bring their guests to tour the Hillside Park at Lakeview Center without the need for a host punch card or guest day pass. No longer will Facility Attendants be asking to see identification (and sometimes retaining such documents) except for verification purposes when guests are actually participating in activities and using RCSC facilities - provided they are with you.

Look around and see all of the great amenities and fun there is to be had with a simple show of your Member or Privilege

Card. We truly do want family and friends to visit and share in the lifestyle that Sun City AZ offers to those who wish to participate.

But what this all really comes down to is common sense.

While the need to monitor access is necessary since RCSC facilities are private property for the use and enjoyment of Cardholders and their guests only, it is also a safety issue; one that you expect us to safeguard. We expect the RCSC to ensure that our amenities are clean and in good condition. If we were to allow non-Cardholders and those from the surrounding area to take advantage of all Sun City AZ has to offer - it would literally be at our expense. And that should never, ever happen.

And you can help make this easier by helping keep the peace and getting along. Be kind and give someone you pass a compliment - it will make your day and theirs! Everyone's concerns are important to them and while we can't always agree, we can at least get along and respect each other.

If you see something not quite right, speak up! But think beforehand please. Don't just complain or spread rumors. Find out the facts and make sure you know the whole story; the why and the what-fors. Then take some time and gather your thoughts. Come talk to us or send us an email. What do you see as a problem and what can we do to perhaps correct it?

No single person knows every thing nor do they have all of the answers. Let's talk, work on some possible solutions and see what else we can get accomplished.

The next Sun City Foundation meeting will be held on Thursday, April 9, 2020 at 1:00pm in the Lakeview Center Board Room.

Management Report

Financial Report

The Recreation Centers of Sun City, Inc. (RCSC) has ended January 2020 within its operating and capital budget year to date. All Divisions have met or exceeded their net operating budget projections year to date with total operating income \$164k (7%) favorable to budget and operating expenses \$240k (16%) favorable to budget. Income favorability is driven by higher than budgeted income across all Divisions led by the Building & Infrastructure and Golf Divisions. Operating expense favorability is primarily driven by lower payroll, utility and general operating expenses across multiple Divisions. Year to date operating excess without projects favorability is \$380k (50%) favorable to budget.

Cardholder Services

Payments on past due assessments in January were 12.6% of past due balances. Overall accounts receivable decreased in January by 0.3% and is up 2.0% from the end of last year. December assessments went 30 days past due at a 6.3% rate and November assessments went 60 days past due at a 4.5% rate.

Payments from our third-party collections firm totaled \$7,979 in January. Payments made in January through the online RCSC Web Portal totaled \$132,318 from 295 property owners.

In January property transfer balances increased by 5.3%. Outstanding balances related to property transfers represent 56% of all receivables and 55% of past due balances. At the end of January trustee sale notices on Sun City AZ properties ended at 31 and properties owned by lending institutions decreased to 2.

Project Updates

WiFi Upgrades

All Cox service upgrades have been completed. Required additional access points have been received from our service provider. Necessary switch hardware and power over ethernet injectors have also been received. During this ordering window the IT Department has completed the remaining Windows 7 system replacements or upgrades to Windows 10 to move away from the Windows 7 operating system that went end of life in January 2020. Scheduling of the access point installations for the WiFi project will now be scheduled.

Bell Center

Mini Golf Carpet

The rain at the beginning of this project did not significantly affect the work schedule. The carpet replacement was completed as of 2/18/2020. The starting line painting and drain cover installation are scheduled for 2/19/2020. The course is on schedule for reopening by 2/21/2020. Contractor: Baker Brothers, Exquisite Painting, RCSC Skilled Trades (Cost \$34,429)

Bell Library Roof Ladders

Roof ladders have been installed over parapets between roof sections on the roof above the Bell Library. Adding the two ladders was completed to address safety concerns for those working on the roof of this building. Contractor: WD Manor (Cost \$11,735)

Bell Lanes West & East Entry Lighting Improvements

Lighting improvements are planned for both entries at Bell Lanes, as well as the rear driveway serving George's Café.

Lighting fixture replacements will be scheduled upon delivery from the manufacturer and is estimated to be done the week of 3/9/2020. Contractor: Accel Electric (Cost \$5,310)

Table Tennis Room Light Diffuser Replacements

Replacement diffusers for the light fixtures in the table tennis room have been ordered and will be installed when received. The current diffusers have been replaced over time and do not project a consistent lighting color in the room. Replacement diffusers will provide even light levels and color. Contractor: RCSC Skilled Trades (Cost \$1,550)

Lighting Improvements to Central Plant Building

Lighting fixtures in the HVAC central plant building will be upgraded to LED fixtures in providing additional light inside the building. Additional lighting is also being added outside the building to better illuminate walking pathways. This lighting will be installed the week of 3/9/2020. Contractor: Accel Electric (\$4,824)

Fairway Center

Electrical for Sterling & Stones Club

Lighting and electrical changes, including the addition of drop-down electrical cords (6) over worktables, was planned for this club room. This work was completed on 2/18/2020. Contractor: Accel Electric (Cost \$4,259)

Grand Center

The site wall was started on 2/14/2020. The South and West sections of the wall will be completed to the 5' height by 2/24/2020. These sections of wall will then be grouted. Upon completion of grouting the remaining 3' of wall will be completed.

The North section of the site wall on the 103rd Ave side is pending the movement of two CenturyLink pedestals that are located where the wall footing is to go. Engineering design work for the move of these pedestals was completed as of 2/13/2020 and awaiting CenturyLink production scheduling.

Site concrete work, sidewalks and curbing is scheduled for the first two weeks of March.

Asphalt is scheduled for the end of March and is dependent upon the completion of the site wall.

Roof penetrations for data services to roof lines is to be completed by 2/21/2020 with the installation of the roofing system on the existing building shell starting 2/24/2020. This is expected to take 5 days to complete.

Much of the interior steel stud walls have been installed in the existing building shell with electrical conduit and plumbing rough ins being completed.

The knee wall for the greenhouse has been formed and scheduled for concrete pour in the next week. After the forms are pulled the interior floor slab of the greenhouse will be poured.

Stamped plans for the greenhouse have been received and equipment submittals reviewed and approved. Pending are the mechanical, electrical and plumbing plan sections. Upon

Completion the deferred permit submittal for the greenhouse structure will be filed with Maricopa County.

Of significant concern is the availability of the steel joists to support the roofing system on the additional sections of the building. This is approximately 5,000 sf of roofing that is pending. The steel supplier has reported a delay in shipment from the first week in March to 3/28/2020. This delay

The RCSC Management Report in its entirety is distributed prior to the second RCSC Board of Directors meeting each month with the Agenda (except July and August), posted on the website at www.suncityaz.org (under the RCSC tab) and sent via email to those RCSC Cardholders who have signed up to receive RCSC News Email Alerts. This report was distributed on February 20, 2020 and may have been edited for publication due to space restrictions.

Project Updates

(continued from previous page)

in placing the joists and thus the roof delays all interior work in these areas of the building. The schedule had pushed to late May/early June with the general contractor expecting to make up time on the schedule. With the steel delay this make up time is not expected, and the overall schedule is projecting out to the end of June.

The full working set of plans for Building II were reviewed with the architect on 2/6/2020. Adjustments were needed with comments back to the mechanical engineer and electrician for changes. Revised copies or to be received by 2/28/2020. It is expected these plans will be complete and ready for permit application. The additional club room will be noted for a deferred submittal for permitting that space so the remainder of the building can proceed ahead.

Lakeview Center

Indoor Spa Dehumidifier Replacement

No change for this project as we are awaiting confirmation of shipment from the manufacturer. The installation timeframe is still expected in March 2020. The dehumidifier in the indoor spa at Lakeview Center is aged and scheduled for replacement in 2020 due to increasing performance problems and costs to repair. The bid packet has been approved by the Bid Commission and the unit ordered. There is a 10-12 week lead time for delivery of the unit. Contractor: WD Manor (Cost \$90,495)

Indoor Spa Pump Room

Repairs to the indoor spa pump room will be completed during the closure of the spa for the replacement of the indoor dehumidifier. Work will include wall framing, installation of wall board and FRP panels to repair the wall and reduce moisture exposure in the future and the replacement of a hollow metal door into a service area. Additionally, the replacement of three spa motor starters will be completed during this maintenance window. One of these antiquated starters failed in 2019 and was replaced with the remaining three scheduled for replacement in 2020. Bids from contractors and selection are pending. Contractor: TBD (Cost TBD)

Lakeview Lanes West Parking Lot Lighting Enhancements

Additional lighting in the west parking lot at Lakeview was identified to be needed. LED fixtures will be mounted on the two light poles in the west lot. Two additional light poles will be added to the far west end of the lot to extend lighting through to the southeast end of the Lakeview parking lot. Scheduling is pending receipt of the fixtures. Contractor: Accel Electric (Budget \$18,000)

Lakeview Lanes Café Water Heater Replacement

The 100-gallon water heater supplying the Lakeview Lanes Café is failing and is being replaced. Replacement is scheduled for Friday 2/21/2020. Contractor: Sunland Plumbing (Cost \$8,208)

Mountain View Center

No change for this project and waiting input from the ad hoc committee before proceeding with site design work.

The following reports and surveys have been completed for the planning tasks for the renovation of Mountain View Center: title report to show property encumbrances and easements, topographical survey data, and soils testing/report.

Oakmont Center

Water Heater Replacement

The water heater supplying the Men's locker room is failing and scheduled for replacement. The unit has been ordered with installation estimated for mid-March based upon order lead times. Contractor: Sunland Plumbing (Cost \$4,988)

Riverview Golf Course

Parking Lot Lighting Upgrades

The current metal halide light fixtures at the Riverview Golf Course are being replaced with LED retrofit kits. The operational costs of the current fixtures and bulb replacements are high. The replacement LED fixtures have been ordered and anticipated for installation in early March. Contractor: PLG, LLC, Utility Construction (Cost \$9,432)

Sun Bowl

Parking Lot Wheel Stop Block Painting

The parking lot wheel stop blocks and light pole bases are being painted. Work was completed by 2/19/2020. Contractor: Exquisite Painting (Cost \$5,720)

Sundial Center

Water Heater Replacement

The 100-gallon water heater supplying the center was scheduled for replacement in 2020. This unit will be replaced with a Rinnai tankless unit, an insulated 100 gallon holding tank, and a soft water system. The existing recirculation pump will be re-piped to function with this replacement system. Installation is to be completed by 2/28/2020. Contractor: Sunland Plumbing (Cost \$17,255)

Solar:

New Issues:

Lakeview Production Meter - Production meter is not responding 2/14/2020. B&I reset did not resolve issue. Kortman notified 2/14/2020. Issue Open.

Sundial - # 10: During PM service Kortman found a hot AC disconnect 1/24/2020. AC disconnect replaced 2/3/2020. Issue Resolved.

Sundial - # 14: Inverter is only producing 1/6/2020 of what it should be. Kortman notified 2/12/2020. Open Issue.

Issues Resolved:

Lakeview Lanes - # 10: Inverter had an E018 error code 12/22/19. B&I reset this inverter on 1/6/2020 which cleared this error condition.

Open Issues:

Oakmont Rec Center - # 01/02/03/04/05/06: The inverters at Oakmont Center are not reporting production data. This has been an outstanding issue since July 2018. The production meter shows overall production data for the site but the individual inverters are not reporting production to the AlsoEnergy aggregation reporting site.

No resolution to this data integration reporting issue this month. Focus has been on the preventative maintenance tasks below.

Lakeview Rear - # 01/02/03/04

Similar to the Oakmont site the inverters at the Lakeview Rear site stopped communicating with the AlsoEnergy data logger and thus the AlsoEnergy aggregation reporting site. The Lakeview Rear inverters are Fronius models similar to Oakmont Center with these two sites being the only Fronius inverters in the RCSC Solar environment.

No resolution to this data integration reporting issue this month. Focus has been on the preventative maintenance tasks below.

Lakeview Lanes - # 01/02/03/04/05/06/07/08/09

Production results significantly lower than expected for this group of inverters. Four of the replacement SMA inverters were installed at this location and the production output was similar to the PowerOne/ABB models removed. DC voltages from the solar panels were field tested and did not indicate significant under supply of voltages. Additional investigation needed on these inverters to identify a cause of the under production and if preventative maintenance tasks positively affect performance.

No resolution to this production issue this month. Focus has been on the preventative maintenance tasks below. The preventative maintenance steps may identify solutions when these inverters are addressed.

Production Data:

The distribution of production meter data for Fronius inverters was reported in the January 2020 management report to still be outstanding. This distribution of actual production data available at the production meter but not from each inverter was distributed on the tracking sheet to each inverter last month. The change in overall production data was incorrectly attributed in this prior report to only the adjustment for weather. The allocation of previously unreported production for the Fronius inverters at Lakeview Rear and Oakmont also contributed to this positive change in reported production data.

The adjustment for weather has been completed for the 2017 year with the overall production data for 2017, 2018, and 2019 now reflecting this adjustment. Years 2014-2016 remain pending and being scheduled for adjustment. Each year change requires researching weather for the exemplar inverters and calculation of adjusting percentages each month. Subsequently each year requires over 2,200 cell edits that we are unable to automate. With the changes completed for 2017 the overall production over the lifetime of RCSC solar systems changed from (0.17%) to 3.24% compared to expected production. The positive to negative inverter production ratio changed from 101/76 to 132/45. Approximately 30% more inverters showed positive overall production from the adjustment for weather and allocation of production meter data.

The individual inverter level production in January 2020 showed more inverters with negative production to expected even after adjusting for weather. A review of solar panel installation shows sites with shade from trees or orientation that is not southern facing. With the sun lower in the sky in January these installation attributes are more affecting in the winter months than during the summer when the sun is higher in the sky. The January 2020 data reduction represents a pattern consistent with prior years with production increasing as springtime brings a higher sun.

Preventative Maintenance:

RCSC has selected Kortman Electric to complete the preventative maintenance on the RCSC solar systems. This work for the inverters has been completed. The review of each combiner box and string wiring is in progress. This work is expected to run through mid-March. A reporting of findings and repairs will be put together upon the completion of both steps at each location.

FRIENDS

of the Sun City Libraries, Inc.

Don't Be An April Fool

Are you one of those who has a trick to pull on someone April 1? Or are you not the trickster, but instead the trickstee (if there is such a thing)? In either case, the Friends of the Sun City Libraries do not want you to be a "fool" and miss out on April specials.

Books Around the Corner

- Large Print books are half price at Books Around the Corner in the Sun City Library.
- The temporary hold on donations of books in large quantities is now over. Space is now available, and donations are now welcome.
- In addition to books of all varieties, Books Around the Corner has puzzles (\$1), DVDs (\$2), CDs (\$1), Books on Tape (\$3), magazines (50¢ last three months, 25¢ older), sheet music (50¢ to \$2). These are regular prices. Special sales occur each month.

Fairway Library Programs

Fairway's 10th anniversary with the Maricopa County Library District will be on Monday, April 27, 2020 from 8am to 4pm. All are welcome for food, fun, and festivities all day!

After Hours Lecture: The Rat Pack on Thursday, April 9 from 6-7 pm. Learn about the original Rat Pack (Frank Sinatra, Dean Martin, Sammy Davis, Jr.), its history, personnel, and songs (singing along is encouraged). Registration is required.

Painting Terra Cotta Pots, Tuesday, April 14, 10-11am. Paint your own pot the way you want. All supplies provided. Registration is required.

History of Glacier Park, Tuesday, April 21, 2-3 pm. George Bird Grinnell founded the first Audubon Society and led the effort to establish Glacier National Park. Travel back to the 19th century listening to his words, and seeing photographs. Registration is required.

Sun City Ukulele Club Performance, Monday, April 27, 10-10:30am. Registration required.

Manhattan Dolls, Monday, April 27, 11am-noon. Great Music of the 30s and 40s. Sentimental Journey blends ballads with toe-tapping tunes. Registration required.

Jacob Flamenco Presents DUET, Monday, April 27, 1-2pm. Featuring the exciting thrill of flamenco's intense dance style and powerful music. Registration required.

Handpan with Sylvain Paslier, Monday April 27, 3-4pm. Peaceful melodies with mesmerizing sounds from a new age instrument, the handpan. Registration required.

Register for the above events by calling 602-652-2000, or online at mclcdaz.org/events/fairway where you'll find more programs available.

Water Conservation

Repairing Leaks Inside and Out Saves \$\$\$

A little attention to minor leaks now will save both water - and money! While we're more likely to notice leaky faucets indoors, don't forget to check outdoor faucets, pipes and hoses for leaks as well. Whether inside or out, grab a wrench and get them fixed, saving upwards of 140 gallons of water each week.

Oftentimes, simply replacing a hose washer can fix a leaking garden hose connection. And if you use a hose nozzle (which is a very good thing), it is still important to turn off the water at the hose bib when you're done with the job - just in case.

Now let's head inside and check on the toilet. You can perform a simple dye test to check for leaks in the toilet flapper valve by placing dye tablets or some food coloring into the tank to give the water color. If the colored water appears in the bowl within 15 minutes, there is a leak in the flapper valve. Leaks occur when the flapper valve does not create a watertight seal. The seal can be compromised due to several reasons: a) the chain snagging, not allowing the flapper to drop completely onto the valve seat; c) the valve seat is worn; or c) the flapper is worn or warped. A worn flapper is the most common cause by far, and can be easily replaced. Get this fixed ASAP and save more than 600 gallons of water a month.

Little fixes add up to big dollar savings. Stop flushing money away!

Sun City Gives Back

Oakmont Ceramics Brings Egg Project to Woodmark Residents

Members of the Oakmont Ceramics Club visited Woodmark Assisted Living Center recently to teach residents how to paint and decorate ceramic eggs by using a fun and unique method involving shaving cream and acrylic paints.

This was actually our second year to perform this service and we were invited back for an encore performance this year because the folks had such a good time last year.

We're certain that the residents of Woodmark enjoyed a fun gathering and now have a festive keepsake as well.

Thanks for showing us how Sun City Gives Back to the community!

Getting onto the RCSC Web Portal

From the RCSC Web Portal, Cardholders can easily make assessment payments, manage email subscriptions, book and edit golf tee times, vote in RCSC Board of Directors Elections and so much more!

Just follow these simple steps and you'll be on your way!

1. Notify Cardholder Services of your email address for your RCSC Cardholder number. Go to <https://login.suncityaz.org/AddEmail.aspx> to securely provide the necessary information to update your email address.
2. Go to www.suncityaz.org and click on Login (right side, top of page).
3. Welcome to the RCSC Web Portal page will display. There is a link from this page to general web portal information, including the Web Portal Instruction Manual.
4. First time users MUST click on the New User Retrieval Password link at the top of the page.

5. Enter your RCSC Cardholder number in the Username field.
6. Click on "Send Password" and in a few minutes, check your email for your password. If you do not receive this email, contact Cardholder Services to confirm the email address that is on file.
7. Return to the RCSC Web Portal Login page and enter both User Name (RCSC Cardholder number) and Password.

Now you're all set to start using the web portal, sign up for RCSC News Email Alerts and more!

Should you forget your password, simply go to the Portal Welcome page and click on "forgot your password?" and enter your User Name (RCSC Cardholder number) then click the Send Reset Link button. You will receive an email with a link to reset your password.

Welcome to the RCSC Web Portal!

New web portal users please click the New User Password Retrieval link below to have your system generated password sent to your email address on file.

Existing web portal users may log in with their Cardholder number and password.

BOOK A TEE TIME | MY ACCOUNT | MEMBER VOTE | MOVIES | CONTACT US | HELP | REPORTS | LINKS | GUEST PASSES

With the busy spring season of visitors to Sun City AZ in full swing, getting RCSC Guest Passes online through the Web Portal is a simple and easy way to get the fun and good times started when company comes to town.

If you're not already signed-up to use the RCSC Web Portal, just follow the instructions above, and you'll be on your way. Two things you need to keep in mind regarding portal sign-on - your User Name is always your Card Number and passwords are case-sensitive. If you've forgotten your password, the relink sent to you is good one time only. You'll need to request again, if you receive an error message.

Now let's go get an online Guest Pass! Once you're at the home screen of the portal, select "Guest Passes" (top banner on right). Select the number of consecutive days under "Choose a Guest Pass" which can be between 1 to 7 days and can be secured no more than seven days in advance (as elected under Start Date and End Date).

Next you'll select the number of guests and will then be required to enter each guests name, which should match their government issued identification that will need to be presented upon check-in each visit. Remember, unless your guests will remain together for all activities, you may or may not wish to purchase and print separate documents for each person.

You'll then be asked to "Accept the terms?" which are as follows:

- There are NO REFUNDS for Guest Passes issued. Please use care in completing the Guest Pass information.
- Sun City Residents and spouses of cardholders are not eligible to be guests (RCSC Board Policy 9)
- Guest(s) are subject to Board Policy 10 – Code of Conduct and RCSC Rules & Regulations
- Cardholders are responsible for the conduct of their guests
- Guest Passes are non-transferrable and only permitted for the named guest(s)
- Guest(s) may be asked to provide government identification with a picture to verify identity and residency

Once you have accepted the terms, you will complete your payment information for the total amount due, then select Purchase Guest Pass. Click the Purchase button only once to prevent any errors or payment issues.

After your payment has been processed, your receipt and Guest Pass will be displayed. Print out the pass using the button at the bottom of the page. A copy of the Guest Pass will also be emailed to you. Your guests can use RCSC facilities and participate in activities during their visit. At \$2.50 per day per person, RCSC Guest Passes are a real bargain for a whole day of fun in the sun. Enjoy your company!

We will be closing for the summer after this music program. Look for more great music next fall.

Sun City Womens Chorus

The Sun City Womens Chorus will be on a break for the summer beginning in April and will resume their rehearsals on Thursday, September 10 in Fairway Music Room from 8:45-11am as they begin to prepare for their Holiday Concert.

The Chorus always welcomes new members who enjoy singing four-part harmony with a current RCSC card. No audition is required. FMI contact Annette 623-308-4643.

Sun City Concert Band

Dust off your instruments & join the Sun City Concert Band under the new direction of Ken Jaeger, well known Arizona Band Master & clinician. Charles Musgraves joins us as our Associate Conductor. SCCB rehearses Tuesdays from 9-11am September through April at Fairway. Annual dues are \$5; membership is open to all RCSC Cardholders.

The band performs their Spring Concert on Saturday, April 18 at 2pm in the Sundial Auditorium. Visit the band's website at sccband.org for additional information. To be placed on the Band Concert Notification E-mail List, contact band President Jim Wise at 602-625-5211 or request online at https://suncityaz.org/recreation/clubs/sun-city-concert-band/ Rehearsals for the Concert Band are on hiatus starting in April and resume on Tuesday, September 15.

Taking Children to the Pool?
Don't Forget!

Proof of age for 4 and 5 year olds (birth certificate or passport) is required for access to swimming pools. Photo copies or electronic images are acceptable.

Choraliers of Sun City

An accomplished SATB choir that sings a variety of music from classical to jazz. The Choraliers perform at social functions, churches, healthcare facilities & retirement communities, performing up to 10 concerts a season, including some public concerts. Rehearsals for the Chorliers are on hiatus from May thru August. The group meets every Monday 8:30-11am in Fairway Music Room (second floor). If you are interested in singing in a quality choir, sit in on a rehearsal & decide if we are right for you. FMI visit www.suncity-choraliers.com

Tips from Get Fit for Life -

Getting Back on the Fitness Bandwagon

"Riding the fitness 'bandwagon' isn't always smooth," states Jane Fortier, senior fitness specialist with Get Fit for Life. "There are countless reasons why people quit exercise after pushing themselves for weeks, months or even years. Perhaps results aren't coming fast enough. Boredom may have set in and exercises became stagnant. Moving, injury, travel and family crisis can interfere with a consistent program. These real-life situations are major and normal, but they mess with a workout flow. Falling off the wagon can be viewed as a teaching moment – a time to learn more about who you are and what motivates you. You started once before, and you certainly can do it again. Remember how great you felt when you were in a consistent routine. It will be work to return to exercise, but well worth the effort. If you are serious about a return to exercise, there are some things to consider."

Set goals.
Exercise.
Love yourself.
Focus on fitness.
REST AND RELAX.
Eat right.
SMILE.
Portray positive.
Enjoy Life.
Care for others.
Tell yourself you can do this.

Review and Reflect

It's important to be smart, when starting back from an exercise lay-off. Jumping right into your old routine, expecting to pick up where you left off, is a recipe for disaster. Potential injury is the number one risk of pushing too hard, too fast, too soon. Before you suit-up and dash to the gym, give some consideration to why you fell off the bandwagon, in the first place. Reflect on what you liked about your workout before, and what you disliked. Maybe some changes are in order. Think about how good you felt when you left the gym, and the benefits you experienced from your workout. Those thoughts alone can fire-up a new layer of dedication. Also consider how your lifestyle has changed – could that be something that would impede consistent exercise? Be realistic about "where you are" and "what it might take" to return to exercise.

Do Changes Need to be Made

If an injury or surgery has taken place, your exercise routine might need to be different, to accommodate your current physical situation. If you dreaded going to the gym for early morning workouts, then it might be smart to go to the gym at a different time of day. If you found yourself feeling pumped when you exercised with your neighbor, but struggling to stay motivated when you went alone, you might need to line-up a regular workout buddy. Look at all aspects of your previous plan and determine where things started to unravel. Be aware of the pitfalls that pulled you off the bandwagon before, so that you can avoid them this time around.

Set Mini Goals

It helps to set goals. Set attainable goals that you know you can accomplish. That's a must, to avoid the feeling of defeat. It's time to feel empowered by your return to exercise. What do you want to accomplish in the next Six weeks? Three months? Six months? One year? Break things down in achievable increments. Avoid overestimating - being an overachiever might work in some aspects of life, but not when you're trying to safely get back on the exercise bandwagon. Your strength and aerobic capacity are not the same. Take things down a notch and stay focused on progression at an appropriate rate. Little victories will fuel motivation and momentum.

If you have decided to return to exercise, Congratulations! Exercise, as an aging adult, is important for a happy, healthy lifestyle. If it's time to get back on the bandwagon, a great motivator can be a personal trainer. Get Fit for Life trainers are experts at helping people return to a safe exercise routine. To find out more about working with a trainer, call 623-696-6820. Trainers are available in all Sun City Fitness Centers.

LaTouch Wellness Massage Therapy Shares...

Aromatherapy Chair Massage Saturdays

The term "Chair Massage" (also referred to as seated massage) describes the type of massage that is performed while the client sits fully clothed in a special chair. Staying dressed and publicly visible has had a tremendous impact on how people perceive massage. This is a great way to experience massage; with seated chair massage the mystery and fear of the unknown is eliminated. It is necessary for the massage therapist to have you complete a quick form with a few health-related questions. This is necessary to make sure there are no contraindications. Even though there aren't many conditions that are aggravated by seated massage, sometimes it is better not to have a massage, e.g., fever or flu. Once the therapist assists you in getting on the chair, they will use a combination of Shiatsu and Swedish massage techniques, beginning by touching you lightly on your shoulders or upper back. The focus will move to relaxing your neck, shoulders, and whole back. Your arms, hands and head may be included within this massage as well. Massage therapy is no longer considered a luxury; we are beginning to realize the effects that stress have on our health and wellbeing. Dr. Tiffany Field, founder of the Touch Research Institute at the University of Miami School of Medicine stated that, "Any type of massage, including chair massage is very beneficial." Research indicated that a 15-minute chair massage will assist in: • Increasing circulation and the flow of nutrients throughout the system • Reducing muscle tension that can lead to chronic pain • Stimulating lymphatic tissues thereby flushing out toxins • Helping to relieve muscle stiffness and stress-induced tension • Releasing endorphins ("feel-good" hormones) into the bloodstream • Reducing fatigue, anxiety and depression • Helping provide better quality of sleep.

in combination with Massage Therapy, Aromatherapy can enhance your health and well-being tremendously. Aromatherapy (Essential Oils), are the medicinal and aromatic properties extracted from plants. Young Living Essential Oils, a revered and highly respected company in the Health and Wellness Industry, offer a set of starter oils that provide a foundation on which to build your vitality, through enhancing your health and wellness.

Here's a brief overview of those oils. Lemon: Refreshing / Peppermint: Invigorating / Lavender: Relaxing / Frankincense: Centering / Valor: Grounding / Citrus Fresh: Hydrating / Panaway: Soothing / Peace & Calming: Calming / Raven: Cooling / Thieves: Supports the Immune System / Stress Away: Comforting and DiGize: Supports Digestion

For more information, please join us here at LaTouch Wellness for Aromatherapy Chair Massage Saturdays' (Space is Limited)!

Massage helps us to manage stress and can also be used to address a number of health issues. A full complement of massage services are offered at Fairway, Sundial and Bell Recreation Centers (as noted below) for RCSC Cardholders and their escorted guests. If you would like to experience the benefits that massage may have for you, call and schedule an appointment today!

Spanish Club - El Circulo Español

Whether you are new to the Spanish language, want to re-awaken skills learned long ago that are now dormant, or are a moderately advanced student looking to improve your conversational chops, you've found a home with El Círculo Español, the Sun City Spanish Club.

Our Spring session continues. You can start our classes at any time, but because now in April, we are in nearing the end of our spring session.

Our last big event was to be our spring teacher appreciation potluck & social on April 7 which has been CANCELLED.

Check our bulletin board outside of Room 129 at Fairway for info about luncheons & monthly social events. As of this writing, a social event for April has not been decided on.

Classes include those for beginners with no experience in Spanish, intermediate classes for those continuing from the fall session &/or have some experience & conversation classes for beginners, intermediate & advanced students who want to become more proficient speaking the language. Spring 2020 sessions include the most conversation classes we've ever offered, so take advantage of one! A class in Italian for Spanish students is also available.

All Círculo Español classes are held at Fairway Center, Monday-Thursday, usually in Rooms 129 or 133 but rooms are subject to last minute change.

Spring Schedule 2020

Most classes are ending April 4 or April 7. If you'll be leaving for the summer, we wish you safe travels and look forward to seeing you in the fall. If you'll be here for the summer, be sure and check our bulletin board and watch your email for information about summer classes.

Welcome to Sunshine Service

People, meeting needs of people is what Sunshine Service is all about. Sunshine Service lends medical and children's equipment to residents of Sun City and we have been doing so for over 57 years. We are a charitable non-profit Arizona corporation and are funded by voluntary contributions and memorial gifts.

While the equipment is available for the use of all residents or visitors staying with residents, the equipment must not be taken out of Sun City on a permanent basis. As a matter of control, equipment is loaned only to Sun City residents.

Records show that as the population of Sun City grew, so did use of our medical equipment. Savings for Sun City residents have been calculated periodically; in 2019, it was estimated that residents saved over two million dollars in cost of equipment for that year alone.

Sunshine Service, Inc has received local, state and national recognition. Awards received include the George Washington Honor Medal for services to the sick and handicapped from the Freedoms Foundation of Valley Forge in Pennsylvania.

"The Cleanest and Most Sanitized Equipment Around"

Some Of The Many Items We Carry:

Arm Exerciser • Bath Bench • Bed Rails • Bedside Commodes • Companion Chair
Crutches • High Chairs • Hospital Beds • Lift Chairs
Overbed Tables • Pack-N-Play • Ramp - Aluminum • Rollaway Beds
