## Get Involved, Stay Busy & Enjoy Yourself

We've got a super busy month (or two) here in Sun City AZ with many important meetings, milestones and opportunities for RCSC Members to get involved and be part of the process – with plenty of time for fun as well! From upcoming town hall meetings to RCSC Board of Directors Elections, SAC Committee recommendations and 2024 Budget approval - there hasn't been an opportunity to be this involved in quite some time. And before you know it, the holidays will have arrived.

The RCSC Annual Membership Meeting will be held on Wednesday, November 29, 2023 at 6pm in the Sundial Auditorium. Please note that the Board recently reduced the requirement for a quorum from 1,250 to 500 Members. View the flyer and remaining important dates below.

There are four upcoming town hall meetings that have been re-scheduled for November (see flyer on Page 5) where Members will be briefed on current matters from the Strategic Alternatives, Long Range Planning and Budget & Finance Committees. These meetings are another way that the Board is allowing members to feel empowered in the process as we continue to plan for the future by gathering community input.

We'll be honoring our Veterans at the final Sun Bowl fall concert on Sunday, November 5, 2023 at 4pm with an encore performance from Ahwatukee Foothills Concert Band and Youth Chorus Members. Please note the early start time and remember to bring your lawn chairs; no food trucks at this event. Come back to the Sun Bowl on Saturday, November 11 when Sun City Senior Softball hosts their annual "Veterans Tournament" honoring all who have served. They'll also be collecting gently used clothing donations at this event for those less fortunate. Anything and everything helps! A big "thanks" to all military men, women and families for your sacrifice and commitment to our country.

Hopefully you've already reserved your tickets at the Sundial Events & Entertainment Office for the Sun City AZ Senior Prom/ Royal Autumn Ball on Friday, November 10. While this event is free, tickets must be reserved in advance by Wednesday, November 8. The doors for this event are open at 5:30pm. Coronation of the King and Queen are scheduled for 7pm; place your vote upon entry.

RCSC Members/Cardholders are still able to purchase season passes for the Sundial Winter Concert series through Wednesday, November 22, 2023 at the Sundial Events & Entertainment Office. This is a great savings – paying only \$24/show for all 12 concerts. Individual concert tickets go on sale starting Monday, November 27 and will cost between \$30 and \$35 per person depending upon the performing artist. More information can be found on the back page; find the complete show line-up online at [www.suncityaz.org/recreation/concerts/](http://www.suncityaz.org/recreation/concerts/)

If you've ever wondered about those folks dressed in crisp whites on the lawn bowl greens, don't miss your chance to "roll a bowl" the

weekend of November 11-12 during the All Sun City Lawn Bowl Open House from 11am to 3pm both days. This event is free for RCSC Members/Cardholders looking to take up this amazing and internationally renowned sport; equipment will be provided. Please wear flat soled sport/running shoes. You're never too old to learn something new as they say.

## Sun City AZ: Neighborhood or Community?

RCSC Board President Kat Fimmel has encouraged me to author a Commentary for publication in the SunViews newsletter as well as in the Sun City Independent (hopefully as a Commentary and not a Letter to the Editor).

Let's discuss whether Sun City is a "Neighborhood" or a "Community." Are they the same thing? While researching I found that "a neighborhood is a geographic area or a local region in which people live near each other. It usually refers to a small area within a town or city. Neighbors live close to each other, and may share common amenities like streets, parks, or schools. Neighbors may interact with each other, but they do not necessarily have a strong sense of shared identity or purpose beyond living in the same area."

However, a community is described as "a group of people who share common characteristics, interests, or values, and who come together for a shared purpose. A community can be based on geographic location, but it can also be based on other factors like ethnicity, religion, profession, or hobby. Communities may have a stronger sense of shared identity or purpose than neighborhoods, and they may work together to achieve common goals or address shared challenges."

Wouldn't you agree that Sun City sounds more like a "community" than a "neighborhood"? In Sun City, we must first meet the qualifications for being an RCSC Member in good standing, including age restrictions, residency requirements and payment of all fees

**Jean Totten**  
2023 Board Secretary

such as the annual property assessment. As RCSC Members we enjoy common interests, beliefs and/or hobbies (think woodworking, leathercraft, painting, golf, metal shop, swimming, etc.) and cultural backgrounds or geographic locations (such as Wisconsin Club's annual picnic at the Sun Bowl).

Communities depend on active participation. Members need to contribute to the goals of the community, so share your knowledge and passions. Volunteer! If you are able, donate monetary support to organizations such as the Sun City Foundation or the Posse. Attend meetings. Learn and understand the rules and regulations that govern our community. Respect fellow members and their viewpoints

You can also contribute to the community through communications. Whether the printed word, phone call, text message, social media post or a chat over the fence, helping to spread the word is how we help each other know what's going on. Communication fosters understanding and cooperation. We all need to be active participants and work together to stay on track.

Community evolves over time. Have you researched or heard how our Sun City has evolved from its beginning? Take the time to learn the history of Sun City. Understand the vision and ideals that Del Webb and John Meeker instilled from the beginning: Awareness, Self-Governance, and Responsibility. Take ownership of your right to live here and take ownership of your actions.

Be part of the solution. Be responsible. Take it upon yourself to learn the facts. Try to find out if what you have heard is a rumor or the truth. You have several opportunities in the next few months to get involved - attend town hall meetings, the Annual Membership Meeting, and vote in the upcoming Board elections. Learn from the past and work to make a difference for the future.

Our Community: Own It! Nurture It! Enjoy It! Learn About It! Give Back to It! Govern It!

Thoughts from a Pro -

## Difference Between Pitch and Chip

Both the pitch and the chip are a part of the short game. They are both shots used to get the ball onto the putting surface as you get closer to the green. What is the difference between the two and when should you use each?

First, lets discuss the difference between the two shots. I like to think of the "pitch" as a lofted shot where the ball spends most of the time in the air and has a soft landing with little roll. Visualize an underhand softball pitch! On the other hand, with the "chip" the ball spends a short amount of time in the air (just enough to bump over the longer grass) and half or more of the time rolling along the ground. Visualize a putt with a little jump start!

So, when to use the pitch vs the chip?

Use the pitch when you need the ball to get up and loft over something (mound of grass, bunker, cart path) and then there isn't much green left to let the ball roll to the flag.

Use the chip when you just need the ball to bump up and over a smaller amount of grass to get it onto the green and then you have some green left to roll the ball to the hole. We used to refer to this shot as a bump and run!

Remember the general rule is that you have always have more control when the ball is rolling on the ground so get it on the ground as soon as possible! For that reason, using the putter might be your first option! Your second option would be to consider the chip and the third would be the pitch.

These are the shots that really can make a difference in your score and its fun to be creative and experiment with which clubs work best for you for both these shots. Just remember...pick the easiest, highest percentage shot and you'll probably do better!

## NOTICE TO GOLFERS

### RE: Fivesomes Starting on September 1

Starting September 1, all RCSC Courses (Regulation & Executive) now offer Five-Somes in an effort to increase capacity during high demand times. This is also necessary to be able to include the executive courses in the small group rotation. Both of these changes are based upon recommendations made through the Golf Advisory Committee. These changes will be closely monitored and may be revised at a later date.

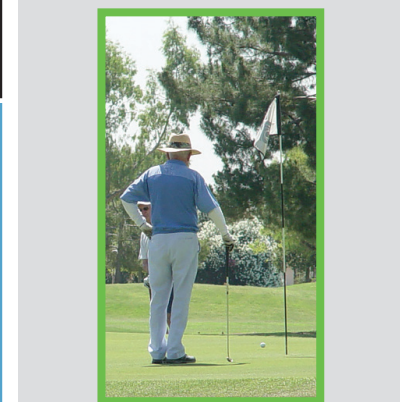

\$130 includes 4 group lessons, with the 5th lesson being a round of golf. Lessons held at Willowcreek/Willowbrook Golf Course (unless otherwise noted\*\*). There will a variety of days and times, so you can pick the class that best fits your schedule.

Sessions are limited to only six students for each group, so be sure to sign up early!

## Sun City Squares

Many people know what square dancing is, but most people cannot tell you what round dancing is or how it is done. Well, Sun City Squares offers both types of dancing. We are one of the West Valley's square dance clubs, offering both dances and lessons. In addition, we offer round dancing and lessons at all levels.

Our dance season begins on October 31, 2023, with square dances on Tuesday evenings from 7 to 9pm. Round dance lessons also begin on October 31 with continuing beginner Phase 3 classes from 1 to 2:30pm and Phase 3-4 workshops from 2:30 to 4pm. Round dancing begins at 6:30 to 7pm and alternating with the square dance tips from 7 to 9pm. All our dancing is done at the Bell Center Social Hall.

Round dance Phase 4-5 workshops begin on Thursday, November 2 and run from 6 to 7 pm. Programmed rounds, phase 2, 3, 4, (the round dance party) runs from 7 to 9pm.

Beginner square dance lessons begin on Thursday, January 4, 2024 and run until the end of April. Classes are from 6 to 8pm and the class fee is \$7 per person.

For more information about our club, contact Dan Kraus at Loony2217@aol.com or Marilyn Richling at 623-694-7194. The dues for RCSC Cardholders who wish to join the club are \$12.50 yearly. Come out and join us on October 31, 2023, for our opening dance of the season, our Light Dance!

## RCSC Board of Directors Election Candidates

**Your Vote! Your Voice!**  
**RCSC Elections Begin!**

RCSC Members in good standing are eligible to vote in the upcoming RCSC Board of Directors Election online via the Web Portal starting on Monday, November 6, 2023 at 8am through Election Day (Tuesday, December 12).

This year there are seven candidates vying for four (4) open positions. Three positions are for three-year terms and the fourth position is for one year.

The top three candidates with the most votes will serve 3-year terms and the fourth candidate elected will serve one year. Candidates must receive a minimum of 100 votes in order to win a seat on the Board. Should an adequate number of votes not be cast for candidates to be elected, the Board will appoint another Member(s) to complete the term(s) which remain unfilled.

Absentee ballots may be requested by contacting the Corporate Office at 623-561-4600 beginning on November 6 and the last day to request an absentee ballot be mailed is Friday, December 1. Members also have the option of picking up an absentee ballot at the Corporate Office during this period, but all absentee ballots must be received no later than December 12.

For those RCSC Members who would prefer voting in-person, they must come to the Lakeview Center Social Hall #2 from 8am to 4pm on Election Day and present their Member Card to retain a ballot

## Line Dance Club of Sun City

Let's Get Physical! Calling all young-at-heart Sun Citians who want to be active and have fun indoors. Moving to music improves the brain, balance, coordination, and mood. It's moderate exercise that raises the heart rate.

On Tuesdays and Thursdays from 9:45am to 1:00pm, Line Dance Club dances in the Sundial Center Auditorium (103rd Ave. & Boswell). The first 15 minutes Basic Steps are taught to Beginners by our experienced instructor(s) on stage and on four jumbo screens. At 10:00am is when the first full hour begins with moving to music at the

Beginner level. Anyone who can walk and chew gum can do it. A 15-minute optional break follows when Members can socialize, have cookies and coffee or water, or choose to dance to more music. During the second hour starting at 11:15am, the dance steps get a little more challenging. A second optional break happens from noon to 12:15. During the third and final hour, Improver level dances are danced. A wide variety of songs and rhythms are played. Sundial's air-conditioned auditorium with its newly-refinished floor is a great place to get gentle and fun exercise.

Two criteria for a well-round life for "seniors" are getting regular exercise and connecting socially with others. You never know who might be waiting to meet you at Line Dance! We have three Luncheons, several Ice Cream Socials, and 3 or 4 Saturday afternoon dances throughout the year. Club Membership is \$5/year and open to RCSC Members, \$2/dance. We also welcome Guests at \$6/dance. For more information, visit our website at <https://suncitylinedanceclub.com/>.

## Michigan Friends in Sun City

The Michigan Friends in Sun City Club became a chartered RCSC Club in 2015 and currently has 60+ members.

We meet for Social Hour the 3rd Wednesday of the month, all year long, and have an active group of euchre players who meet on the last Monday of every month. Those scheduled activities are at the Bell Recreation Center Multiple Purpose Room (MPR) out by Lawn Bowling.

At Christmas we have a lunch party at Fairway Center and we also meet for lunch or dinner at local restaurants. Our members are both full-time and seasonal residents who enjoy the camaraderie of sharing what they did in Michigan; where they grew up, work, family and life experiences in the beautiful Great Lakes State.

Annual dues are \$5 per person and we welcome all RCSC Members/Cardholders to join us. Pick up a brochure with club application at the Sun City Visitor & Welcome Center at Bell. Feel free to and call or text to 517-256-7968 or send an email to [michigan2arizonaclub@gmail.com](mailto:michigan2arizonaclub@gmail.com)

**SUN CITY  
DEMOCRATIC  
CLUB**

Folks inquiring about the Sun City Democratic Club may add "But, I'm not a registered Democrat." However, Club President Joe Piccari and the Board encourage anyone to attend, regardless of affiliation. Meetings are open to RSCS Members/Cardholders and their guests, with a Zoom option available.

Membership in SCDC has burgeoned to over 300 during the past two years—100% plus increase!

At monthly meetings, attendees are updated on the latest issues with guest speakers and Q&A discussion.

Some topics are of concern to any Arizonan. For example, Adrian Fontes, AZ Secretary of State; and Stephen Richer, Maricopa County Recorder, were featured May 4 in an election integrity town hall. Other speakers were Senate candidate Ruben Gallego, Attorney General Chris Mays, and Maricopa County Schools Superintendent candidate, Laura Metcalfe. Further, at a facilitated retreat in March, members shared their top issues—education, election integrity, and immigration—which will be focus areas for SCDC heading into 2024.

General meetings are year-round on first Thursdays, Fairway Recreation Center, at 6:00 pm. There are also regular social get-togethers. Check the website <https://suncitydems.com>, grab your chance to be "in-the-know," and enjoy some spirited discussion!

## Ukulele Club of Sun City

Do you like to sing, laugh, learn and have a great time? Consider joining the Sun City Ukulele Club! We offer weekly Ukulele Jams at Fairway Music Room on Thursdays from 3 to 4:30pm. From October to April, we have bi-weekly ukulele lessons from 1:30-2:30pm. If you want to try the club and do not own a ukulele, the Fairway and Bell Libraries allow you to check one out for 3 weeks with a lesson book.

A very successful 2022-2023 season included performances at the Glendale Folk and Heritage Festival, along with several RCSC sponsored gatherings. We're starting off this season with a performance on Saturday, November 25 at the Sun City Arts & Crafts Festival at 11am at Sundial. The club has hosted ukulele professionals for workshops which help us improve our knowledge of the ukulele and experience the joy of playing music together. We look forward to welcoming back to Sun City on January 14, 2024 uke musicians Victoria Vox, Dani Joy and Perry Stauffer for a concert in the Sundial Auditorium. Stay tuned for further information; tickets will be available for \$15 per person and all are welcome for this certain to be fun-filled performance.

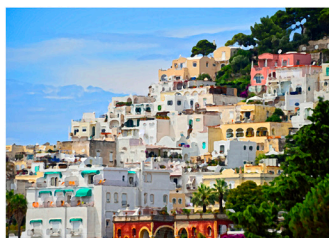

This past January, the club began sponsoring a new Special Interest Group - the Sun City Acoustic Jam. This is an opportunity to bring your acoustic instrument and join a circle of musicians. The leader calls out the song and key, and the group plays and sings along. The main purpose is to have fun playing and singing a variety of music from country, pop, folk, old time and root. All acoustic instruments welcome. This year the Acoustic Jam meets the 1st and 3rd Wednesday at 1pm in Fairway Music Room. We will have a Round Robin Session of singing and playing from 1 to 2:15 pm followed by an Acoustic Workshop until 3:30pm.

Membership in the Sun City Ukulele Club is open to RCSC Cardholders. Cost is \$10 per year. See our Web page for information at [scukes.org](http://scukes.org) to find News, Songs and up-to-date information regarding the club. We welcome you to come and make music with us! As Shakespeare wrote, "if music be the food of life, play on." For more information about the club contact President Trudy at [trudybryson@cox.net](mailto:trudybryson@cox.net) or 480-276-3780. For information about the Acoustic Jam SIG, contact Mary Lou by email at [mlkostecki@gmail.com](mailto:mlkostecki@gmail.com).

Because attendees have so much fun dancing and socializing, the hours have been extended from 10:00am to 3:30pm. (Last year, no one wanted to leave the dance floor!).

Food will be served from 11:00am to 2:00pm. EVERYONE (you don't have to be from Wisconsin!) is invited to enjoy Grilled Brats, Delectable Sides and Bottomless Beverages (beer, soda, water). You're invited to attend a "Safety & Fraud Summit" presented by the Maricopa Sheriff's Office and the County Attorney General's Office at Sundial on Wednesday, November 15 at 9am in the Sundial Auditorium. Keep safe and avoid scammers. Get the facts from the experts and learn ways to protect yourself, your neighbors and your loved ones from this ever-present and on-going concern for all, especially seniors and the elderly.

Before we know it, the holiday season will be upon us. There's no better way to work off the extra Thanksgiving stuffing and gravy than spending time at the annual Sun City Arts & Crafts Festival on Friday and Saturday, November 24-25 at the Sundial Center. This is your chance to get all your holiday shopping done (without shipping fees), take selfies with Santa, be entertained with live music. There may also be an opportunity to meet the candidates running in this year's RCSC Board of Directors Election.

### Water Conservation

## Water Saving on the Menu for Thanksgiving

November is all about celebrating the holiday season and creating new special memories with family and friends. Why not use our routine holiday adventures as a way to improve our lives through saving water and making our bills lower, as we continue to face a drought. It is also a great time to look for deals on water smart appliances to continue saving on water year-round – or even consider as thoughtful gifts that will improve lifestyles. As we share this season of celebration together, we want to offer some important steps we can take this holiday month to conserve water at our homes here in Sun City.

Thanksgiving means a lot of preparation, cooking, cleaning, and even visitors utilizing more water than usual, and holiday trees and flowers that require watering. As we head into this holiday following a particularly dry monsoon season, we can give thanks for water savings that will make a big difference in the long run.

#### Preparing for Your Holiday and Big Meal Responsibly

- Make sure you give yourself enough time to thaw frozen foods like turkey and ham, to avoid having to utilize excess water to thaw quickly.
- Always collect water you use to rinse fruits and vegetables, to water plants that you have year-round inside or outside – or any plants you enjoy during the holiday season, like a tree or flower pot.
- If rain does come, consider collecting rainwater to use as well, to water plants inside and outside. Be sure not to leave the water standing as mosquitos can breed.
- As you cook, don't use excess water in pots and pans too large for the food you are cooking. Not only will that improve cook time, but save a lot of water well into the future if you continue this practice.
- Most dishwashing machines today can be purchased as energy-efficient, and are excellent at cleaning dishes without a pre-rinse. Just scrape plates before placing in to the machine.
- Never run water continuously if you are not using it continuously – whether rinsing food or pots, or even brushing teeth and washing hair as you prepare for a big event.

The Thanksgiving season also features holiday sales and discounts and is a great time to look at upgrading appliances to WaterSmart options that will help you save on water and money, for years to come, as you update the look and style of your home. Common appliances you can find today to help you with responsible water use include low flow shower heads, high efficiency toilets, and faucet aerators.

Energy efficient products – and xeriscape decorative plants – also make excellent gifts to purchase this time of year, that your friends and family will appreciate year-round. Gifts that help to save money and enjoy healthy lifestyles are always very much appreciated. The Recreation Centers of Sun City, Inc., give thanks to our community during this holiday season, and shares our gratitude in your efforts during this dry season to help us conserve water and maintain the best quality of life for ourselves, our neighbors, and our planet.

Tips from Get Fit for Life

Are You Guilty of Texting Neck?

“Texting Neck” is becoming an epidemic in today’s world,” states Jane Fortier, fitness specialist for Get Fit for Life. “You’ve seen it yourself. Or perhaps are guilty of it. Texting with head drooped forward and chin tucked down is putting a lot of stress on the spine and creating posture problems for people of all ages.” Your neck is designed to remain vertical, supporting the weight of your skull in a perfect line from the top of your head, straight down through your body to your feet. When you look at yourself in the mirror from the side, your ear, your shoulder and your hips should all be in a straight line down to the floor. If this alignment is off, and your ear is in front of your shoulders, it’s a sure sign of Forward Head Posture.

The average head weighs 10-12lbs. When your head sits perfectly upon your neck and shoulders, the body naturally adapts to holding this weight. But if your head is constantly pulled forward, the weight of your head pulls on your neck and puts pressure on your spine. This can result in serious tissue damage. Every inch that your head is thrust forward from its natural position adds another 10 lbs of stress on the neck, shoulders, back and spine. This is why you may have developed that ugly ‘hump’ at the top of your back; to combat the stress of holding your head up. The body’s reaction has been to build-up bone and fat tissue to compensate and protect the spine at the C7 vertebrae. Forward Head Posture doesn’t just leave you looking awkward, it leaves you with a situation that can’t be reversed. The hours spent sitting at a desk with your neck craned over a keyboard or constantly arching your head down to look at your smart phone eats away at your health, in ways you don’t expect. Every minute you spend in these deadly positions contributes to even more long-term pain and damage to your body

Four Ways Texting Neck or Forward Head Posture is destroying general health:

- 1. Old Person Hunch:** Curving your body forward with your shoulders dropped, makes you look weak, submissive and shorter than you really are. The curve of your neck and back means you may drop height by a couple of inches and look a lot older than you are. Once the structural changes and fat deposits have taken place, there is little that can be done to change that “Old Person Hunch.”
- 2. Declining Confidence, Energy & Mood:** If you have poor head posture, it can have a detrimental effect on your mood, sapping your energy, leading to depressed thoughts and hitting your confidence hard.
- 3. Sleep Disruption & Brain Fog:** Forward Head posture kills the quality of your sleep and you’re more likely to suffer from sleep apnea. When your brain doesn’t get the blood and oxygen it requires to function, headaches and migraines can develop. Without proper rest, energy levels will be negatively affected.
- 4. Reduces Peak Performance:** Texting Neck can decrease breathing and reduce lung capacity by 30%. Poor head posture has been proven to decrease testosterone by 20% and increase fat storing cortisol levels by 25%.

Your neck is literally the bridge between head and body. It’s the balance beam from which good posture flows. Although there are a number of major muscles in the neck and back, there is one vital muscle, at the front of your neck, that does all the lifting. That muscle is the Sternocleidomastoid, which originates at the breastplate (sternum) and collar bone (clavicle) and inserts at the mastoid process of the temporal bone of the skull. When this muscle is strong and supple, your head sits perfectly on your neck. When your head is properly aligned, as it should be, the rest of the spine falls into place. By holding your head in place, your spine maintains in a healthy, lengthened position and removes stress and tension from your upper, middle and lower back muscles. Your upper torso is optimally lengthened, keeping your windpipe clear and allowing maximum intake of breath into the lungs, increasing oxygen levels and improving brain function. Therefore, it’s critically important to keep the head in its proper place, retracted and aligned over the spine, especially when using Smartphones and electronic devices. This requires conscious attention to posture and body alignment. In addition, strengthening upper back muscles, neck muscles and core muscles helps combat Forward Head posture.

Get Fit for Life personal trainers are available in all Sun City Fitness Centers to assist in developing workouts that enhance total body alignment and Texting Neck concerns. To find out more about working with a Get Fit for Life Personal Trainer, call 623-696-6820.
