## Grand Center Property Development Continues

The final Certificate of Occupancy for the Grand Center building located at 10415 W. Grand Ave. has been received and the clubs relocating to this new space are settling in quite nicely. The anticipated full opening of the newest RCSC facility is scheduled for Monday, August 3, 2020.

Members of the Camera Guild, Sun City Clay Club, Jewelry/Stained Glass & More and the Garden Club of Sun City have spent the last several weeks moving in and getting organized. In addition, the Sun City Posse will have a satellite office at this location in addition to their headquarters at 10861 W. Sunland Dr. in Sun City.

Grand Center is scheduled to be open to RCSC Cardholders Monday through Thursday from 8am to 8:30pm and Friday through Sunday from 8am to 4:30pm.

A second building is scheduled to be constructed on this property which will include space for Vintage Vehicle of Sun City along with an indoor archery range for the Sportsmen's Club. Work on this part of the project should begin once bids have been reviewed and a contractor selected which is anticipated to happen in early August.

## RCSC Offices Closures for Labor Day

All Recreation Centers of Sun City, Inc. offices at Lakeview Center (Corporate/Board, Human Resources, Clubs, and Cardholder Services) will be closed on Monday, September 7, 2020 in observance of Labor Day.

The Events & Entertainment office at Sundial Center and the Sun City AZ Visitors Center at Bell Center remain closed at this time due to COVID-19 regulations until Phase 3 (which will be determined by the State of Arizona).

Cardholder Services will be open on Saturday, September 12 (rather than the first Saturday in September) from 9:00am until noon in order to accommodate Cardholders who require weekend assistance.

All Recreation Centers amenities currently available to RCSC Cardholders and Sun City golf courses will be open normal operating hours on Labor Day for Cardholder use and enjoyment.

RCSC Cardholders are also advised that at the conclusion of the Labor Day weekend, all recreation centers will return to normal operating hours. Lakeview, Oakmont and Mountain View Centers will close once again at 7:00pm effective Tuesday, September 8. All remaining RCSC recreation centers (Bell, Marinette, Fairway and Sundial) will continue to be open until 9:00pm.

## A Few Things to Keep in Mind

Just a few reminders when you're visiting the recreation centers:

No matter what state you're from, while you're here in Sun City it is much appreciated if you would park in only one space (note the white line under car) and save these smaller spaces for golf carts - as designed.

Please be scent sensitive! Overuse of scented body such as colognes, perfumes, after-shave lotions and the like can be extremely irritating and even caustic to others, especially those with respiratory issues. Perspiration and water from pools, spas can make matters even worse.

Many RCSC parking lots have one-way routes of travel and the posted speed limit of 5 MPH should be observed at all times. Your safety is our concern!

Size matters! Per Board Policy 10, swimming pool gear, including floatation devices, may not extend more than 2 feet from the swimmer and must be within control of the swimmer at all times. Items not allowed balls, Frisbees, rafts, water guns and any metallic items. Same goes for very, very large ducks!

## Don't Delay; Pick One Up Today! Candidates Packets Still Available

While the RCSC Board of Directors takes a short summer break, it is time for others to think about giving back to the community by becoming a candidate for upcoming Board elections.

Candidate packets are available at the Corporate/Board Office at the Lakeview Center (lower level). Those interested in running for the Board must present their RCSC Member card in person when making the request for a packet. The deadline for packet submissions is no later than noon on Friday, October 2, 2020.

There will be four vacancies to fill in this year's December election. Three of the seats will be for three-year for those terms will be completed at end this year: President Dan Schroeder, Vice President Dale Lehrer and Treasurer Sue Wilson. The fourth vacancy will be for one year only to complete the full term of Diana Graettinger who resigned earlier this year to which Director Ron Jesse was appointed.

Anyone wishing to become a RCSC Board candidate must meet the following requirements:

- Must be at least fifty-five (55) years of age;
- Must not reside with or be related by marriage or birth to any other member of the Board, Senior Management Staff, or Board Candidate;
- Must be a Deeded Real Estate Owner of property in Sun City, Maricopa County, Arizona;
- Must be a RCSC Member in good standing;
- Must reside in Sun City, Arizona and be available at least ten (10) months of the year;
- Must meet the requirements to hold an Arizona liquor license (RCSC holds liquor licenses which require Board Officers to be included on the licensing);

- Must be eligible and available to serve a three (3) year term; and
- Must be available to attend Board Candidate Orientation(s).

If elected, Directors cannot serve on any board of a Chartered Club or green committee or golf association affiliated with RCSC golf courses.

Candidates must also submit a fully completed RCSC petition, signed by 100 or more RCSC Members in good standing, along with all other forms provided in the RCSC Candidate Packet.

Successful candidate should have the following qualifications:

- A strong desire to serve Sun City, AZ;
- Be fair and courteous;
- Use good common sense;
- Good communication skills;
- Willing to work as part of a team;
- Ability to prioritize - policy and projects - which will have the greatest benefit for the most members; and
- Willing and able to dedicate the necessary hours to be an effective Director.

Candidates will be introduced at all of the October and November Board meetings. There will also be two candidate forums held in early November prior to the start of online voting which will begin on Monday, November 9, 2020 (one month prior to Election Day - Tuesday, December 8). Forum locations and dates will be announced later and may be subject to format change depending upon any limitations and restrictions which may in effect at that time.

For more information or if you have any questions, please contact the Board Office at 623-561-4620 or email [boardoffice@suncityaz.org](mailto:boardoffice@suncityaz.org).

## Golf & Grounds Report

### Pro Shops

Golf rounds in May increased by 6,643 over prior and represent the most rounds played in May since 2007. For the year Riverview has played 27,568 rounds, followed by Lakes West (27,564 rounds), South (26,187 rounds), Willowcreek (25,310 rounds) and North (22,967 rounds). For the month 60% of rounds played were played by Annual No-Fee cardholders and Annual Surcharge Fee cardholders.

Golfers wishing to use the driving ranges during the summer months in the afternoon are advised to check on closures. During the summer each course closes early to allow range staff to “clean pick” the range prior to mowing the next morning. Courses are rotated so there is never more than one course closed on each side of Grand Avenue. Closures are scheduled as follows, with each course ceasing to sell balls at 4pm and range closure at 4:30pm:

- Monday – North and Willowcreek/Willowbrook
- Tuesday – South and Riverview
- Wednesday – Lakes East/Lakes West

### Snack Shops

Snack shop closing time is now 1:00 p.m., after the snack shops close snacks and beverages are available through the pro shop.

### Golf Courses

June 22nd, the courses finish up the second of our major agronomic practices, fairway aerification, on Quail Run Golf Course. Beginning June 22 we begin the most disruptive practice, greens aerification, on Willowcreek Golf Course. Both aerification practices are designed to relieve compaction and provide airflow to the root system of both surfaces. Aerification will finish on Quail Run Golf Course on August 7. Courses will be closed for a total of 3 days each during the aerification process.

As part of our continuing Covid-19 process to reduce touch points we recently switched from having the cups upside down to placing a foam ring inside the hole. The foam insert provides a more normal putting experience, while keeping holed balls within easy reach.

There has been some discussion lately regarding crowning around pins and shared opinions on the means to eliminate crowning. The shared opinions match closely the process we follow and have followed as long as anyone can remember. After the new cup is cut, a cup-setter is used to ensure the proper depth of the cup and serves to smooth any heaving that may have occurred. After the cup setter is removed a pipe is rolled over the new hole in two directions, to smooth any heaving that the cup-setter did not eliminate.

### Lawn Bowling/Grounds

Lawn Bowl greens are in various stages of recovery following the aggressive “planing” received in May. Plugs have been added to Bell to repair some areas. Roller bases are being used throughout the day to add additional irrigation where needed. All greens have had an application of liquid nutrient to promote healthy rooting. Green speeds are slow, ranging from 9.5 seconds at Oakmont to 10.2 seconds on Lakeview East. Greens have been top dressed to help with smoothness and pace. Once the greens are growing vigorously they will be verticut in two direction, further aiding with roll and pace.

Palm tree trimming is currently in process at all RCSC Centers. Trimming began at Lakeview with the closure of the Hill and is expected to continue through the end of June. Beginning next year trimming will be moved up on the fruit bearing palms, to eliminate the mess caused by the droppings.

## COVID-19 Bowling News

## USBC Cancels Remaining 2020 National Events

ARLINGTON, Texas – The United States Bowling Congress has canceled all remaining national events for 2020 due to the COVID-19 pandemic.

“These decisions are tough on everyone, but mostly our players, athletes and members,” USBC Executive Director Chad Murphy said. “USBC’s mission is to serve our bowlers, and canceling the most significant events in the sport certainly is heart-breaking for all involved. Nevertheless, USBC has a responsibility to consider the health of its members and their communities. Given the increasing spread of COVID-19 in several states, along with constantly changing guidelines and travel restrictions, we sadly do not see a responsible way to conduct national events in 2020.”

This cancellation includes the previously postponed USBC Open Championships, USBC Women’s Championships, USBC Masters, USBC Senior Masters, USBC Senior Queens and Super Senior Classic.

The 2020-2021 USBC Collegiate season will be postponed until January 2021 and be conducted as a second-semester sport. The dates for the Intercollegiate Team and Singles Championships will be determined at a later time, with plans to hold them in the late spring or early summer.

USA Bowling events and in-person coaching seminars for 2020 also have been postponed to 2021.

USBC previously announced the cancellation of the 2020 Professional Women’s Bowling Association Tour season, with a possibility of conducting events in the fall and winter months. In light of current conditions, plans for a PWBA event in late 2020 now are indefinitely on hold.

USBC plans to resume a traditional schedule of events in January 2021, starting with USBC Team USA Trials, as conditions allow.

“While USBC national events are canceled, bowling certainly is not shut

down for 2020,” Murphy said. “USBC is confident competitive bowling can take place locally, and we are seeing many proprietors taking proactive steps to responsibly host leagues in accordance with local guidelines. Those steps will help leagues begin and tournaments to take place during the rest of the summer and into the fall. Our hope is that conditions improve to allow national events again in 2021.”

Teams registered for the 2020 Open and Women’s Championships may request to have their payments rolled forward for the 2021 tournaments, or they can request full refunds.

Individuals who have submitted entries for any USBC short-duration event (Masters, Senior Masters, Senior Queens, Super Senior Classic) will be refunded in the upcoming weeks.

### Thoughts from a Pro

## Staying safe in the heat!

Playing golf in the Arizona summer can be tough, but it can also be a great time to learn the game at a time when courses are less crowded!

Here are some tips for learning to play in the heat of the summer:

- #1 Indoor drills. This is a great time to find drills to practice that can be done indoors. Many don't even require a club! There are good ones for full swing as well as short game.
- #2 Short and sweet. Keep outdoor practice sessions short. Quality is more important than quantity!
- #3. Be an early bird. Get out to practice early mornings if possible and always look for shade. Sometimes there isn't shade available to practice in but use it for water breaks if its close by.
- #4. Hydrate, hydrate, hydrate. As most of us know, once you are thirsty its too late. Drink water before, during and after your practice session.
- #5. Cover up. Wear a hat and sunglasses. Enough said!
- #6 Play 9 holes. 9 holes is usually enough when you are a new golfer and especially in the summer!

Stay on the shorter courses and enjoy! Autumn will be here before we know it.

*A Moment with President Schroeder***What a long, strange year it's been!**

2020 has most definitely been a very strange year - and it is far from over. Everything started quite normal back in January. Snowbirds flocked back south. Resolutions that were made at the start of the new year had RCSC fitness centers buzzing with activity and folks eagerly signed up for a variety of clubs to keep themselves engaged - physically, creatively, mentally and socially.

The news stories started very slowly about places that at the time seemed far away. Most of us kept busy doing what we do in Sun City - staying active, engaged and involved.

They said at the start that older people and those with underlying health conditions were more at risk. Then the messages started becoming more alarming and dramatic. Stay six feet away from others; better yet just stay home. RCSC followed the guidelines from the Centers for Disease Control & Prevention, the State of Arizona and the Maricopa County Health Department. We did our best to help everyone stay healthy.

While the COVID crisis was bothersome early on, who could have asked for a better place to be than Sun City AZ? The weather was perfect, exactly how we like it and why many of us moved here. Though we were not allowed to enter RCSC properties or facilities for a time, we enjoyed what we could do - walk, bicycle, garden, read, clean closets, relax and even listen to how quiet it had become other than the birds chirping. As I recall even the jet noise from Luke Air Base virtually disappeared.

After the Governor's "Stay at Home" order expired, recreation centers re-opened and most Cardholders did their darnedest trying to comply with the rules and regulations. Several RCSC clubs even figured out ways to allow members to return safely to their hobbies and crafts - face masks, limiting the number of club members gathered and the like.

Now weeks have turned into months and spring has turned into summer.

Precautions seem to have been running non-stop on TV and radio. Signs on the doors of every establishment and billboards remind us of what we should and should not do. Restrictions change as the numbers climb and more are infected.

Many jurisdictions now require that face masks be worn - and worn properly or face possible fines. The governor keeps telling us that we're safest at home. No matter which side of this you're on, it is not appearing to go away anytime soon.

Perhaps now is when we should seriously start thinking and planning on what our next steps will need to be for the future. While RCSC has many projects planned including the completion of Grand Center and the renovation of Mountain View, what operational changes might need to be permanently addressed? Maybe some even wonder whether RCSC can ever again open our recreation centers as they once were available. What do we envision as an alternative? Reservations required to use the fitness centers? Temperature checks or infrared imaging? None of us knows where this all might lead, but we must remain optimistic that we'll find ways to enjoy and continue to take part in all the activities which Sun City AZ has to offer.

Maybe this is finally the catalyst that makes some of you get involved. Your ideas and suggestions could perhaps be the missing piece of the puzzle that could complete the picture. Just remember - the more invested you are in the community, the more you'll care about what comes next.

Do some reading and research. Get to know the difference between the organizations here in Sun City and who does what exactly. If you're not ready to run for the Board, make plans to attend upcoming committee meetings in the fall and learn what goes on. Rather than make demands and create havoc, perhaps you should be asking questions. Once you know how it works, you'll be able to help others understand.

The world is very complicated right now. But good things are coming soon. You might be able to make a difference. You'll never know until you try. Keep on truckin' and stay well!

## Management Report

### Financial Report

The Recreation Centers of Sun City, Inc. (RCSC) has ended May 2020 within its operating and capital budget year to date. All Divisions, with the exception of Bowling and Food Service, have met or exceeded their net operating budget projections year to date with total operating income \$36k (~1%) favorable to budget and operating expenses \$725k (10%) favorable to budget. Bowling and Food Service declines are driven by the COVID-19 closure and restrictions with Bowling remaining closed until Phase II of the reopen plan. Income favorability is driven by higher than budgeted income in the Building & Infrastructure and Golf Divisions. Operating expense favorability is primarily driven by lower payroll, utility and general operating expenses across multiple Divisions. Year to date operating excess without projects favorability is \$760k (29%) favorable to budget. RCSC is continuing to see the effect of the COVID-19 related shutdown with May monthly operating income shortfalls in Bowling and Food Service totaling \$73k. However, Golf operating income excess of \$65k in May partially offset the shortfall.

### Cardholder Services

Payments on past due assessments in May were 14.3% of past due balances. Overall accounts receivable decreased in May by 1.2% and is up 18.8% from the beginning of the year. Overall accounts receivable past due balances have increased in May by 2.5%. April assessments went 30 days past due at a 6.5% rate and March assessments went 60 days past due at a 2.4% rate.

Payments from our third-party collections firm totaled \$11,421 in May. Year to date payments through our third-party collections firm total \$38,947. Payments made in May through the online RCSC Web Portal totaled \$217,790 from 483 property owners. Year to date web portal payments total \$940,024 from 2,059 property owners.

In May property transfer balances decreased by 1.2%. Outstanding balances related to property transfers represent 49% of all receivables and 52% of past due balances. At the end of May trustee sale notices on Sun City AZ properties ended at 22 and properties owned by lending institutions remained at three.

## Project Updates

### Projects:

### WiFi Upgrades

The IT Department has been working on the installation of the WIFI upgrades in club areas. The cabling contractor is currently working at Bell Center to complete the required conduit and cabling to the club spaces. As noted below, the installation at Grand Center has been completed.

### Bell Center

- Replacement of Pool Deck

This project is complete, and the pool area reopened on 6/5/2020. The replacement of the pool deck with a rubber surface material similar to that installed at Marinette Center in 2019 was slated for completion later in the year. This project has been rescheduled for earlier completion. This will include the surface preparation and installation of the material on all deck surfaces and the caps of the walls on the interior of the walking pool. Contractor: Rubaroc USA (Cost \$261,816)

- Craft Club Area Sewer Pipe Reline

This work has been completed. The sewer line in the craft club area at Bell Center was identified as extremely deteriorated. This sewer drainpipe was scheduled for relining before it deteriorated further to a state where excavation of concrete was necessary to repair the line. This repair of 200 feet of pipe was completed over two and a half days where all club rooms in the area were required to be closed. Contractor: Sunland Plumbing (Cost \$35,000)

### Grand Center

- The final Certificate of Occupancy is pending and expected very soon.
- The general contractor is completing the final pending items with these expected by 6/19/20.
- Final review of the greenhouse environment control system is pending. Upon that review the on-site training of this system for RCSC staff and the club will be scheduled.
- RCSC has moved in the furniture components that were built by RCSC. Additional furniture in club rooms is being installed.
- Installation of the audio and video components in the Sonoran Room (meeting room) are in progress.
- The internet connectivity to the building has been turned up and the WiFi installation at this center is in place.
- The club rooms have been reviewed with each club and the moving of club items into the building is beginning. This is the first step to get club items into the rooms with the club needing to organize and prepare the space before opening for club member use.
- An opening schedule for the center will be communicated as the clubs complete the configuration of the club rooms.
- To date there continues to be an outstanding approval from the Drainage Department for the per-

The RCSC Management Report in its entirety is distributed prior to the second RCSC Board of Directors meeting each month with the Agenda (except July and August), posted on the website at [www.suncityaz.org](http://www.suncityaz.org) (under the RCSC tab) and sent via email to those RCSC Cardholders who have signed up to receive RCSC News Email Alerts. This report was distributed on June 18 2020 and may have been edited for publication due to space restrictions.

## Project Updates

(continued from previous page)

mit for Building II. The bid specifications will be prepared for with a target to have these distributed to general contractors the week of 6/22/20. Any plan changes from this final review are expected to not be significant with updates to bidding contractors to be made once the permit has been received. This will start the bidding process on this final phase of the Grand Ave site.

### Lakeview Center

- Duffeeland Parking Lot Repairs

The parking lot work is still pending. Based upon the cost of the bids to complete this work, the RCSC Grounds department will provide and install the necessary quarter minus necessary to smooth out the bumps in the parking lot. This work includes the painting of the wheel stops in the parking lot caution yellow and levelling out the gravel parking lot. The painting of the blocks is complete and pending review of bids for the parking lot leveling. Contractor: Exquisite Painting, RCSC Grounds (Budget \$4,000)

- Lakes East/West Maintenance Yard

Work has been completed on required spacing needed for all equipment, storage, and office needs.

A building space plan and site plan has been completed. The architect has overlaid this onto the topographical survey completed to confirm the layout locations.

Pending are meetings with steel building manufacturers to go over the basic designs for proposals on the steel structure. The additional internal building components and site work will be completed by the selected general contractor after the bidding process.

### Marinette Center

- Clay Corner Drain Repairs

This work is completed. This work included the replacement of the current solids interceptors that are problematic for both the club and RCSC staff. The solids interceptors were replaced with Gleco products that are easier to maintain. Additionally, the sewer drainpipe in the club area were relined. This relining provides a smoother drainpipe without the pitting on the existing cast iron drainpipe where materials going down the drain get caught on and create blockages. Contractor: Sunland Plumbing (Cost \$16,107)

### Mountain View Center

- The information from the ad hoc committee was received and work will begin on the design process in the coming weeks.
- The following reports and surveys have been completed for the planning tasks for the renovation of Mountainview Center: title report to show property encumbrances and easements, topographical survey data, and soils testing/report.

### Solar:

#### New Issues:

- Fairway Center – # 10

On 5/29/20 inverter #10 was damaged. It is unclear whether this was unintentional vehicle damage or intentional vandalism, although the latter is thought. A report has been filed with MCSO and an insurance claim is being processed. The inverter site has been secured and made safe while the replacement of the inverter is being completed. There is not an ETA for replacement at this time due to the need to identify a compatible replacement due to the current inverter model not being available for purchase.

- Willowbrook/Willowcreek – #1

On 6/8/20 this inverter had an internal electrical issue that caused damaged to the inverter. This inverter has been approved for a warranty replacement. The replacement inverter has been received and scheduled for installation on 6/18/20.

#### Issues Resolved:

- Lakeview Production Meter

The ongoing connectivity issue that began on 2/4/20 has been resolved and the production meter is back online and communicating with the AlsoEnergy data aggregation and reporting site.

#### Open Issues:

- Oakmont Rec Center – # 01/02/03/04/05/06

The inverters at Oakmont Center are not reporting production data. This has been an outstanding issue since July 2018. The production meter shows overall production data for the site, but the individual inverters are not reporting production to the AlsoEnergy aggregation reporting site.

Upon further review with the manufacturer the replacement component for the data logger at this site is no longer available due to obsolescence. The replacement data logger has been ordered but delayed fulfillment by the manufacturer.

- Lakeview Rear – # 01/02/03/04

Similar to the Oakmont site the inverters at the Lakeview Rear site stopped communicating with the AlsoEnergy data logger and thus the AlsoEnergy aggregation reporting site. The Lakeview Rear inverters are Fronius models similar to Oakmont Center with these two sites being the only Fronius inverters in the RCSC Solar environment.

Pending confirmation of restored functionality at Oakmont Center.

- Lakeview Lanes – # 01/02/03/04/05/06/07/08/09

Production results significantly lower than expected for this group of inverters. Four of the replacement SMA inverters were installed at this location and the production output was similar to the PowerOne/ABB models removed. DC voltages from the solar panels were field tested and did not indicate significant under supply of voltages. Additional investigation needed on these inverters to identify a cause of the under production and if preventative maintenance tasks positively affect performance.

No resolution to this production issue this month. This site is being reviewed on 6/18/20 with Kortman Electric to begin additional discovery on the issues at this site.

#### Production Data:

After including May production data, the lifetime to date production vs expected went down slightly and is over expected by 5.58%. The percentage of inverters producing above expected remains at 81%.

## Book Info You Never Needed

In a chapter titled "The Literary World," the Book of Useless Information by Noel Botham and the Useless Information Society (© 2006) offer interesting information about books and authors. The following is a bit of the "pointless knowledge" provided by the Society.

- During his entire lifetime, Herman Melville's timeless classic of the sea only sold 50 copies.
- Guinness World Records holds the record for being the book most often stolen from public libraries.
- Mary Shelley wrote Frankenstein at the age of nineteen.
- Virginia Woolf wrote all her books standing up.
- The only person to decline a Pulitzer Prize for Fiction was Sinclair Lewis for his book *Arrowsmith*.
- Tom Sawyer was the first novel written on a typewriter.
- Samuel Clemens, aka Mark Twain, smoked forty cigars a day for the last years of his life. He was born in 1835 when Halley's Comet appeared. He died in 1910 when Halley's Comet returned.
- Earnest Vincent Wright wrote the fifty-thousand word novel Gadsby without any word containing "e."
- Dr. Seuss pronounced his name so it would rhyme with rejoice. His birthday is March 2.
- Dr. Seuss coined the word nerd in his 1950 book *If I Ran the Zoo*.
- Sherlock Holmes never said, "Elementary, my dear Watson."
- Writer Edgar Allen Poe and LSD-advocate Timothy Leary were both kicked out of West Point.
- Isaac Asimov is the only author to have a book in every Dewey decimal category.
- Jacqueline Kennedy Onassis was the most famous editor at Doubleday & Co.
- Hans Christian Anderson, author of many famous fairy tales, was word-blind. He never learned to spell correctly, and his publishers always found errors in his manuscripts.
- Dr. Jekyll's first name is Henry.
- Charles Dickens never finished his schooling. He was also an insomniac, who believed his best chance of sleeping was in the center of a bed facing North.

If this information has not interested you, and you still need to entertain yourself, try what *The Book of Useless Information* calls the most difficult tongue-twister, "The sixth sick Sheik's sixth sheep's sick."

### Water Conservation

## Let's Test Our Water Knowledge

- To find a leak in a toilet:
  - Put dye (a few drops of food coloring will do) in the toilet bowl, wait 15 minutes, and if color seeps into the tank, there is a leak.
  - Draw a line in the tank; if water level goes over the line, there is a leak.
  - Put dye (a few drops of food coloring will do) in the tank, wait 15 minutes, and if color leaks into the bowl, you've got yourself a leak.
  - The only leak you have to worry about in a toilet is the supply line, and that will drip on the floor so there is no need for placing dye in tanks or bowls.

Sorry if we fooled you with tanks and bowls, but the correct answer is C. Put a few drops of food coloring into the TANK. If you don't have food coloring and have no reason to purchase any, check with your water company. Sometimes they offer free "Audit Kits" that contain dyes for running this simple little test along with other items that can help conserve water and money.

- True or False: Thawing frozen foods under hot, running water is extremely "water efficient" and safer than all other modes of defrosting.

Not only does thawing foods under running water waste copious amounts of water, but it could also be harmful to you by encouraging bacteria growth in the thawing foods.

- How much of Earth's water is potable and accessible to humans?

- 3%
- 45%
- 1%
- 2.5%

While about 2.5% is fresh, potable water, only about 1% is accessible for direct human consumption. Remember the polar ice caps and some deep, underground aquifers make more than half of our fresh water unobtainable.

- True or False: Blackwater is a great way to water vegetable and flower gardens.

Don't confuse greywater and blackwater; they are two different things. Blackwater can include raw sewage (urine and feces) as well as food particles (full of bacteria) and is unsuitable for irrigation or reuse for any purpose. Greywater, such as that from laundry machines or floor mopping is fine for reuse on your flower and vegetable gardens.

- True or False: The best way to dispose of old paint, glue and solvents is to rinse them down the sink or flush them down the toilet.

False. Paints, glues and solvents, along with motor oil, lubricants and antifreeze are hard on pipes, watershed and wildlife. These types of products should be taken to an "Eco Station" or other appropriate disposal facility. Even disposed of on the ground, these pollutants can creep into ground water or down rain sewers.

Little steps are good. Lots of little steps can turn into an unbelievable amount of conserved water. Water footprints can be modified to show that you care not only for our planet, but for your grandchildren and their future generations. There is much truth to that familiar saying:

Every Drop Counts!  
Do your part to help conserve!

## RCSC Phased Re-Opening of Recreation Facilities

*This phased re-opening plan for the facilities owned and operated by the Recreation Centers of Sun City, Inc. remains in effect as previously published and as of press time, we were still in Phase One. The State of Arizona and Governor Doug Ducey will announce when it is safe to proceed to the next phase. Your continued support and cooperation are appreciated and we move into this new normal. The safety and well-being of RCSC Cardholders has been and remains our number one priority.*

The RCSC Board of Directors approved a re-opening plan for the Recreation Centers of Sun City, Inc. which began on Tuesday, May 19, 2020 with summer hours.\* The Federal Government published guidelines for "Opening Up America Again" which provided a basic framework for a three-phased approach to re-opening. RCSC has used this framework to develop the plan for re-opening RCSC facilities, offices, events and entertainment. Governor Ducey announced on May 12, 2020 that Arizona was in Phase One and the Stay at Home Order would expire on May 15, 2020.

*\*Summer hours are Lakeview, Oakmont and Mountain View which will remain open until 8pm Monday-Saturday starting now through Labor Day weekend; all other center hours remain the same.*

There is much excitement and anticipation as we start to bring use of the RCSC facilities and activities back into the community that so many enjoy and have missed during this period. The re-opening process will likely involve much tolerance, acceptance and respect from all participants. Your cooperation will help to ensure a smooth transition as we move forward.

Re-opening RCSC facilities will require strict adherence to safety and sanitation protocols during these phases developed by the RCSC Management Team and Board of Directors specific to the facilities and activities offered here in Sun City AZ to ensure the continued well-being of both Cardholders and RCSC employees.

Due to the physical distancing requirements, it is imperative that Cardholders realize that admittance to facilities will remain extremely restricted and that no congregating nor waiting for available space to become available will be allowed. Your understanding and cooperation as we deal with these limitations may alter how we proceed going forward through these phases.

Below are the requirements and restrictions which must be adhered to as we proceed through each Phase as we begin the process of re-opening RCSC facilities.

### PHASE ONE

- No guests or visitors allowed.
- Strict physical distancing requiring a minimum of six (6) feet of space between people at all times with preferably more distance when available.
- All indoor facilities, excluding Sundial pools and indoor spas, require face masks.
- All outdoor facilities, excluding walking pools, do not require face masks. Face masks are required for walking pools as there are turn-arounds where walkers cross and it allows faster walkers to safely pass slower walkers.
- Use of hand sanitizer required upon entry.
- Sanitation protocols include sanitization of equipment, tools, workstations, chairs, stools, seating, tables, pens/pencils and anything handled by more than one person prior to use by each Cardholder.
- Members must not use equipment that is positioned within six (6) feet of another piece of equipment until the adjacent equipment is not in use.
- Cardholders must adhere to all Phase One facility rules and regulations.
- Any activity that does or can cause contact between two people cannot be re-opened in Phase One.

### PHASE TWO (Effective Date to be Determined)

- No guests or visitors allowed.
- Moderate physical distancing requiring a minimum of six (6) feet of space between people excluding an occasional situation when such is not possible unless Phase

Two facility rules require otherwise which will be posted.

- All indoor facilities, excluding Sundial pools and indoor spas, require face masks.
- All outdoor facilities, excluding walking pools, do not require face masks. Face masks are required for walking pools as there are turn arounds where walkers cross and it allows faster walkers to safely pass slower walkers.
- Use of hand sanitizer required upon entry.
- Sanitation protocols include sanitization of equipment, tools, counters, workstations, chairs, stools, seating, tables, pens/pencils and anything handled by more than one person prior to use by each Cardholder
- Members must not use equipment that is positioned within six (6) feet of another piece of equipment until the adjacent equipment is not in use.
- Cardholders must adhere to all Phase Two facility rules and regulations.
- Any activity that does or can cause contact between two people cannot be re-opened in Phase Two.

### PHASE THREE (Effective Date to be Determined)

- Guests and visitors allowed.
- Limited physical distancing requiring as much space as possible.
- Use of hand sanitizer required upon entry.
- Sanitation protocols include sanitization of equipment, tools, counters, workstations, chairs, stools, seating, tables, pens/pencils and anything handled by more than one person prior to use. Cardholders must adhere to all Phase Three facility rules and regulations.
- Any activity that does or can cause contact between two people can be re-opened in Phase Three.

### CARDHOLDERS SHOULD BE ADVISED OF CDC & EXECUTIVE ORDER RECOMMENDATIONS DURING PHASES ONE and TWO

- All vulnerable individuals should continue to shelter in place through Phase One and Two. Vulnerable individuals are defined as individuals 65 and older and/or individuals with serious underlying health conditions, including high blood pressure, chronic lung disease, diabetes, obesity, asthma, and those whose immune system is compromised such as by chemotherapy for cancer and other conditions requiring such therapy.
- Individuals who are symptomatic must stay home.
- Individuals who have a fever (100.4 F or higher) must stay home.
- Individuals must wash their hands thoroughly and frequently.

### Activities Available During Each Phase

The following activities will be available either during Phase One or Phase Two at the various recreation centers. Please note that all of the requirements and restrictions listed above must be adhered to in addition to the caveats below for specific activities:

#### Phase One - Activities

- Fitness Centers
- Pools & Spas, Indoor & Outdoor (Bell's pools & outdoor spa re-open Thursday, May 28, 2020)
- Duffeland Dog Park
- Hillside Park at Lakeview– Walking Trail, Fishing, Row Boats only (no Paddleboats)
- Horseshoes (only 2 persons per court)
- Lawn Bowling (only 2 persons at each end of each rink) Locker & Changing Rooms, Showers & Restrooms (no lockers at Sundial due to key/card exchange)

*(continued on next page)*

## RCSC Phased Re-Opening Plan

*(continued from previous page)*

- Miniature Golf (only 2 persons per hole)
- Pickleball (only 2 persons per court)
- Row Boats (only one person per boat)
- Shuffleboard (Outdoor at Lakeview only with only 2 persons per court)
- Table Tennis (only 2 persons per table)
- Tennis (only 2 persons per court)
- Tracks – Indoor & Outdoor

### Phase Two - Activities

- Bowling (only 3 players per lane)
- Billiards (only 2 players per table)
- Darts (only 2 players per machine)
- Shuffleboard (Indoor at Bell - only 2 players per court)

When Phase Three has been reached, vulnerable individuals may resume various activities and public interactions, but should continue to practice physical distancing, minimizing exposure to social settings where distancing may not be practical, unless precautionary measures are observed.

### RCSC BOARD & COMMITTEE MEETINGS:

RCSC Board Meetings resume starting on Thursday, May 28, 2020 with the RCSC Board of Directors Meeting in the Sundial Auditorium at 9am. Face masks, hand sanitation upon entry and strict physical distancing will be required. Committee meetings scheduled will also require these protocols to be followed and upcoming committee meetings will be posted on the website.

**RCSC ADMINISTRATIVE OFFICES AT LAKEVIEW** - Corporate/Board, Cardholder Services, Chartered Clubs, Human Resources

All administrative offices at Lakeview Center will resume normal business hours starting in Phase One. There will be face masks, hand sanitation upon entering and physical distancing required. In addition, a maximum of only two (2) Cardholders at any one time will be allowed in the waiting areas excluding Cardholders Services which can accommodate six (6) Cardholders in its waiting area. Appointments to meet with staff at Corporate/Board, Chartered Clubs and Human Resources offices are highly recommended during Phase One and Phase Two.

### RCSC CHARTERED CLUBS:

All Club Presidents have been contacted and are being asked to determine what phase they can meet the requirements to re-open. Once clarified, individual Chartered Clubs will be allowed to re-open. Again, no guests or visitors will be allowed to participate in any Chartered Club activities until Phase Three.

### EVENTS & ENTERTAINMENT:

All events and entertainment scheduled throughout the summer have been cancelled. We hope to resume with the Fall 2020 Sun Bowl Concert Series beginning on Sunday, September 27, 2020. More detailed information about events will be released at a later date. The Events & Entertainment Office located at Sundial Center will remain closed to Cardholders until Phase Three; however, phone calls and emails are being addressed as they are received on an on-going basis.

### A FINAL NOTE TO CARDHOLDERS:

Your patience, understanding and many kind words during this very difficult time have truly been appreciated. We start the process into this new normal going forward one phase at a time, one day at a time, knowing that this transition has been challenging from all sides and wish only the best for everyone's well-being and continued good health.

## Performing Arts

### Handbell Ringers of Sun City

The Handbell Ringers of Sun City are currently on summer hiatus. The group is scheduled to resume rehearsals in September on Fridays from 9:00-11:30am in the Fairway Music Room presuming that restrictions & requirements can be met. No visitors will be allowed until we reach Phase 3 of the re-opening plan for RCSC properties. Membership is open to RCSC Cardholders & invited guests. FMI contact Doreen at doreenc4488@gmail.com.

### Sun City Concert Band

Dust off your instruments & join the Sun City Concert Band under the new direction of Ken Jaeger, well known Arizona Band Master & clinician. Charles Musgraves joins us as our Associate Conductor. SCCB rehearses Tuesdays from 9-11am September through April at Fairway. Annual dues are \$5; membership is open to all RCSC Cardholders.

Visit the band's website at [sccb.org](http://sccb.org) for more information. To be placed on our Notification E-mail List, contact band President Jim Wise at 602-625-5211 or request online at <https://suncityaz.org/recreation/clubs/sun-city-concert-band/> Rehearsals are on hiatus for the summer and resume on Tuesday, September 15 presuming that requirements & restrictions with regards to COVID-19 can be met

### Piano Club of Sun City

Piano Club is currently on summer hiatus. Meetings will resume in the fall provided that requirements & restrictions for re-opening at that time can be met.

The Piano Club meets 9:30am the third Friday of each month, October through April, in the Sundial Auditorium. You do not have to play or perform to become a member. Just enjoy the music, treats, and companionship. Annual membership is \$10 per person or \$15 per household for RCSC cardholders only. RCSC cardholders and escorted guests are always welcome.

We will be closing for the summer after this music program. Look for more great music next fall.

### Choraliers of Sun City

The Choraliers are currently on summer hiatus and rehearsals will resume on September 14 presuming that requirements & restrictions in place at that time can be met.

The Choraliers are an accomplished SATB choir that sings a variety of music from classical to jazz. The Choraliers perform at social functions, churches, healthcare facilities & retirement communities, performing up to 10 concerts a season, including some public concerts. Rehearsals for the Choraliers are on hiatus from May thru August. The group meets every Monday 8:30-11am in Fairway Music Room (second floor). If you are interested in singing in a quality choir, sit in on a rehearsal & decide if we are right for you. FMI visit [www.suncitychoraliers.com](http://www.suncitychoraliers.com)

### Sun City Womens Chorus

The Sun City Women's Chorus takes the health and well-being of all participants seriously. With this in mind, we have determined it to be appropriate to cancel our Holiday Concert typically held in the month of December. Therefore, we will not have rehearsals this fall. We do expect to resume rehearsals, Thursday, January 7, 2021 at 8:45 a.m. at the Fairway. All women with current RCSC membership are welcome to join us. We plan to perform our Spring Concert on Sunday, April 11. Many people purchased tickets for our cancelled concert this past March. We will honor those tickets at our Spring Concert. Thank you for your understanding during these difficult times. We look forward to seeing you then. If you have any questions, please contact Annette (623) 308-4643. The Chorus always welcomes new members who enjoy singing four-part harmony with a current RCSC card. No audition is required. FMI contact Annette 623-308-4643.

Tips from Get Fit for Life -

## Maintaining PILLAR Strength

"We all have a tendency to think that movement initiates with the limbs, our arms and legs," states Jane Fortier, fitness specialist with Get Fit for Life. "In reality, all movement starts from the very center of the body, the core area of the torso. Think of this area as a PILLAR – the structural center of movement, and ultimately of life. The way we maintain that PILLAR, and its alignment and function, directly correlates to the health of our organs and how our bodies navigate."

PILLAR strength is the foundation of movement. More specifically, PILLAR strength comes from core, hip and shoulder stability. These three areas give the body a center axis, from which to move. If comparing the body to a bicycle wheel, the body's hub would be the PILLAR and the body's spokes would be the limbs. The hub must be perfectly aligned so that energy can be transferred through the spokes to the entire body. It's impossible to move the limbs efficiently, and with force, unless they are attached to something solid and stable. When the PILLAR is strong, energy that is transferred through the limbs, helps the body move efficiently, resulting in less overall wear and tear. With each step, force passes evenly through the foot, calf, hip – right up the PILLAR and through the top of the head. When PILLAR strength is weak, the force from that step begins to dissipate at the hip, and the body begins to compensate. More pressure is placed on the knees and lower back. Over time, this can cause degenerative problems.

Without PILLAR strength and good posture, the potential for injury occurs. That injury follows a chain, which descends to the lower back, knees and ankles, or ascends to the elbows and shoulders. Everything in the body is connected and related to the strength of the PILLAR. For every action, there is a reaction. If one muscle moves, it causes another to react. Muscles elongate and muscles retract. This dynamic, multi-planar transfer of energy goes from front to back, side to side, and top to bottom to create movement. That movement will be fluid, if a person has a strong PILLAR.

All movement starts from a remarkable muscle called the Transverse Abdominis. The TA is the body's natural "weight belt". Strong TA muscles improve overall PILLAR stability. The Transverse Abdominis muscle originates from the lower spine and wraps around and attaches to the ribs, abdominals and pelvis. Drawing the belly button in toward the spine and up toward the ribs, essentially tightens the Transverse Abdominis, ensuring the protection of the pelvis and lower back. For many people, the ability to fire the TA's has been lost, due to a sedentary lifestyle. It's possible to re-train the Transverse Abdominis to fire correctly. Doing so requires a conscious effort, but can become second nature over time.

Another area that requires attention for improving PILLAR STRENGTH is the shoulders. With age, shoulders begin to slump forward. It's important to lift the chest at the same time the navel is pulled back to the spine. Doing so pulls the shoulder blades down and back, aligning the shoulders correctly for good posture. Perfect posture refers to the "best stance" for optimal movement and PILLAR stability. When posture is perfect, the ears align with the shoulders, hips, knees and ankles. Concentrating on "pulling the navel inward" and "lifting the chest upward" is a good beginning to improving posture. This should be done on a daily basis as adults begin to age. Once these basic body alignment issues are addressed, specific muscle strengthening exercises for Core, Hips, Back, and Abdominals are needed to further insure PILLAR stability, and the body's ability to navigate safely.

Get Fit for Life personal trainers are experts at developing exercise programs that address all of the above concerns, and many more individual needs. LaTouch Wellness Massage Therapy Shares...

## Therapy Has Returned!

Hello, my name is Laura Moore and I am the owner of LaTouch Wellness. I would like to take this opportunity to offer a bit of information around the core services that we provide at LaTouch Wellness.

The foundation of what we offer is therapeutic massage; it has been proven that therapeutic massage is great for reducing stress and relaxing tight and tense muscles and promoting a general feeling of good health. We offer Swedish Massage. This type of massage is a good starting point for someone who has never experience or received a massage before. The primary benefit is for relaxation and releasing minor tension within the muscular structure, this also helps to improve circulation and reduce mental and emotional stress. If you are looking for something to assist you with resolving acute and intense muscular pain, then Deep Tissue Massage is the massage for you. We also offer Sports Massage this type of massage compliments and enhances the effects of your workout. If you would like to detoxify your body and enhance your immune system, then we would recommend Lymphatic Massage, this type of massage utilizes a very light touch that stimulates the lymph fluid, which encourages the removal of toxins from your system. This same technique applied systematically in the Lymphatic Facial Massage is beneficial in reducing fluid retention, toning and reducing the appearance of wrinkles.

In addition to all these wonderfully beneficial therapeutic massage modalities we also understand that Energetic Healing is vitally important to our health and well-being. Energetic Healing is when we focus on healing the whole person, body, mind and spirit, this encompasses our energetic field. The medical world is now realizing the negative effects of stress on our health. The levels of stress we experience are determined by our thought processes. Our thoughts control the energy flow within and around our body. Reiki Energy Healing helps to regulate and balance the energy field of the body. Reflexology focuses on balancing the energetic points within the hands and feet. Incorporating Guided Imagery will enhance our subconscious thought processes. Aromatherapy is the use of essential oils which can assist us in shifting our energetic and emotional state to one of health and well-being.

If any of these types of Therapeutic Massage or Energetic Healings resonates with you, we invite you to give us a call so that we can set an appointment for you to take the next step to a healthier you.

*Massage helps us to manage stress and can also be used to address a number of health issues. A full complement of massage services are offered at Fairway, Sundial and Bell Recreation Centers (as noted below) for RCSC Cardholders and their escorted guests. If you would like to experience the benefits that massage may have for yourself, call and schedule an appointment today!*

## Arts & Crafts

### Camera Guild of Sun City

We've officially moved to Grand Center! Once we get the word from RCSC that we can open for general use, we will let our members know via e-mail & on our website at [www.cameraguildduncity.com](http://www.cameraguildduncity.com). Members will be able to tour the awesome new space in groups of 10 MAX & work on projects once we are notified by RCSC. Classes & meetings will not take place until Phase 3, as announced by the Governor and RCSC.

Check the website for info on Grab-and-Go's, contests, zoom meetings & classes. When we reach Phase 3 we hope to have a "Grand" Grand Opening & our first First Friday, so stay tuned.

We now have abundant space to expand our photographic skills. Photo studio, darkroom, ample space for projects using creative & scientific apparatus, photo lab with the current Photoshop-Lightroom software, large format Canon printer & all the tools to mount & frame your images.

Open to all RCSC members in good standing for a yearly fee of \$20/first, \$5 second family member. We generally offer classes in the fall through spring covering a range of subjects i.e. how to use your camera, techniques for good photo taking, using editing software, and more.

We meet October through April on the 1st & 3rd Saturdays from 9-11am in the Grand Sonoran Room. FMI please visit [www.cameraguildduncity.com](http://www.cameraguildduncity.com)

### Spanish Club - El Circulo Español

Whether you are new to the Spanish language, want to re-awaken skills learned long ago that are now dormant, or are a moderately advanced student looking to improve your conversational chops, you've found a home with El Círculo Español, the Sun City Spanish Club.

In response to the pandemic, the Club has decided not to resume classes at Fairway Recreation Center until Phase III restrictions have been lifted. The Board will meet in late August to decide what to do if these restrictions are still in place this fall. CHECK OUR CLUB'S website (see link below) for updates that may have taken place AFTER Sunviews publication date.

In the meantime, we are sending our members sets of weekly cartoons in Spanish via email. This is a fun and easy way to keep working on Spanish vocabulary. And Club VP Joe Hewitt assembled a wonderful document of sources for online learning of Spanish to help members continue to work on learning Spanish from home!

If you'd like to receive these resources and aren't yet a member of El Círculo Español, visit our website at <https://suncityaz.org/recreation/clubs/spanish-club/>, download the membership form and mail it to our Treasurer whose address is on the form, along with a check for \$10 for your Club membership dues. We'll add you to our membership list and you can then email us and request these resources be emailed to you.

If you already ARE a member and haven't received them, email us at [SunCitySpanishClub@gmail.com](mailto:SunCitySpanishClub@gmail.com) to request they be sent to you.

If Phase III restrictions ARE lifted by the fall, our class registration event will be October 15, 2020 at 5pm at Fairway, Arizona Rooms 1-2. Fall classes would begin October 19. So mark your calendars now.

Stay safe and healthy this summer!

If you have questions, please feel free to contact us via email at [SunCitySpanishClub@gmail.com](mailto:SunCitySpanishClub@gmail.com).

### SunMacs (Apple Macintosh) Computer Club

Currently closed - As of press time, this club had not requested to open.

Club Hours: Monday-Thursday, 8:30-10:30am & noon-2:30pm. Check Calendar for Friday Sessions.

Our 2020 Officers are: President Isaac Bonifas; First Vice President Agnes Holub; Second Vice President Pat Always; Secretary Barb Swintek; and Treasurer Judy Wright.

We specialize in assisting our members with Apple Products & Software. Located at Sundial; RCSC card required for membership. Annual dues: \$20 single/\$30 couple at same address.

We offer classes, Round Tables and Socials, free to club members. Some classes require pre-registration. For more information about the Club and a calendar schedule of classes offered, visit [www.sunmacs.org](http://www.sunmacs.org) or phone our club room (623-933-5300).

## LIFELONG LEARNING SUN CITY AZ

As everyone knows and understands, the COVID-19 pandemic has not waned. Because our members are in a high-risk group, the number of cases in Arizona is not declining and physical distancing cannot be practiced for registration and classes, we regret to inform members that the Executive Board of the Lifelong Learning Club has decided to cancel the Fall Semester.

We are hoping to resume for the Spring semester in 2021. In the meantime, everyone please stay safe.

Open to all RCSC Cardholders. Choose up to 10 classes per semester for one low fee; restriction is due to the limited amount of classroom space available. FMI email [sczlifelong@gmail.com](mailto:sczlifelong@gmail.com) or visit <https://suncityaz.org/recreation/clubs/lifelong-learning-club/>

# Welcome to Sunshine Service

People, meeting needs of people is what Sunshine Service is all about. Sunshine Service lends medical and children's equipment to residents of Sun City and we have been doing so for over 57 years. We are a charitable non-profit Arizona corporation and are funded by voluntary contributions and memorial gifts.

While the equipment is available for the use of all residents or visitors staying with residents, the equipment must not be taken out of Sun City on a permanent basis. As a matter of control, equipment is loaned only to Sun City residents.

Records show that as the population of Sun City grew, so did use of our medical equipment. Savings for Sun City residents have been calculated periodically; in 2019, it was estimated that residents saved over two million dollars in cost of equipment for that year alone.

Sunshine Service, Inc has received local, state and national recognition. Awards received include the George Washington Honor Medal for services to the sick and handicapped from the Freedoms Foundation of Valley Forge in Pennsylvania.
